FOREWORD

The Code of Federal Regulations (CFR) is a codification of the general and permanent rules published in the Federal Register by the executive departments and agencies of the federal government. The code is divided into 50 titles that represent broad areas subject to federal regulation. (Note 1 below) "Title 34-Education" is presently composed of three volumes (Parts 1-299, Parts 300-399, and Parts 400-End). This publication by the U.S. Department of Education is an unofficial version of the Education Department General Administrative Regulations (EDGAR), codified at 34 CFR Parts 74-86 and 97-99. The contents of this volume represent regulations codified under this title of the CFR as of July 1, 2004, (note 2) and five additions, published in 2004 and 2005 as follows.

On Wednesday, April 21, 2004, the Office of Innovation and Improvement (OII) of the U.S. Department of Education published in the Federal Register final regulations amending 34 CFR Part 99 to implement the Department's interpretation of the Family Educational Rights and Privacy Act (FERPA) identified through administrative experience as necessary for proper program operation. These final regulations provide general guidelines for accepting "signed and dated written consent" for proper disclosure of education records under FERPA in electronic format. These regulations became effective May 21, 2004. (Note 3) See Appendix A.

On Friday, June 4, 2004, the Center for Faith-Based and Community Initiatives of the Office of the Secretary, U.S. Department of Education published in the Federal Register final regulations amending 34 CFR Part 74, Part 75, Part 76 and Part 80. These final regulations implement executive branch policy that, within the framework of constitutional church-state guidelines, religiously affiliated (or "faith-based") organizations should be able to compete on an equal footing with other organizations for funding from the U.S. Department of Education. These regulations became effective July 6, 2004. (Note 4) See Appendix B.

On Thursday, July 8, 2004, the Office of the Secretary (OS) component of the U.S. Department of Education published in the Federal Register final regulations amending 34 CFR Part 75. These regulations governing the process for submitting discretionary grant applications were amended by removing specific application formats, thereby permitting electronic submission of applications. The revisions also clarified that only applicants submitting paper applications are required to submit one original and two copies of their applications to the Department of Education. (Note 5) These regulations became effective Aug. 9, 2004. See Appendix C.

On Thursday, Feb. 10, 2005, the Office of the Chief Financial

Officer (OCFO) of the U.S. Department of Education published in the Federal Register a notice of new policies and procedural requirements for the electronic submission of grant applications. This notice further emphasizes the process for submitting discretionary grant applications under 34 CFR Part 75. The notice announced new policies and procedural requirements for the electronic submission of grant applications through the governmentwide grant application site, Grants.gov, and the Department's grant application site, e-Application. (Note 6) See Appendix D.

On Thursday, June 23, 2005, the Department of Agriculture; the Department of Energy; the National Aeronautics and Space Administration; the Department of Commerce; the Consumer Product Safety Commission; the Agency for International Development; the Department of Justice; the Department of Defense; the Department of Education; the Department of Veterans Affairs; the Environmental Protection Agency; the Department of Health and Human Services; the National Science Foundation; and the Department of Transportation amended the Federal Policy for the Protection of Human Subjects, which was published in the Federal Register on June 18, 1991, to change all references to the Office for Protection from Research Risks (OPRR) to the Office of Human Research Protections (OHRP); revise the footnote found at the end of Sec. --.101(i) by deleting references to research involving fetuses, pregnant women, or human in vitro fertilization and Subpart B of 45 CFR Part 46; and update the control number for the approval by the Office of Management and Budget (OMB) of the information collection requirements of this federal policy. (Note 7) See Appendix E.

This new edition contains a table of contents of the various regulatory parts. In addition, there is a list of tables and a thematic index with page numbers. The staff of the Department hopes that these sections will make EDGAR a more user-friendly publication. Comments on any aspect of this edition are welcome. The address to send suggestions is located on the last page of this edition. The Department has made every effort to ensure the accuracy of the regulations contained in this unofficial version. However, the only official versions of these regulations are those published by the Office of the Federal Register (OFR) in the Federal Register and the Code of Federal Regulations.

Appendix A to Part 74--Contract Provisions

Authority: 20 U.S.C. 1221e-3 and 3474; OMB Circular A-110, unless otherwise noted.

Subpart A_General

Sec. 74.1 Purpose.

(a) This part establishes uniform administrative requirements for Federal grants and agreements awarded to institutions of higher education, hospitals, and other non-profit organizations.

(b) The Secretary does not impose additional or inconsistent requirements, except as provided in Sec. Sec. 74.4 and 74.14 or unless specifically required by Federal statute or executive order.

(c) This part applies to all recipients other than State and local governments and Indian tribal organizations. Uniform requirements for State and local governments and tribal organizations are in 34 CFR Part 80--Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments.

(d) Non-profit organizations that implement Federal programs for the States are also subject to State requirements.

(Authority: 20 U.S.C. 1221e-3, 3474; OMB Circular A-110)

Sec. 74.2 Definitions.

The following definitions apply to this part:

Accrued expenditures means the charges incurred by the recipient during a given period requiring the provision of funds for--

- (1) Goods and other tangible property received;
- (2) Services performed by employees, contractors, subrecipients, and other payees; and
- (3) Other amounts becoming owed under programs for which no current services or performance is required.

Accrued income means the sum of--

- (1) Earnings during a given period from--
 - (i) Services performed by the recipient; and
 - (ii) Goods and other tangible property delivered to purchasers; and
- (2) Amounts becoming owed to the recipient for which no current services or performance is required by the recipient.

Acquisition cost of equipment means the net invoice price of the equipment, including the cost of modifications, attachments, accessories, or auxiliary apparatus necessary to make the property usable for the purpose for which it was acquired. Other charges, such as the cost of installation, transportation, taxes, duty, or protective in-transit insurance, shall be included or excluded from the unit acquisition cost in accordance with the recipient's regular accounting practices.

Advance means a payment made by Treasury check or other appropriate payment mechanism to a recipient upon its request either before outlays are made by the recipient or through the use of predetermined payment schedules.

Award means financial assistance that provides support or stimulation to accomplish a public purpose. Awards include grants and other agreements in the form of money or property, in lieu of money, by the Federal Government to an eligible recipient. The term does not include--

- (1) Technical assistance, which provides services instead of money;
- (2) Other assistance in the form of loans, loan guarantees, interest subsidies, or insurance;
- (3) Direct payments of any kind to individuals; and
- (4) Contracts which are required to be entered into and administered under procurement laws and regulations.

Cash contributions means the recipient's cash outlay, including the outlay of money contributed to the recipient by third parties.

Closeout means the process by which the Secretary determines that all applicable administrative actions and all required work of the award have been completed by the recipient and Department of Education (ED).

Contract means a procurement contract under an award or subaward, and a procurement subcontract under a recipient's or subrecipient's contract.

Cost sharing or matching means that portion of project or program costs not borne by the Federal Government.

Date of completion means the date on which all work under an award is completed or the date on the award document, or any supplement or amendment thereto, on which Federal sponsorship ends.

Disallowed costs means those charges to an award that the Secretary determines to be unallowable, in accordance with the applicable Federal

cost principles or other terms and conditions contained in the award.

Equipment means tangible nonexpendable personal property including exempt property charged directly to the award having a useful life of more than one year and an acquisition cost of \$5,000 or more per unit. However, consistent with recipient policy, lower limits may be established.

Excess property means property under the control of ED that is no longer required for its needs or the discharge of its responsibilities.

Exempt property means tangible personal property acquired in whole or in part with Federal funds, where the Secretary has statutory authority to vest title in the recipient without further obligation to the Federal Government. An example of exempt property authority is contained in the Federal Grant and Cooperative Agreement Act (31 U.S.C. 6306) for property acquired under an award to conduct basic or applied research by a non-profit institution of higher education or non-profit organization whose principal purpose is conducting scientific research.

Federal awarding agency means the Federal agency that provides an award to the recipient.

Federal funds authorized means the total amount of Federal funds obligated by the Federal Government for use by the recipient. This amount may include any authorized carryover of unobligated funds from prior funding periods when permitted by ED regulations or ED implementing instructions.

Federal share of real property, equipment, or supplies means that percentage of the property's acquisition costs and any improvement expenditures paid with Federal funds.

Funding period means the period of time when Federal funding is available for obligation by the recipient.

Intangible property and debt instruments means, but is not limited to, trademarks, copyrights, patents and patent applications and such property as loans, notes and other debt instruments, lease agreements, stock, and other instruments of property ownership, whether considered tangible or intangible.

Obligations means the amounts of orders placed, contracts and grants awarded, services received, and similar transactions during a given period that require payment by the recipient during the same or a future period.

Outlays or expenditures means charges made to the project or program. They may be reported on a cash or accrual basis. For reports prepared on a cash basis, outlays are the sum of cash disbursements for direct charges for goods and services, the amount of indirect expense charged, the value of third party in-kind contributions applied, and the amount of cash advances and payments made to subrecipients. For reports prepared on an accrual basis, outlays are the sum of cash disbursements for direct charges for goods and services, the amount of indirect expense incurred, the value of in-kind contributions applied, and the net increase (or decrease) in the amounts owed by the recipient for goods and other property received, for services performed by employees, contractors, subrecipients and other payees, and other amounts becoming owed under programs for which no current services or performance are required.

Personal property means property of any kind except real property. It may be tangible, having physical existence, or intangible, having no physical existence, such as copyrights, patents, or securities.

Prior approval means written approval by an authorized official evidencing prior consent.

Program income means gross income earned by the recipient that is directly generated by a supported activity or earned as a result of the award (see exclusions in Sec. 74.24(e) and (h)). Program income includes, but is not limited to, income from fees for services performed, the use or rental of real or personal property acquired under federally-funded projects, the sale of commodities or items fabricated under an award, license fees and royalties on patents and copyrights, and interest on loans made with award funds. Interest earned on advances of Federal funds is not program income. Except as otherwise provided in ED regulations or the terms and conditions of the award, program income does not include the receipt of principal on loans, rebates, credits, discounts, etc., or interest earned on any of them.

Project costs means all allowable costs, as established in the applicable Federal cost principles, incurred by a recipient and the value of the contributions made by third parties in accomplishing the objectives of the award during the project period.

Project period means the period established in the award document during which Federal sponsorship begins and ends.

Property means, unless otherwise stated, real property, equipment, intangible property and debt instruments.

Real property means land, including land improvements, structures and appurtenances thereto, but excludes movable machinery and equipment.

Recipient means an organization receiving financial assistance directly from ED to carry out a project or program. The term includes public and private institutions of higher education, public and private hospitals, and other quasi-public and private non-profit organizations such as, but not limited to, community action agencies, research institutes, educational associations, and health centers. The term may include commercial organizations, foreign or international organizations (such as agencies of the United Nations) which are recipients, subrecipients, or contractors or subcontractors of recipients or subrecipients at the discretion of the Secretary. The term does not include government-owned contractor-operated facilities or research centers providing continued support for mission-oriented, large-scale programs that are government-owned or controlled, or are designated as federally-funded research and development centers.

Research and development means all research activities, both basic and applied, and all development activities that are supported at universities, colleges, and other non-profit institutions. ``Research'' is defined as a systematic study directed toward fuller scientific knowledge or understanding of the subject studied. ``Development'' is the systematic use of knowledge and understanding gained from research directed toward the production of useful materials, devices, systems, or methods, including design and development of prototypes and processes. The term ``research'' also includes activities involving the training of individuals in research techniques where these activities utilize the same facilities as other research and development activities and where these activities are not included in the instruction function.

Small awards means a grant or cooperative agreement not exceeding the small purchase threshold fixed at 41 U.S.C. 403(11) (currently \$25,000).

Subaward means an award of financial assistance in the form of

money, or property in lieu of money, made under an award by a recipient to an eligible subrecipient or by a subrecipient to a lower tier subrecipient. The term includes financial assistance when provided by any legal agreement, even if the agreement is called a contract, but does not include procurement of goods and services nor does it include any form of assistance which is excluded from the definition of ``award'' as defined in this section.

Subrecipient means the legal entity to which a subaward is made and which is accountable to the recipient for the use of the funds provided. The term may include foreign or international organizations (such as agencies of the United Nations) at the discretion of the Secretary.

Supplies means all personal property excluding equipment, intangible property, and debt instruments as defined in this section, and inventions of a contractor conceived or first actually reduced to practice in the performance of work under a funding agreement (``subject inventions''), as defined in 37 CFR Part 401--Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts, and Cooperative Agreements.

Suspension means an action by the Secretary that temporarily withdraws Federal sponsorship under an award, pending corrective action by the recipient or pending a decision to terminate the award by the Secretary. Suspension of an award is a separate action from suspension under 34 CFR Part 85 (Governmentwide Debarment and Suspension (Nonprocurement) and Governmentwide Requirements for Drug-Free Workplace (Grants)).

Termination means the cancellation of Federal sponsorship, in whole or in part, under an agreement at any time prior to the date of completion.

Third party in-kind contributions means the value of non-cash contributions provided by non-Federal third parties. Third party in-kind contributions may be in the form of real property, equipment, supplies and other expendable property, and the value of goods and services directly benefiting and specifically identifiable to the project or program.

Unliquidated obligations, for financial reports prepared on a cash basis, means the amount of obligations incurred by the recipient that have not been paid. For reports prepared on an accrued expenditure basis, they represent the amount of obligations incurred by the recipient for which an outlay has not been recorded.

Unobligated balance means the portion of the funds authorized by the Secretary that has not been obligated by the recipient and is determined by deducting the cumulative obligations from the cumulative funds authorized.

Unrecovered indirect cost means the difference between the amount awarded and the amount which could have been awarded under the recipient's approved negotiated indirect cost rate.

Working capital advance means a procedure whereby funds are advanced to the recipient to cover its estimated disbursement needs for a given initial period.

(Authority: 20 U.S.C. 1221e-3, 3474; OMB Circular A-110)

Sec. 74.3 Effect on other issuances.

For awards subject to this part, all administrative requirements of codified program regulations, program manuals, handbooks, and other nonregulatory materials which are inconsistent with the requirements of this part are superseded, except to the extent they are required by statute, or authorized in accordance with the deviations provision in Sec. 74.4.

(Authority: 20 U.S.C. 1221e-3, 3474; OMB Circular A-110)

Sec. 74.4 Deviations.

The Secretary, after consultation with the Office of Management and Budget (OMB), may grant exceptions for classes of grants or recipients subject to the requirements of this part when exceptions are not prohibited by statute. However, in the interest of maximum uniformity, exceptions from the requirements of this part are permitted only in unusual circumstances. The Secretary may apply more restrictive requirements to a class of recipients when approved by OMB. The Secretary may apply less restrictive requirements when awarding small awards, except for those requirements which are statutory. Exceptions on a case-by-case basis may also be made by the Secretary.

(Authority: 20 U.S.C. 1221e-3, 3474; OMB Circular A-110)

Sec. 74.5 Subawards.

Unless sections of this part specifically exclude subrecipients from coverage, the provisions of this part shall be applied to subrecipients performing work under awards if the subrecipients are institutions of higher education, hospitals, or other non-profit organizations. State and local government subrecipients are subject to the provisions of 34 CFR Part 80--Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments.

(Authority: 20 U.S.C. 1221e-3, 3474; OMB Circular A-110)

Subpart B Pre-Award Requirements

Sec. 74.10 Purpose.

Sections 74.11 through 74.17 prescribes forms and instructions and other pre-award matters to be used in applying for awards.

(Authority: 20 U.S.C. 1221e-3, 3474; OMB Circular A-110)

Sec. 74.11 Pre-award policies.

(a) Use of grants and cooperative agreements, and contracts. In each instance, the Secretary decides on the appropriate award instrument (i.e., grant, cooperative agreement, or contract). The Federal Grant and

Cooperative Agreement Act (31 U.S.C. 6301-08) governs the use of grants, cooperative agreements, and contracts. A grant or cooperative agreement shall be used only when the principal purpose of a transaction is to accomplish a public purpose of support or stimulation authorized by Federal statute. The statutory criterion for choosing between grants and cooperative agreements is that for the latter, substantial involvement is expected between ED and the recipient when carrying out the activity contemplated in the agreement. Contracts shall be used when the principal purpose is acquisition of property or services for the direct benefit or use of the Federal Government.

(b) Public notice and priority setting. The Secretary notifies the public of intended funding priorities for discretionary grant programs, unless funding priorities are established by Federal statute.

(Authority: 20 U.S.C. 1221e-3, 3474; OMB Circular A-110)

Sec. 74.12 Forms for applying for Federal assistance.

(a) The Secretary complies with the applicable report clearance requirements of 5 CFR Part 1320--Controlling Paperwork Burdens on the Public--with regard to all forms used by ED in place of or as a supplement to the Standard Form 424 (SF-424) series.

(b) Applicants shall use the SF-424 series or those forms and instructions prescribed by the Secretary.

(c) For Federal programs covered by E.O. 12372--Intergovernmental Review of Federal Programs (implemented by the Secretary in 34 CFR Part 79--Intergovernmental Review of Department of Education Programs and Activities)--the applicant shall complete the appropriate sections of the SF-424 (Application for Federal Assistance) indicating whether the application was subject to review by the State Single Point of Contact (SPOC). The name and address of the SPOC for a particular State can be obtained from the Secretary or the Catalog of Federal Domestic Assistance (available from the Superintendent of Documents, Government Printing Office). The SPOC shall advise the applicant whether the program for which application is made has been selected by that State for review.

(d) If ED does not use the SF-424 form, the Secretary may indicate whether the application is subject to review by the State under E.O. 12372.

(Approved by the Office of Management and Budget under control number 1880-0513)

(Authority: 20 U.S.C. 1221e-3, 3474; OMB Circular A-110)

[59 FR 34724, July 6, 1994, as amended at 60 FR 6660, Feb. 3, 1995]

Sec. 74.13 Debarment and suspension.

The Secretary and recipients shall comply with the nonprocurement debarment and suspension common rule (implemented by the Secretary in 34 CFR part 85). This common rule restricts subawards and contracts with certain parties that are debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs or

activities.

(Authority: 20 U.S.C. 1221e-3, 3474; OMB Circular A-110)

Sec. 74.14 Special award conditions.

(a) The Secretary may impose special award conditions, if an applicant or recipient--

- (1) Has a history of poor performance;
- (2) Is not financially stable;
- (3) Has a management system that does not meet the standards prescribed in this part;
- (4) Has not conformed to the terms and conditions of a previous award; or
- (5) Is not otherwise responsible.

(b) If special award conditions are established under paragraph (a) of this section, the Secretary notifies the applicant or recipient of--

- (1) The nature of the additional requirements;
- (2) The reason why the additional requirements are being imposed;
- (3) The nature of the corrective action needed;
- (4) The time allowed for completing the corrective actions; and
- (5) The method for requesting reconsideration of the additional requirements imposed.

(c) Any special conditions are promptly removed once the conditions that prompted them have been corrected.

(Authority: 20 U.S.C. 1221e-3, 3474; OMB Circular A-110)

Sec. 74.15 Metric system of measurement.

The Metric Conversion Act, as amended by the Omnibus Trade and Competitiveness Act (15 U.S.C. 205) declares that the metric system is the preferred measurement system for U.S. trade and commerce. The Act requires each Federal agency to establish a date or dates in consultation with the Secretary of Commerce, when the metric system of measurement will be used in the agency's procurements, grants, and other business-related activities. Metric implementation may take longer where the use of the system is initially impractical or likely to cause significant inefficiencies in the accomplishment of federally-funded activities. The Secretary follows the provisions of E.O. 12770--Metric Usage in Federal Government Programs.

Sec. 74.16 Resource Conservation and Recovery Act.

Under the Resource Conservation and Recovery Act (RCRA) (Pub. L. 94-580 codified at 42 U.S.C. 6962), any State agency or agency of a political subdivision of a State which is using appropriated Federal funds must comply with section 6002 of the RCRA. Section 6002 requires that preference be given in procurement programs to the purchase of specific products containing recycled materials identified in guidelines developed by the Environmental Protection Agency (EPA) (40 CFR parts 247-254). Accordingly, recipients that receive direct Federal awards or

other Federal funds shall give preference in their procurement programs funded with Federal funds to the purchase of recycled products pursuant to the EPA guidelines.

Sec. 74.17 Certifications and representations.

Unless prohibited by statute or codified regulation, the Secretary allows recipients to submit certifications and representations required by statute, executive order, or regulation on an annual basis, if the recipients have ongoing and continuing relationships with ED. Annual certifications and representations shall be signed by responsible officials with the authority to ensure recipients' compliance with the pertinent requirements.

Subpart C_Post-Award Requirements

Financial and Program Management

Sec. 74.20 Purpose of financial and program management.

Sections 74.21 through 74.28 prescribe standards for financial management systems, methods for making payments and rules for--

- (a) Satisfying cost sharing and matching requirements;
- (b) Accounting for program income;
- (c) Approving budget revisions;
- (d) Making audits;
- (e) Determining allowability of cost; and
- (f) Establishing fund availability.

(Authority: 20 U.S.C. 1221e-3, 3474; OMB Circular A-110)

Sec. 74.21 Standards for financial management systems.

(a) Recipients shall relate financial data to performance data and develop unit cost information whenever practical.

(b) Recipients' financial management systems shall provide for the following:

(1) Accurate, current, and complete disclosure of the financial results of each federally-sponsored project in accordance with the reporting requirements established in Sec. 74.52. If the Secretary requires reporting on an accrual basis from a recipient that maintains its records on other than an accrual basis, the recipient shall not be required to establish an accrual accounting system. These recipients may develop accrual data for its reports on the basis of an analysis of the documentation on hand.

(2) Records that identify adequately the source and application of funds for federally-sponsored activities. These records shall contain

information pertaining to awards, authorizations, obligations, unobligated balances, assets, outlays, income, and interest.

(3) Effective control over and accountability for all funds, property, and other assets. Recipients shall adequately safeguard all assets and assure they are used solely for authorized purposes.

(4) Comparison of outlays with budget amounts for each award. Whenever appropriate, financial information should be related to performance and unit cost data.

(5) Written procedures to minimize the time elapsing between the transfer of funds to the recipient from the U.S. Treasury and the issuance or redemption of checks, warrants or payments by other means for program purposes by the recipient. To the extent that the provisions of the Cash Management Improvement Act (CMIA) (Pub. L. 101-453) govern, payment methods of State agencies, instrumentalities, and fiscal agents shall be consistent with CMIA Treasury-State Agreements or the CMIA default procedures codified at 31 CFR Part 205--Withdrawal of Cash from the Treasury for Advances under Federal Grant and Other Programs.

(6) Written procedures for determining the reasonableness, allocability, and allowability of costs in accordance with the provisions of the applicable Federal cost principles and the terms and conditions of the award.

(7) Accounting records including cost accounting records that are supported by source documentation.

(c) Where the Federal Government guarantees or insures the repayment of money borrowed by the recipient, the Secretary may require adequate bonding and insurance if the bonding and insurance requirements of the recipient are not deemed adequate to protect the interest of the Federal Government.

(d) The Secretary may require adequate fidelity bond coverage where the recipient lacks sufficient coverage to protect the Federal Government's interest.

(e) Where bonds are required under paragraphs (a) and (b) of this section, the bonds shall be obtained from companies holding certificates of authority as acceptable sureties, as prescribed in 31 CFR Part 223--Surety Companies Doing Business with the United States.

Sec. 74.22 Payment.

(a) Payment methods shall minimize the time elapsing between the transfer of funds from the United States Treasury and the issuance or redemption of checks, warrants, or payment by other means by the recipients. Payment methods of State agencies or instrumentalities shall be consistent with Treasury-State CMIA agreements or default procedures codified at 31 CFR part 205.

(b) (1) Recipients are paid in advance, provided they maintain or demonstrate the willingness to maintain--

(i) Written procedures that minimize the time elapsing between the

transfer of funds and disbursement by the recipient; and

(ii) Financial management systems that meet the standards for fund control and accountability as established in Sec. 74.21.

(2) Cash advances to a recipient organization are limited to the minimum amounts needed and be timed to be in accordance with the actual, immediate cash requirements of the recipient organization in carrying out the purpose of the approved program or project.

(3) The timing and amount of cash advances are as close as is administratively feasible to the actual disbursements by the recipient organization for direct program or project costs and the proportionate share of any allowable indirect costs.

(c) Whenever possible, advances are consolidated to cover anticipated cash needs for all awards made by the Secretary.

(1) Advance payment mechanisms include, but are not limited to, Treasury check, and electronic funds transfer.

(2) Advance payment mechanisms are subject to 31 CFR part 205.

(3) Recipients are authorized to submit requests for advances and reimbursements at least monthly when electronic fund transfers are not used.

(d) Requests for Treasury check advance payment shall be submitted on SF-270--Request for Advance or Reimbursement--or other forms as may be authorized by OMB. This form is not to be used when Treasury check advance payments are made to the recipient automatically through the use of a predetermined payment schedule or if precluded by ED instructions for electronic funds transfer.

(e) Reimbursement is the preferred method when the requirements in paragraph (b) of this section cannot be met. The Secretary may also use this method on any construction agreement, or if the major portion of the construction project is accomplished through private market financing or Federal loans, and the Federal assistance constitutes a minor portion of the project.

(1) When the reimbursement method is used, the Secretary makes payment within 30 days after receipt of the billing, unless the billing is improper.

(2) Recipients are authorized to submit request for reimbursement at least monthly when electronic funds transfers are not used.

(f) If a recipient cannot meet the criteria for advance payments and the Secretary has determined that reimbursement is not feasible because the recipient lacks sufficient working capital, the Secretary may provide cash on a working capital advance basis. Under this procedure, the Secretary advances cash to the recipient to cover its estimated disbursement needs for an initial period generally geared to the awardee's disbursing cycle. Thereafter, the Secretary reimburses the recipient for its actual cash disbursements. The working capital advance method of payment is not used for recipients unwilling or unable to provide timely advances to their subrecipient to meet the subrecipient's actual cash disbursements.

(g) To the extent available, recipients shall disburse funds available from repayments to and interest earned on a revolving fund, program income, rebates, refunds, contract settlements, audit recoveries, and interest earned on these funds before requesting additional cash payments.

(h) Unless otherwise required by statute, the Secretary does not withhold payments for proper charges made by recipients at any time

during the project period unless--

(1) A recipient has failed to comply with the project objectives, the terms and conditions of the award, or Federal reporting requirements; or

(2) The recipient or subrecipient is delinquent in a debt to the United States as defined in OMB Circular A-129--Managing Federal Credit Programs. Under these conditions, the Secretary may, upon reasonable notice, inform the recipient that ED does not make payments for obligations incurred after a specified date until the conditions are corrected or the indebtedness to the Federal Government is liquidated.

(i) The standards governing the use of banks and other institutions as depositories of funds advanced under awards are as follows:

(1) Except for situations described in paragraph (i)(2) of this section, the Secretary does not require separate depository accounts for funds provided to a recipient or establish any eligibility requirements for depositories for funds provided to a recipient. However, recipients must be able to account for the receipt, obligation, and expenditure of funds.

(2) Advances of Federal funds shall be deposited and maintained in insured accounts whenever possible.

(j) Consistent with the national goal of expanding the opportunities for women-owned and minority-owned business enterprises, recipients shall be encouraged to use women-owned and minority-owned banks (a bank which is owned at least 50 percent by women or minority group members).

(k) Recipients shall maintain advances of Federal funds in interest bearing accounts, unless--

(1) The recipient receives less than \$120,000 in Federal awards per year;

(2) The best reasonably available interest bearing account would not be expected to earn interest in excess of \$250 per year on Federal cash balances; or

(3) The depository would require an average or minimum balance so high that it would not be feasible within the expected Federal and non-Federal cash resources.

(l) For those entities where CMIA and its implementing regulations do not apply, interest earned on Federal advances deposited in interest bearing accounts shall be remitted annually to Department of Health and Human Services, Payment Management System, Rockville, MD 20852. Interest amounts up to \$250 per year may be retained by the recipient for administrative expense. State universities and hospitals shall comply with CMIA, as it pertains to interest. If an entity subject to CMIA uses its own funds to pay pre-award costs for discretionary awards without prior written approval from the Secretary, it waives its right to recover the interest under CMIA.

(m) Except as noted elsewhere in this part, only the following forms are authorized for the recipients in requesting advances and reimbursements. The Secretary does not require more than an original and two copies of the following:

(1) SF-270--Request for Advance or Reimbursement. The Secretary adopts the SF-270 as a standard form for all nonconstruction programs when electronic funds transfer or predetermined advance methods are not used. The Secretary may, however, use this form for construction programs in lieu of the SF-271--Outlay Report and Request for Reimbursement for Construction Programs.

(2) SF-271--Outlay Report and Request for Reimbursement for Construction Programs. The Secretary adopts the SF-271 as the standard form to be used for requesting reimbursement for construction programs. However, the Secretary may substitute the SF-270 when the Secretary determines that it provides adequate information to meet Federal needs.

(Authority: 20 U.S.C. 1221e-3, 3474; OMB Circular A-110)

Sec. 74.23 Cost sharing or matching.

(a) All contributions, including cash and third party in-kind, are accepted as part of the recipient's cost sharing or matching when contributions meet the following criteria:

(1) Are verifiable from the recipient's records.

(2) Are not included as contributions for any other federally-assisted project or program.

(3) Are necessary and reasonable for proper and efficient accomplishment of project or program objectives.

(4) Are allowable under the applicable cost principles.

(5) Are not paid by the Federal Government under another award, except where authorized by Federal statute to be used for cost sharing or matching.

