SYLLABUS

I. GENERAL INFORMATION

Course Title	Biomedical Ethics
Code and number	BMSC 4020
Credits	3 credits
Academic Term	
Instructor	
Office hours and Location	
Office Telephone	
Email	

II. COURSE DESCRIPTION

Ethical aspects in biomedical sciences. Analysis, discussion and application of ethics in situations of conflict in medicine and biomedical research. Credits 3 Prerequisite Have completed 24 credits in area of Biomedical Science.

III. OBJECTIVES

1. To apply the principles of bioethics in the analysis of ethical problems in biomedical sciences.

- 1.1 To define values, morality, ethics, and bioethics.
- 1.2 To be able to distinguish bioethics from scientific research.
- 1.3 To distinguish between ethics and law, and ethics and religion.
- 1.4 To enumerate some historical events that brought forth the beginning of clinical bioethics.
- 1.5 To explain the four basic principles of bioethics.
- 1.6 To apply an adequate method in the analysis of particular cases in medicine.
- 1.7 To rationally justify the moral options for obtaining solutions to bioethical problems.
- 1.8 To argument for and against relativism and moral absolutism.

2. To evaluate the bioethical dimension in clinical practice.

- 2.1 To recognize the importance of integrity in the health professional
- 2.2 To discuss the challenge presented by some scientific advances in the doctor/patient relationship.
- 2.3 To discuss the characteristics that describe the clinical meeting as a moral event.
- 2.4 To define professionalism.
- 2.5 To analyze the fairness problems that arise from the distribution of health services resources.
- 2.6 To summarize the elements included in what is called Informed Consent.
- 2.7 To enumerate the components of HIPAA law.

3. To recognize some ethical problems which arise at the beginning of life.

- 3.1 To explain the ethical problems presented by abortion.
- 3.2 To explain the ethical problems relating to the ethical statute, which relate to the human life of the unborn.
- 3.3 To defend one of the three moral positions which represent the statute of embryos and human fetuses.

- 4. To recognize some ethical problems presented by the end of life.
 - 4.1 To distinguish the criteria on death verification.
 - 4.2 To define death and medical vitalism.
 - 4.3 To describe the social and legal dimension of the death of a human being.
 - 4.4 To define the following terms: euthanasia, assisted suicide, physician-assisted suicide, limitation of therapeutic efforts, extraordinary and ordinary methods surrounding the death.
 - 4.5 To explain the distinction between killing and allowing death to occur.
 - 4.6 To analyze a case about the subject of bioethics at the end of life.
 - 4.7 To apply the term limitation of the therapeutic effort in the analysis of cases.
 - 4.8 To ascertain whether a medical treatment is an ordinary one or an extraordinary one.
 - 4.9 To define the following terms: living will, anticipated wills, and notary power.
 - 4.10 To distinguish between the concepts of the living will and notary power.
 - 4.11 To describe the requisites of PR Law 160 of November 21, 2001, on anticipated wills.
 - 4.12 To mention two limitations on anticipated wills.
 - 4.13 To prepare a document on anticipated wills.

III. THEMATIC CONTENTS

Theme 1: Basic concepts on biomedical ethics

- A. Introduction

- B. Basic concepts
 - a. Philosophy
 - b. Morality
 - c. Ethics
 - d. Values
 - e. Norms
 - f. Moral and absolute relativism

- C. Bioethics and its application to the clinical practice:
 - a. Historical events that marked issues relating to patients and the use of human subjects.
 - 1. Willowbrook – Children exposed to hepatitis B virus.
 - 2. Jewish Chronic Disease Hospital – inoculation of cancer cells into patients without informed consent.
 - 3. Pseudo-research on Nazi prisoners.

- D. Four Basic Principles
 - a. Beneficence – Promoting what is best for the patient
 - b. Non-maleficence – do no harm
 - c. Justice – obey all principles and laws as pertains to patient care
 - d. Respect for the autonomy of the patient – Autonomy refers to the capacity to think, decide and act out of one's own free initiative.