(6) Are provided for in the approved budget when required by the Secretary.

(7) Conform to other provisions of this part, as applicable.

(b) Unrecovered indirect costs may be included as part of cost sharing or matching only with the prior approval of the Secretary.

(c) Values for recipient contributions of services and property shall be established in accordance with the applicable cost principles. If the Secretary authorizes recipients to donate buildings or land for construction/facilities acquisition projects or long-term use, the value of the donated property for cost sharing or matching shall be the lesser of--

(1) The certified value of the remaining life of the property recorded in the recipient's accounting records at the time of donation; or

(2) The current fair market value. However, if there is sufficient justification, the Secretary may approve the use of the current fair market value of the donated property, even if it exceeds the certified value at the time of donation to the project.

(d) Volunteer services furnished by professional and technical personnel, consultants, and other skilled and unskilled labor may be counted as cost sharing or matching if the service is an integral and necessary part of an approved project or program. Rates for volunteer services must be consistent with those paid for similar work in the recipient's organization. In those instances in which the required skills are not found in the recipient organization, rates must be consistent with those paid for similar work in the labor market in which the recipient competes for the kind of services involved. In either case, paid fringe benefits that are reasonable, allowable, and allocable may be included in the valuation.

(e) When an employer other than the recipient furnishes the services of an employee, these services shall be valued at the employee's regular rate of pay (plus an amount of fringe benefits that are reasonable,

allowable, and allocable, but exclusive of overhead costs), provided these services are in the same skill for which the employee is normally paid.

(f) Donated supplies may include such items as expendable equipment, office supplies, laboratory supplies, or workshop and classroom supplies. Value assessed to donated supplies included in the cost sharing or matching share shall be reasonable and shall not exceed the fair market value of the property at the time of the donation.

(g) The method used for determining cost sharing or matching for donated equipment, buildings, and land for which title passes to the recipient may differ according to the purpose of the award.

(1) If the purpose of the award is to assist the recipient in the acquisition of equipment, buildings or land, the total value of the donated property may be claimed as cost sharing or matching.

(2) If the purpose of the award is to support activities that require the use of equipment, buildings or land, normally only depreciation or use charges for equipment and buildings may be made. However, the full value of equipment or other capital assets and fair rental charges for land may be allowed, provided that the Secretary has approved the charges.

(h) The value of donated property must be determined in accordance with the usual accounting policies of the recipient, with the following qualifications:

(1) The value of donated land and buildings may not exceed its fair market value at the time of donation to the recipient as established by an independent appraiser (e.g., certified real property appraiser or General Services Administration representative) and certified by a responsible official of the recipient.

(2) The value of donated equipment may not exceed the fair market value of equipment of the same age and condition at the time of donation.

(3) The value of donated space may not exceed the fair rental value of comparable space as established by an independent appraisal of comparable space and facilities in a privately-owned building in the same locality.

(4) The value of loaned equipment shall not exceed its fair rental value.

(5) The following requirements pertain to the recipient's supporting records for in-kind contributions from third parties:

(i) Volunteer services must be documented and, to the extent feasible, supported by the same methods used by the recipient for its own employees.

(ii) The basis for determining the valuation for personal service, material, equipment, buildings, and land must be documented.

(Authority: 20 U.S.C. 1221e-3, 3474; OMB Circular A-110)

Sec. 74.24 Program income.

(a) The Secretary applies the standards contained in this section in requiring recipient organizations to account for program income related to projects financed in whole or in part with Federal funds.

(b) Except as provided in paragraph (h) of this section, program income earned during the project period must be retained by the

recipient and, in accordance with ED regulations or the terms and conditions of the award, must be used in one or more of the following ways:

(1) Added to funds committed to the project by the Secretary and recipient and used to further eligible project or program objectives.

(2) Used to finance the non-Federal share of the project or program.

(3) Deducted from the total project or program allowable cost in determining the net allowable costs on which the Federal share of costs is based.

(c) When the Secretary authorizes the disposition of program income as described in paragraphs (b) (1) or (b) (2) of this section, program income in excess of any limits stipulated shall be used in accordance with paragraph (b) (3) of this section.

(d) In the event that the Secretary does not specify in program regulations or the terms and conditions of the award how program income is to be used, paragraph (b) (3) of this section applies automatically to all projects or programs except research. For awards that support research, paragraph (b) (1) of this section applies automatically unless the Secretary indicates in the terms and conditions another alternative on the award or the recipient is subject to special award conditions, as indicated in Sec. 74.14.

(e) Unless ED regulations or the terms and conditions of the award provide otherwise, recipients have no obligation to the Federal Government regarding program income earned after the end of the project period.

(f) If authorized by ED or the terms and conditions of the award, costs incident to the generation of program income may be deducted from gross income to determine program income, provided these costs have not been charged to the award.

(g) Proceeds from the sale of property shall be handled in accordance with the requirements of the Property Standards (See Sec. Sec. 74.30 through 74.37).

(h) Unless ED regulations or the terms and condition of the award provide otherwise, recipients have no obligation to the Federal Government with respect to program income earned from license fees and royalties for copyrighted material, patents, patent applications, trademarks, and inventions produced under an award. However, Patent and Trademark Amendments (35 U.S.C. 18) apply to inventions made under an experimental, developmental, or research award.

(Authority: 20 U.S.C. 1221e-3, 3474; OMB Circular A-110)

Sec. 74.25 Revision of budget and program plans.

(a) The budget plan is the financial expression of the project or program as approved during the award process. It may include either the Federal and non-Federal share, or only the Federal share, depending upon ED requirements. It shall be related to performance for program evaluation purposes whenever appropriate.

(b) Recipients are required to report deviations from budget and program plans, and request prior approvals for budget and program plan revisions, in accordance with this section.

(c) For nonconstruction awards, recipients shall request prior approvals from ED for one or more of the following program or budget

related reasons:

(1) Change in the scope or the objective of the project or program (even if there is no associated budget revision requiring prior written approval).

(2) Change in a key person specified in the application or award document.

(3) The absence for more than three months, or a 25 percent reduction in time devoted to the project, by the approved project director or principal investigator.

(4) The need for additional Federal funding.

(5) The transfer of amounts budgeted for indirect costs to absorb increases in direct costs, or vice versa, if approval is required by the Secretary.

(6) The inclusion, unless waived by the Secretary, of costs that require prior approval in accordance with OMB Circular A-21--Cost Principles for Institutions of Higher Education, OMB Circular A-122--Cost Principles for Non-Profit Organizations, or 45 CFR part 74, appendix E--Principles for Determining Costs Applicable to Research and Development under Grants and Contracts with Hospitals, or 48 CFR part 31--Contract Cost Principles and Procedures, as applicable.

(7) The transfer of funds allotted for training allowances (direct payment to trainees) to other categories of expense.

(8) Unless described in the application and funded in the approved awards, the subaward, transfer or contracting out of any work under an award. This provision does not apply to the purchase of supplies, material, equipment, or general support services.

(d) No other prior approval requirements for specific items are imposed unless a deviation has been approved by OMB.

(e) Except for requirements listed in paragraphs (c)(1) and (c)(4) of this section, the Secretary may waive cost-related and administrative prior written approvals required by this part and OMB Circulars A-21 and A-122. These waivers may authorize recipients to do any one or more of the following:

(1) Incur pre-award costs 90 calendar days prior to award or more than 90 calendar days with the prior approval of the Secretary. All pre-award costs are incurred at the recipient's risk (i.e., the Secretary is under no obligation to reimburse these costs if for any reason the recipient does not receive an award or if the award is less than anticipated and inadequate to cover these costs).

(2)(i) Initiate a one-time extension of the expiration date of the award of up to 12 months unless one or more of the following conditions apply:

(A) The terms and conditions of award prohibit the extension.

(B) The extension requires additional Federal funds.

(C) The extension involves any change in the approved objectives or scope of the project.

(ii) For one-time extensions, the recipient shall notify the Secretary in writing with the supporting reasons and revised expiration date at least 10 days before the expiration date specified in the award. This one-time extension may not be exercised merely for the purpose of using unobligated balances.

(3) Carry forward unobligated balances to subsequent funding periods.

(4) For awards that support research, unless the Secretary provides

otherwise in the award or in ED's regulations, the prior approval requirements described in paragraph (e) of this section are automatically waived (i.e., recipients need not obtain prior approvals) unless one of the conditions included in paragraph (e)(2)(i) of this section applies.

(f) The Secretary may restrict the transfer of funds among direct cost categories or programs, functions and activities for awards in which the Federal share of the project exceeds \$100,000 and the cumulative amount of the transfers exceeds or is expected to exceed 10 percent of the total budget as last approved by the Secretary. The Secretary does not permit a transfer that would cause any Federal appropriation or part thereof to be used for purposes other than those consistent with the original intent of the appropriation.

(g) All other changes to nonconstruction budgets, except for the changes described in paragraph (j) of this section, do not require prior approval.

(h) For construction awards, recipients shall request prior written approval promptly from the Secretary for budget revisions whenever--

(1) The revision results from changes in the scope or the objective of the project or program;

(2) The need arises for additional Federal funds to complete the project; or

(3) A revision is desired which involves specific costs for which prior written approval requirements may be imposed consistent with applicable OMB cost principles listed in Sec. 74.27.

(i) No other prior approval requirements for specific items may be imposed unless a deviation has been approved by OMB.

(j) When the Secretary makes an award that provides support for both construction and nonconstruction work, the Secretary may require the recipient to request prior approval from the Secretary before making any fund or budget transfers between the two types of work supported.

(k) For both construction and nonconstruction awards, recipients shall notify the Secretary in writing promptly whenever the amount of Federal authorized funds is expected to exceed the needs of the recipient for the project period by more than \$5,000 or five percent of the Federal award, whichever is greater. This notification shall not be required if an application for additional funding is submitted for a continuation award.

(l) When requesting approval for budget revisions, recipients shall use the budget forms that were used in the application unless the Secretary indicates a letter of request suffices.

(m) Within 30 calendar days from the date of receipt of the request for budget revisions, the Secretary shall review the request and notify the recipient whether the budget revisions have been approved. If the revision is still under consideration at the end of 30 calendar days, the Secretary informs the recipient in writing of the date when the recipient may expect the decision.

Property Standards

Sec. 74.30 Purpose of property standards.

Sections 74.31 through 74.37 establish uniform standards governing management and disposition of property furnished by ED whose cost was charged to a project supported by a Federal award. Recipients shall observe these standards under awards. The Secretary does not impose additional requirements, unless specifically required by Federal statute. The recipient may use its own property management standards and procedures provided it observes the provisions of Sec. Sec. 74.31 through 74.37.

(Authority: 20 U.S.C. 1221e-3, 3474; OMB Circular A-110)

Sec. 74.31 Insurance coverage.

Recipients shall, at a minimum, provide the equivalent insurance coverage for real property and equipment acquired with Federal funds as provided to property owned by the recipient. Federally-owned property need not be insured unless required by the terms and conditions of the award.

(Authority: 20 U.S.C. 1221e-3, 3474; OMB Circular A-110)

Sec. 74.32 Real property.

The Secretary prescribes requirements for recipients concerning the use and disposition of real property acquired in whole or in part under awards. Unless otherwise provided by statute, the minimum requirements provide the following:

(a) Title to real property must vest in the recipient subject to the condition that the recipient shall use the real property for the authorized purpose of the project as long as it is needed and shall not encumber the property without approval of the Secretary.

(b) The recipient shall obtain written approval by the Secretary for the use of real property in other federally-sponsored projects when the recipient determines that the property is no longer needed for the purpose of the original project. Use in other projects shall be limited to those under federally-sponsored projects (i.e., awards) that have purposes consistent with those authorized for support by the Secretary.

(c) When the real property is no longer needed as provided in paragraphs (a) and (b) of this section, the recipient shall request disposition instructions from ED or its successor Federal awarding agency. The Secretary observes one or more of the following disposition instructions:

(1) The recipient may be permitted to retain title without further obligation to the Federal Government after it compensates the Federal Government for that percentage of the current fair market value of the property attributable to the Federal participation in the project.

(2) The recipient may be directed to sell the property under guidelines provided by the Secretary and pay the Federal Government for that percentage of the current fair market value of the property attributable to the Federal participation in the project (after deducting actual and reasonable selling and fix-up expenses, if any, from the sales proceeds). When the recipient is authorized or required to sell the property, proper sales procedures must be established that provide for competition to the extent practicable and result in the highest possible return.

(3) The recipient may be directed to transfer title to the property to the Federal Government or to an eligible third party. The recipient is entitled to compensation for its attributable percentage of the current fair market value of the property.

(Authority: 20 U.S.C. 1221e-3, 3474; OMB Circular A-110)

Sec. 74.33 Federally-owned and exempt property.

(a) Federally-owned property. (1) Title to federally-owned property remains vested in the Federal Government. Recipients shall submit annually an inventory listing of federally-owned property in their custody to the Secretary. Upon completion of the award or when the property is no longer needed, the recipient shall report the property to the Secretary for further ED utilization.

(2) If ED has no further need for the property, it shall be declared excess and reported to the General Services Administration, unless the Secretary has statutory authority to dispose of the property by alternative methods (e.g., the authority provided by the Federal Technology Transfer Act (15 U.S.C. 3710 (I)) to donate research equipment to educational and non-profit organizations in accordance with E.O. 12821--Improving Mathematics and Science Education in Support of the National Education Goals. Appropriate instructions shall be issued to the recipient by the Secretary.

(b) Exempt property. When statutory authority exists, the Secretary may vest title to property acquired with Federal funds in the recipient without further obligation to the Federal Government and under conditions the Secretary considers appropriate. This property is ``exempt property.'' Should the Secretary not establish conditions, title to exempt property upon acquisition vests in the recipient without further obligation to the Federal Government.

(Authority: 20 U.S.C. 1221e-3, 3474; OMB Circular A-110)

Sec. 74.34 Equipment.

(a) Title to equipment acquired by a recipient with Federal funds shall vest in the recipient, subject to conditions of this section.

(b) The recipient may not use equipment acquired with Federal funds to provide services to non-Federal outside organizations for a fee that is less than private companies charge for equivalent services, unless specifically authorized by Federal statute, for as long as the Federal Government retains an interest in the equipment.

(c) The recipient shall use the equipment in the project or program for which it was acquired as long as needed, whether or not the project or program continues to be supported by Federal funds and may not encumber the property without approval of the Secretary. When no longer needed for the original project or program, the recipient shall use the equipment in connection with its other federally-sponsored activities, in the following order of priority:

(1) Activities sponsored by the Federal awarding agency which funded the original project; and then

(2) Activities sponsored by other Federal awarding agencies.

(d) During the time that equipment is used on the project or program for which it was acquired, the recipient shall make it available for use on other projects or programs if other use will not interfere with the work on the project or program for which the equipment was originally acquired. First preference for other use shall be given to other projects or programs sponsored by the Federal awarding agency that financed the equipment; second preference shall be given to projects or programs sponsored by other Federal awarding agencies. If the equipment is owned by the Federal Government, use on other activities not sponsored by the Federal Government shall be permissible if authorized by the Federal awarding agency. User charges shall be treated as program income.

(e) When acquiring replacement equipment, the recipient may use the equipment to be replaced as trade-in or sell the equipment and use the proceeds to offset the costs of the replacement equipment subject to the approval of the Secretary.

(f) The recipient's property management standards for equipment acquired with Federal funds and federally-owned equipment shall include all of the following:

(1) Equipment records shall be maintained accurately and shall include the following information:

(i) A description of the equipment.

(ii) Manufacturer's serial number, model number, Federal stock number, national stock number, or other identification number.

(iii) Source of the equipment, including the award number.

(iv) Whether title vests in the recipient or the Federal Government.

(v) Acquisition date (or date received, if the equipment was furnished by the Federal Government) and cost.

(vi) Information from which one can calculate the percentage of Federal participation in the cost of the equipment (not applicable to equipment furnished by the Federal Government).

(vii) Location and condition of the equipment and the date the information was reported.

(viii) Unit acquisition cost.

(ix) Ultimate disposition data, including date of disposal and sales price or the method used to determine current fair market value where a recipient compensates ED for its share.

(2) Equipment owned by the Federal Government must be identified to indicate Federal ownership.

(3) A physical inventory of equipment must be taken and the results reconciled with the equipment records at least once every two years. Any differences between quantities determined by the physical inspection and those shown in the accounting records must be investigated to determine the causes of the difference. The recipient shall, in connection with the inventory, verify the existence, current utilization, and continued need for the equipment.

(4) A control system must be in effect to insure adequate safeguards to prevent loss, damage, or theft of the equipment. Any loss, damage, or theft of equipment shall be investigated and fully documented; if the equipment was owned by the Federal Government, the recipient shall promptly notify the Secretary.

(5) Adequate maintenance procedures must be implemented to keep the equipment in good condition.

(6) Where the recipient is authorized or required to sell the equipment, proper sales procedures must be established which provide for competition to the extent practicable and result in the highest possible return.

(g) When the recipient no longer needs the equipment, the equipment may be used for other activities in accordance with the following standards:

(1) For equipment with a current per unit fair market value of \$5000 or more, the recipient may retain the equipment for other uses provided that compensation is made to ED or its successor. The amount of compensation shall be computed by applying the percentage of Federal participation in the cost of the original project or program to the current fair market value of the equipment.

(2) If the recipient has no need for the equipment, the recipient shall request disposition instructions from the Secretary. The Secretary shall determine whether the equipment can be used to meet ED requirements. If no requirement exists within ED, the availability of the equipment shall be reported to the General Services Administration by the Secretary to determine whether a requirement for the equipment exists in other Federal agencies. The Secretary issues instructions to the recipient no later than 120 calendar days after the recipient's request and the following procedures govern:

(i) If so instructed or if disposition instructions are not issued within 120 calendar days after the recipient's request, the recipient shall sell the equipment and reimburse ED an amount computed by applying to the sales proceeds the percentage of Federal participation in the cost of the original project or program. However, the recipient shall be permitted to deduct and retain from the Federal share \$500 or ten percent of the proceeds, whichever is less, for the recipient's selling and handling expenses.

(ii) If the recipient is instructed to ship the equipment elsewhere, the recipient is reimbursed by ED by an amount which is computed by applying the percentage of the recipient's participation in the cost of the original project or program to the current fair market value of the equipment, plus any reasonable shipping or interim storage costs incurred.

(iii) If the recipient is instructed to otherwise dispose of the equipment, the recipient is reimbursed by ED for costs incurred in its

disposition.

(iv) The Secretary may reserve the right to transfer the title to the Federal Government or to a third party named by the Federal Government when the third party is otherwise eligible under existing statutes. This transfer shall be subject to the following standards:

(A) The equipment must be appropriately identified in the award or otherwise made known to the recipient in writing.

(B) The Secretary issues disposition instructions within 120 calendar days after receipt of a final inventory. The final inventory must list all equipment acquired with grant funds and federally-owned equipment. If the Secretary does not issue disposition instructions within the 120 calendar day period, the recipient shall apply the standards of this section, as appropriate.

(C) When the Secretary exercises the right to take title, the equipment is subject to the provisions for federally-owned equipment.

Sec. 74.35 Supplies and other expendable property.

(a) Title to supplies and other expendable property shall vest in the recipient upon acquisition. If there is a residual inventory of unused supplies exceeding \$5,000 in total aggregate value upon termination or completion of the project or program and the supplies are not needed for any other federally-sponsored project or program, the recipient shall retain the supplies for use on non-Federal sponsored activities or sell them, but shall, in either case, compensate the Federal Government for its share. The amount of compensation shall be computed in the same manner as for equipment.

(b) The recipient may not use supplies acquired with Federal funds to provide services to non-Federal outside organizations for a fee that is less than private companies charge for equivalent services, unless specifically authorized by Federal statute as long as the Federal Government retains an interest in the supplies.

(Authority: 20 U.S.C. 1221e-3, 3474; OMB Circular A-110)

Sec. 74.36 Intangible property.

(a) The recipient may copyright any work that is subject to copyright and was developed, or for which ownership was purchased, under an award. ED and any other Federal awarding agency reserve a royalty-free, nonexclusive, and irrevocable right to reproduce, publish, or otherwise use the work for Federal purposes, and to authorize others to do so.

(b) Recipients are subject to applicable regulations governing patents and inventions, including government-wide regulations issued by the Department of Commerce at 37 CFR Part 401--Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government

Grants, Contracts and Cooperative Agreements.

(c) The Federal Government has the right to:

(1) Obtain, reproduce, publish or otherwise use the data first produced under an award; and

(2) Authorize others to receive, reproduce, publish, or otherwise use such data for Federal purposes.

(d) (1) In addition, in response to a Freedom of Information Act (FOIA) request for research data relating to published research findings produced under an award that were used by the Federal Government in developing an agency action that has the force and effect of law, ED shall request, and the recipient shall provide, within a reasonable time, the research data so that they can be made available to the public through the procedures established under the FOIA. If ED obtains the research data solely in response to a FOIA request, the agency may charge the requester a reasonable fee equaling the full incremental cost of obtaining the research data. This fee should reflect costs incurred by the agency, the recipient, and applicable subrecipients. This fee is in addition to any fees the agency may assess under the FOIA (5 U.S.C. 552(a) (4) (A)).

(2) The following definitions apply for purposes of this paragraph (d):

(i) Research data is defined as the recorded factual material commonly accepted in the scientific community as necessary to validate research findings, but not any of the following: preliminary analyses, drafts of scientific papers, plans for future research, peer reviews, or communications with colleagues. This ``recorded'' material excludes physical objects (e.g., laboratory samples). Research data also do not include:

(A) Trade secrets, commercial information, materials necessary to be held confidential by a researcher until they are published, or similar information which is protected under law; and

(B) Personnel and medical information and similar information the disclosure of which would constitute a clearly unwarranted invasion of personal privacy, such as information that could be used to identify a particular person in a research study.

(ii) Published is defined as either when:

(A) Research findings are published in a peer-reviewed scientific or technical journal; or

(B) A Federal agency publicly and officially cites the research findings in support of an agency action that has the force and effect of law.

(iii) Used by the Federal Government in developing an agency action that has the force and effect of law is defined as when an agency publicly and officially cites the research findings in support of an agency action that has the force and effect of law.

(e) Title to intangible property and debt instruments acquired under an award or subaward vests upon acquisition in the recipient. The recipient shall use that property for the originally-authorized purpose, and the recipient shall not encumber the property without approval of the Secretary. When no longer needed for the originally authorized purpose, disposition of the intangible property shall occur in accordance with the provisions of Sec. 74.34(g).

[59 FR 34724, July 6, 1994, as amended at 65 FR 14407, 14416, Mar. 16, 2000]

Sec. 74.37 Property trust relationship.

Real property, equipment, intangible property, and debt instruments that are acquired or improved with Federal funds must be held in trust by the recipient as trustee for the beneficiaries of the project or program under which the property was acquired or improved. The Secretary may require recipients to record liens or other appropriate notices of record to indicate that personal or real property has been acquired or improved with Federal funds and that use and disposition conditions apply to the property.

(Authority: 20 U.S.C. 1221e-3, 3474; OMB Circular A-110)

Procurement Standards

Sec. 74.40 Purpose of procurement standards.

Sections 74.41 through 74.48 contain standards for use by recipients in establishing procedures for the procurement of supplies and other expendable property, equipment, real property, and other services with Federal funds. These standards are designed to ensure that these materials and services are obtained in an effective manner and in compliance with the provisions of applicable Federal statutes and executive orders. The Secretary does not impose additional procurement standards or requirements upon recipients, unless specifically required by Federal statute or executive order or as authorized in Sec. 74.4 or Sec. 74.14.

(Authority: 20 U.S.C. 1221e-3, 3474; OMB Circular A-110)

Sec. 74.41 Recipient responsibilities.

The standards contained in this section do not relieve the recipient of the contractual responsibilities arising under its contract(s). The recipient is the responsible authority, without recourse to the Secretary, regarding the settlement and satisfaction of all contractual and administrative issues arising out of procurements entered into in support of an award or other agreement. This includes disputes, claims, protests of award, source evaluation, or other matters of a contractual nature. Matters concerning violation of statute are to be referred to Federal, State or local authority that may have proper jurisdiction.

(Authority: 20 U.S.C. 1221e-3, 3474; OMB Circular A-110)

Sec. 74.42 Codes of conduct.

The recipient shall maintain written standards of conduct governing the performance of its employees engaged in the award and administration of contracts. No employee, officer, or agent shall participate in the selection, award, or administration of a contract supported by Federal

funds if a real or apparent conflict of interest would be involved. A conflict would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in the firm selected for an award. The officers, employees, and agents of the recipient shall neither solicit nor accept gratuities, favors, or anything of monetary value from contractors, or parties to subagreements. However, recipients may set standards for situations in which the financial interest is not substantial or the gift is an unsolicited item of nominal value. The standards of conduct shall provide for disciplinary actions to be applied for violations of these standards by officers, employees, or agents of the recipient.

(Authority: 20 U.S.C. 1221e-3, 3474; OMB Circular A-110)

Sec. 74.43 Competition.

All procurement transactions shall be conducted in a manner to provide, to the maximum extent practical, open and free competition. The recipient shall be alert to organizational conflicts of interest as well as noncompetitive practices among contractors that may restrict or eliminate competition or otherwise restrain trade. In order to ensure objective contractor performance and eliminate unfair competitive advantage, contractors that develop or draft specifications, requirements, statements of work, invitations for bids or requests for proposals shall be excluded from competing for procurements. Awards must be made to the bidder or offeror whose bid or offer is responsive to the solicitation and is most advantageous to the recipient, price, quality and other factors considered. Solicitations shall clearly establish all requirements that the bidder or offeror shall fulfill in order for the bid or offer to be evaluated by the recipient. Any and all bids or offers may be rejected when it is in the recipient's interest to do so.

(Authority: 20 U.S.C. 1221e-3, 3474; OMB Circular A-110)

Sec. 74.44 Procurement procedures.

(a) All recipients shall establish written procurement procedures. These procedures must provide for, at a minimum, that--

- (1) Recipients avoid purchasing unnecessary items;
- (2) Where appropriate, an analysis is made of lease and purchase alternatives to determine which would be the most economical and practical procurement for the Federal Government; or
- (3) Solicitations for goods and services provide for all of the following:
 - (i) A clear and accurate description of the technical requirements for the material, product, or service to be procured. In competitive procurements, a description shall not contain features which unduly restrict competition.
 - (ii) Requirements which the bidder/offeror must fulfill and all other factors to be used in evaluating bids or proposals.
 - (iii) A description, whenever practicable, of technical requirements in terms of functions to be performed or performance required, including

the range of acceptable characteristics or minimum acceptable standards.

(iv) The specific features of brand name or equal descriptions that bidders are required to meet when these items are included in the solicitation.

(v) The acceptance, to the extent practicable and economically feasible, of products and services dimensioned in the metric system of measurement.

(vi) Preference, to the extent practicable and economically feasible, for products and services that conserve natural resources and protect the environment, and are energy efficient.

(b) Positive efforts shall be made by recipients to utilize small businesses, minority-owned firms, and women's business enterprises, whenever possible. Recipients of Federal awards shall take all of the following steps to further this goal:

(1) Ensure that small businesses, minority-owned firms, and women's business enterprises are used to the fullest extent practicable.

(2) Make information on forthcoming opportunities available and arrange time frames for purchases and contracts to encourage and facilitate participation by small businesses, minority-owned firms, and women's business enterprises.

(3) Consider in the contract process whether firms competing for larger contracts intend to subcontract with small businesses, minority-owned firms, and women's business enterprises.

(4) Encourage contracting with consortiums of small businesses, minority-owned firms and women's business enterprises when a contract is too large for one of these firms to handle individually.

(5) Use the services and assistance, as appropriate, of organizations such as the Small Business Administration and the Department of Commerce's Minority Business Development Agency in the solicitation and utilization of small businesses, minority-owned firms and women's business enterprises.

(c) The type of procuring instruments used (e.g., fixed price contracts, cost reimbursable contracts, purchase orders, and incentive contracts) shall be determined by the recipient but must be appropriate for the particular procurement and for promoting the best interest of the program or project involved. The ``cost-plus-a-percentage-of-cost'' or ``percentage of construction cost'' methods of contracting must not be used.

(d) Contracts are made only with responsible contractors who possess the potential ability to perform successfully under the terms and conditions of the proposed procurement. Consideration is given to matters as contractor integrity, record of past performance, financial and technical resources or accessibility to other necessary resources. In certain circumstances, contracts with certain parties are restricted by E.O. 12549 (implemented by the Secretary in 34 CFR Part 85) and E.O. 12689--Debarment and Suspension.

(e) Recipients shall, on request, make available for the Secretary, pre-award review and procurement documents, such as request for proposals or invitations for bids, independent cost estimates, etc., when any of the following conditions apply:

(1) A recipient's procurement procedures or operation fails to comply with the procurement standards in this part.

(2) The procurement is expected to exceed the small purchase threshold fixed at 41 U.S.C. 403 (11) (currently \$25,000) and is to be

awarded without competition or only one bid or offer is received in response to a solicitation.

(3) The procurement, which is expected to exceed the small purchase threshold, specifies a ``brand name'' product.

(4) The proposed award over the small purchase threshold is to be awarded to other than the apparent low bidder under a sealed bid procurement.

(5) A proposed contract modification changes the scope of a contract or increases the contract amount by more than the amount of the small purchase threshold.

Effective Date Note: At 69 FR 31710, June 4, 2004, Sec. 74.44 was amended by adding paragraph (f), effective July 6, 2004. For the convenience of the user, the added text is set forth as follows:

Sec. 74.44 Procurement procedures.