- E. When rules and principles enter into conflict
 - a. Application of the principles of bioethics in the biomedical and clinical setting
 - b. Moral deliberation

Theme 2: Relation between the health professional and his/her patient

- A. Respect of the person
- B. From paternalism to informed consent
- C. The medical secret
- D. Informed consent
 - a. Elements of the informed consent
 - 1. Information
 - 2. Understanding
 - 3. Willfulness
 - 4. Choosing your subjects
 - b. Exceptions to informed consent
- E. Justice in the health systems
- F. HIPAA

Theme 3: Ethical problems at the start of life

- A. The ethical status of the unborn
- B. Abortion
- C. Viewpoints from a philosophical-theological aspect

Theme 4: Ethical problems at the end of life

- A. Death and dying at the present time
 - a. Criteria of death
 - b. From medical vitalism to a medicalized death
- B. Euthanasia and other related terms
 - a. Minimally conscious state
 - b. Lock-in-syndrome
 - c. Persistent vegetative state
 - d. Permanent vegetative state
- C. The limitation of the therapeutic effort
 - a. Extraordinary and ordinary treatments
 - b. Paradigmatic cases
 - 1. Karen Ann Quinlan's case (1954-1985)
 - 2. Nancy Cruzan's case (1958, "1983-1990")
 - c. Conflictive situations
 - 1. Jehovah's witness case
 - 2. Ramón Sampedro case
 - 3. Terri Schiavo (1963-2005) case
 - 4. Inmaculada Echevarría case

V. ACTIVITIES

- A. Lectures
- B. Documentaries / Movies
- C. Readings and commentaries about current issues.
- D. Case analysis / Debate

VI. EVALUATION

Criteria	Score	% of Final Grade
Partial exams (Midterm Exam) and oral/written reports	200	60
Final Exam	100	30
Quizzes, class participation, short essays	60	10
Total	360	100%

VII. SPECIAL NOTES

A. Auxiliary services or special needs

All students who require auxiliary services or special assistance must request these at the beginning of the course or as soon as they know that they need them, through the proper registry, in the Office of the Coordinator of Services to Students with Disabilities, Dr. Maria de los Angeles Cabello, located in the Counseling Program, Room 419, on the fourth floor of the John Will Harris Building, 787-2501912, extension 2306.

B. Honesty, fraud, and plagiarism

Dishonesty, fraud, plagiarism, and any other inappropriate behavior in relation to academic work constitutes major infractions sanctioned by the General Student Regulations. The major infractions, as stated in the General Student Regulations, may have as a consequence, suspension from the University for a definite period greater than one year or the permanent expulsion from the University, among other sanctions.

C. Use of electronic devices

Cellular telephones and any other electronic device that could interrupt the teaching and learning processes or alter the environment leading to academic excellence will be deactivated. Any urgent situation will be dealt with, as appropriate. The handling of electronic devices that allow students to access, store or send data during evaluations or examinations is prohibited.

D. Compliance with the Provisions of Title IX

The Federal Higher Education Act, as amended, prohibits discrimination because of sex in any academic, educational, extracurricular, and athletic activity or in any other program or function, sponsored or controlled by a higher education institution, whether or not it is conducted within or outside the property of the institution, if the institution receives federal funds.

In harmony with the current federal regulation, in our academic unit an Assistant Coordinator of Title IX has been designated to offer assistance and orientation in relation to any alleged incident constituting discrimination because of sex or

gender, sexual harassment, or sexual aggression. The Assistant Coordinator, Sr. George Rivera Rodríguez, can be reached by phone at 787 250-1912, extension 2262, or by e-mail griverar@metro.inter.edu

The Normative Document Titled **Norms and Procedures to Deal with Alleged Violations of the Provisions of Title IX** is the document that contains the institutional rules to direct any complaint that appears to be this type of allegation. This document is available in the Web site of Inter American University of Puerto Rico (www.inter.edu).