* * * * *

(f)(1)(i) A faith-based organization is eligible to contract with recipients on the same basis as any other private organization, with respect to contracts for which such other organizations are eligible.

(ii) In the selection of goods and services providers, recipients shall not discriminate for or against a private organization on the basis of the organization's religious character or affiliation.

(2) The provisions of Sec. Sec. 75.532 and 76.532 applicable to grantees and subgrantees apply to a faith-based organization that contracts with a recipient, unless the faith-based organization is selected as a result of the genuine and independent private choices of individual beneficiaries of the program and provided the organization otherwise satisfies the requirements of the program.

(3) A private organization that engages in inherently religious activities, such as religious worship, instruction, or proselytization, must offer those services separately in time or location from any programs or services supported by a contract with a recipient, and participation in any such inherently religious activities by beneficiaries of the programs supported by the contract must be voluntary, unless the organization is selected as a result of the genuine and independent private choices of individual beneficiaries of the program and provided the organization otherwise satisfies the requirements of the program.

(4)(i) A faith-based organization that contracts with a recipient may retain its independence, autonomy, right of expression, religious character, and authority over its governance.

(ii) A faith-based organization may, among other things--

(A) Retain religious terms in its name;

(B) Continue to carry out its mission, including the definition,

development, practice, and expression of its religious beliefs;

(C) Use its facilities to provide services without removing or altering religious art, icons, scriptures, or other symbols from these facilities;

(D) Select its board members and otherwise govern itself on a religious basis; and

(E) Include religious references in its mission statement and other chartering or governing documents.

(5) A private organization that contracts with a recipient shall not discriminate against a beneficiary or prospective beneficiary in the provision of program services on the basis of religion or religious belief.

(6) A religious organization's exemption from the Federal prohibition on employment discrimination on the basis of religion, in section 702(a) of the Civil Rights Act of 1964, 42 U.S.C. 2000e-1, is not forfeited when the organization contracts with a recipient.

Sec. 74.45 Cost and price analysis.

Some form of cost or price analysis must be made and documented in the procurement files in connection with every procurement action. Price analysis may be accomplished in various ways, including the comparison of price quotations submitted, market prices and similar indicia, together with discounts. Cost analysis is the review and evaluation of each element of cost to determine reasonableness, allocability, and allowability.

Sec. 74.46 Procurement records.

Procurement records and files for purchases in excess of the small purchase threshold must include the following at a minimum--

(a) Basis for contractor selection;

(b) Justification for lack of competition when competitive bids or offers are not obtained;

(c) Basis for award cost or price.

Sec. 74.47 Contract administration.

the contract, and to ensure adequate and timely follow up of all purchases. Recipients shall evaluate contractor performance and document, as appropriate, whether contractors have met the terms, conditions, and specifications of the contract.

Sec. 74.48 Contract provisions.

The recipient shall include, in addition to provisions to define a sound and complete agreement, the following provisions in all contracts. The following provisions must also be applied to subcontracts:

(a) Contracts in excess of the small purchase threshold shall contain contractual provisions or conditions that allow for administrative, contractual, or legal remedies in instances in which a contractor violates or breaches the contract terms, and provide for remedial actions as may be appropriate.

(b) All contracts in excess of the small purchase threshold shall contain suitable provisions for termination by the recipient, including the manner by which termination shall be effected and the basis for settlement. In addition, contracts must describe conditions under which the contract may be terminated for default, as well as conditions where the contract may be terminated because of circumstances beyond the control of the contractor.

(c) Except as otherwise required by statute, an award that requires the contracting (or subcontracting) for construction or facility improvements must provide for the recipient to follow its own requirements relating to bid guarantees, performance bonds, and payment bonds unless the construction contract or subcontract exceeds \$100,000. For those contracts or subcontracts exceeding \$100,000, the Secretary may accept the bonding policy and requirements of the recipient, provided the Secretary has made a determination that the Federal Government's interest is adequately protected. If a determination has not been made, the minimum requirements are as follows:

(1) A bid guarantee from each bidder equivalent to five percent of the bid price. The ``bid guarantee'' must consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder shall, upon acceptance of his bid, execute contractual documents as may be required within the time specified.

(2) A performance bond on the part of the contractor for 100 percent of the contract price. A ``performance bond'' is one executed in connection with a contract to secure fulfillment of all the contractor's obligations under a contract.

(3) A payment bond on the part of the contractor for 100 percent of the contract price. A ``payment bond'' is one executed in connection with a contract to assure payment as required by statute of all persons supplying labor and material in the execution of the work provided for

in the contract.

(4) Where bonds are required, the bonds must be obtained from companies holding certificates of authority as acceptable sureties pursuant to 31 CFR Part 223--Surety Companies Doing Business with the United States.

(d) All negotiated contracts (except those for less than the small purchase threshold) awarded by recipients must include a provision to the effect that the recipient, ED, the Comptroller General of the United States, or any of their duly authorized representatives, must have access to any books, documents, papers and records of the contractor which are directly pertinent to a specific program for the purpose of making audits, examinations, excerpts and transcriptions.

(e) All contracts, including small purchases, awarded by recipients and their contractors must contain the procurement provisions of appendix A to this part, as applicable.

(Authority: 20 U.S.C. 1221e-3, 3474; OMB Circular A-110)

Reports and Records

Sec. 74.50 Purpose of reports and records.

Sections 74.51 through 74.53 establish the procedures for monitoring and reporting on the recipient's financial and program performance and the necessary standard reporting forms. They also establish record retention requirements.

(Authority: 20 U.S.C. 1221e-3, 3474; OMB Circular A-110)

Sec. 74.51 Monitoring and reporting program performance.

(a) Recipients are responsible for managing and monitoring each project, program, subaward, function, or activity supported by the award. Recipients shall monitor subawards to ensure subrecipients have met the audit requirements in Sec. 74.26.

(b) The Secretary prescribes the frequency with which the performance reports shall be submitted. Except as provided in Sec. 74.51(f), performance reports are not required more frequently than quarterly or, less frequently than annually. Annual reports are due 90 calendar days after the grant year; quarterly or semi-annual reports are due 30 days after the reporting period. The Secretary may require annual reports before the anniversary dates of multiple year awards in lieu of these requirements. The final performance reports are due 90 calendar days after the expiration or termination of the award.

(c) If inappropriate, a final technical or performance report is not required after completion of the project.

(d) When required, performance reports must generally contain, for each award, brief information on each of the following:

(1) A comparison of actual accomplishments with the goals and objectives established for the period, the findings of the investigator, or both. Whenever appropriate and the output of programs or projects can be readily quantified, this quantitative data should be related to cost data for computation of unit costs.

(2) Reasons why established goals were not met, if appropriate.

(3) Other pertinent information including, when appropriate, analysis, and explanation of cost overruns or high unit costs.

(e) Recipients are not required to submit more than the original and two copies of performance reports.

(f) Recipients shall immediately notify the Secretary of developments that have a significant impact on the award-supported activities. Also, notification must be given in the case of problems, delays, or adverse conditions which materially impair the ability to meet the objectives of the award. This notification must include a statement of the action taken or contemplated, and any assistance needed to resolve the situation.

(g) The Secretary may make site visits, as needed.

(h) The Secretary complies with the clearance requirements of 5 CFR part 1320 when requesting performance data from recipients.

Sec. 74.52 Financial reporting.

(a) The following forms or other forms as may be approved by OMB are authorized for obtaining financial information from recipients.

(1) SF-269 or SF-269A--Financial Status Report. (i) Recipients are required to use the SF-269 or SF-269A to report the status of funds for all nonconstruction projects or programs. The Secretary may not require the SF-269 or SF-269A when, the Secretary determines that SF-270--Request for Advance or Reimbursement, or SF-272--Report of Federal Cash Transactions--provides adequate information to meet the Department's needs, except that a final SF-269 or SF-269A is required at the completion of the project when the SF-270 is used only for advances.

(ii) The Secretary prescribes whether the report is on a cash or accrual basis. If the Secretary requires accrual information and the recipient's accounting records are not normally kept on the accrual basis, the recipient is not required to convert its accounting system, but shall develop accrual information through best estimates based on an analysis of the documentation on hand.

(iii) The Secretary determines the frequency of the Financial Status Report for each project or program, considering the size and complexity of the particular project or program. However, the report is not required more frequently than quarterly or less frequently than annually. A final report is required at the completion of the agreement.

(iv) The Secretary requires recipients to submit the SF-269 or SF-269A (an original and no more than two copies) no later than 30 days after the end of each specified reporting period for quarterly and semi-annual reports, and 90 calendar days for annual and final reports. Extensions of reporting due dates may be approved by the Secretary upon request of the recipient.

(2) SF-272--Report of Federal Cash Transactions. (i) When funds are advanced to recipients the Secretary requires each recipient to submit

the SF-272 and, when necessary, its continuation sheet, SF-272a. The Secretary uses this report to monitor cash advanced to recipients and to obtain disbursement information for each agreement with the recipients.

(ii) The Secretary may require forecasts of Federal cash requirements in the ``Remarks'' section of the report.

(iii) When practical and deemed necessary, the Secretary may require recipients to report in the ``Remarks'' section the amount of cash advances received in excess of three days. Recipients shall provide short narrative explanations of actions taken to reduce the excess balances.

(iv) Recipients shall be required to submit not more than the original and two copies of the SF-272 15 calendar days following the end of each quarter. The Secretary may require a monthly report from those recipients receiving advances totaling \$1 million or more per year.

(v) The Secretary may waive the requirement for submission of the SF-272 for any one of the following reasons:

(A) When monthly advances do not exceed \$25,000 per recipient, provided that advances are monitored through other forms contained in this section;

(B) If, in the Secretary's opinion, the recipient's accounting controls are adequate to minimize excessive Federal advances; or

(C) When the electronic payment mechanisms provide adequate data.

(b) When the Secretary needs additional information or more frequent reports, the following shall be observed:

(1) When additional information is needed to comply with legislative requirements, the Secretary shall issue instructions to require recipients to submit information under the ``Remarks'' section of the reports.

(2) When the Secretary determines that a recipient's accounting system does not meet the standards in Sec. 74.21, additional pertinent information to further monitor awards may be obtained upon written notice to the recipient until the system is brought up to standard. The Secretary, in obtaining this information, complies with the report clearance requirements of 5 CFR part 1320.

(3) The Secretary may shade out any line item on any report if not necessary.

(4) The Secretary may accept the identical information from the recipients in machine readable format or computer printouts or electronic outputs in lieu of prescribed formats.

Sec. 74.53 Retention and access requirements for records.

(a) This section establishes requirements for record retention and

access to records for awards to recipients. The Secretary does not impose any other record retention or access requirements upon recipients.

(b) Financial records, supporting documents, statistical records, and all other records pertinent to an award shall be retained for a period of three years from the date of submission of the final expenditure report or, for awards that are renewed quarterly or annually, from the date of the submission of the quarterly or annual financial report, as authorized by the Secretary. The only exceptions are the following:

(1) If any litigation, claim, or audit is started before the expiration of the 3-year period, the records shall be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken.

(2) Records for real property and equipment acquired with Federal funds shall be retained for 3 years after final disposition.

(3) When records are transferred to or maintained by the Secretary, the 3-year retention requirement is not applicable to the recipient.

(4) Indirect cost rate proposals, cost allocations plans, etc. as specified in Sec. 74.53(g).

(c) Copies of original records may be substituted for the original records if authorized by the Secretary.

(d) The Secretary requests transfer of certain records to its custody from recipients when it determines that the records possess long term retention value. However, in order to avoid duplicate recordkeeping, the Secretary may make arrangements for recipients to retain any records that are continuously needed for joint use.

(e) The Secretary, the Inspector General, Comptroller General of the United States, or any of their duly authorized representatives, have the right of timely and unrestricted access to any books, documents, papers, or other records of recipients that are pertinent to the awards, in order to make audits, examinations, excerpts, transcripts, and copies of documents. This right also includes timely and reasonable access to a recipient's personnel for the purpose of interview and discussion related to these documents. The rights of access in this paragraph are not limited to the required retention period, but shall last as long as records are retained.

(f) Unless required by statute, the Secretary does not place restrictions on recipients that limit public access to the records of recipients that are pertinent to an award, except when the Secretary can demonstrate that the records must be kept confidential and would have been exempted from disclosure pursuant to the Freedom of Information Act (5 U.S.C. 552) if the records had belonged to ED.

(g) The starting date for retention of the following types of documents (including supporting records) is specified in paragraphs (g)(1) and (2) of this section: indirect cost rate computations or proposals; cost allocation plans; and any similar accounting computations of the rate at which a particular group of costs is chargeable (such as computer usage chargeback rates or composite fringe benefit rates).

(1) If submitted for negotiation. If the recipient submits to the Secretary or the subrecipient submits to the recipient the proposal, plan, or other computation to form the basis for negotiation of the rate, then the 3-year retention period for its supporting records starts

on the date of submission.

(2) If not submitted for negotiation. If the recipient is not required to submit to the Secretary or the subrecipient is not required to submit to the recipient the proposal, plan, or other computation for negotiation purposes, then the 3-year retention period for the proposal, plan, or other computation and its supporting records starts at the end of the fiscal year (or other accounting period) covered by the proposal, plan, or other computation.

Termination and Enforcement

Sec. 74.60 Purpose of termination and enforcement.

Sections 74.61 and 74.62 establish uniform suspension, termination, and enforcement procedures.

(Authority: 20 U.S.C. 1221e-3, 3474; OMB Circular A-110)

Sec. 74.61 Termination.

(a) Awards may be terminated in whole or in part only--

(1) By the Secretary, if a recipient materially fails to comply with the terms and conditions of an award;

(2) By the Secretary with the consent of the recipient, in which case the two parties shall agree upon the termination conditions, including the effective date and, in the case of partial termination, the portion to be terminated.

(3) By the recipient, upon sending to the Secretary written notification containing the reasons for the termination, the effective date, and, in the case of partial termination, the portion to be terminated. However, if the Secretary determines in the case of partial termination that the reduced or modified portion of the grant will not accomplish the purposes for which the grant was made, it may terminate the grant in its entirety under either paragraph (a)(1) or (2) of this section.

(b) If costs are allowed under an award, the responsibilities of the recipient referred to in Sec. 74.71(a), including those for property management as applicable, shall be considered in the termination of the award, and provision shall be made for continuing responsibilities of the recipient after termination, as appropriate.

(Authority: 20 U.S.C. 1221e-3, 3474; OMB Circular A-110)

Sec. 74.62 Enforcement.

(a) Remedies for noncompliance. If a recipient materially fails to

comply with the terms and conditions of an award, whether stated in a Federal statute, regulation, assurance, application, or notice of award, the Secretary may, in addition to imposing any of the special conditions outlined in Sec. 74.14, take one

or more of the following actions, as appropriate in the circumstances:

(1) Temporarily withhold cash payments pending correction of the deficiency by the recipient or more severe enforcement action by the Secretary.

(2) Disallow (that is, deny both use of funds and any applicable matching credit for) all or part of the cost of the activity or action not in compliance.

(3) Wholly or partly suspend or terminate the current award.

(4) Withhold further awards for the project or program.

(5) Take other remedies that may be legally available.

(b) Hearings and appeals. In taking an enforcement action, the Secretary provides the recipient an opportunity for hearing, appeal, or other administrative proceeding to which the recipient is entitled under any statute or regulation applicable to the action involved.

(c) Effects of suspension and termination. Costs of a recipient resulting from obligations incurred by the recipient during a suspension or after termination of an award are not allowable unless the Secretary expressly authorizes them in the notice of suspension or termination or subsequently. Other recipient costs during suspension or after termination which are necessary and not reasonably avoidable are allowable if--

(1) The costs result from obligations which were properly incurred by the recipient before the effective date of suspension or termination, are not in anticipation of it, and in the case of a termination, are noncancellable; and

(2) The costs would be allowable if the award were not suspended or expired normally at the end of the funding period in which the termination takes effect.

(d) Relationship to debarment and suspension. The enforcement remedies identified in this section, including suspension and termination, do not preclude ED from initiating a debarment or suspension action against a recipient under 34 CFR part 85 (see Sec. 74.13).

Sec. 74.71 Closeout procedures.

(a) Recipients shall submit, within 90 calendar days after the date

of completion of the award, all financial, performance, and other reports as required by the terms and conditions of the award. The Secretary may approve extensions when requested by the recipient.

(b) Unless the Secretary authorizes an extension, a recipient shall liquidate all obligations incurred under the award not later than 90 calendar days after the funding period or the date of completion as specified in the terms and conditions of the award or in ED implementing instructions.

(c) The Secretary makes prompt payments to a recipient for allowable reimbursable costs under the award being closed out.

(d) The recipient shall promptly refund any balances of unobligated cash that the Secretary has advanced or paid and that is not authorized to be retained by the recipient for use in other projects. OMB Circular A-129 governs unreturned amounts that become delinquent debts.

(e) When authorized by the terms and conditions of the award, the Secretary makes a settlement for any upward or downward adjustments to the Federal share of costs after closeout reports are received.

(f) The recipient shall account for any real and personal property acquired with Federal funds or received from the Federal Government in accordance with Sec. Sec. 74.31 through 74.37.

(g) In the event a final audit has not been performed prior to the closeout of an award, the Secretary shall retain the right to recover an appropriate amount after fully considering the recommendations on disallowed costs resulting from the final audit.

(2) The obligation of the recipient to return any funds due as a result of later refunds, corrections, or other transactions.

(3) Audit requirements in Sec. 74.26.

(5) Records retention as required in Sec. 74.53.

(b) After closeout of an award, a relationship created under an award may be modified or ended in whole or in part with the consent of the Secretary and the recipient, provided the responsibilities of the recipient referred to in Sec. 74.73(a), including those for property management as applicable, are considered and provisions made for continuing responsibilities of the recipient, as appropriate.

(a) Any funds paid to a recipient in excess of the amount to which the recipient is finally determined to be entitled under the terms and conditions of the award constitute a debt to the Federal Government. If not paid within a reasonable period after the demand for payment, the Secretary may reduce the debt by--

(1) Making an administrative offset against other requests for reimbursements;

(2) Withholding advance payments otherwise due to the recipient; or

(3) Taking other action permitted by statute.

(b) Except as otherwise provided by law, the Secretary charges interest on an overdue debt in accordance with 4 CFR Chapter II--Federal Claims Collection Standards.

The Act provides that each contractor or subrecipient shall be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he is otherwise entitled. The recipient shall report all suspected or reported violations to the Federal awarding agency.

Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than $1\frac{1}{2}$ times the basic rate of pay for all hours worked in excess of 40 hours in the work week. Section 107 of the Act is applicable to construction work and provides that no laborer or mechanic shall be required to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. The disclosures are forwarded from tier to tier up to the recipient.

Regulations That Apply to Direct Grant Programs

Sec. 75.1 Programs to which part 75 applies.

(a) The regulations in part 75 apply to each direct grant program of the Department of Education.

For the purposes of this part, the term ``direct grant program'' includes any grant program of the Department other than a program whose authorizing statute or implementing regulations provide a formula for allocating program funds among eligible States. Note: See part 76 for the general regulations that apply to programs that allocate funds among eligible States. For a description of the two kinds of direct grant programs see Sec. 75.200. Paragraph (b) of that section describes discretionary grant programs. Paragraph (c) of that section describes formula grant programs. Also see Sec. Sec. 75.105 Annual priorities.

(a) What programs are covered by this section? This section applies to any program for which the Secretary establishes priorities for selection of applications in a particular fiscal year.

(b) How does the Secretary establish annual priorities? (1) The Secretary establishes final annual priorities by publishing the priorities in a notice in the Federal Register, usually in the application notice for that program.

(2) The Secretary publishes proposed annual priorities for public comment, unless:

(i) The final annual priorities will be implemented only by inviting applications that meet the priorities (Cross-reference: See 34 CFR 75.105(c)(1));

(ii) The final annual priorities are chosen from a list of priorities already established in the program's regulations;

(iii) Publishing proposed annual priorities would seriously interfere with an orderly, responsible grant award process or would otherwise be impracticable, unnecessary, or contrary to the public interest;

(iv) The program statute requires or authorizes the Secretary to establish specified priorities; or

(v) The annual priorities are chosen from allowable activities specified in the program statute.

(c) How does the Secretary implement an annual priority? The Secretary may choose one or more of the following methods to implement an annual priority:

(1) Invitations. The Secretary may simply invite applications that meet a priority. If the Secretary chooses this method, an application that meets the priority receives no competitive or absolute preference over applications that do not meet the priority.

(2) Competitive preference. The Secretary may give one of the following kinds of competitive preference to applications that meet a priority.

(i) The Secretary may award some or all bonus points to an application depending on the extent to which the application meets the priority. These points are in addition to any points the applicant earns under the selection criteria (see Sec. 75.200(b)). The notice states the maximum number of additional points that the Secretary may award to an application depending upon how well the application meets the priority.

(ii) The Secretary may select an application that meets a priority over an application of comparable merit that does not meet the priority.

(3) Absolute preference. The Secretary may give an absolute preference to applications that meet a priority. The Secretary

establishes a separate competition for applications that meet the priority and reserves all or part of a program's funds solely for that competition. The Secretary may adjust the amount reserved for the priority after determining the number of high quality applications received.

Subpart D_How Grants Are Made

Selection of New Projects

Sec. 75.200 How applications for new grants and cooperative agreements are selected for funding; standards for use of cooperative agreements.

(a) Direct grant programs. The Department administers two kinds of direct grant programs. A direct grant program is either a discretionary grant or a formula grant program.

(b) Discretionary grant programs. (1) A discretionary grant program is one that permits the Secretary to use discretionary judgment in selecting applications for funding.

Cross reference: See Sec. 75.219 Exceptions to the procedures under Sec. 75.217.

(2) The Secretary uses selection criteria to evaluate the applications submitted for new grants under a discretionary grant program.

(3) To evaluate the applications for new grants under the program the Secretary may use:

(i) Selection criteria established under Sec. 75.209.

(ii) Selection criteria in program-specific regulations.

(iii) Selection criteria established under Sec. 75.210.

(iv) Any combination of criteria from paragraphs (b) (3) (i), (b) (3) (ii), and (b) (3) (iii) of this section.

(4) The Secretary may award a cooperative agreement instead of a grant if the Secretary determines that substantial involvement between the Department and the recipient is necessary to carry out a collaborative project.

(5) The Secretary uses the selection procedures in this subpart to select recipients of cooperative agreements.

(c) Formula grant programs. (1) A formula grant program is one that entitles certain applicants to receive grants if they meet the requirements of the program. Applicants do not compete with each other for the funds, and each grant is either for a set amount or for an amount determined under a formula.

(2) The Secretary applies the program statute and regulations to fund projects under a formula grant program.

Sec. 75.201 How the selection criteria will be used.

(a) In the application package or a notice published in the Federal Register, the Secretary informs applicants of--

(1) The selection criteria chosen; and
(2) The factors selected for considering the selection criteria, if any.

(b) If points or weights are assigned to the selection criteria, the Secretary informs applicants in the application package or a notice published in the Federal Register of--

(1) The total possible score for all of the criteria for a program; and

(2) The assigned weight or the maximum possible score for each criterion or factor under that criterion.

(c) If no points or weights are assigned to the selection criteria and selected factors, the Secretary evaluates each criterion equally and, within each criterion, each factor equally.

Sec. 75.209 Selection criteria based on statutory provisions.

(a) The Secretary may evaluate applications by--

(1) Establishing selection criteria based on statutory provisions that apply to the authorized program, which may include, but are not limited to--

(i) Specific statutory selection criteria;

(ii) Allowable activities;

(iii) Application content requirements; or

(iv) Other pre-award and post-award conditions; and

(2) Assigning the maximum possible score for each of the criteria established under paragraph (a)(1) of this section.

(b) The Secretary evaluates an application by determining how well the project proposed by the applicant meets each statutory provision selected under paragraph (a)(1) of this section.

Example: If a program statute requires that each application address how the applicant will serve the needs of limited English proficient children, under Sec. 75.209 the Secretary could establish a criterion and evaluate applications based on how well the applicant's proposed project meets that statutory provision. The Secretary might decide to award up to 10 points for this criterion. Applicants who have the best proposals to serve the needs of limited English proficient children would score highest under the criterion in this example.

Sec. 75.251 The budget period.

(a) The Secretary usually approves a budget period of not more than 12 months, even if the project has a multi-year project period.

(b) If the Secretary approves a multi-year project period, the Secretary:

- (1) Makes a grant to the project for the initial budget period; and

Sec. 75.253 Continuation of a multi-year project after the first budget period.

(a) The Secretary may make a continuation award for a budget period after the first budget period of an approved multi-year project if:

- (1) The Congress has appropriated sufficient funds under the program;
- (2) The recipient has either--
 - (i) Made substantial progress toward meeting the objectives in its approved application; or
 - (ii) Obtained the Secretary's approval of changes in the project that--
 - (A) Do not increase the cost of the grant; and
 - (B) Enable the recipient to meet those objectives in succeeding budget periods;
- (3) The recipient has submitted all reports as required by Sec. 75.118, and
- (4) Continuation of the project is in the best interest of the Federal Government.

(b) Subject to the criteria in paragraph (a) of this section, in selecting applications for funding under a program the Secretary gives priority to continuation awards over new grants.

(c)(1) Notwithstanding any regulatory requirements in 34 CFR part 80, a grantee may expend funds that have not been obligated at the end of a budget period for obligations of the subsequent budget period if--

- (i) The obligation is for an allowable cost that falls within the scope and objectives of the project; and

Note: See 34 CFR 74.25(e)(2).

- (2) The Secretary may--

(3) In determining the amount of new funds to make available to a grantee under this section, the Secretary considers whether the unobligated funds made available are needed to complete activities that were planned for completion in the prior budget period.

(d) (1) If the Secretary decides, under this section, not to make a continuation award, the Secretary may authorize a no-cost extension of the last budget period of the grant in order to provide for the orderly closeout of the grant.

(2) If the Secretary makes a continuation award under this section--

(i) The Secretary makes the award under Sec. Sec. 75.231-75.236;
and

(ii) The new budget period begins on the day after the previous budget period ends.

Sec. 75.261 Extension of a project period.

(a) General rule. A grantee may, notwithstanding any regulatory requirement in 34 CFR part 80, extend the project period of an award one time for a period up to twelve months without the prior approval of the Secretary, if--

(c) Other regulations. If ED regulations, other than the regulations in 34 CFR part 80, or the conditions of the award require the grantee to get prior approval to extend the project period, the Secretary may permit the grantee to extend the project period if--

(1) The extension does not violate any statute or regulations;

(2) The extension does not involve the obligation of additional Federal funds;

(3) The extension is to carry out the activities in the approved application; and

(4)(i) The Secretary determines that, due to special or unusual circumstances applicable to a class of grantees, the project periods for the grantees should be extended; or

(ii)(A) The Secretary determines that special or unusual circumstances would delay completion of the project beyond the end of the project period;

(B) The grantee requests an extension of the project at least 45 calendar days before the end of the project period; and

(C) The grantee provides a written statement before the end of the project period giving the reasons why the extension is appropriate under paragraph (c)(4)(ii)(A) of this section and the period for which the project needs extension.

(d) Waiver. The Secretary may waive the requirement in paragraph (a)(4)(ii)(B) of this section if--

(1) The grantee could not reasonably have known of the need for the extension on or before the start of the 45-day time period; or

Indirect Cost Rates

Sec. 75.560 General indirect cost rates; exceptions.

(a) The differences between direct and indirect costs and the principles for determining the general indirect cost rate that a grantee may use for grants under most programs are specified in the cost principles for--

(1) Institutions of higher education, at 34 CFR 74.27;

(2) Hospitals, at 34 CFR 74.27;

(3) Other nonprofit organizations, at 34 CFR 74.27;

(4) Commercial (for-profit) organizations, at 34 CFR 74.27; and

(5) State and local governments and federally-recognized Indian tribal organizations, at 34 CFR 80.22.

(b) A grantee must have a current indirect cost rate agreement to charge indirect costs to a grant. To obtain an indirect cost rate, a grantee must submit an indirect cost proposal to its cognizant agency and negotiate an indirect cost rate agreement.

(c) The Secretary may establish a temporary indirect cost rate for a grantee that does not have an indirect cost rate agreement with its cognizant agency.

(d) The Secretary accepts an indirect cost rate negotiated by a grantee's cognizant agency, but may establish a restricted indirect cost rate for a grantee to satisfy the statutory requirements of certain programs administered by the Department.

Sec. 75.561 Approval of indirect cost rates.

(a) If the Department of Education is the cognizant agency, the Secretary approves an indirect cost rate for a grantee other than a local educational agency. For the purposes of this section, the term local educational agency does not include a State agency.

(b) Each State educational agency, on the basis of a plan approved by the Secretary, shall approve an indirect cost rate for each local educational agency that requests it to do so. These rates may be for periods longer than a year if rates are sufficiently stable to justify a longer period.

(c) The Secretary generally approves indirect cost rate agreements annually. Indirect cost rate agreements may be approved for periods longer than a year if the Secretary determines that rates will be sufficiently stable to justify a longer rate period.

[59 FR 59583, Nov. 17, 1994]

Sec. 75.562 Indirect cost rates for educational training projects.

(a) Educational training grants provide funding for training or other educational services. Examples of the work supported by training grants are summer institutes, training programs for selected participants, the introduction of new or expanded courses, and similar instructional undertakings that are separately budgeted and accounted for by the sponsoring institution. These grants do not usually support activities involving research, development, and dissemination of new educational materials and methods. Training grants largely implement previously developed materials and methods and require no significant adaptation of techniques or instructional services to fit different circumstances.

(b) The Secretary uses the definition in paragraph (a) to determine which grants are educational training grants.

(c) Indirect cost reimbursement on a training grant is limited to the recipient's actual indirect costs, as determined by its negotiated indirect cost rate agreement, or eight percent of a modified total direct cost base, whichever amount is less. For the purposes of this section, a modified total direct cost base is defined as total direct costs less stipends, tuition and related fees, and capital expenditures of \$5,000 or more.

(1) The eight percent limit also applies to cost-type contracts under grants, if these contracts are for training as defined in this

section.

(2) The eight percent limit does not apply to agencies of State or local governments, including federally recognized Indian tribal governments, as defined in 34 CFR 80.3.

(3) Indirect costs in excess of the eight percent limit may not be charged directly, used to satisfy matching or cost-sharing requirements, or charged to another Federal award.

(d) A grantee using the training rate of eight percent is required to have documentation available for audit that shows that its negotiated indirect cost rate is at least eight percent.

(b) The application of the rates and the determination of the direct cost base by a grantee must be in accordance with the indirect cost rate agreement approved by the grantee's cognizant agency.

(c) Indirect cost reimbursement is not allowable under grants for--

(1) Fellowships and similar awards if Federal financing is exclusively in the form of fixed amounts such as scholarships, stipend allowances, or the tuition and fees of an institution;

(2) Construction grants;

(3) Grants to individuals;

(4) Grants to organizations located outside the territorial limits of the United States;

(5) Grants to Federal organizations; and

(6) Grants made exclusively to support conferences.

(d) Indirect cost reimbursement on grants received under programs with statutory restrictions or other limitations on indirect costs must be made in accordance with the restrictions in 34 CFR 76.564 through 76.569.

(e) Indirect costs for a group of eligible parties (see Sec. Sec. 75.127-75.129) are limited to the amount derived by applying the rate of the applicant, or a restricted rate when applicable, to the grant in keeping with the terms of the applicant's indirect cost rate agreement.

(b) The authorizing statute determines the extent to which a State may:

(1) Use grant funds directly; and

(c) A private organization that engages in inherently religious activities, such as religious worship, instruction, or proselytization, must offer those services separately in time or location from any programs or services supported by a subgrant from a State under a State-administered program of the Department, and participation in any such inherently religious activities by beneficiaries of the programs supported by the subgrant must be voluntary.

(f) If a State or subgrantee contributes its own funds in excess of those funds required by a matching or grant agreement to supplement Federally funded activities, the State or subgrantee has the option to segregate those additional funds or commingle them with the funds required by the matching requirements or grant agreement. However, if the additional funds are commingled, this section applies to all of the commingled funds.

(g) A religious organization's exemption from the Federal prohibition on employment discrimination on the basis of religion, in section 702(a) of the Civil Rights Act of 1964, 42 U.S.C. 2000e-1, is not forfeited when the organization receives financial assistance from the Department.

Sec. 76.103 Multi-year State plans.

(a) Beginning with fiscal year 1996, each State plan will be effective for a period of more than one fiscal year, to be determined by the Secretary or by regulations.

(b) If the Secretary determines that the multi-year State plans under a program should be submitted by the States on a staggered schedule, the Secretary may require groups of States to submit or resubmit their plans in different years.

(c) This section does not apply to:

(1) The annual accountability report under part A of title I of the Vocational Education Act;

(4) The State application under section 209 of title II of the Education for Economic Security Act.

(d) A State may submit an annual State plan under the Vocational Education Act. If a State submits an annual plan under that program, this section does not apply to that plan.

Note: This section is based on a provision in the General Education Provisions Act (GEPA). Section 427 of the Department of Education Organization Act (DEOA), 20 U.S.C. 3487, provides that except to the extent inconsistent with the DEOA, the GEPA "shall apply to functions transferred by this Act to the extent applicable on the day preceding the effective date of this Act." Although standardized nomenclature is used in this section to reflect the creation of the Department of Education, there is no intent to extend the coverage of the GEPA beyond that authorized under section 427 or other applicable law.

Consolidated Grant Applications for Insular Areas

Authority: Title V, Pub. L. 95-134, 91 Stat. 1159 (48 U.S.C. 1469a).

Sec. 76.125 What is the purpose of these regulations?

- (a) Sections 76.125 through 76.137 of this part contain requirements for the submission of an application by an Insular Area for the consolidation of two or more grants under the programs described in paragraph (c) of this section.
- (b) For the purpose of Sec. Sec. 76.125-76.137 of this part the term Insular Area means the Virgin Islands, Guam, American Samoa, the Trust Territory of the Pacific Islands, or the Commonwealth of the Northern Mariana Islands.
- (c) The Secretary may make an annual consolidated grant to assist an Insular Area in carrying out one or more State-administered formula grant programs of the Department.

(Authority: 20 U.S.C. 1221e-3 and 3474)

[47 FR 17421, Apr. 22, 1982, as amended at 54 FR 21776, May 19, 1989; 57 FR 30341, July 8, 1992]

Sec. 76.126 What regulations apply to the consolidated grant applications for insular areas?

The following regulations apply to those programs included in a consolidated grant:

- (a) The regulations in Sec. Sec. 76.125 through 76.137; and
- (b) The regulations that apply to each specific program included in a consolidated grant for which funds are used.

(Authority: 48 U.S.C. 1469a)

[47 FR 17421, Apr. 22, 1982]

Sec. 76.127 What is the purpose of a consolidated grant?

An Insular Area may apply for a consolidated grant for two or more of the programs listed in Sec. 76.125(c). This procedure is intended to:

- (a) Simplify the application and reporting procedures that would otherwise apply for each of the programs included in the consolidated grant; and
- (b) Provide the Insular Area with flexibility in allocating the funds under the consolidated grant to achieve any of the purposes to be served by the programs that are consolidated.

(Authority: 48 U.S.C. 1469a)

[47 FR 17421, Apr. 22, 1982]

Sec. 76.128 What is a consolidated grant?

A consolidated grant is a grant to an Insular Area for any two or more of the programs listed in Sec. 76.125(c). The amount of the consolidated grant is the sum of the allocations the Insular Area receives under each of the programs included in the consolidated grant if there had been no consolidation.

Example. Assume the Virgin Islands applies for a consolidated grant that includes programs under the Adult Education Act, Vocational Education Act, and Chapter 1 of the Education Consolidation and Improvement Act. If the Virgin Islands' allocation under the formula for each of these three programs is \$150,000; the total consolidated grant to the Virgin Islands would be \$450,000.

(Authority: 48 U.S.C. 1469a)

[47 FR 17421, Apr. 22, 1982]

Sec. 76.129 How does a consolidated grant work?

(a) An Insular Area shall use the funds it receives under a consolidated grant to carry out, in its jurisdiction, one or more of the programs included in the grant.

Example. Assume that Guam applies for a consolidated grant under the Vocational Education Act, the Handicapped Preschool and School Programs-Incentive Grants, and the Adult Education Act and that the sum of the allocations under these programs is \$700,000. Guam may choose to allocate this \$700,000 among all of the programs authorized under the

three programs. Alternatively, it may choose to allocate the entire \$700,000 to one or two of the programs; for example, the Adult Education Act Program.

(b) An Insular Area shall comply with the statutory and regulatory requirements that apply to each program under which funds from the consolidated grant are expended.

Example. Assume that American Samoa uses part of the funds under a consolidated grant for the State program under the Adult Education Act. American Samoa need not submit to the Secretary a State plan that requires policies and procedures to assure all students equal access to adult education programs. However, in carrying out the program, American Samoa must meet and be able to demonstrate compliance with this equal access requirement.

(Authority: 48 U.S.C. 1469a)

[47 FR 17421, Apr. 22, 1982]

Sec. 76.130 How are consolidated grants made?

(a) The Secretary annually makes a single consolidated grant to each Insular Area that meets the requirements of Sec. Sec. 76.125 through 76.137 and each program under which the grant funds are to be used and administered.

(b) The Secretary may decide that one or more programs cannot be included in the consolidated grant if the Secretary determines that the Insular Area failed to meet the program objectives stated in its plan for the previous fiscal year in which it carried out the programs.

(c) Under a consolidated grant, an Insular Area may use a single advisory council for any or all of the programs that require an advisory council.

(d) Although Pub. L. 95-134 authorizes the Secretary to consolidate grant funds that the Department awards to an Insular Area, it does not confer eligibility for any grant funds. The eligibility of a particular Insular Area to receive grant funds under a Federal education program is determined under the statute and regulations for that program.

(Authority: 48 U.S.C. 1469a)

[47 FR 17421, Apr. 22, 1982]

Sec. 76.131 How does an insular area apply for a consolidated grant?

(a) An Insular Area that desires to apply for a grant consolidating two or more programs listed in Sec. 76.125(c) shall submit to the Secretary an application that:

(1) Contains the assurances in Sec. 76.132; and

(2) Meets the application requirements in paragraph (c) of this section.

(b) The submission of an application that contains these requirements and assurances takes the place of a separate State plan or other similar document required by this part or by the authorizing

statutes and regulations for programs included in the consolidated grant.

(c) An Insular Area shall include in its consolidated grant application a program plan that:

(1) Contains a list of the programs in Sec. 76.125(c) to be included in the consolidated grant;

(2) Describes the program or programs in Sec. 76.125(c) under which the consolidated grant funds will be used and administered;

(3) Describes the goals, objectives, activities, and the means of evaluating program outcomes for the programs for which the Insular Area will use the funds received under the consolidated grant during the fiscal year for which it submits the application, including needs of the population that will be met by the consolidation of funds; and

(4) Contains a budget that includes a description of the allocation of funds--including any anticipated carryover funds of the program in the consolidated grant from the preceding year--among the programs to be included in the consolidated grant.

(Approved by the Office of Management and Budget under control number 1880-0513)

[47 FR 17421, Apr. 22, 1982, as amended at 53 FR 49143, Dec. 6, 1988]

Sec. 76.132 What assurances must be in a consolidated grant application?

(a) An Insular Area shall include in its consolidated grant application assurances to the Secretary that it will:

(1) Follow policies and use administrative practices that will insure that non-Federal funds will not be supplanted by Federal funds made available under the authority of the programs in the consolidated grant;

(2) Comply with the requirements (except those relating to the submission of State plans or similar documents) in the authorizing statutes and implementing regulations for the programs under which funds are to be used and administered, (except requirements for matching funds);

(3) Provide for proper and efficient administration of funds in accordance with the authorizing statutes and implementing regulations for those programs under which funds are to be used and administered;

(4) Provide for fiscal control and fund accounting procedures to assure proper disbursement of, and accounting for, Federal funds received under the consolidated grant;

(5) Submit an annual report to the Secretary containing information covering the program or programs for which the grant is used and administered, including the financial and program performance information required under 34 CFR 74.51-74.52 and 34 CFR 80.40-80.41.

(6) Provide that funds received under the consolidated grant will be under control of, and that title to property acquired with these funds will be in, a public agency, institution, or organization. The public agency shall administer these funds and property;

(7) Keep records, including a copy of the State Plan or application

document under which funds are to be spent, which show how the funds received under the consolidated grant have been spent.

(8) Adopt and use methods of monitoring and providing technical assistance to any agencies, organizations, or institutions that carry out the programs under the consolidated grant and enforce any obligations imposed on them under the applicable statutes and regulations.

(9) Evaluate the effectiveness of these programs in meeting the purposes and objectives in the authorizing statutes under which program funds are used and administered;

(10) Conduct evaluations of these programs at intervals and in accordance with procedures the Secretary may prescribe; and

(11) Provide appropriate opportunities for participation by local agencies, representatives of the groups affected by the programs, and other interested institutions, organizations, and individuals in planning and operating the programs.

(b) These assurances remain in effect for the duration of the programs they cover.

[47 FR 17421, Apr. 22, 1982, as amended at 64 FR 50392, Sept. 16, 1999]

Sec. 76.133 What is the reallocation authority?

(a) After an Insular Area receives a consolidated grant, it may reallocate the funds in a manner different from the allocation described in its consolidated grant application. Sec. 76.564 Restricted indirect cost rate--formula.

(a) An indirect cost rate for a grant covered by Sec. 76.563 or 34 CFR 75.563 is determined by the following formula:

Restricted indirect cost rate =
(General management costs + Fixed costs) / (Other expenditures)

(b) General management costs, fixed costs, and other expenditures must be determined under Sec. Sec. 76.565 through 76.567.

(c) Under the programs covered by Sec. 76.563, a subgrantee of an agency of a State or a local government (as those terms are defined in 34 CFR 80.3) or a grantee subject to 34 CFR 75.563 that is not a State or local government agency may use--

(1) An indirect cost rate computed under paragraph (a) of this section; or

(2) An indirect cost rate of eight percent unless the Secretary determines that the subgrantee or grantee would have a lower rate under paragraph (a) of this section.

(d) Indirect costs that are unrecovered as a result of these restrictions may not be charged directly, used to satisfy matching or

cost-sharing requirements, or charged to another Federal award.

Sec. 76.565 General management costs--restricted rate.

(a) As used in Sec. 76.564, general management costs means the costs of activities that are for the direction and control of the grantee's affairs that are organization-wide. An activity is not organization-wide if it is limited to one activity, one component of the grantee, one subject, one phase of operations, or other single responsibility.

(b) General management costs include the costs of performing a service function, such as accounting, payroll preparation, or personnel management, that is normally at the grantee's level even if the function is physically located elsewhere for convenience or better management. The term also includes certain occupancy and space maintenance costs as determined under Sec. 76.568.

(c) The term does not include expenditures for--

(1) Divisional administration that is limited to one component of the grantee;

(2) The governing body of the grantee;

(3) Compensation of the chief executive officer of the grantee;

(4) Compensation of the chief executive officer of any component of the grantee; and

(5) Operation of the immediate offices of these officers.

(d) For purposes of this section--

(1) The chief executive officer of the grantee is the individual who is the head of the executive office of the grantee and exercises overall responsibility for the operation and management of the organization. The chief executive officer's immediate office includes any deputy chief executive officer or similar officer along with immediate support staff of these individuals. The term does not include the governing body of the grantee, such as a board or a similar elected or appointed governing body; and

(2) Components of the grantee are those organizational units supervised directly or indirectly by the chief executive officer. These organizational units generally exist one management level below the executive office of the grantee. The term does not include the office of the chief executive officer or a deputy chief executive officer or similar position.

Sec. 76.566 Fixed costs--restricted rate.

(a) Retirement, including State, county, or local retirement funds,

Social Security, and pension payments;

(b) Unemployment compensation payments; and

(c) Property, employee, health, and liability insurance.

[59 FR 59583, Nov. 17, 1994]

Sec. 76.567 Other expenditures--restricted rate.

(a) As used in Sec. 76.564, other expenditures means the grantee's total expenditures for its federally- and non-federally-funded activities in the most recent year for which data are available. The term also includes direct occupancy and space maintenance costs as determined under Sec. 76.568 and costs related to the chief executive officers of the grantee and components of the grantee and their offices (see Sec. 76.565(c) and (d)).

(b) The term does not include--

(1) General management costs determined under Sec. 76.565;

(2) Fixed costs determined under Sec. 76.566;

[59 FR 59583, Nov. 17, 1994]

Sec. 76.568 Occupancy and space maintenance costs--restricted rate.

(a) As used in the calculation of a restricted indirect cost rate, occupancy and space maintenance costs means such costs as--

(1) Building costs whether owned or rented;

(2) Janitorial services and supplies;

(3) Building, grounds, and parking lot maintenance;

(4) Guard services;

(5) Light, heat, and power;

(6) Depreciation, use allowances, and amortization; and

(7) All other related space costs.

(b) Occupancy and space maintenance costs associated with organization-wide service functions (accounting, payroll, personnel) may be included as general management costs if a space allocation or use study supports the allocation.

(c) Occupancy and space maintenance costs associated with functions that are not organization-wide must be included with other expenditures in the indirect cost formula. These costs may be charged directly to affected programs only to the extent that statutory supplanting prohibitions are not violated. This reimbursement must be approved in advance by the Secretary.

[59 FR 59584, Nov. 17, 1994]

Sec. 76.569 Using the restricted indirect cost rate.

(a) Under the programs referenced in Sec. 76.563, the maximum amount of indirect costs under a grant is determined by the following formula:

Indirect costs=(Restricted indirect cost rate)x(Total direct costs of the grant minus capital outlays, subgrants, and other distorting or unallowable items as specified in the grantee's indirect cost rate agreement)

(b) If a grantee uses a restricted indirect cost rate, the general management and fixed costs covered by that rate must be excluded by the grantee from the direct costs it charges to the grant.

Participation of Students Enrolled in Private Schools

Sec. 76.650 Private schools; purpose of Sec. Sec. 76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

Note: Some program statutes authorize the Secretary--under certain circumstances--to provide benefits directly to private school students. These ``bypass'' provisions--where they apply--are implemented in the individual program regulations.

Sec. 76.651 Responsibility of a State and a subgrantee.

(a) (1) A subgrantee shall provide students enrolled in private schools with a genuine opportunity for equitable participation in accordance with the requirements in Sec. Sec. 76.652-76.662 and in the authorizing statute and implementing regulations for a program.

(2) The subgrantee shall provide that opportunity to participate in a manner that is consistent with the number of eligible private school students and their needs.

(3) The subgrantee shall maintain continuing administrative direction and control over funds and property that benefit students

enrolled in private schools.

(b) (1) A State shall ensure that each subgrantee complies with the requirements in Sec. Sec. 76.651-76.662.

(2) If a State carries out a project directly, it shall comply with these requirements as if it were a subgrantee.

(Authority: 20 U.S.C. 1221e-3 and 3474)

Sec. 76.652 Consultation with representatives of private school students.

(a) An applicant for a subgrant shall consult with appropriate representatives of students enrolled in private schools during all phases of the development and design of the project covered by the application, including consideration of:

- (1) Which children will receive benefits under the project;
- (2) How the children's needs will be identified;
- (3) What benefits will be provided;
- (4) How the benefits will be provided; and
- (5) How the project will be evaluated.

(b) A subgrantee shall consult with appropriate representatives of students enrolled in private schools before the subgrantee makes any decision that affects the opportunities of those students to participate in the project.

(c) The applicant or subgrantee shall give the appropriate representatives a genuine opportunity to express their views regarding each matter subject to the consultation requirements in this section.

(Authority: 20 U.S.C. 1221e-3 and 3474)

Sec. 76.653 Needs, number of students, and types of services.

A subgrantee shall determine the following matters on a basis comparable to that used by the subgrantee in providing for participation of public school students:

- (a) The needs of students enrolled in private schools.
- (b) The number of those students who will participate in a project.
- (c) The benefits that the subgrantee will provide under the program to those students.

(Authority: 20 U.S.C. 1221e-3 and 3474)

Sec. 76.654 Benefits for private school students.

(a) Comparable benefits. The program benefits that a subgrantee provides for students enrolled in private schools must be comparable in quality, scope, and opportunity for participation to the program benefits that the subgrantee provides for students enrolled in public schools.

(b) Same benefits. If a subgrantee uses funds under a program for public school students in a particular attendance area, or grade or age level, the subgrantee shall insure equitable opportunities for participation by students enrolled in private schools who:

- (1) Have the same needs as the public school students to be served;

and

(2) Are in that group, attendance area, or age or grade level.

(c) Different benefits. If the needs of students enrolled in private schools are different from the needs of students enrolled in public schools, a subgrantee shall provide program benefits for the private school students that are different from the benefits the subgrantee provides for the public school students.

(Authority: 20 U.S.C. 1221e-3 and 3474)

Sec. 76.655 Level of expenditures for students enrolled in private schools.

(a) Subject to paragraph (b) of this section, a subgrantee shall spend the same average amount of program funds on:

(1) A student enrolled in a private school who receives benefits under the program; and

(2) A student enrolled in a public school who receives benefits under the program.

(b) The subgrantee shall spend a different average amount on program benefits for students enrolled in private schools if the average cost of meeting the needs of those students is different from the average cost of meeting the needs of students enrolled in public schools.

(Authority: 20 U.S.C. 1221e-3 and 3474)

Sec. 76.656 Information in an application for a subgrant.

An applicant for a subgrant shall include the following information in its application:

(a) A description of how the applicant will meet the Federal requirements for participation of students enrolled in private schools.

(b) The number of students enrolled in private schools who have been identified as eligible to benefits under the program.

(c) The number of students enrolled in private schools who will receive benefits under the program.

(d) The basis the applicant used to select the students.

(e) The manner and extent to which the applicant complied with Sec. 76.652 (consultation).

(f) The places and times that the students will receive benefits under the program.

(g) The differences, if any, between the program benefits the applicant will provide to public and private school students, and the reasons for the differences.

(Authority: 20 U.S.C. 1221e-3 and 3474)

Sec. 76.657 Separate classes prohibited.

A subgrantee may not use program funds for classes that are organized separately on the basis of school enrollment or religion of the students if:

(a) The classes are at the same site; and

(b) The classes include students enrolled in public schools and

students enrolled in private schools.

(Authority: 20 U.S.C. 1221e-3 and 3474)

Sec. 76.658 Funds not to benefit a private school.

(a) A subgrantee may not use program funds to finance the existing level of instruction in a private school or to otherwise benefit the private school.

(b) The subgrantee shall use program funds to meet the specific needs of students enrolled in private schools, rather than:

- (1) The needs of a private school; or
- (2) The general needs of the students enrolled in a private school.

(Authority: 20 U.S.C. 1221e-3 and 3474)

Sec. 76.659 Use of public school personnel.

A subgrantee may use program funds to make public personnel available in other than public facilities:

(a) To the extent necessary to provide equitable program benefits designed for students enrolled in a private school; and

(b) If those benefits are not normally provided by the private school.

(Authority: 20 U.S.C. 1221e-3 and 3474)

Sec. 76.660 Use of private school personnel.

A subgrantee may use program funds to pay for the services of an employee of a private school if:

(a) The employee performs the services outside of his or her regular hours of duty; and

(b) The employee performs the services under public supervision and control.

(Authority: 20 U.S.C. 1221e-3 and 3474)

Sec. 76.661 Equipment and supplies.

(a) Under some program statutes, a public agency must keep title to and exercise continuing administrative control of all equipment and supplies that the subgrantee acquires with program funds. This public agency is usually the subgrantee.

(b) The subgrantee may place equipment and supplies in a private school for the period of time needed for the project.

(c) The subgrantee shall insure that the equipment or supplies placed in a private school:

- (1) Are used only for the purposes of the project; and
- (2) Can be removed from the private school without remodeling the private school facilities.

(d) The subgrantee shall remove equipment or supplies from a private school if:

- (1) The equipment or supplies are no longer needed for the purposes

of the project; or

(2) Removal is necessary to avoid use of the equipment of supplies for other than project purposes.

(Authority: 20 U.S.C. 1221e-3 and 3474)

Sec. 76.662 Construction.

A subgrantee shall insure that program funds are not used for the construction of private school facilities.

(Authority: 20 U.S.C. 1221e-3 and 3474)

(1) States the reasons for the proposed bypass in sufficient detail to allow the grantee and subgrantee to respond;

(2) Cites the requirement that is the basis for the alleged failure to comply; and

(3) Advises the grantee and subgrantee that they--

Sec. 76.703 When a State may begin to obligate funds.

(a)(1) The Secretary may establish, for a program subject to this part, a date by which a State must submit for review by the Department a State plan and any other documents required to be submitted under guidance provided by the Department under paragraph (b)(3) of this section.

(2) If the Secretary does not establish a date for the submission of State plans and any other documents required under guidance provided by the Department, the date for submission is three months before the date the Secretary may begin to obligate funds under the program.

(b)(1) This paragraph (b) describes the circumstances under which the submission date for a State plan may be deferred.

(2) If a State asks the Secretary in writing to defer the submission date for a State plan because of a Presidentially declared disaster that has occurred in that State, the Secretary may defer the submission date for the State plan and any other document required under guidance provided by the Department if the Secretary determines that the disaster significantly impairs the ability of the State to submit a timely State plan or other document required under guidance provided by the Department.

(3)(i) The Secretary establishes, for a program subject to this part, a date by which the program office must deliver guidance to the States regarding the contents of the State plan under that program.

(ii) The Secretary may only establish a date for the delivery of guidance to the States so that there are at least as many days between that date and the date that State plans must be submitted to the Department as there are days between the date that State plans must be submitted to the Department and the date that funds are available for

obligation by the Secretary on July 1, or October 1, as appropriate.

(iii) If a State does not receive the guidance by the date established under paragraph (b) (3) (i) of this section, the submission date for the State plan under the program is deferred one day for each day that the guidance is late in being received by the State.

Note: The following examples describe how the regulations in Sec. 76.703(b) (3) would act to defer the date that a State would have to submit its State plan.

Example 1. The Secretary decides that State plans under a forward-funded program must be submitted to the Department by May first. The Secretary must provide guidance to the States under this program by March first, so that the States have at least as many days between the guidance date and the submission date (60) as the Department has between the submission date and the date that funds are available for obligation (60). If the program transmits guidance to the States on February 15, specifying that State plans must be submitted by May first, States generally would have to submit State plans by that date. However, if, for example, a State did not receive the guidance until March third, that State would have until May third to submit its State plan because the submission date of its State plan would be deferred one day for each day that the guidance to the State was late.

Example 2. If a program publishes the guidance in the Federal Register on March third, the States would be considered to have received the guidance on that day. Thus, the guidance could not specify a date for the submission of State plans before May second, giving the States 59 days between the date the guidance is published and the submission date and giving the Department 58 days between the submission date and the date that funds are available for obligation.

(c) (1) For the purposes of this section, the submission date of a State plan or other document is the date that the Secretary receives the plan or document.

(2) The Secretary does not determine whether a State plan is substantially approvable until the plan and any documents required under guidance provided by the Department have been submitted.

(3) The Secretary notifies a State when the Department has received the State plan and all documents required under guidance provided by the Department.

(d) If a State submits a State plan in substantially approvable form (or an amendment to the State plan that makes it substantially approvable), and submits any other document required under guidance provided by the Department, on or before the date the State plan must be submitted to the Department, the State may begin to obligate funds on the date that the funds are first available for obligation by the Secretary.

(e) If a State submits a State plan in substantially approvable form (or an amendment to the State plan that makes it substantially approvable) or any other documents required under guidance provided by the Department after the date the State plan must be submitted to the Department, and--

(1) The Department determines that the State plan is substantially approvable on or before the date that the funds are first available for obligation by the Secretary, the State may begin to obligate funds on

the date that the funds are first available for obligation by the Secretary; or

(2) The Department determines that the State plan is substantially approvable after the date that the funds are first available for obligation by the Secretary, the State may begin to obligate funds on the earlier of the two following dates:

(i) The date that the Secretary determines that the State plan is substantially approvable.

(ii) The date that is determined by adding to the date that funds are first available for obligation by the Secretary--

(A) The number of days after the date the State plan must be submitted to the Department that the State plan or other document required under guidance provided by the Department is submitted; and

(B) If applicable, the number of days after the State receives notice that the State plan is not substantially approvable that the State submits additional information that makes the plan substantially approvable.

(f) Additional information submitted under paragraph (e)(2)(ii)(B) of this section must be signed by the person who submitted the original State plan (or an authorized delegate of that officer).

(g)(1) If the Department does not complete its review of a State plan during the period established for that review, the Secretary will grant pre-award costs for the period after funds become available for obligation by the Secretary and before the State plan is found substantially approvable.

(2) The period established for the Department's review of a plan does not include any day after the State has received notice that its plan is not substantially approvable.

Note: The following examples describe how the regulations in Sec. 76.703 would be applied in certain circumstances. For the purpose of these examples, assume that the grant program established an April 1 due date for the submission of the State plan and that funds are first available for obligation by the Secretary on July 1.

Example 1. Paragraph (d): A State submits a plan in substantially approvable form by April 1. The State may begin to obligate funds on July 1.

Example 2. Paragraph (e)(1): A State submits a plan in substantially approvable form on May 15, and the Department notifies the State that the plan is substantially approvable on June 20. The State may begin to obligate funds on July 1.

Example 3. Paragraph (e)(2)(i): A State submits a plan in substantially approvable form on May 15, and the Department notifies the State that the plan is substantially approvable on July 15. The State may begin to obligate funds on July 15.

Example 4. Paragraph (e)(2)(ii)(A): A State submits a plan in substantially approvable form on May 15, and the Department notifies the State that the plan is substantially approvable on August 21. The State may begin to obligate funds on August 14. (In this example, the plan is 45 days late. By adding 45 days to July 1, we reach August 14, which is earlier than the date, August 21, that the Department notifies the State that the plan is substantially approvable. Therefore, if the State chose to begin drawing funds from the Department on August 14, obligations made on or after that date would generally be allowable.)

Example 5. Paragraph (e)(2)(i): A State submits a plan on May 15, and the Department notifies the State that the plan is not substantially approvable on July 10. The State submits changes that make the plan substantially approvable on July 20 and the Department notifies the State that the plan is substantially approvable on July 25. The State may begin to obligate funds on July 25. (In this example, the original submission is 45 days late. In addition, the Department notifies the State that the plan is not substantially approvable and the time from that notification until the State submits changes that make the plan substantially approvable is an additional 10 days. By adding 55 days to July 1, we reach August 24. However, since the Department notified the State that the plan was substantially approvable on July 25, that is the date that the State may begin to obligate funds.)

Example 6. Paragraph (e)(2)(ii)(B): A State submits a plan on May 15, and the Department notifies the State that the plan is not substantially approvable on August 1. The State submits changes that make the plan substantially approvable on August 20, and the Department notifies the State that the plan is substantially approvable on September 5. The State may choose to begin drawing funds from the Department on September 2, and obligations made on or after that date would generally be allowable. (In this example, the original submission is 45 days late. In addition, the Department notifies the State that the plan is not substantially approvable and the time from that notification until the State submits changes that make the plan substantially approvable is an additional 19 days. By adding 64 days to July 1, we reach September 2, which is earlier than September 5, the date that the Department notifies the State that the plan is substantially approvable.)

Example 7. Paragraph (g): A State submits a plan on April 15 and the Department notifies the State that the plan is not substantially approvable on July 16. The State makes changes to the plan and submits a substantially approvable plan on July 30. The Department had until July 15 to decide whether the plan was substantially approvable because the State was 15 days late in submitting the plan. The date the State may begin to obligate funds under the regulatory deferral is July 29 (based on the 15 day deferral for late submission plus a 14 day deferral for the time it took to submit a substantially approvable plan after having received notice). However, because the Department was one day late in completing its review of the plan, the State would get pre-award costs to cover the period of July 1 through July 29.

(h) After determining that a State plan is in substantially approvable form, the Secretary informs the State of the date on which it could begin to obligate funds. Reimbursement for those obligations is subject to final approval of the State plan.

Sec. 76.704 New State plan requirements that must be addressed in a State plan.

(a) This section specifies the State plan requirements that must be addressed in a State plan if the State plan requirements established in statutes or regulations change on a date close to the date that State plans are due for submission to the Department.

(b) (1) A State plan must meet the following requirements:

(i) Every State plan requirement in effect three months before the date the State plan is due to be submitted to the Department under 34 CFR 76.703; and

(ii) Every State plan requirement included in statutes or regulations that will be effective on or before the date that funds become available for obligation by the Secretary and that have been signed into law or published in the Federal Register as final regulations three months before the date the State plan is due to be submitted to the Department under 34 CFR 76.703.

(2) If a State plan does not have to meet a new State plan requirement under paragraph (b) (1) of this section, the Secretary takes one of the following actions:

(i) Require the State to submit assurances and appropriate documentation to show that the new requirements are being followed under the program.

(ii) Extend the date for submission of State plans and approve pre-award costs as necessary to hold the State harmless.

(3) If the Secretary requires a State to submit assurances under paragraph (b) (2) of this section, the State shall incorporate changes to the State plan as soon as possible to comply with the new requirements. The State shall submit the necessary changes before the start of the next obligation period.

Subpart H_How Does a State or Local Educational Agency Allocate Funds to Charter Schools?

Source: 64 FR 71965, Dec. 22, 1999, unless otherwise noted.

General

Sec. 76.785 What is the purpose of this subpart?

The regulations in this subpart implement section 10306 of the Elementary and Secondary Education Act of 1965 (ESEA), which requires States to take measures to ensure that each charter school in the State receives the funds for which it is eligible under a covered program during its first year of operation and during subsequent years in which the charter school expands its enrollment.

(Authority: 20 U.S.C. 8065a)

Sec. 76.786 What entities are governed by this subpart?

The regulations in this subpart apply to--

(a) State educational agencies (SEAs) and local educational agencies (LEAs) that fund charter schools under a covered program, including SEAs and LEAs located in States that do not participate in the Department's Public Charter Schools Program;

(b) State agencies that are not SEAs, if they are responsible for administering a covered program. State agencies that are not SEAs must comply with the provisions in this subpart that are applicable to SEAs; and

(c) Charter schools that are scheduled to open or significantly expand their enrollment during the academic year and wish to participate in a covered program.

(Authority: 20 U.S.C. 8065a)

Sec. 76.787 What definitions apply to this subpart?

For purposes of this subpart--

Academic year means the regular school year (as defined by State law, policy, or practice) and for which the State allocates funds under a covered program.

Charter school has the same meaning as provided in title X, part C of the ESEA.

Charter school LEA means a charter school that is treated as a local educational agency for purposes of the applicable covered program.

Covered program means an elementary or secondary education program administered by the Department under which the Secretary allocates funds to States on a formula basis, except that the term does not include a program or portion of a program under which an SEA awards subgrants on a discretionary, noncompetitive basis.

Local educational agency has the same meaning for each covered program as provided in the authorizing statute for the program.

Significant expansion of enrollment means a substantial increase in the number of students attending a charter school due to a significant event that is unlikely to occur on a regular basis, such as the addition of one or more grades or educational programs in major curriculum areas. The term also includes any other expansion of enrollment that the SEA determines to be significant.

(Authority: 20 U.S.C. 8065a)

Responsibilities for Notice and Information

Sec. 76.788 What are a charter school LEA's responsibilities under this subpart?

(a) Notice. At least 120 days before the date a charter school LEA is scheduled to open or significantly expand its enrollment, the charter school LEA or its authorized public chartering agency must provide its SEA with written notification of that date.

(b) Information. (1) In order to receive funds, a charter school LEA must provide to the SEA any available data or information that the SEA may reasonably require to assist the SEA in estimating the amount of funds the charter school LEA may be eligible to receive under a covered program.

(2) (i) Once a charter school LEA has opened or significantly expanded its enrollment, the charter school LEA must provide actual enrollment and eligibility data to the SEA at a time the SEA may reasonably require.

(ii) An SEA is not required to provide funds to a charter school LEA until the charter school LEA provides the SEA with the required actual enrollment and eligibility data.

(c) Compliance. Except as provided in Sec. 76.791(a), or the authorizing statute or implementing regulations for the applicable covered program, a charter school LEA must establish its eligibility and comply with all applicable program requirements on the same basis as

other LEAs.

(Approved by the Office of Management and Budget under control number 1810-0623)

(Authority: 20 U.S.C. 8065a)

Sec. 76.789 What are an SEA's responsibilities under this subpart?

(a) Information. Upon receiving notice under Sec. 76.788(a) of the date a charter school LEA is scheduled to open or significantly expand its enrollment, an SEA must provide the charter school LEA with timely and meaningful information about each covered program in which the charter school LEA may be eligible to participate, including notice of any upcoming competitions under the program.

(b) Allocation of Funds. (1) An SEA must allocate funds under a covered program in accordance with this subpart to any charter school LEA that--

(i) Opens for the first time or significantly expands its enrollment during an academic year for which the State awards funds by formula or through a competition under the program;

(ii) In accordance with Sec. 76.791(a), establishes its eligibility and complies with all applicable program requirements; and

(iii) Meets the requirements of Sec. 76.788(a).

(2) In order to meet the requirements of this subpart, an SEA may allocate funds to, or reserve funds for, an eligible charter school LEA based on reasonable estimates of projected enrollment at the charter school LEA.

(3)(i) The failure of an eligible charter school LEA or its authorized public chartering agency to provide notice to its SEA in accordance with Sec. 76.788(a) relieves the SEA of any obligation to allocate funds to the charter school within five months.

(ii) Except as provided in Sec. 76.792(c), an SEA that receives less than 120 days' actual notice of the date an eligible charter school LEA is scheduled to open or significantly expand its enrollment must allocate funds to the charter school LEA on or before the date the SEA allocates funds to LEAs under the applicable covered program for the succeeding academic year.

(iii) The SEA may provide funds to the charter school LEA from the SEA's allocation under the applicable covered program for the academic year in which the charter school LEA opened or significantly expanded its enrollment, or from the SEA's allocation under the program for the succeeding academic year.

(Approved by the Office of Management and Budget under control number 1810-0623)

(Authority: 20 U.S.C. 8065a)

Allocation of Funds by State Educational Agencies

Sec. 76.791 On what basis does an SEA determine whether a charter school LEA that opens or significantly expands its enrollment is eligible to receive funds under a covered program?

(a) For purposes of this subpart, an SEA must determine whether a charter school LEA is eligible to receive funds under a covered program based on actual enrollment or other eligibility data for the charter school LEA on or after the date the charter school LEA opens or significantly expands its enrollment.

(b) For the year the charter school LEA opens or significantly expands its enrollment, the eligibility determination may not be based on enrollment or eligibility data from a prior year, even if the SEA makes eligibility determinations for other LEAs under the program based on enrollment or eligibility data from a prior year.

(Authority: 20 U.S.C. 8065a)

Sec. 76.792 How does an SEA allocate funds to eligible charter school LEAs under a covered program in which the SEA awards subgrants on a formula basis?

(a) For each eligible charter school LEA that opens or significantly expands its enrollment on or before November 1 of an academic year, the SEA must implement procedures that ensure that the charter school LEA receives the proportionate amount of funds for which the charter school LEA is eligible under each covered program.

(b) For each eligible charter school LEA that opens or significantly expands its enrollment after November 1 but before February 1 of an academic year, the SEA must implement procedures that ensure that the charter school LEA receives at least a pro rata portion of the proportionate amount of funds for which the charter school LEA is eligible under each covered program. The pro rata amount must be based on the number of months or days during the academic year the charter school LEA will participate in the program as compared to the total number of months or days in the academic year.

(c) For each eligible charter school LEA that opens or significantly expands its enrollment on or after February 1 of an academic year, the SEA may implement procedures to provide the charter school LEA with a pro rata portion of the proportionate amount of funds for which the charter school LEA is eligible under each covered program.

(Authority: 20 U.S.C. 8065a)

Sec. 76.793 When is an SEA required to allocate funds to a charter school LEA under this subpart?

Except as provided in Sec. Sec. 76.788(b) and 76.789(b)(3):

(a) For each eligible charter school LEA that opens or significantly expands its enrollment on or before November 1 of an academic year, the SEA must allocate funds to the charter school LEA within five months of the date the charter school LEA opens or significantly expands its enrollment; and

(b)(1) For each eligible charter school LEA that opens or significantly expands its enrollment after November 1, but before February 1 of an academic year, the SEA must allocate funds to the charter school LEA on or before the date the SEA allocates funds to LEAs under the applicable covered program for the succeeding academic year.

(2) The SEA may provide funds to the charter school LEA from the SEA's allocation under the program for the academic year in which the charter school LEA opened or significantly expanded its enrollment, or from the SEA's allocation under the program for the succeeding academic year.

(Authority: 20 U.S.C. 8065a)

Sec. 76.794 How does an SEA allocate funds to charter school LEAs under a covered program in which the SEA awards subgrants on a discretionary basis?

(a) Competitive programs. (1) For covered programs in which the SEA awards subgrants on a competitive basis, the SEA must provide each eligible charter school LEA in the State that is scheduled to open on or before the closing date of any competition under the program a full and fair opportunity to apply to participate in the program.

(2) An SEA is not required to delay the competitive process in order to allow a charter school LEA that has not yet opened or significantly expanded its enrollment to compete for funds under a covered program.

(b) Noncompetitive discretionary programs. The requirements in this subpart do not apply to discretionary programs or portions of programs under which the SEA does not award subgrants through a competition.

(Authority: 20 U.S.C. 8065a)

Adjustments

Sec. 76.796 What are the consequences of an SEA allocating more or fewer funds to a charter school LEA under a covered program than the amount for which the charter school LEA is eligible when the charter school LEA actually opens or significantly expands its enrollment?

(a) An SEA that allocates more or fewer funds to a charter school LEA than the amount for which the charter school LEA is eligible, based on actual enrollment or eligibility data when the charter school LEA opens or significantly expands its enrollment, must make appropriate adjustments to the amount of funds allocated to the charter school LEA as well as to other LEAs under the applicable program.

(b) Any adjustments to allocations to charter school LEAs under this subpart must be based on actual enrollment or other eligibility data for the charter school LEA on or after the date the charter school LEA first opens or significantly expands its enrollment, even if allocations or adjustments to allocations to other LEAs in the State are based on enrollment or eligibility data from a prior year.

(Authority: 20 U.S.C. 8065a)

Sec. 76.797 When is an SEA required to make adjustments to allocations under this subpart?

(a) The SEA must make any necessary adjustments to allocations under a covered program on or before the date the SEA allocates funds to LEAs

under the program for the succeeding academic year.

(b) In allocating funds to a charter school LEA based on adjustments made in accordance with paragraph (a) of this section, the SEA may use funds from the SEA's allocation under the applicable covered program for the academic year in which the charter school LEA opened or significantly expanded its enrollment, or from the SEA's allocation under the program for the succeeding academic year.

(Authority: 20 U.S.C. 8065a)

Applicability of This Subpart to Local Educational Agencies

Sec. 76.799 Do the requirements in this subpart apply to LEAs?

(a) Each LEA that is responsible for funding a charter school under a covered program must comply with the requirements in this subpart on the same basis as SEAs are required to comply with the requirements in this subpart.

(b) In applying the requirements in this subpart (except for Sec. Sec. 76.785, 76.786, and 76.787) to LEAs, references to SEA (or State), charter school LEA, and LEA must be read as references to LEA, charter school, and public school, respectively.

In this case, the granting agency usually intends, or actually intends, that the named component assume primary or sole responsibility for administering the grant-assisted project or program. These regulations also implement applicable provisions of Section 401 of the Intergovernmental Cooperation Act of 1968 and Section 204 of the Demonstration Cities and Metropolitan Development Act of 1966.

(b) These regulations are intended to foster an intergovernmental partnership and a strengthened Federalism by relying on state processes and on state, areawide, regional, and local coordination for review of proposed federal financial assistance.

(c) These regulations are intended to aid the internal management of the Department, and are not intended to create any right or benefit enforceable at law by a party against the Department or its officers.

(Authority: E.O. 12372)

Sec. 79.2 What definitions apply to these regulations?

[48 FR 29166, June 24, 1983, as amended at 51 FR 20824, June 9, 1986]

Sec. 79.4 What are the Secretary's general responsibilities under the Order?

(a) The Secretary provides opportunities for consultation by elected officials of those state and local governments that would provide the nonfederal funds for, or that would be directly affected by, proposed federal financial assistance from the Department.

(b) If a state adopts a process under the Order to review and coordinate proposed federal financial assistance, the Secretary, to the extent permitted by law:

(1) Uses the state process to determine official views of state and local elected officials;

(2) Communicates with state and local elected officials as early in a program planning cycle as is reasonably feasible to explain specific plans and actions;

(3) Makes efforts to accommodate state and local elected official's concerns with proposed federal financial assistance that are communicated through the state process;

(4) Allows the states to simplify and consolidate existing federally required state plan submissions;

(5) Where state planning and budgeting systems are sufficient and where permitted by law, encourages the substitution of state plans for federally required state plans;

(6) Seeks the coordination of views of affected state and local elected officials in one state with those of another state when proposed federal financial assistance has an impact on interstate metropolitan urban centers or other interstate areas; and

(7) Supports state and local governments by discouraging the reauthorization or creation of any planning organization which is federally funded, which has a limited purpose, and which is not adequately representative of, or accountable to, state or local elected officials.

(Authority: E.O. 12372, Sec. 2)

Sec. 79.5 What is the Secretary's obligation with respect to Federal interagency coordination?

The Secretary, to the maximum extent practicable, consults with and seeks advice from all other substantially affected federal departments

and agencies in an effort to assure full coordination between such agencies and the Department regarding programs and activities covered under these regulations.

(Authority: E.O. 12372)

Sec. 79.6 What procedures apply to the selection of programs and activities under these regulations?

(a) A state may select any program or activity published in the Federal Register in accordance with Sec. 79.3 for intergovernmental review under these regulations. Each state, before selecting programs and activities, shall consult with local elected officials.

(b) Each state that adopts a process shall notify the Secretary of the Department's programs and activities selected for that process.

(c) A state may notify the Secretary of changes in its selections at any time. For each change, the state shall submit to the Secretary an assurance that the state has consulted with local elected officials regarding the change. The Department may establish deadlines by which states are required to inform the Secretary of changes in their program selections.

(d) The Secretary uses a state's process as soon as feasible, depending on individual programs and activities, after the Secretary is notified of its selections.

(Authority: E.O. 12372, sec. 2)

Sec. 79.7 How does the Secretary communicate with State and local officials concerning the Department's programs and activities?

(a) [Reserved]

(b) (1) The Secretary provides notice to directly affected state, areawide, regional, and local entities in a state of proposed federal financial assistance if:

(i) The state has not adopted a process under the Order; or

(ii) The assistance involves a program or activity not selected for the state process.

(2) This notice may be made by publication in the Federal Register or other means which the Secretary determine appropriate.

(Authority: E.O. 12372, Sec. 2)

Sec. 79.8 How does the Secretary provide States an opportunity to comment on proposed Federal financial assistance?

(a) Except in unusual circumstances, the Secretary gives State processes or directly affected State, areawide, regional, and local officials and entities--

(1) At least 30 days to comment on proposed Federal financial assistance in the form of noncompeting continuation awards; and

(2) At least 60 days to comment on proposed Federal financial assistance other than noncompeting continuation awards.

(b) The Secretary establishes a date for mailing or hand-delivering comments under paragraph (a) of this section using one of the following

two procedures:

(1) If the comments relate to continuation award applications, the Secretary notifies each applicant and each State Single Point of Contact (SPOC) of the date by which SPOC comments should be submitted.

(2) If the comments relate to applications for new grants, the Secretary establishes the date in a notice published in the Federal Register.

(c) This section also applies to comments in cases in which the review, coordination, and communication with the Department have been delegated.

(d) Applicants for programs and activities subject to Section 204 of the Demonstration Cities and Metropolitan Act shall allow areawide agencies a 60-day opportunity for review and comment.

(Authority: E.O. 12372, Sec. 2)

[48 FR 29166, June 24, 1983, as amended at 51 FR 20825, June 9, 1986]

Sec. 79.9 How does the Secretary receive and respond to comments?

(a) The Secretary follows the procedure in Sec. 79.10 if:

(1) A state office or official is designated to act as a single point of contact between a state process and all federal agencies, and

(2) That office or official transmits a State process recommendation, and identifies it as such, for a program selected under Sec. 79.6.

(b)(1) The single point of contact is not obligated to transmit comments from state, areawide, regional, or local officials and entities if there is no state process recommendation.

(2) If a state process recommendation is transmitted by a single point of contact, all comments from state, areawide, regional, and local officials and entities that differ from it must also be transmitted.

(c) If a state has not established a process, or is unable to submit a state process recommendation, state, areawide, regional, and local officials and entities may submit comments to the Department.

(d) If a program or activity is not selected for a state process, state, areawide, regional, and local officials and entities may submit comments to the Department. In addition, if a state process recommendation for a nonselected program or activity is transmitted to the Department by the single point of contact, the Secretary follows the procedures of Sec. 79.10.

(e) The Secretary considers comments which do not constitute a state process recommendation submitted under these regulations and for which the Secretary is not required to apply the procedures of Sec. 79.10 of this part, if those comments are provided by a single point of contact, or directly to the Department by a commenting party.

(Authority: E.O. 12372, Sec. 2)

[48 FR 29166, June 24, 1983, as amended at 51 FR 20825, June 9, 1986]

Sec. 79.10 How does the Secretary make efforts to accommodate intergovernmental concerns?

(a) If a state process provides a state process recommendation to the Department through its single point of contact, the Secretary either:

- (1) Accepts the recommendation;
- (2) Reaches a mutually agreeable solution with the state process; or
- (3) Provides the single point of contact with a written explanation of the decision in such form as the Secretary deems appropriate. The Secretary may also supplement the written explanation by providing the explanation to the single point of contact by telephone, other telecommunication, or other means.

(b) In any explanation under paragraph (a)(3) of this section, the Secretary informs the single point of contact that:

- (1) The Department will not implement its decision for at least ten days after the single point of contact receives the explanation; or
- (2) The Secretary has reviewed the decision and determined that, because of unusual circumstances, the waiting period of at least ten days is not feasible.

(c) For purposes of computing the waiting period under paragraph (b)(1) of this section, a single point of contact is presumed to have received written notification 5 days after the date of mailing of the notification.

(Authority: E.O. 12372, Sec. 2)

Sec. 79.11 What are the Secretary's obligations in interstate situations?

(a) The Secretary is responsible for:

(1) Identifying proposed federal financial assistance that has an impact on interstate areas;

(2) Notifying appropriate officials and entities in states which have adopted a process and which select the Department's program or activity.

(3) Making efforts to identify and notify the affected state, areawide, regional, and local officials and entities in those states that have not adopted a process under the Order or do not select the Department's program or activity;

(4) Responding under Sec. 79.10 if the Secretary receives a recommendation from a designated areawide agency transmitted by a single point of contact, in cases in which the review, coordination, and communication with the Department have been delegated.

(b) In an interstate situation subject to this section, the Secretary uses the procedures in Sec. 79.10 if a state process provides a state process recommendation to the Department through a single point of contact.

(Authority: E.O. 12372, Sec. 2(e))

Sec. 79.12 How may a State simplify, consolidate, or substitute federally required State plans?

(a) As used in this section:

(1) Simplify means that a state may develop its own format, choose its own submission date, and select the planning period for a state

plan.

(2) Consolidate means that a state may meet statutory and regulatory requirements by combining two or more plans into one document and that the state can select the format, submission date, and planning period for the consolidated plan.

(3) Substitute means that a state may use a plan or other document that it has developed for its own purposes to meet Federal requirements.

(b) If not inconsistent with law, a state may decide to try to simplify, consolidate, or substitute federally required state plans without prior approval by the Secretary.

(c) The Secretary reviews each state plan that a state has simplified, consolidated, or substituted and accepts the plan only if its contents meet federal requirements.

(Authority: 20 U.S.C. 3474; OMB Circular A-102)

This subpart contains general rules pertaining to this part and procedures for control of exceptions from this part.

(Authority: 20 U.S.C. 3474; OMB Circular A-102)

Sec. 80.3 Definitions.

As used in this part:

Accrued expenditures mean the charges incurred by the grantee during a given period requiring the provision of funds for:

- (1) Goods and other tangible property received;
- (2) Services performed by employees, contractors, subgrantees, subcontractors, and other payees; and
- (3) Other amounts becoming owed under programs for which no current services or performance is required, such as annuities, insurance claims, and other benefit payments.

Accrued income means the sum of:

- (1) Earnings during a given period from services performed by the grantee and goods and other tangible property delivered to purchasers, and
- (2) Amounts becoming owed to the grantee for which no current services or performance is required by the grantee.

Acquisition cost of an item of purchased equipment means the net invoice unit price of the property including the cost of modifications, attachments, accessories, or auxiliary apparatus necessary to make the property usable for the purpose for which it was acquired. Other charges such as the cost of installation, transportation, taxes, duty or protective in-transit insurance, shall be included or excluded from the unit acquisition cost in accordance with the grantee's regular accounting practices.

Administrative requirements mean those matters common to grants in general, such as financial management, kinds and frequency of reports, and retention of records. These are distinguished from programmatic requirements, which concern matters that can be treated only on a program-by-program or grant-by-grant basis, such as kinds of activities that can be supported by grants under a particular program.

Awarding agency means (1) with respect to a grant, the Federal agency, and (2) with respect to a subgrant, the party that awarded the subgrant.

Cash contributions means the grantee's cash outlay, including the outlay of money contributed to the grantee or subgrantee by other public agencies and institutions, and private organizations and individuals. When authorized by Federal legislation, Federal funds received from other assistance agreements may be considered as grantee or subgrantee cash contributions.

Contract means (except as used in the definitions for grant and subgrant in this section and except where qualified by Federal) a procurement contract under a grant or subgrant, and means a procurement subcontract under a contract.

Cost sharing or matching means the value of the third party in-kind contributions and the portion of the costs of a federally assisted project or program not borne by the Federal Government.

Cost-type contract means a contract or subcontract under a grant in which the contractor or subcontractor is paid on the basis of the costs it incurs, with or without a fee.

Equipment means tangible, nonexpendable, personal property having a useful life of more than one year and an acquisition cost of \$5,000 or more per unit. A grantee may use its own definition of equipment

provided that such definition would at least include all equipment defined above.

Expenditure report means:

(1) For nonconstruction grants, the SF-269 ``Financial Status Report'' (or other equivalent report);

(2) For construction grants, the SF-271 ``Outlay Report and Request for Reimbursement'' (or other equivalent report).

Federally recognized Indian tribal government means the governing body or a governmental agency of any Indian tribe, band, nation, or other organized group or community (including any Native village as defined in section 3 of the Alaska Native Claims Settlement Act, 85 Stat 688) certified by the Secretary of the Interior as eligible for the special programs and services provided by him through the Bureau of Indian Affairs.

Government means a State or local government or a federally recognized Indian tribal government.

Grant means an award of financial assistance, including cooperative agreements, in the form of money, or property in lieu of money, by the Federal Government to an eligible grantee. The term does not include technical assistance which provides services instead of money, or other assistance in the form of revenue sharing, loans, loan guarantees, interest subsidies, insurance, or direct appropriations. Also, the term does not include assistance, such as a fellowship or other lump sum award, which the grantee is not required to account for.

Grantee means the government to which a grant is awarded and which is accountable for the use of the funds provided. The grantee is the entire legal entity even if only a particular component of the entity is designated in the grant award document.

Local government means a county, municipality, city, town, township, local public authority (including any public and Indian housing agency under the United States Housing Act of 1937) school district, special district, intrastate district, council of governments (whether or not incorporated as a nonprofit corporation under state law), any other regional or interstate government entity, or any agency or instrumentality of a local government.

Obligations means the amounts of orders placed, contracts and subgrants awarded, goods and services received, and similar transactions during a given period that will require payment by the grantee during the same or a future period.

OMB means the United States Office of Management and Budget.

Outlays (expenditures) mean charges made to the project or program. They may be reported on a cash or accrual basis. For reports prepared on a cash basis, outlays are the sum of actual cash disbursement for direct charges for goods and services, the amount of indirect expense incurred, the value of in-kind contributions applied, and the amount of cash advances and payments made to contractors and subgrantees. For reports prepared on an accrued expenditure basis, outlays are the sum of actual cash disbursements, the amount of indirect expense incurred, the value of in-kind contributions applied, and the new increase (or decrease) in the amounts owed by the grantee for goods and other property received, for services performed by employees, contractors, subgrantees, subcontractors, and other payees, and other amounts becoming owed under programs for which no current services or performance are required, such as annuities, insurance claims, and other benefit payments.

Percentage of completion method refers to a system under which payments are made for construction work according to the percentage of completion of the work, rather than to the grantee's cost incurred.

Prior approval means documentation evidencing consent prior to incurring specific cost.

Real property means land, including land improvements, structures and appurtenances thereto, excluding movable machinery and equipment.

Share, when referring to the awarding agency's portion of real property, equipment or supplies, means the same percentage as the awarding agency's portion of the acquiring party's total costs under the grant to which the acquisition costs under the grant to which the acquisition cost of the property was charged. Only costs are to be counted--not the value of third-party in-kind contributions.

State means any of the several States of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, or any agency or instrumentality of a State exclusive of local governments. The term does not include any public and Indian housing agency under United States Housing Act of 1937.

(1) The definition of State in this section is used for the purpose of determining the scope of part 80 regulations. Some program regulations contain different definitions for State based on program statute eligibility requirements.

Subgrant means an award of financial assistance in the form of money, or property in lieu of money, made under a grant by a grantee to an eligible subgrantee. The term includes financial assistance when provided by contractual legal agreement, but does not include procurement purchases, nor does it include any form of assistance which is excluded from the definition of grant in this part.

Subgrantee means the government or other legal entity to which a subgrant is awarded and which is accountable to the grantee for the use of the funds provided.

Supplies means all tangible personal property other than equipment as defined in this part.

Suspension means depending on the context, either (1) temporary withdrawal of the authority to obligate grant funds pending corrective action by the grantee or subgrantee or a decision to terminate the grant, or (2) an action taken by a suspending official in accordance with agency regulations implementing E.O. 12549 to immediately exclude a person from participating in grant transactions for a period, pending completion of an investigation and such legal or debarment proceedings as may ensue.

Termination means permanent withdrawal of the authority to obligate previously-awarded grant funds before that authority would otherwise expire. It also means the voluntary relinquishment of that authority by the grantee or subgrantee. Termination does not include:

- (1) Withdrawal of funds awarded on the basis of the grantee's underestimate of the unobligated balance in a prior period;
- (2) Withdrawal of the unobligated balance as of the expiration of a grant;
- (3) Refusal to extend a grant or award additional funds, to make a competing or noncompeting continuation, renewal, extension, or supplemental award; or
- (4) Voiding of a grant upon determination that the award was

obtained fraudulently, or was otherwise illegal or invalid from inception.

Terms of a grant or subgrant mean all requirements of the grant or subgrant, whether in statute, regulations, or the award document.

Third party in-kind contributions mean property or services which benefit a federally assisted project or program and which are contributed by non-Federal third parties without charge to the grantee, or a cost-type contractor under the grant agreement.

Unliquidated obligations for reports prepared on a cash basis mean the amount of obligations incurred by the grantee that has not been paid. For reports prepared on an accrued expenditure basis, they represent the amount of obligations incurred by the grantee for which an outlay has not been recorded.

Unobligated balance means the portion of the funds authorized by the Federal agency that has not been obligated by the grantee and is determined by deducting the cumulative obligations from the cumulative funds authorized.

Sec. 80.10 Forms for applying for grants.

(a) Scope. (1) This section prescribes forms and instructions to be used by governmental organizations (except hospitals and institutions of higher education operated by a government) in applying for grants. This section is not applicable, however, to formula grant programs which do not require applicants to apply for funds on a project basis.

(2) This section applies only to applications to Federal agencies for grants, and is not required to be applied by grantees in dealing with applicants for subgrants. However, grantees are encouraged to avoid more detailed or burdensome application requirements for subgrants.

(b) Authorized forms and instructions for governmental organizations. (1) In applying for grants, applicants shall only use standard application forms or those prescribed by the granting agency with the approval of OMB under the Paperwork Reduction Act of 1980.

(2) Applicants are not required to submit more than the original and two copies of preapplications or applications.

(3) Applicants must follow all applicable instructions that bear OMB clearance numbers. Federal agencies may specify and describe the programs, functions, or activities that will be used to plan, budget, and evaluate the work under a grant. Other supplementary instructions may be issued only with the approval of OMB to the extent required under the Paperwork Reduction Act of 1980. For any standard form, except the SF-424 facesheet, Federal agencies may shade out or instruct the applicant to disregard any line item that is not needed.

(4) When a grantee applies for additional funding (such as a continuation or supplemental award) or amends a previously submitted application, only the affected pages need be submitted. Previously submitted pages with information that is still current need not be resubmitted.

Sec. 80.11 State plans.

(a) Scope. The statutes for some programs require States to submit plans before receiving grants. Under regulations implementing Executive Order 12372, ``Intergovernmental Review of Federal Programs,`` States

are allowed to simplify, consolidate and substitute plans. This section contains additional provisions for plans that are subject to regulations implementing the Executive order.

(b) Requirements. A State need meet only Federal administrative or programmatic requirements for a plan that are in statutes or codified regulations.

(c) Assurances. In each plan the State will include an assurance that the State shall comply with all applicable Federal statutes and regulations in effect with respect to the periods for which it receives grant funding. For this assurance and other assurances required in the plan, the State may:

(1) Cite by number the statutory or regulatory provisions requiring the assurances and affirm that it gives the assurances required by those provisions,

(2) Repeat the assurance language in the statutes or regulations, or

(3) Develop its own language to the extent permitted by law.

(d) Amendments. A State will amend a plan whenever necessary to reflect:

(1) New or revised Federal statutes or regulations or

(2) A material change in any State law, organization, policy, or State agency operation.

The State will obtain approval for the amendment and its effective date but need submit for approval only the amended portions of the plan.

Sec. 80.12 Special grant or subgrant conditions for ``high-risk'' grantees.

(a) A grantee or subgrantee may be considered ``high risk'' if an awarding agency determines that a grantee or subgrantee:

(1) Has a history of unsatisfactory performance, or

(2) Is not financially stable, or

(3) Has a management system which does not meet the management standards set forth in this part, or

(4) Has not conformed to terms and conditions of previous awards, or

(5) Is otherwise not responsible; and if the awarding agency determines that an award will be made, special conditions and/or restrictions shall correspond to the high risk condition and shall be included in the award.

(b) Special conditions or restrictions may include:

(1) Payment on a reimbursement basis;

(2) Withholding authority to proceed to the next phase until receipt of evidence of acceptable performance within a given funding period;

(3) Requiring additional, more detailed financial reports;

(4) Additional project monitoring;

(5) Requiring the grante or subgrantee to obtain technical or management assistance; or

(6) Establishing additional prior approvals.

(c) If an awarding agency decides to impose such conditions, the awarding official will notify the grantee or subgrantee as early as possible, in writing, of:

(1) The nature of the special conditions/restrictions;

- (2) The reason(s) for imposing them;
- (3) The corrective actions which must be taken before they will be removed and the time allowed for completing the corrective actions and
- (4) The method of requesting reconsideration of the conditions/restrictions imposed.

Subpart C_Post-Award Requirements

Financial Administration

Sec. 80.20 Standards for financial management systems.

(a) A State must expand and account for grant funds in accordance with State laws and procedures for expending and accounting for its own funds. Fiscal control and accounting procedures of the State, as well as its subgrantees and cost-type contractors, must be sufficient to:

(1) Permit preparation of reports required by this part and the statutes authorizing the grant, and

(2) Permit the tracing of funds to a level of expenditures adequate to establish that such funds have not been used in violation of the restrictions and prohibitions of applicable statutes.

(b) The financial management systems of other grantees and subgrantees must meet the following standards:

(1) Financial reporting. Accurate, current, and complete disclosure of the financial results of financially assisted activities must be made in accordance with the financial reporting requirements of the grant or subgrant.

(2) Accounting records. Grantees and subgrantees must maintain records which adequately identify the source and application of funds provided for financially-assisted activities. These records must contain information pertaining to grant or subgrant awards and authorizations, obligations, unobligated balances, assets, liabilities, outlays or expenditures, and income.

(3) Internal control. Effective control and accountability must be maintained for all grant and subgrant cash, real and personal property, and other assets. Grantees and subgrantees must adequately safeguard all such property and must assure that it is used solely for authorized purposes.

(4) Budget control. Actual expenditures or outlays must be compared with budgeted amounts for each grant or subgrant. Financial information must be related to performance or productivity data, including the development of unit cost information whenever appropriate or specifically required in the grant or subgrant agreement. If unit cost data are required, estimates based on available documentation will be accepted whenever possible.

(5) Allowable cost. Applicable OMB cost principles, agency program regulations, and the terms of grant and subgrant agreements will be followed in determining the reasonableness, allowability, and allocability of costs.

(6) Source documentation. Accounting records must be supported by

such source documentation as cancelled checks, paid bills, payrolls, time and attendance records, contract and subgrant award documents, etc.

(7) Cash management. Procedures for minimizing the time elapsing between the transfer of funds from the U.S. Treasury and disbursement by grantees and subgrantees must be followed whenever advance payment procedures are used. Grantees must establish reasonable procedures to ensure the receipt of reports on subgrantees' cash balances and cash disbursements in sufficient time to enable them to prepare complete and accurate cash transactions reports to the awarding agency. When advances are made by letter-of-credit or electronic transfer of funds methods, the grantee must make drawdowns as close as possible to the time of making disbursements. Grantees must monitor cash drawdowns by their subgrantees to assure that they conform substantially to the same standards of timing and amount as apply to advances to the grantees.

(c) An awarding agency may review the adequacy of the financial management system of any applicant for financial assistance as part of a preaward review or at any time subsequent to award.

Sec. 80.21 Payment.

(a) Scope. This section prescribes the basic standard and the methods under which a Federal agency will make payments to grantees, and grantees will make payments to subgrantees and contractors.

(b) Basic standard. Methods and procedures for payment shall minimize the time elapsing between the transfer of funds and disbursement by the grantee or subgrantee, in accordance with Treasury regulations at 31 CFR part 205.

(c) Advances. Grantees and subgrantees shall be paid in advance, provided they maintain or demonstrate the willingness and ability to maintain procedures to minimize the time elapsing between the transfer of the funds and their disbursement by the grantee or subgrantee.

(d) Reimbursement. Reimbursement shall be the preferred method when the requirements in paragraph (c) of this section are not met. Grantees and subgrantees may also be paid by reimbursement for any construction grant. Except as otherwise specified in regulation, Federal agencies shall not use the percentage of completion method to pay construction grants. The grantee or subgrantee may use that method to pay its construction contractor, and if it does, the awarding agency's payments to the grantee or subgrantee will be based on the grantee's or subgrantee's actual rate of disbursement.

(e) Working capital advances. If a grantee cannot meet the criteria for advance payments described in paragraph (c) of this section, and the Federal agency has determined that reimbursement is not feasible because the grantee lacks sufficient working capital, the awarding agency may provide cash or a working capital advance basis. Under this procedure the awarding agency shall advance cash to the grantee to cover its

estimated disbursement needs for an initial period generally geared to the grantee's disbursing cycle. Thereafter, the awarding agency shall reimburse the grantee for its actual cash disbursements. The working capital advance method of payment shall not be used by grantees or subgrantees if the reason for using such method is the unwillingness or inability of the grantee to provide timely advances to the subgrantee to meet the subgrantee's actual cash disbursements.

(f) Effect of program income, refunds, and audit recoveries on payment. (1) Grantees and subgrantees shall disburse repayments to and interest earned on a revolving fund before requesting additional cash payments for the same activity.

(2) Except as provided in paragraph (f)(1) of this section, grantees and subgrantees shall disburse program income, rebates, refunds, contract settlements, audit recoveries and interest earned on such funds before requesting additional cash payments.

(g) Withholding payments. (1) Unless otherwise required by Federal statute, awarding agencies shall not withhold payments for proper charges incurred by grantees or subgrantees unless--

(i) The grantee or subgrantee has failed to comply with grant award conditions or

(ii) The grantee or subgrantee is indebted to the United States.

(2) Cash withheld for failure to comply with grant award condition, but without suspension of the grant, shall be released to the grantee upon subsequent compliance. When a grant is suspended, payment adjustments will be made in accordance with Sec. 80.43(c).

(3) A Federal agency shall not make payment to grantees for amounts that are withheld by grantees or subgrantees from payment to contractors to assure satisfactory completion of work. Payments shall be made by the Federal agency when the grantees or subgrantees actually disburse the withheld funds to the contractors or to escrow accounts established to assure satisfactory completion of work.

(h) Cash depositories. (1) Consistent with the national goal of expanding the opportunities for minority business enterprises, grantees and subgrantees are encouraged to use minority banks (a bank which is owned at least 50 percent by minority group members). A list of minority owned banks can be obtained from the Minority Business Development Agency, Department of Commerce, Washington, DC 20230.

(2) A grantee or subgrantee shall maintain a separate bank account only when required by Federal-State agreement.

(i) Interest earned on advances. Except for interest earned on advances of funds exempt under the Intergovernmental Cooperation Act (31 U.S.C. 6501 et seq.) and the Indian Self-Determination Act (23 U.S.C. 450), grantees and subgrantees shall promptly, but at least quarterly, remit interest earned on advances to the Federal agency. The grantee or subgrantee may keep interest amounts up to \$100 per year for administrative expenses.

(Authority: 20 U.S.C. 3474; OMB Circular A-102)

Sec. 80.22 Allowable costs.

(a) Limitation on use of funds. Grant funds may be used only for:

(1) The allowable costs of the grantees, subgrantees and cost-type contractors, including allowable costs in the form of payments to fixed-

price contractors; and

(2) Reasonable fees or profit to cost-type contractors but not any fee or profit (or other increment above allowable costs) to the grantee or subgrantee.

(b) For each kind of organization, there is a set of Federal principles for determining allowable costs. For the costs of a State, local, or Indian tribal government, the Secretary applies the cost principles in OMB Circular A-87, as amended on June 9, 1987.

For the costs of a--	Use the principles in--

Sec. 80.23 Period of availability of funds.

(a) General. Where a funding period is specified, a grantee may charge to the award only costs resulting from obligations of the funding period unless carryover of unobligated balances is permitted, in which case the carryover balances may be charged for costs resulting from obligations of the subsequent funding period.

(b) Liquidation of obligations. A grantee must liquidate all obligations incurred under the award not later than 90 days after the end of the funding period (or as specified in a program regulation) to coincide with the submission of the annual Financial Status Report (SF-269). The Federal agency may extend this deadline at the request of the grantee.

(Authority: 20 U.S.C. 3474; OMB Circular A-102)

Sec. 80.24 Matching or cost sharing.

(a) Basic rule: Costs and contributions acceptable. With the qualifications and exceptions listed in paragraph (b) of this section, a

matching or cost sharing requirement may be satisfied by either or both of the following:

(1) Allowable costs incurred by the grantee, subgrantee or a cost-type contractor under the assistance agreement. This includes allowable costs borne by non-Federal grants or by others cash donations from non-Federal third parties.

(2) The value of third party in-kind contributions applicable to the period to which the cost sharing or matching requirements applies.

(b) Qualifications and exceptions--(1) Costs borne by other Federal grant agreements. Except as provided by Federal statute, a cost sharing or matching requirement may not be met by costs borne by another Federal grant. This prohibition does not apply to income earned by a grantee or subgrantee from a contract awarded under another Federal grant.

(2) General revenue sharing. For the purpose of this section, general revenue sharing funds distributed under 31 U.S.C. 6702 are not considered Federal grant funds.

(3) Cost or contributions counted towards other Federal costs-sharing requirements. Neither costs nor the values of third party in-kind contributions may count towards satisfying a cost sharing or matching requirement of a grant agreement if they have been or will be counted towards satisfying a cost sharing or matching requirement of another Federal grant agreement, a Federal procurement contract, or any other award of Federal funds.

(4) Costs financed by program income. Costs financed by program income, as defined in Sec. 80.25, shall not count towards satisfying a cost sharing or matching requirement unless they are expressly permitted in the terms of the assistance agreement. (This use of general program income is described in Sec. 80.25(g).)

(5) Services or property financed by income earned by contractors. Contractors under a grant may earn income from the activities carried out under the contract in addition to the amounts earned from the party awarding the contract. No costs of services or property supported by this income may count toward satisfying a cost sharing or matching requirement unless other provisions of the grant agreement expressly permit this kind of income to be used to meet the requirement.

(6) Records. Costs and third party in-kind contributions counting towards satisfying a cost sharing or matching requirement must be verifiable from the records of grantees and subgrantee or cost-type contractors. These records must show how the value placed on third party in-kind contributions was derived. To the extent feasible, volunteer services will be supported by the same methods that the organization uses to support the allocability of regular personnel costs.

(7) Special standards for third party in-kind contributions. (i) Third party in-kind contributions count towards satisfying a cost sharing or matching requirement only where, if the party receiving the contributions were to pay for them, the payments would be allowable costs.

(ii) Some third party in-kind contributions are goods and services that, if the grantee, subgrantee, or contractor receiving the contribution had to pay for them, the payments would have been an indirect costs. Costs sharing or matching credit for such contributions shall be given only if the grantee, subgrantee, or contractor has established, along with its regular indirect cost rate, a special rate for allocating to individual projects or programs the value of the

contributions.

(iii) A third party in-kind contribution to a fixed-price contract may count towards satisfying a cost sharing or matching requirement only if it results in:

(A) An increase in the services or property provided under the contract (without additional cost to the grantee or subgrantee) or

(B) A cost savings to the grantee or subgrantee.

(iv) The values placed on third party in-kind contributions for cost sharing or matching purposes will conform to the rules in the succeeding sections of this part. If a third party in-kind contribution is a type not treated in those sections, the value placed upon it shall be fair and reasonable.

(c) Valuation of donated services--(1) Volunteer services. Unpaid services provided to a grantee or subgrantee by individuals will be valued at rates consistent with those ordinarily paid for similar work in the grantee's or subgrantee's organization. If the grantee or subgrantee does not have employees performing similar work, the rates will be consistent with those ordinarily paid by other employers for similar work in the same labor market. In either case, a reasonable amount for fringe benefits may be included in the valuation.

(2) Employees of other organizations. When an employer other than a grantee, subgrantee, or cost-type contractor furnishes free of charge the services of an employee in the employee's normal line of work, the services will be valued at the employee's regular rate of pay exclusive of the employee's fringe benefits and overhead costs. If the services are in a different line of work, paragraph (c)(1) of this section applies.

(d) Valuation of third party donated supplies and loaned equipment or space. (1) If a third party donates supplies, the contribution will be valued at the market value of the supplies at the time of donation.

(2) If a third party donates the use of equipment or space in a building but retains title, the contribution will be valued at the fair rental rate of the equipment or space.

(e) Valuation of third party donated equipment, buildings, and land. If a third party donates equipment, buildings, or land, and title passes to a grantee or subgrantee, the treatment of the donated property will depend upon the purpose of the grant or subgrant, as follows:

(1) Awards for capital expenditures. If the purpose of the grant or subgrant is to assist the grantee or subgrantee in the acquisition of property, the market value of that property at the time of donation may be counted as cost sharing or matching,

(2) Other awards. If assisting in the acquisition of property is not the purpose of the grant or subgrant, paragraphs (e)(2)(i) and (ii) of this section apply:

(i) If approval is obtained from the awarding agency, the market value at the time of donation of the donated equipment or buildings and the fair rental rate of the donated land may be counted as cost sharing or matching. In the case of a subgrant, the terms of the grant agreement may require that the approval be obtained from the Federal agency as well as the grantee. In all cases, the approval may be given only if a purchase of the equipment or rental of the land would be approved as an allowable direct cost. If any part of the donated property was acquired with Federal funds, only the non-federal share of the property may be counted as cost-sharing or matching.

(ii) If approval is not obtained under paragraph (e)(2)(i) of this section, no amount may be counted for donated land, and only depreciation or use allowances may be counted for donated equipment and buildings. The depreciation or use allowances for this property are not treated as third party in-kind contributions. Instead, they are treated as costs incurred by the grantee or subgrantee. They are computed and allocated (usually as indirect costs) in accordance with the cost principles specified in Sec. 80.22, in the same way as depreciation or use allowances for purchased equipment and buildings. The amount of depreciation or use allowances for donated equipment and buildings is based on the property's market value at the time it was donated.

(f) Valuation of grantee or subgrantee donated real property for construction/acquisition. If a grantee or subgrantee donates real property for a construction or facilities acquisition project, the current market value of that property may be counted as cost sharing or matching. If any part of the donated property was acquired with Federal funds, only the non-federal share of the property may be counted as cost sharing or matching.

(g) Appraisal of real property. In some cases under paragraphs (d), (e) and (f) of this section, it will be necessary to establish the market value of land or a building or the fair rental rate of land or of space in a building. In these cases, the Federal agency may require the market value or fair rental value be set by an independent appraiser, and that the value or rate be certified by the grantee. This requirement will also be imposed by the grantee on subgrantees.

Sec. 80.25 Program income.

(a) General. Grantees are encouraged to earn income to defray program costs. Program income includes income from fees for services performed, from the use or rental of real or personal property acquired with grant funds, from the sale of commodities or items fabricated under a grant agreement, and from payments of principal and interest on loans made with grant funds. Except as otherwise provided in regulations of the Federal agency, program income does not include interest on grant funds, rebates, credits, discounts, refunds, etc. and interest earned on any of them.

(b) Definition of program income. Program income means gross income received by the grantee or subgrantee directly generated by a grant supported activity, or earned only as a result of the grant agreement during the grant period. ``During the grant period'' is the time between the effective date of the award and the ending date of the award reflected in the final financial report.

(c) Cost of generating program income. If authorized by Federal regulations or the grant agreement, costs incident to the generation of program income may be deducted from gross income to determine program

income.

(d) Governmental revenues. Taxes, special assessments, levies, fines, and other such revenues raised by a grantee or subgrantee are not program income unless the revenues are specifically identified in the grant agreement or Federal agency regulations as program income.

(e) Royalties. Income from royalties and license fees for copyrighted material, patents, and inventions developed by a grantee or subgrantee is program income only if the revenues are specifically identified in the grant agreement or Federal agency regulations as program income. (See Sec. 80.34.)

(f) Property. Proceeds from the sale of real property or equipment will be handled in accordance with the requirements of Sec. Sec. 80.31 and 80.32.

(g) Use of program income. Program income shall be deducted from outlays which may be both Federal and non-Federal as described below, unless the Federal agency regulations or the grant agreement specify another alternative (or a combination of the alternatives). In specifying alternatives, the Federal agency may distinguish between income earned by the grantee and income earned by subgrantees and between the sources, kinds, or amounts of income. When Federal agencies authorize the alternatives in paragraphs (g) (2) and (3) of this section, program income in excess of any limits stipulated shall also be deducted from outlays.

(1) Deduction. Ordinarily program income shall be deducted from total allowable costs to determine the net allowable costs. Program income shall be used for current costs unless the Federal agency authorizes otherwise. Program income which the grantee did not anticipate at the time of the award shall be used to reduce the Federal agency and grantee contributions rather than to increase the funds committed to the project.

(2) Addition. When authorized, program income may be added to the funds committed to the grant agreement by the Federal agency and the grantee. The program income shall be used for the purposes and under the conditions of the grant agreement.

(3) Cost sharing or matching. When authorized, program income may be used to meet the cost sharing or matching requirement of the grant agreement. The amount of the Federal grant award remains the same.

(h) Income after the award period. There are no Federal requirements governing the disposition of program income earned after the end of the award period (i.e., until the ending date of the final financial report, see paragraph (a) of this section), unless the terms of the agreement or the Federal agency regulations provide otherwise.

(Authority: 20 U.S.C. 3474; OMB Circular A-102)

Sec. 80.26 Non-Federal audit.

(a) Basic Rule. Grantees and subgrantees are responsible for obtaining audits in accordance with the Single Audit Act Amendments of 1996 (31 U.S.C. 7501-7507) and revised OMB Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations." The audits shall be made by an independent auditor in accordance with generally accepted government auditing standards covering financial audits.

(b) Subgrantees. State or local governments, as those terms are

defined for purposes of the Single Audit Act Amendments of 1996, that provide Federal awards to a subgrantee, which expends \$300,000 or more (or other amount as specified by OMB) in Federal awards in a fiscal year, shall:

(1) Determine whether State or local subgrantees have met the audit requirements of the Act and whether subgrantees covered by OMB Circular A-110, ``Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Non-Profit organizations,`` have met the audit requirements of the Act. Commercial contractors (private for-profit and private and governmental organizations) providing goods and services to State and local governments are not required to have a single audit performed. State and local governments should use their own procedures to ensure that the contractors has complied with laws and regulations affecting the expenditures of Federal funds;

(2) Determine whether the subgrantee spent Federal assistance funds provided in accordance with applicable laws and regulations. This may be accomplished by reviewing an audit of the subgrantee made in accordance with the Act, OMB Circular A-133, or through other means (e.g., program reviews) if the subgrantee has not had such an audit;

(3) Ensure that appropriate corrective action is taken within six months after receipt of the audit report in instance of noncompliance with Federal laws and regulations;

(4) Consider whether subgrantee audits necessitate adjustment of the grantee's own records; and

(5) Require each subgrantee to permit independent auditors to have access to the records and financial statements.

(c) Auditor selection. In arranging for audit services, Sec. 80.36 shall be followed.

Changes, Property, and Subawards

Sec. 80.30 Changes.

(a) General. Grantees and subgrantees are permitted to rebudget within the approved direct cost budget to meet unanticipated requirements and may make limited program changes to the approved project. However, unless waived by the awarding agency, certain types of post-award changes in budgets and projects shall require the prior written approval of the awarding agency.

(b) Relation to cost principles. The applicable cost principles (see Sec. 80.22) contain requirements for prior approval of certain types of costs. Except where waived, those requirements apply to all grants and subgrants even if paragraphs (c) through (f) of this section do not.

(c) Budget changes--(1) Nonconstruction projects. Except as stated in other regulations or an award document, grantees or subgrantees shall obtain the prior approval of the awarding agency whenever any of the following changes is anticipated under a nonconstruction award:

(i) Any revision which would result in the need for additional funding.

(ii) Unless waived by the awarding agency, cumulative transfers among direct cost categories, or, if applicable, among separately budgeted programs, projects, functions, or activities which exceed or are expected to exceed ten percent of the current total approved budget, whenever the awarding agency's share exceeds \$100,000.

(iii) Transfer of funds allotted for training allowances (i.e., from direct payments to trainees to other expense categories).

(2) Construction projects. Grantees and subgrantees shall obtain prior written approval for any budget revision which would result in the need for additional funds.

(3) Combined construction and nonconstruction projects. When a grant or subgrant provides funding for both construction and nonconstruction activities, the grantee or subgrantee must obtain prior written approval from the awarding agency before making any fund or budget transfer from nonconstruction to construction or vice versa.

(d) Programmatic changes. Grantees or subgrantees must obtain the prior approval of the awarding agency whenever any of the following actions is anticipated:

(1) Any revision of the scope or objectives of the project (regardless of whether there is an associated budget revision requiring prior approval).

(2) Need to extend the period of availability of funds.

(3) Changes in key persons in cases where specified in an application or a grant award. In research projects, a change in the project director or principal investigator shall always require approval unless waived by the awarding agency.

(4) Under nonconstruction projects, contracting out, subgranting (if authorized by law) or otherwise obtaining the services of a third party to perform activities which are central to the purposes of the award. This approval requirement is in addition to the approval requirements of Sec. 80.36 but does not apply to the procurement of equipment, supplies, and general support services.

(e) Additional prior approval requirements. The awarding agency may not require prior approval for any budget revision which is not described in paragraph (c) of this section.

(f) Requesting prior approval. (1) A request for prior approval of any budget revision will be in the same budget form the grantee used in its application and shall be accompanied by a narrative justification for the proposed revision.

(2) A request for a prior approval under the applicable Federal cost principles (see Sec. 80.22) may be made by letter.

(3) A request by a subgrantee for prior approval will be addressed in writing to the grantee. The grantee will promptly review such request and shall approve or disapprove the request in writing. A grantee will not approve any budget or project revision which is inconsistent with the purpose or terms and conditions of the Federal grant to the grantee. If the revision, requested by the subgrantee would result in a change to the grantee's approved project which requires Federal prior approval,

the grantee will obtain the Federal agency's approval before approving the subgrantee's request.

Sec. 80.31 Real property.

(a) Title. Subject to the obligations and conditions set forth in this section, title to real property acquired under a grant or subgrant will vest upon acquisition in the grantee or subgrantee respectively.

(b) Use. Except as otherwise provided by Federal statutes, real property will be used for the originally authorized purposes as long as needed for that purposes, and the grantee or subgrantee shall not dispose of or encumber its title or other interests.

(c) Disposition. When real property is no longer needed for the originally authorized purpose, the grantee or subgrantee will request disposition instructions from the awarding agency. The instructions will provide for one of the following alternatives:

(1) Retention of title. Retain title after compensating the awarding agency. The amount paid to the awarding agency will be computed by applying the awarding agency's percentage of participation in the cost of the original purchase to the fair market value of the property. However, in those situations where a grantee or subgrantee is disposing of real property acquired with grant funds and acquiring replacement real property under the same program, the net proceeds from the disposition may be used as an offset to the cost of the replacement property.

(2) Sale of property. Sell the property and compensate the awarding agency. The amount due to the awarding agency will be calculated by applying the awarding agency's percentage of participation in the cost of the original purchase to the proceeds of the sale after deduction of any actual and reasonable selling and fixing-up expenses. If the grant is still active, the net proceeds from sale may be offset against the original cost of the property. When a grantee or subgrantee is directed to sell property, sales procedures shall be followed that provide for competition to the extent practicable and result in the highest possible return.

(3) Transfer of title. Transfer title to the awarding agency or to a third-party designated/approved by the awarding agency. The grantee or subgrantee shall be paid an amount calculated by applying the grantee or subgrantee's percentage of participation in the purchase of the real property to the current fair market value of the property.

(d) The provisions of paragraph (c) of this section do not apply to disaster assistance under 20 U.S.C. 241-1(b)-(c) and the construction provisions of the Impact Aid Program, 20 U.S.C. 631-647.

Sec. 80.32 Equipment.

(a) Title. Subject to the obligations and conditions set forth in this section, title to equipment acquired under a grant or subgrant will vest upon acquisition in the grantee or subgrantee respectively.

(b) States. A State will use, manage, and dispose of equipment acquired under a grant by the State in accordance with State laws and procedures. Other grantees and subgrantees will follow paragraphs (c) through (e) of this section.

(c) Use. (1) Equipment shall be used by the grantee or subgrantee in the program or project for which it was acquired as long as needed, whether or not the project or program continues to be supported by Federal funds. When no longer needed for the original program or project, the equipment may be used in other activities currently or previously supported by a Federal agency.

(2) The grantee or subgrantee shall also make equipment available for use on other projects or programs currently or previously supported by the Federal Government, providing such use will not interfere with the work on the projects or program for which it was originally acquired. First preference for other use shall be given to other programs or projects supported by the awarding agency. User fees should be considered if appropriate.

(3) Notwithstanding the encouragement in Sec. 80.25(a) to earn program income, the grantee or subgrantee must not use equipment acquired with grant funds to provide services for a fee to compete unfairly with private companies that provide equivalent services, unless specifically permitted or contemplated by Federal statute.

(4) When acquiring replacement equipment, the grantee or subgrantee may use the equipment to be replaced as a trade-in or sell the property and use the proceeds to offset the cost of the replacement property, subject to the approval of the awarding agency.

(d) Management requirements. Procedures for managing equipment (including replacement equipment), whether acquired in whole or in part with grant funds, until disposition takes place will, as a minimum, meet the following requirements:

(1) Property records must be maintained that include a description of the property, a serial number or other identification number, the source of property, who holds title, the acquisition date, and cost of the property, percentage of Federal participation in the cost of the property, the location, use and condition of the property, and any ultimate disposition data including the date of disposal and sale price of the property.

(2) A physical inventory of the property must be taken and the results reconciled with the property records at least once every two years.

(3) A control system must be developed to ensure adequate safeguards to prevent loss, damage, or theft of the property. Any loss, damage, or theft shall be investigated.

(4) Adequate maintenance procedures must be developed to keep the property in good condition.

(5) If the grantee or subgrantee is authorized or required to sell the property, proper sales procedures must be established to ensure the highest possible return.

(e) Disposition. When original or replacement equipment acquired under a grant or subgrant is no longer needed for the original project or program or for other activities currently or previously supported by a Federal agency, disposition of the equipment will be made as follows:

(1) Items of equipment with a current per-unit fair market value of less than \$5,000 may be retained, sold or otherwise disposed of with no further obligation to the awarding agency.

(2) Items of equipment with a current per unit fair market value in excess of \$5,000 may be retained or sold and the awarding agency shall have a right to an amount calculated by multiplying the current market value or proceeds from sale by the awarding agency's share of the equipment.

(3) In cases where a grantee or subgrantee fails to take appropriate disposition actions, the awarding agency may direct the grantee or subgrantee to take excess and disposition actions.

(f) Federal equipment. In the event a grantee or subgrantee is provided federally-owned equipment:

(1) Title will remain vested in the Federal Government.

(2) Grantees or subgrantees will manage the equipment in accordance with Federal agency rules and procedures, and submit an annual inventory listing.

(3) When the equipment is no longer needed, the grantee or subgrantee will request disposition instructions from the Federal agency.

(g) Right to transfer title. The Federal awarding agency may reserve the right to transfer title to the Federal Government or a third party named by the awarding agency when such a third party is otherwise eligible under existing statutes. Such transfers shall be subject to the following standards:

(1) The property shall be identified in the grant or otherwise made known to the grantee in writing.

(2) The Federal awarding agency shall issue disposition instruction within 120 calendar days after the end of the Federal support of the project for which it was acquired. If the Federal awarding agency fails to issue disposition instructions within the 120 calendar-day period the grantee shall follow Sec. 80.32(e).

(3) When title to equipment is transferred, the grantee shall be paid an amount calculated by applying the percentage of participation in the purchase to the current fair market value of the property.

(h) The provisions of paragraphs (c), (d), (e), and (g) of this section do not apply to disaster assistance under 20 U.S.C. 241-1(b)-(c) and the construction provisions of the Impact Aid Program, 20 U.S.C. 631-647.

Sec. 80.33 Supplies.

(a) Title. Title to supplies acquired under a grant or subgrant will vest, upon acquisition, in the grantee or subgrantee respectively.

(b) Disposition. If there is a residual inventory of unused supplies exceeding \$5,000 in total aggregate fair market value upon termination or completion of the award, and if the supplies are not needed for any other federally sponsored programs or projects, the grantee or subgrantee shall compensate the awarding agency for its share.

(Authority: 20 U.S.C. 3474; OMB Circular A-102)

Sec. 80.34 Copyrights.

The Federal awarding agency reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use, for Federal Government purposes:

(a) The copyright in any work developed under a grant, subgrant, or contract under a grant or subgrant; and

(b) Any rights of copyright to which a grantee, subgrantee or a contractor purchases ownership with grant support.

(Authority: 20 U.S.C. 3474; OMB Circular A-102)

Sec. 80.35 Subawards to debarred and suspended parties.

Grantees and subgrantees must not make any award or permit any award (subgrant or contract) at any tier to any party which is debarred or suspended or is otherwise excluded from or ineligible for participation in Federal assistance programs under Executive Order 12549, "Debarment and Suspension."

(Authority: 20 U.S.C. 3474; OMB Circular A-102)

Sec. 80.36 Procurement.

(a) States. When procuring property and services under a grant, a State will follow the same policies and procedures it uses for procurements from its non-Federal funds. The State will ensure that every purchase order or other contract includes any clauses required by Federal statutes and executive orders and their implementing regulations. Other grantees and subgrantees will follow paragraphs (b) through (i) in this section.

(b) Procurement standards. (1) Grantees and subgrantees will use their own procurement procedures which reflect applicable State and local laws and regulations, provided that the procurements conform to applicable Federal law and the standards identified in this section.

(2) Grantees and subgrantees will maintain a contract administration system which ensures that contractors perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders.

(3) Grantees and subgrantees will maintain a written code of standards of conduct governing the performance of their employees

engaged in the award and administration of contracts. No employee, officer or agent of the grantee or subgrantee shall participate in selection, or in the award or administration of a contract supported by Federal funds if a conflict of interest, real or apparent, would be involved. Such a conflict would arise when:

- (i) The employee, officer or agent,
- (ii) Any member of his immediate family,
- (iii) His or her partner, or

(iv) An organization which employs, or is about to employ, any of the above, has a financial or other interest in the firm selected for award. The grantee's or subgrantee's officers, employees or agents will neither solicit nor accept gratuities, favors or anything of monetary value from contractors, potential contractors, or parties to subagreements. Grantee and subgrantees may set minimum rules where the financial interest is not substantial or the gift is an unsolicited item of nominal intrinsic value. To the extent permitted by State or local law or regulations, such standards or conduct will provide for penalties, sanctions, or other disciplinary actions for violations of such standards by the grantee's and subgrantee's officers, employees, or agents, or by contractors or their agents. The awarding agency may in regulation provide additional prohibitions relative to real, apparent, or potential conflicts of interest.

(4) Grantee and subgrantee procedures will provide for a review of proposed procurements to avoid purchase of unnecessary or duplicative items. Consideration should be given to consolidating or breaking out procurements to obtain a more economical purchase. Where appropriate, an analysis will be made of lease versus purchase alternatives, and any other appropriate analysis to determine the most economical approach.

(5) To foster greater economy and efficiency, grantees and subgrantees are encouraged to enter into State and local intergovernmental agreements for procurement or use of common goods and services.

(6) Grantees and subgrantees are encouraged to use Federal excess and surplus property in lieu of purchasing new equipment and property whenever such use is feasible and reduces project costs.

(7) Grantees and subgrantees are encouraged to use value engineering clauses in contracts for construction projects of sufficient size to offer reasonable opportunities for cost reductions. Value engineering is a systematic and creative analysis of each contract item or task to ensure that its essential function is provided at the overall lower cost.

(8) Grantees and subgrantees will make awards only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.

(9) Grantees and subgrantees will maintain records sufficient to detail the significant history of a procurement. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, and the basis for the contract price.

(10) Grantees and subgrantees will use time and material type contracts only:

(i) After a determination that no other contract is suitable, and
(ii) If the contract includes a ceiling price that the contractor exceeds at its own risk.

(11) Grantees and subgrantees alone will be responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to source evaluation, protests, disputes, and claims. These standards do not relieve the grantee or subgrantee of any contractual responsibilities under its contracts. Federal agencies will not substitute their judgment for that of the grantee or subgrantee unless the matter is primarily a Federal concern. Violations of law will be referred to the local, State, or Federal authority having proper jurisdiction.

(12) Grantees and subgrantees will have protest procedures to handle and resolve disputes relating to their procurements and shall in all instances disclose information regarding the protest to the awarding agency. A protestor must exhaust all administrative remedies with the grantee and subgrantee before pursuing a protest with the Federal agency. Reviews of protests by the Federal agency will be limited to:

(i) Violations of Federal law or regulations and the standards of this section (violations of State or local law will be under the jurisdiction of State or local authorities) and

(ii) Violations of the grantee's or subgrantee's protest procedures for failure to review a complaint or protest. Protests received by the Federal agency other than those specified above will be referred to the grantee or subgrantee.

(c) Competition. (1) All procurement transactions will be conducted in a manner providing full and open competition consistent with the standards of Sec. 80.36. Some of the situations considered to be restrictive of competition include but are not limited to:

(i) Placing unreasonable requirements on firms in order for them to qualify to do business,

(ii) Requiring unnecessary experience and excessive bonding,

(iii) Noncompetitive pricing practices between firms or between affiliated companies,

(iv) Noncompetitive awards to consultants that are on retainer contracts,

(v) Organizational conflicts of interest,

(vi) Specifying only a ``brand name'' product instead of allowing ``an equal'' product to be offered and describing the performance of other relevant requirements of the procurement, and

(vii) Any arbitrary action in the procurement process.

(2) Grantees and subgrantees will conduct procurements in a manner that prohibits the use of statutorily or administratively imposed in-State or local geographical preferences in the evaluation of bids or proposals, except in those cases where applicable Federal statutes expressly mandate or encourage geographic preference. Nothing in this section preempts State licensing laws. When contracting for architectural and engineering (A/E) services, geographic location may be a selection criteria provided its application leaves an appropriate number of qualified firms, given the nature and size of the project, to compete for the contract.

(3) Grantees will have written selection procedures for procurement

transactions. These procedures will ensure that all solicitations:

(i) Incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description shall not, in competitive procurements, contain features which unduly restrict competition. The description may include a statement of the qualitative nature of the material, product or service to be procured, and when necessary, shall set forth those minimum essential characteristics and standards to which it must conform if it is to satisfy its intended use. Detailed product specifications should be avoided if at all possible. When it is impractical or uneconomical to make a clear and accurate description of the technical requirements, a "brand name or equal" description may be used as a means to define the performance or other salient requirements of a procurement. The specific features of the named brand which must be met by offerors shall be clearly stated; and

(ii) Identify all requirements which the offerors must fulfill and all other factors to be used in evaluating bids or proposals.

(4) Grantees and subgrantees will ensure that all prequalified lists of persons, firms, or products which are used in acquiring goods and services are current and include enough qualified sources to ensure maximum open and free competition. Also, grantees and subgrantees will not preclude potential bidders from qualifying during the solicitation period.

(d) Methods of procurement to be followed--(1) Procurement by small purchase procedures. Small purchase procedures are those relatively simple and informal procurement methods for securing services, supplies, or other property that do not cost more than the simplified acquisition threshold fixed at 41 U.S.C. 403(11) (currently set at \$100,000). If small purchase procedures are used, price or rate quotations shall be obtained from an adequate number of qualified sources.

(2) Procurement by sealed bids (formal advertising). Bids are publicly solicited and a firm-fixed-price contract (lump sum or unit price) is awarded to the responsible bidder whose bid, conforming with all the material terms and conditions of the invitation for bids, is the lowest in price. The sealed bid method is the preferred method for procuring construction, if the conditions in Sec. 80.36(d)(2)(i) apply.

(i) In order for sealed bidding to be feasible, the following conditions should be present:

(A) A complete, adequate, and realistic specification or purchase description is available;

(B) Two or more responsible bidders are willing and able to compete effectively and for the business; and

(C) The procurement lends itself to a firm fixed price contract and the selection of the successful bidder can be made principally on the basis of price.

(ii) If sealed bids are used, the following requirements apply:

(A) The invitation for bids will be publicly advertised and bids shall be solicited from an adequate number of known suppliers, providing them sufficient time prior to the date set for opening the bids;

(B) The invitation for bids, which will include any specifications and pertinent attachments, shall define the items or services in order for the bidder to properly respond;

(C) All bids will be publicly opened at the time and place prescribed in the invitation for bids;

(D) A firm fixed-price contract award will be made in writing to the lowest responsive and responsible bidder. Where specified in bidding documents, factors such as discounts, transportation cost, and life cycle costs shall be considered in determining which bid is lowest. Payment discounts will only be used to determine the low bid when prior experience indicates that such discounts are usually taken advantage of; and

(E) Any or all bids may be rejected if there is a sound documented reason.

(3) Procurement by competitive proposals. The technique of competitive proposals is normally conducted with more than one source submitting an offer, and either a fixed-price or cost-reimbursement type contract is awarded. It is generally used when conditions are not appropriate for the use of sealed bids. If this method is used, the following requirements apply:

(i) Requests for proposals will be publicized and identify all evaluation factors and their relative importance. Any response to publicized requests for proposals shall be honored to the maximum extent practical;

(ii) Proposals will be solicited from an adequate number of qualified sources;

(iii) Grantees and subgrantees will have a method for conducting technical evaluations of the proposals received and for selecting awardees;

(iv) Awards will be made to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered; and

(v) Grantees and subgrantees may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used in procurement of A/E professional services. It cannot be used to purchase other types of services though A/E firms are a potential source to perform the proposed effort.

(4) Procurement by noncompetitive proposals is procurement through solicitation of a proposal from only one source, or after solicitation of a number of sources, competition is determined inadequate.

(i) Procurement by noncompetitive proposals may be used only when the award of a contract is infeasible under small purchase procedures, sealed bids or competitive proposals and one of the following circumstances applies:

(A) The item is available only from a single source;

(B) The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation;

(C) The awarding agency authorizes noncompetitive proposals; or

(D) After solicitation of a number of sources, competition is determined inadequate.

(ii) Cost analysis, i.e., verifying the proposed cost data, the projections of the data, and the evaluation of the specific elements of costs and profits, is required.

(iii) Grantees and subgrantees may be required to submit the proposed procurement to the awarding agency for pre-award review in accordance with paragraph (g) of this section.

(e) Contracting with small and minority firms, women's business enterprise and labor surplus area firms. (1) The grantee and subgrantee will take all necessary affirmative steps to assure that minority firms, women's business enterprises, and labor surplus area firms are used when possible.

(2) Affirmative steps shall include:

(i) Placing qualified small and minority businesses and women's business enterprises on solicitation lists;

(ii) Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;

(iii) Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority business, and women's business enterprises;

(iv) Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority business, and women's business enterprises;

(v) Using the services and assistance of the Small Business Administration, and the Minority Business Development Agency of the Department of Commerce; and

(vi) Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in paragraphs (e)(2) (i) through (v) of this section.

(f) Contract cost and price. (1) Grantees and subgrantees must perform a cost or price analysis in connection with every procurement action including contract modifications. The method and degree of analysis is dependent on the facts surrounding the particular procurement situation, but as a starting point, grantees must make independent estimates before receiving bids or proposals. A cost analysis must be performed when the offeror is required to submit the elements of his estimated cost, e.g., under professional, consulting, and architectural engineering services contracts. A cost analysis will be necessary when adequate price competition is lacking, and for sole source procurements, including contract modifications or change orders, unless price reasonableness can be established on the basis of a catalog or market price of a commercial product sold in substantial quantities to the general public or based on prices set by law or regulation. A price analysis will be used in all other instances to determine the reasonableness of the proposed contract price.

(2) Grantees and subgrantees will negotiate profit as a separate element of the price for each contract in which there is no price competition and in all cases where cost analysis is performed. To establish a fair and reasonable profit, consideration will be given to the complexity of the work to be performed, the risk borne by the contractor, the contractor's investment, the amount of subcontracting, the quality of its record of past performance, and industry profit rates in the surrounding geographical area for similar work.

(3) Costs or prices based on estimated costs for contracts under grants will be allowable only to the extent that costs incurred or cost estimates included in negotiated prices are consistent with Federal cost principles (see Sec. 80.22). Grantees may reference their own cost principles that comply with the applicable Federal cost principles.

(4) The cost plus a percentage of cost and percentage of construction cost methods of contracting shall not be used.

(g) Awarding agency review. (1) Grantees and subgrantees must make

available, upon request of the awarding agency, technical specifications on proposed procurements where the awarding agency believes such review is needed to ensure that the item and/or service specified is the one being proposed for purchase. This review generally will take place prior to the time the specification is incorporated into a solicitation document. However, if the grantee or subgrantee desires to have the review accomplished after a solicitation has been developed, the awarding agency may still review the specifications, with such review usually limited to the technical aspects of the proposed purchase.

(2) Grantees and subgrantees must on request make available for awarding agency pre-award review procurement documents, such as requests for proposals or invitations for bids, independent cost estimates, etc. when:

(i) A grantee's or subgrantee's procurement procedures or operation fails to comply with the procurement standards in this section; or

(ii) The procurement is expected to exceed the simplified acquisition threshold and is to be awarded without competition or only one bid or offer is received in response to a solicitation; or

(iii) The procurement, which is expected to exceed the simplified acquisition threshold, specifies a ``brand name'' product; or

(iv) The proposed award is more than the simplified acquisition threshold and is to be awarded to other than the apparent low bidder under a sealed bid procurement; or

(v) A proposed contract modification changes the scope of a contract or increases the contract amount by more than the simplified acquisition threshold.

(3) A grantee or subgrantee will be exempt from the pre-award review in paragraph (g)(2) of this section if the awarding agency determines that its procurement systems comply with the standards of this section.

(i) A grantee or subgrantee may request that its procurement system be reviewed by the awarding agency to determine whether its system meets these standards in order for its system to be certified. Generally, these reviews shall occur where there is a continuous high-dollar funding, and third-party contracts are awarded on a regular basis.

(ii) A grantee or subgrantee may self-certify its procurement system. Such self-certification shall not limit the awarding agency's right to survey the system. Under a self-certification procedure, awarding agencies may wish to rely on written assurances from the grantee or subgrantee that it is complying with these standards. A grantee or subgrantee will cite specific procedures, regulations, standards, etc., as being in compliance with these requirements and have its system available for review.

(h) Bonding requirements. For construction or facility improvement contracts or subcontracts exceeding the simplified acquisition threshold, the awarding agency may accept the bonding policy and requirements of the grantee or subgrantee provided the awarding agency has made a determination that the awarding agency's interest is adequately protected. If such a determination has not been made, the minimum requirements shall be as follows:

(1) A bid guarantee from each bidder equivalent to five percent of the bid price. The ``bid guarantee'' shall consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder will, upon acceptance of his bid, execute such contractual documents as may be required within

the time specified.

(2) A performance bond on the part of the contractor for 100 percent of the contract price. A ``performance bond'' is one executed in connection with a contract to secure fulfillment of all the contractor's obligations under such contract.

(i) Contract provisions. A grantee's and subgrantee's contracts must contain provisions in paragraph (i) of this section. Federal agencies are permitted to require changes, remedies, changed conditions, access and records retention, suspension of work, and other clauses approved by the Office of Federal Procurement Policy.

(1) Administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as may be appropriate. (Contracts more than the simplified acquisition threshold)

(2) Termination for cause and for convenience by the grantee or subgrantee including the manner by which it will be effected and the basis for settlement. (All contracts in excess of \$10,000)

Effective Date Note: At 69 FR 31711, June 4, 2004, Sec. 80.36 was amended by adding new paragraph (j), effective July 6, 2004. For the convenience of the user, the added text is set forth as follows:

Sec. 80.36 Procurement.

* * * * *

(j) Contracting with faith-based organizations. (1)(i) A faith-based organization is eligible to contract with grantees and subgrantees, including States, on the same basis as any other private organization, with respect to contracts for which such other organizations are eligible.

(ii) In the selection of goods and services providers, grantees and subgrantees, including States, shall not discriminate for or against a private organization on the basis of the organization's religious character or affiliation.

(2) The provisions of Sec. 75.532 and 76.532 applicable to grantees and subgrantees apply to a faith-based organization that contracts with a grantee or subgrantee, including a State, unless the faith-based organization is selected as a result of the genuine and independent private choices of individual beneficiaries of the program and provided the organization otherwise satisfies the requirements of the program.

(3) A private organization that engages in inherently religious activities, such as religious worship, instruction, or proselytization, must offer those services separately in time or location from any programs or services supported by a contract with a grantee or subgrantee, including a State, and participation in any such inherently religious activities by beneficiaries of the programs supported by the contract must be voluntary, unless the organization is selected as a result of the genuine and independent private choices of individual beneficiaries of the program and provided the organization otherwise

satisfies the requirements of the program.

(4) (i) A faith-based organization that contracts with a grantee or subgrantee, including a State, may retain its independence, autonomy, right of expression, religious character, and authority over its governance.

(ii) A faith-based organization may, among other things--

(A) Retain religious terms in its name;

(B) Continue to carry out its mission, including the definition, development, practice, and expression of its religious beliefs;

(C) Use its facilities to provide services without removing or altering religious art, icons, scriptures, or other symbols from these facilities;

(D) Select its board members and otherwise govern itself on a religious basis; and

(E) Include religious references in its mission statement and other chartering or governing documents.

(5) A private organization that contracts with a grantee or subgrantee, including a State, shall not discriminate against a beneficiary or prospective beneficiary in the provision of program services on the basis of religion or religious belief.

(6) A religious organization's exemption from the Federal prohibition on employment discrimination on the basis of religion, in section 702(a) of the Civil Rights Act of 1964, 42 U.S.C. 2000e-1, is not forfeited when the organization contracts with a grantee or subgrantee.

Sec. 80.37 Subgrants.

(a) States. States shall follow state law and procedures when awarding and administering subgrants (whether on a cost reimbursement or fixed amount basis) of financial assistance to local and Indian tribal governments. States shall:

(1) Ensure that every subgrant includes any clauses required by Federal statute and executive orders and their implementing regulations;

(2) Ensure that subgrantees are aware of requirements imposed upon them by Federal statute and regulation;

(3) Ensure that a provision for compliance with Sec. 80.42 is placed in every cost reimbursement subgrant; and

(4) Conform any advances of grant funds to subgrantees substantially to the same standards of timing and amount that apply to cash advances by Federal agencies.

(b) All other grantees. All other grantees shall follow the provisions of this part which are applicable to awarding agencies when awarding and administering subgrants (whether on a cost reimbursement or fixed amount basis) of financial assistance to local and Indian tribal governments. Grantees shall:

(1) Ensure that every subgrant includes a provision for compliance with this part;

(2) Ensure that every subgrant includes any clauses required by Federal statute and executive orders and their implementing regulations; and

(3) Ensure that subgrantees are aware of requirements imposed upon them by Federal statutes and regulations.

(c) Exceptions. By their own terms, certain provisions of this part

do not apply to the award and administration of subgrants:

- (1) Section 80.10;
- (2) Section 80.11;
- (3) The letter-of-credit procedures specified in Treasury Regulations at 31 CFR part 205, cited in Sec. 80.21; and
- (4) Section 80.50.

(Authority: 20 U.S.C. 3474; OMB Circular A-102)

Reports, Records Retention, and Enforcement

Sec. 80.40 Monitoring and reporting program performance.

(a) Monitoring by grantees. Grantees are responsible for managing the day-to-day operations of grant and subgrant supported activities. Grantees must monitor grant and subgrant supported activities to assure compliance with applicable Federal requirements and that performance goals are being achieved. Grantee monitoring must cover each program, function or activity.

(b) Nonconstruction performance reports. The Federal agency may, if it decides that performance information available from subsequent applications contains sufficient information to meet its programmatic needs, require the grantee to submit a performance report only upon expiration or termination of grant support. Unless waived by the Federal agency this report will be due on the same date as the final Financial Status Report.

(1) Grantees shall submit annual performance reports unless the awarding agency requires quarterly or semi-annual reports. However, performance reports will not be required more frequently than quarterly. Annual reports shall be due 90 days after the grant year, quarterly or semi-annual reports shall be due 30 days after the reporting period. The final performance report will be due 90 days after the expiration or termination of grant support. If a justified request is submitted by a grantee, the Federal agency may extend the due date for any performance report. Additionally, requirements for unnecessary performance reports may be waived by the Federal agency.

(2) Performance reports will contain, for each grant, brief information on the following:

(i) A comparison of actual accomplishments to the objectives established for the period. Where the output of the project can be quantified, a computation of the cost per unit of output may be required if that information will be useful.

(ii) The reasons for slippage if established objectives were not met.

(iii) Additional pertinent information including, when appropriate, analysis and explanation of cost overruns or high unit costs.

(3) Grantees will not be required to submit more than the original and two copies of performance reports.

(4) Grantees will adhere to the standards in this section in prescribing performance reporting requirements for subgrantees.

(c) Construction performance reports. For the most part, on-site technical inspections and certified percentage-of-completion data are relied on heavily by Federal agencies to monitor progress under construction grants and subgrants. The Federal agency will require

additional formal performance reports only when considered necessary, and never more frequently than quarterly.

(d) Significant developments. Events may occur between the scheduled performance reporting dates which have significant impact upon the grant or subgrant supported activity. In such cases, the grantee must inform the Federal agency as soon as the following types of conditions become known:

(1) Problems, delays, or adverse conditions which will materially impair the ability to meet the objective of the award. This disclosure must include a statement of the action taken, or contemplated, and any assistance needed to resolve the situation.

(2) Favorable developments which enable meeting time schedules and objectives sooner or at less cost than anticipated or producing more beneficial results than originally planned.

(e) Federal agencies may make site visits as warranted by program needs.

(f) Waivers, extensions. (1) Federal agencies may waive any performance report required by this part if not needed.

(2) The grantee may waive any performance report from a subgrantee when not needed. The grantee may extend the due date for any performance report from a subgrantee if the grantee will still be able to meet its performance reporting obligations to the Federal agency.

[53 FR 8071 and 8087, Mar. 11, 1988, as amended at 53 FR 49143, Dec. 6, 1988]

Sec. 80.41 Financial reporting.

(a) General. (1) Except as provided in paragraphs (a) (2) and (5) of this section, grantees will use only the forms specified in paragraphs (a) through (e) of this section, and such supplementary or other forms as may from time to time be authorized by OMB, for:

- (i) Submitting financial reports to Federal agencies, or
- (ii) Requesting advances or reimbursements when letters of credit are not used.

(2) Grantees need not apply the forms prescribed in this section in dealing with their subgrantees. However, grantees shall not impose more burdensome requirements on subgrantees.

(3) Grantees shall follow all applicable standard and supplemental Federal agency instructions approved by OMB to the extent required under the Paperwork Reduction Act of 1980 for use in connection with forms specified in paragraphs (b) through (e) of this section. Federal agencies may issue substantive supplementary instructions only with the approval of OMB. Federal agencies may shade out or instruct the grantee to disregard any line item that the Federal agency finds unnecessary for its decisionmaking purposes.

(4) Grantees will not be required to submit more than the original and two copies of forms required under this part.

(5) Federal agencies may provide computer outputs to grantees to

expedite or contribute to the accuracy of reporting. Federal agencies may accept the required information from grantees in machine usable format or computer printouts instead of prescribed forms.

(6) Federal agencies may waive any report required by this section if not needed.

(7) Federal agencies may extend the due date of any financial report upon receiving a justified request from a grantee.

(b) Financial Status Report--(1) Form. Grantees will use Standard Form 269 or 269A, Financial Status Report, to report the status of funds for all nonconstruction grants and for construction grants when required in accordance with Sec. 80.41(e)(2)(iii).

(2) Accounting basis. Each grantee will report program outlays and program income on a cash or accrual basis as prescribed by the awarding agency. If the Federal agency requires accrual information and the grantee's accounting records are not normally kept on the accrual basis, the grantee shall not be required to convert its accounting system but shall develop such accrual information through an analysis of the documentation on hand.

(3) Frequency. The Federal agency may prescribe the frequency of the report for each project or program. However, the report will not be required more frequently than quarterly. If the Federal agency does not specify the frequency of the report, it will be submitted annually. A final report will be required upon expiration or termination of grant support.

(4) Due date. When reports are required on a quarterly or semiannual basis, they will be due 30 days after the reporting period. When required on an annual basis, they will be due 90 days after the grant year. Final reports will be due 90 days after the expiration or termination of grant support.

(c) Federal Cash Transactions Report--(1) Form. (i) For grants paid by letter or credit, Treasury check advances or electronic transfer of funds, the grantee will submit the Standard Form 272, Federal Cash Transactions Report, and when necessary, its continuation sheet, Standard Form 272a, unless the terms of the award exempt the grantee from this requirement.

(ii) These reports will be used by the Federal agency to monitor cash advanced to grantees and to obtain disbursement or outlay information for each grant from grantees. The format of the report may be adapted as appropriate when reporting is to be accomplished with the assistance of automatic data processing equipment provided that the information to be submitted is not changed in substance.

(2) Forecasts of Federal cash requirements. Forecasts of Federal cash requirements may be required in the ``Remarks'' section of the report.

(3) Cash in hands of subgrantees. When considered necessary and feasible by the Federal agency, grantees may be required to report the amount of cash advances in excess of three days' needs in the hands of their subgrantees or contractors and to provide short narrative explanations of actions taken by the grantee to reduce the excess balances.

(4) Frequency and due date. Grantees must submit the report no later than 15 working days following the end of each quarter. However, where an advance either by letter of credit or electronic transfer of funds is authorized at an annualized rate of one million dollars or more, the

Federal agency may require the report to be submitted within 15 working days following the end of each month.

(d) Request for advance or reimbursement--(1) Advance payments. Requests for Treasury check advance payments will be submitted on Standard Form 270, Request for Advance or Reimbursement. (This form will not be used for drawdowns under a letter of credit, electronic funds transfer or when Treasury check advance payments are made to the grantee automatically on a predetermined basis.)

(2) Reimbursements. Requests for reimbursement under nonconstruction grants will also be submitted on Standard Form 270. (For reimbursement requests under construction grants, see paragraph (e)(1) of this section.)

(3) The frequency for submitting payment requests is treated in Sec. 80.41(b)(3).

(e) Outlay report and request for reimbursement for construction programs--(1) Grants that support construction activities paid by reimbursement method. (i) Requests for reimbursement under construction grants will be submitted on Standard Form 271, Outlay Report and Request for Reimbursement for Construction Programs. Federal agencies may, however, prescribe the Request for Advance or Reimbursement form, specified in Sec. 80.41(d), instead of this form.

(ii) The frequency for submitting reimbursement requests is treated in Sec. 80.41(b)(3).

(2) Grants that support construction activities paid by letter of credit, electronic funds transfer or Treasury check advance. (i) When a construction grant is paid by letter of credit, electronic funds transfer or Treasury check advances, the grantee will report its outlays to the Federal agency using Standard Form 271, Outlay Report and Request for Reimbursement for Construction Programs. The Federal agency will provide any necessary special instruction. However, frequency and due date shall be governed by Sec. 80.41(b)(3) and (4).

(ii) When a construction grant is paid by Treasury check advances based on periodic requests from the grantee, the advances will be requested on the form specified in Sec. 80.41(d).

(iii) The Federal agency may substitute the Financial Status Report specified in Sec. 80.41(b) for the Outlay Report and Request for Reimbursement for Construction Programs.

(3) Accounting basis. The accounting basis for the Outlay Report and Request for Reimbursement for Construction Programs shall be governed by Sec. 80.41(b)(2).

[53 FR 8071 and 8087, Mar. 11, 1988, as amended at 53 FR 49143, Dec. 6, 1988]

Sec. 80.42 Retention and access requirements for records.

(a) Applicability. (1) This section applies to all financial and programmatic records, supporting documents, statistical records, and other records of grantees or subgrantees which are:

(i) Required to be maintained by the terms of this part, program regulations or the grant agreement, or

(ii) Otherwise reasonably considered as pertinent to program regulations or the grant agreement.

(2) This section does not apply to records maintained by contractors or subcontractors. For a requirement to place a provision concerning records in certain kinds of contracts, see Sec. 80.36(i)(10).

(b) Length of retention period. (1) Except as otherwise provided, records must be retained for three years from the starting date specified in paragraph (c) of this section.

(2) If any litigation, claim, negotiation, audit or other action involving the records has been started before the expiration of the 3-year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

(3) To avoid duplicate recordkeeping, awarding agencies may make special arrangements with grantees and subgrantees to retain any records which are continuously needed for joint use. The awarding agency will request transfer of records to its custody when it determines that the records possess long-term retention value. When the records are transferred to or maintained by the Federal agency, the 3-year retention requirement is not applicable to the grantee or subgrantee.

(4) A recipient that receives funds under a program subject to 20 U.S.C. 1232f (section 437 of the General Education Provisions Act) shall retain records for a minimum of three years after the starting date specified in paragraph (c) of this section.

(c) Starting date of retention period--(1) General. When grant support is continued or renewed at annual or other intervals, the retention period for the records of each funding period starts on the day the grantee or subgrantee submits to the awarding agency its single or last expenditure report for that period. However, if grant support is continued or renewed quarterly, the retention period for each year's records starts on the day the grantee submits its expenditure report for the last quarter of the Federal fiscal year. In all other cases, the retention period starts on the day the grantee submits its final expenditure report. If an expenditure report has been waived, the retention period starts on the day the report would have been due.

(2) Real property and equipment records. The retention period for real property and equipment records starts from the date of the disposition or replacement or transfer at the direction of the awarding agency.

(3) Records for income transactions after grant or subgrant support. In some cases grantees must report income after the period of grant support. Where there is such a requirement, the retention period for the records pertaining to the earning of the income starts from the end of the grantee's fiscal year in which the income is earned.

(4) Indirect cost rate proposals, cost allocations plans, etc. This paragraph applies to the following types of documents, and their supporting records: indirect cost rate computations or proposals, cost allocation plans, and any similar accounting computations of the rate at which a particular group of costs is chargeable (such as computer usage chargeback rates or composite fringe benefit rates).

(i) If submitted for negotiation. If the proposal, plan, or other computation is required to be submitted to the Federal Government (or to

the grantee) to form the basis for negotiation of the rate, then the 3-year retention period for its supporting records starts from the date of such submission.

(ii) If not submitted for negotiation. If the proposal, plan, or other computation is not required to be submitted to the Federal Government (or to the grantee) for negotiation purposes, then the 3-year retention period for the proposal plan, or computation and its supporting records starts from end of the fiscal year (or other accounting period) covered by the proposal, plan, or other computation.

(d) Substitution of microfilm. Copies made by microfilming, photocopying, or similar methods may be substituted for the original records.

(e) Access to records--(1) Records of grantees and subgrantees. The awarding agency and the Comptroller General of the United States, or any of their authorized representatives, shall have the right of access to any pertinent books, documents, papers, or other records of grantees and subgrantees which are pertinent to the grant, in order to make audits, examinations, excerpts, and transcripts.

(2) Expiration of right of access. The rights of access in this section must not be limited to the required retention period but shall last as long as the records are retained.

(f) Restrictions on public access. The Federal Freedom of Information Act (5 U.S.C. 552) does not apply to records Unless required by Federal, State, or local law, grantees and subgrantees are not required to permit public access to their records.

Sec. 80.43 Enforcement.

(a) Remedies for noncompliance. If a grantee or subgrantee materially fails to comply with any term of an award, whether stated in a Federal statute or regulation, an assurance, in a State plan or application, a notice of award, or elsewhere, the awarding agency may take one or more of the following actions, as appropriate in the circumstances:

(1) Temporarily withhold cash payments pending correction of the deficiency by the grantee or subgrantee or more severe enforcement action by the awarding agency,

(2) Disallow (that is, deny both use of funds and matching credit for) all or part of the cost of the activity or action not in compliance,

(3) Wholly or partly suspend or terminate the current award for the grantee's or subgrantee's program,

(4) Withhold further awards for the program, or

(5) Take other remedies that may be legally available.

(b) Hearings, appeals. In taking an enforcement action, the awarding agency will provide the grantee or subgrantee an opportunity for such

hearing, appeal, or other administrative proceeding to which the grantee or subgrantee is entitled under any statute or regulation applicable to the action involved.

(c) Effects of suspension and termination. Costs of grantee or subgrantee resulting from obligations incurred by the grantee or subgrantee during a suspension or after termination of an award are not allowable unless the awarding agency expressly authorizes them in the notice of suspension or termination or subsequently. Other grantee or subgrantee costs during suspension or after termination which are necessary and not reasonably avoidable are allowable if:

(1) The costs result from obligations which were properly incurred by the grantee or subgrantee before the effective date of suspension or termination, are not in anticipation of it, and, in the case of a termination, are noncancellable, and,

(2) The costs would be allowable if the award were not suspended or expired normally at the end of the funding period in which the termination takes effect.

(d) Relationship to debarment and suspension. The enforcement remedies identified in this section, including suspension and termination, do not preclude grantee or subgrantee from being subject to 'Debarment and Suspension' under E.O. 12549 (see Sec. 80.35).

(Authority: 20 U.S.C. 3474; OMB Circular A-102)

Sec. 80.44 Termination for convenience.

Except as provided in Sec. 80.43 awards may be terminated in whole or in part only as follows:

(a) By the awarding agency with the consent of the grantee or subgrantee in which case the two parties shall agree upon the termination conditions, including the effective date and in the case of partial termination, the portion to be terminated, or

(b) By the grantee or subgrantee upon written notification to the awarding agency, setting forth the reasons for such termination, the effective date, and in the case of partial termination, the portion to be terminated. However, if, in the case of a partial termination, the awarding agency determines that the remaining portion of the award will not accomplish the purposes for which the award was made, the awarding agency may terminate the award in its entirety under either Sec. 80.43 or paragraph (a) of this section.

Subpart D After-the-Grant Requirements

Sec. 80.50 Closeout.

(a) General. The Federal agency will close out the award when it determines that all applicable administrative actions and all required work of the grant has been completed.

(b) Reports. Within 90 days after the expiration or termination of the grant, the grantee must submit all financial, performance, and other

reports required as a condition of the grant. Upon request by the grantee, Federal agencies may extend this timeframe. These may include but are not limited to:

- (1) Final performance or progress report.
- (2) Financial Status Report (SF 269) or Outlay Report and Request for Reimbursement for Construction Programs (SF-271) (as applicable).
- (3) Final request for payment (SF-270) (if applicable).
- (4) Invention disclosure (if applicable).
- (5) Federally-owned property report. In accordance with Sec. 80.32(f), a grantee must submit an inventory of all federally owned property (as distinct from property acquired with grant funds) for which it is accountable and request disposition instructions from the Federal agency of property no longer needed.

(c) Cost adjustment. The Federal agency will, within 90 days after receipt of reports in paragraph (b) of this section, make upward or downward adjustments to the allowable costs.

(d) Cash adjustments. (1) The Federal agency will make prompt payment to the grantee for allowable reimbursable costs.

(2) The grantee must immediately refund to the Federal agency any balance of unobligated (unencumbered) cash advanced that is not authorized to be retained for use on other grants.

Sec. 80.51 Later disallowances and adjustments.

The closeout of a grant does not affect:

- (a) The Federal agency's right to disallow costs and recover funds on the basis of a later audit or other review;
 - (b) The grantee's obligation to return any funds due as a result of later refunds, corrections, or other transactions;
 - (c) Records retention as required in Sec. 80.42;
 - (d) Property management requirements in Sec. Sec. 80.31 and 80.32;

Sec. 80.52 Collection of amounts due.

(a) Any funds paid to a grantee in excess of the amount to which the grantee is finally determined to be entitled under the terms of the award constitute a debt to the Federal Government. If not paid within a reasonable period after demand, the Federal agency may reduce the debt by:

- (1) Making an administrative offset against other requests for reimbursements,
- (2) Withholding advance payments otherwise due to the grantee, or

(3) Other action permitted by law.

(b) Except where otherwise provided by statutes or regulations, the Federal agency will charge interest on an overdue debt in accordance with the Federal Claims Collection Standards (4 CFR Ch. II). The date from which interest is computed is not extended by litigation or the filing of any form of appeal.

(c) An ALJ is disqualified in any case in which the ALJ has a substantial interest, has been of counsel, is or has been a material witness, or is so related to or connected with any party or the party's attorney as to make it improper for the ALJ to be assigned to the case.

(d) (1) An ALJ may disqualify himself or herself at any time on the basis of the standards in paragraph (c) of this section.

(2) A party may file a motion to disqualify an ALJ under the standards in paragraph (c) of this section. (1) The ALJ determines, after reviewing all appropriate submissions, that an evidentiary hearing is needed to resolve a material factual issue in dispute; or

(2) The ALJ determines, after reviewing all appropriate submissions, that oral argument is needed to clarify the issues in the case.

(c) At a party's request, the ALJ shall confer with the parties in person or by conference telephone call before determining whether an evidentiary hearing or an oral argument is needed.

Authority: 5 U.S.C. 556(d); 20 U.S.C. 1221e-3, 1234(f) (1), and 3474)

(3) State how the applicant's participation would aid in the disposition of the case; and

(4) State how the applicant seeks to participate.

(b) The ALJ may permit an applicant to participate if the ALJ determines that the applicant's participation--

(1) Will aid in the disposition of the case;

(2) Will not unduly delay the proceedings; and

(3) Will not prejudice the adjudication of the parties' rights.

(c) If the ALJ permits an applicant to participate, the ALJ permits the applicant to file briefs.

(d)(1) In addition to the participation described in paragraph (c) of this section, the ALJ may permit the applicant to participate in any or all of the following ways:

(Authority: 5 U.S.C. 554(b); 20 U.S.C. 1221e-3, 1234(f)(1), and 3474(a))

Sec. 81.10 Ex parte communications.

A party to, or other participant in, a case may not communicate with an ALJ on any fact in issue in the case or on any matter relevant to the merits of the case unless the parties are given notice and an opportunity to participate.

(Authority: 5 U.S.C. 554(d)(1), 557(d)(1)(A); 20 U.S.C. 1221e-3, 1234(f)(1), and 3474(a))

Sec. 81.11 Motions.

(a) To obtain an order or a ruling from an ALJ, a party shall make a motion to the ALJ.

(b) Except for a request for an extension of time, a motion must be made in writing unless the parties appear in person or participate in a conference telephone call. The ALJ may require a party to reduce an oral motion to writing.

(c) If a party files a motion, the party shall serve a copy of the motion on the other party on the filing date by hand-delivery or by mail. If agreed upon by the parties, service of the motion may be made upon the other party by facsimile transmission.

(d) Except for a request for an extension of time, the ALJ may not grant a party's written motion without the consent of the other party unless the other party has had at least 21 days from the date of service of the motion to respond. However, the ALJ may deny a motion without awaiting a response.

(e) The date of service of a motion is determined by the standards for determining a filing date in Sec. 81.12(d).

(a) Any written submission to an ALJ or the OALJ under this part must be filed by hand-delivery, by mail, or by facsimile transmission. The Secretary discourages the use of facsimile transmission for documents longer than five pages.

(b) If a party files a brief or other document with an ALJ or the OALJ, the party shall serve a copy of the filed material on the other party on the filing date by hand-delivery or by mail. If agreed upon by the parties, service of a document may be made upon the other party by facsimile transmission.

(c) Any written submission to an ALJ or the OALJ must be accompanied by a statement certifying the date that the filed material was filed and served on the other party.

(d) (1) The filing date for a written submission to an ALJ or the OALJ is the date the document is--

(i) Hand-delivered;

(ii) Mailed; or

(iii) Sent by facsimile transmission.

(2) If a scheduled filing date falls on a Saturday, Sunday, or Federal holiday, the filing deadline is the next business day.

(a) Voluntary mediation is available for proceedings that are pending before the OALJ.

(b) A mediator must be independent of, and agreed to by, the parties to the case.

(c) A party may request mediation by filing a motion with the ALJ assigned to the case. The OALJ arranges for a mediator if the parties to the case agree to mediation.

(d) A party may terminate mediation at any time. Mediation is limited to 120 days unless the mediator informs the ALJ that--

(1) The parties are likely to resolve some or all of the dispute; and

(2) An extension of time will facilitate an agreement.

(e) The ALJ stays the proceedings during mediation.

(f) (1) Evidence of conduct or statements made during mediation is not admissible in any proceeding under this part. However, evidence that is otherwise discoverable may not be excluded merely because it was presented during mediation.

(2) A mediator may not disclose, in any proceeding under this part, information acquired as a part of his or her official mediation duties that relates to any fact in issue in the case or any matter relevant to the merits of the case.

(Authority: 20 U.S.C. 1221e-3, 1234 (f)(1) and (h), and 3474(a))

(b) Evidence of conduct or statements made during settlement negotiations is not admissible in any proceeding under this part. However, evidence that is otherwise discoverable may not be excluded merely because it was presented during settlement negotiations.

(c) The parties may not disclose the contents of settlement negotiations to the ALJ. If the parties enter into a settlement agreement and file a joint motion to dismiss the case, the ALJ grants the motion.

Sec. 81.16 Discovery.

(a) The parties to a case are encouraged to exchange relevant documents and information voluntarily.

(b) The ALJ, at a party's request, may order compulsory discovery described in paragraph (c) of this section if the ALJ determines that--

- (1) The order is necessary to secure a fair, expeditious, and economical resolution of the case;
- (2) The discovery requested is likely to elicit relevant information with respect to an issue in the case;
- (3) The discovery request was not made primarily for the purposes of delay or harassment; and
- (4) The order would serve the ends of justice.

- (1) Make relevant documents available for inspection and copying by the party making the request.
- (2) Answer written interrogatories that inquire into relevant matters.
- (3) Have depositions taken.
- (4) The ALJ may issue a subpoena to enforce an order described in

this section and may apply to the appropriate court of the United States to enforce the subpoena.

(e) The ALJ may not compel the discovery of information that is legally privileged.

(f) (1) The ALJ limits the period for discovery to not more than 90 days but may grant an extension for good cause.

(2) At a party's request, the ALJ may set a specific schedule for discovery.

(Authority: 20 U.S.C. 1234(f) (1) and (g))

Sec. 81.18 The record.

(a) The ALJ arranges for any evidentiary hearing or oral argument to be recorded and transcribed and makes the transcript available to the parties. Transcripts are made available to non-Departmental parties at a cost not to exceed the actual cost of duplication.

(b) The record of a hearing on the record consists of--

(1) All papers filed in the proceeding;

(2) Documentary evidence admitted by the ALJ;

(3) The transcript of any evidentiary hearing or oral argument; and

(4) Rulings, orders, and subpoenas issued by the ALJ.

(Authority: 5 U.S.C. 556(e), 557(c); 20 U.S.C. 1221e-3(a) (1), 1234(f) (1), 3474(a))

Sec. 81.20 Interlocutory appeals to the Secretary from rulings of an ALJ.

(a) A ruling by an ALJ may not be appealed to the Secretary until the issuance of an initial decision, except that the Secretary may, at any time prior to the issuance of an initial decision, grant review of a ruling upon either an ALJ's certification of the ruling to the Secretary for review, or the filing of a petition seeking review of an interim ruling by one or both of the parties, if--

(1) That ruling involves a controlling question of substantive or procedural law; and

(2) The immediate resolution of the question will materially advance the final disposition of the proceeding or subsequent review will be an inadequate remedy.

(b) (1) A petition for interlocutory review of an interim ruling must include the following:

(i) A brief statement of the facts necessary to an understanding of the issue on which review is sought.

(ii) A statement of the issue.

(iii) A statement of the reasons showing that the ruling complained of involves a controlling question of substantive or procedural law and why immediate review of the ruling will materially advance the disposition of the case, or why subsequent review will be an inadequate remedy.

(2) A petition may not exceed ten pages, double-spaced, and must be accompanied by a copy of the ruling and any findings and opinions relating to the ruling. The petition must be filed with the Office of Hearings and Appeals, which immediately forwards the petition to the Office of the Secretary.

(c) A copy of the petition must be provided to the ALJ at the time the petition is filed under paragraph (b) (2) of this section, and a copy of a petition or any certification must be served upon the parties by certified mail, return receipt requested. The petition or certification must reflect that service.

(d) If a party files a petition under this section, the ALJ may state to the Secretary a view as to whether review is appropriate or inappropriate by submitting a brief statement addressing the party's petition within 10 days of the ALJ's receipt of the petition for interlocutory review. A copy of the statement must be served on all parties by certified mail, return receipt requested.

(e) (1) A party's response, if any, to a petition or certification for interlocutory review must be filed within seven days after service of the petition or certification, and may not exceed ten pages, double-spaced, in length. A copy of the response must be filed with the ALJ by hand delivery, by regular mail, or by facsimile transmission.

(2) A party shall serve a copy of its response on all parties on the filing date by hand-delivery or regular mail. If agreed upon by the parties, service of a copy of the response may be made upon the other parties by facsimile transmission.

(f) The filing of a request for interlocutory review does not automatically stay the proceedings. Rather, a stay during consideration of a petition for review may be granted by the ALJ if the ALJ has certified or stated to the Secretary that review of the ruling is appropriate. The Secretary may order a stay of proceedings at any time after the filing of a request for interlocutory review.

(g) The Secretary notifies the parties if a petition or certification for interlocutory review is accepted, and may provide the parties a reasonable time within which to submit written argument or other existing material in the administrative record with regard to the merit of the petition or certification.

(h) If the Secretary takes no action on a request for interlocutory review within 15 days of receipt of it, the request is deemed to be denied.

(i) The Secretary may affirm, modify, set aside, or remand the ALJ's ruling.

A recipient that made an unallowable expenditure or otherwise failed to discharge its obligation to account properly for funds shall return an amount that--

(a) Meets the standards for proportionality in Sec. 81.32;

(b) In the case of a State or local educational agency, excludes any amount attributable to mitigating circumstances under the standards in Sec. 81.23; and

(c) Excludes any amount expended in a manner not authorized by law more than five years before the recipient received the notice of a disallowance decision under Sec. 81.34.

Sec. 81.32 Proportionality.

(a)(1) A recipient that made an unallowable expenditure or otherwise failed to account properly for funds shall return an amount that is proportional to the extent of the harm its violation caused to an identifiable Federal interest associated with the program under which it

received the grant or cooperative agreement.

(2) An identifiable Federal interest under paragraph (a)(1) of this section includes, but is not limited to, the following:

(i) Serving only eligible beneficiaries.

(ii) Providing only authorized services or benefits.

(iv) Preserving the integrity of planning, application, recordkeeping, and reporting requirements.

Sec. 81.33 Mitigating circumstances.

(a) A recipient that is a State or local educational agency and that has made an unallowable expenditure or otherwise failed to account properly for funds is not required to return any amount that is attributable to the mitigating circumstances described in paragraph (b), (c), or (d) of this section.

(b) Mitigating circumstances exist if it would be unjust to compel the recovery of funds because the recipient's violation was caused by erroneous written guidance from the department. To prove mitigating circumstances under this paragraph, the recipient shall prove that--

(1) The guidance was provided in response to a specific written request from the recipient that was submitted to the Department at the address provided by notice published in the Federal Register under this section;

(2) The guidance was provided by a Departmental official authorized to provide the guidance, as described by that notice;

(3) The recipient actually relied on the guidance as the basis for the conduct that constituted the violation; and

(4) The recipient's reliance on the guidance was reasonable.

(c) Mitigating circumstances exist if it would be unjust to compel the recovery of funds because the recipient's violation was caused by the Department's failure to provide timely guidance. To prove mitigating circumstances under this paragraph, the recipient shall prove that--

(1) The recipient in good faith submitted a written request for guidance with respect to the legality of a proposed expenditure or practice;

(2) The request was submitted to the Department at the address provided by notice published in the Federal Register under this section;

(3) The request--

(i) Accurately described the proposed expenditure or practice; and

(ii) Included the facts necessary for the Department's determination of its legality;

(4) The request contained the certification of the chief legal

officer of the appropriate State educational agency that the officer--

- (i) Examined the proposed expenditure or practice; and
- (ii) Believed it was permissible under State and Federal law applicable at the time of the certification;

(5) The recipient reasonably believed the proposed expenditure or practice was permissible under State and Federal law applicable at the time it submitted the request to the Department;

(6) No Departmental official authorized to provide the requested guidance responded to the request within 90 days of its receipt by the Department; and

(7) The recipient made the proposed expenditure or engaged in the proposed practice after the expiration of the 90-day period.

(d) Mitigating circumstances exist if it would be unjust to compel the recovery of funds because the recipient's violation was caused by the recipient's compliance with a judicial decree from a court of competent jurisdiction. To prove mitigating circumstances under this paragraph, the recipient shall prove that--

- (1) The recipient was legally bound by the decree;
- (2) The recipient actually relied on the decree when it engaged in the conduct that constituted the violation; and
- (3) The recipient's reliance on the decree was reasonable.

(e) If a Departmental official authorized to provide the requested guidance responds to a request described in paragraph (c) of this section more than 90 days after its receipt, the recipient that made the request shall comply with the guidance at the earliest practicable time.

Sec. 81.34 Notice of a disallowance decision.

(a) If an authorized Departmental official decides that a recipient must return funds under Sec. 81.30, the official gives the recipient written notice of a disallowance decision. The official sends the notice by certified mail, return receipt requested, or other means that ensure proof of receipt.

(b)(1) The notice must establish a prima facie case for the recovery of funds, including an analysis reflecting the value of the program services actually obtained in a determination of harm to the Federal interest.

(2) For the purpose of this section, a prima facie case is a statement of the law and the facts that, unless rebutted, is sufficient to sustain the conclusion drawn in the notice. The facts may be set out in the notice or in a document that is identified in the notice and available to the recipient.

(3) A statement that the recipient failed to maintain records required by law or failed to allow an authorized representative of the Secretary access to those records constitutes a prima facie case for the recovery of the funds affected.

(i) If the recipient failed to maintain records, the statement must briefly describe the types of records that were not maintained and identify the recordkeeping requirement that was violated.

(ii) If the recipient failed to allow access to records, the

statement must briefly describe the recipient's actions that constituted the failure and identify the access requirement that was violated.

(c) The notice must inform the recipient that it may--

- (1) Obtain a review of the disallowance decision by the OALJ; and
- (2) Request mediation under Sec. 81.13.

(d) The notice must describe--

- (1) The time available to apply for a review of the disallowance decision; and
- (2) The procedure for filing an application for review.

Sec. 81.35 Reduction of claims.

The Secretary or an authorized Departmental official as appropriate may, after the issuance of a disallowance decision, reduce the amount of a claim established under this subpart by--

(a) Redetermining the claim on the basis of the proper application of the law, including the standards for the measure of recovery under Sec. 81.31, to the facts;

(b) Compromising the claim under the Federal Claims Collection Standards in 4 CFR part 103; or

(c) Compromising the claim under Sec. 81.36, if applicable.

(a) The Secretary or an authorized Departmental official as appropriate may compromise a claim established under this subpart without following the procedures in 4 CFR part 103 if--

(ii) The difference between the amount of the claim and the amount agreed to be returned does not exceed \$200,000; and

(2) The Secretary or the official determines that--

(i) The collection of the amount by which the claim is reduced under the compromise would not be practical or in the public interest; and

(ii) The practice that resulted in the disallowance decision has been corrected and will not recur.

(b) Not less than 45 days before compromising a claim under this section, the Department publishes a notice in the Federal Register stating--

(1) The intention to compromise the claim; and

(2) That interested persons may comment on the proposed compromise.

(b) A recipient shall file an application for review not later than 60 days after the date it receives the notice of a disallowance decision.

(c) Within 10 days after receipt of a copy of the application for review, the authorized Departmental official who made the disallowance decision shall provide the ALJ with a copy of any document identified in the notice pursuant to Sec. 81.34(b)(2).

(d) An application for review must contain--

(1) A copy of the disallowance decision of which review is sought;

(2) A statement certifying the date the recipient received the notice of that decision;

(3) A short and plain statement of the disputed issues of law and fact, the recipient's position with respect to these issues, and the disallowed funds the recipient contends need not be returned; and

(4) A statement of the facts and the reasons that support the recipient's position.

(e) The ALJ who considers a timely application for review that substantially complies with the requirements of paragraph (c) of this section may permit the recipient to supplement or amend the application with respect to issues that were timely raised. Any requirement to return funds that is not timely appealed becomes the final decision of the Department.

Sec. 81.38 Consideration of an application for review.

(a) The ALJ assigned to the case under Sec. 81.4 considers an application for review of a disallowance decision.

(b) The ALJ decides whether the notice of a disallowance decision meets the requirements of Sec. 81.34, as provided by section 451(e) of GEPA.

(1) If the notice does not meet those requirements, the ALJ--

(i) Returns the notice, as expeditiously as possible, to the authorized Departmental official who made the disallowance decision;

(ii) Gives the official the reasons why the notice does not meet the requirements of Sec. 81.34; and

(iii) Informs the recipient of the ALJ's decision by certified mail, return receipt requested.

(2) An authorized Departmental official may modify and reissue a notice that an ALJ returns.

(c) If the notice of a disallowance decision meets the requirements of Sec. 81.34, the ALJ decides whether the application for review meets the requirements of Sec. 81.37.

(1) If the application, including any supplements or amendments under Sec. 81.37(d), does not meet those requirements, the disallowance decision becomes the final decision of the Department.

(2) If the application meets those requirements, the ALJ--

(i) Informs the recipient and the authorized Departmental official that the OALJ has accepted jurisdiction of the case; and

(ii) Schedules a hearing on the record.

(3) The ALJ informs the recipient of the disposition of its application for review by certified mail, return receipt requested. If the ALJ decides that the application does not meet the requirements of Sec. 81.37, the ALJ informs the recipient of the reasons for the decision.

If the OALJ accepts jurisdiction of a case under Sec. 81.38, the recipient shall present its case first and shall have the burden of proving that the recipient is not required to return the amount of funds that the disallowance decision requires to be returned because--

(a) An expenditure identified in the disallowance decision as unallowable was allowable;

(b) The recipient discharged its obligation to account properly for the funds;

(2) (i) The Secretary may remand the case to the ALJ with instructions to make additional findings of fact or conclusions of law, or both, based on the evidence of record. The Secretary may also remand the case to the ALJ for further briefing or for clarification or revision of the initial decision.

(3) The Secretary, for good cause shown, may remand the case to the ALJ to take further evidence, and the ALJ may make new or modified findings of fact and may modify the initial decision based on that new evidence. These new or modified findings of fact are likewise conclusive if supported by substantial evidence.

Appendix to Part 81--Illustrations of Proportionality

(1) Ineligible beneficiaries. A State uses 15 percent of its grant to meet the special educational needs of children who were migratory, but who have not migrated for more than five years as a Federal program statute requires for eligibility to participate in the program. Result: Recovery of 15 percent of the grant--all program funds spent for the benefit of those children. Although the services were authorized, the children were not eligible to receive them.

(2) Ineligible beneficiaries. A Federal program designed to meet the special educational needs of gifted and talented children requires that at least 80 percent of the children served in any project must be identified as gifted or talented. A local educational agency (LEA) conducts a project in which 76 students are identified as gifted or talented and 24 are not. The project was designed and implemented to meet the special educational needs of gifted and talented students.

Result: The LEA must return five percent of the project costs. The LEA provided authorized services for a project in which the 76 target students had to constitute at least 80 percent of the total. Thus, the maximum number of non-target students permitted was 19. Project costs relating to the remaining five students must be returned.

(3) Ineligible beneficiaries. Same as the example in paragraph (2), except that only 15 percent of the children were identified as gifted or talented. On the basis of the low percentage of these children and other evidence, the authorized Departmental official finds that the project as a whole did not address their special educational needs and was outside the purpose of the statute. Result: The LEA must return its entire award. The difference between the required percentage of gifted and talented children and the percentage actually enrolled is so substantial that, if consistent with other evidence, the official may reasonably conclude the entire grant was misused.

(4) Ineligible beneficiaries. Same as the example in paragraph (2), except that 60 percent of the children were identified as gifted or talented, and it is not clear whether the project was designed or implemented to meet the special educational needs of these children. Result: If it is determined that the project was designed and implemented to serve their special educational needs, the LEA must return 25 percent of the project costs. A project that included 60 target children would meet the requirement that 80 percent of the children served be gifted and talented if it included no more than 15 other children. Thus, while the LEA provided authorized services, only 75 percent of the beneficiaries were authorized to participate in the project (60 target children and 15 others). If the authorized Departmental official, after examining all the relevant facts, determines that the project was not designed and implemented to serve the special educational needs of gifted or talented students, the LEA must return its entire award because it did not provide services authorized by the statute.

(5) Unauthorized activities. An LEA uses ten percent of its grant under a Federal program that authorizes activities only to meet the special educational needs of educationally deprived children to pay for health services that are available to all children in the LEA. All the children who use the Federally funded health services happen to be educationally deprived, and thus eligible to receive program services. Result: Recovery of ten percent of the grant--all program funds spent for the health services. Although the children were eligible to receive program services, the health services were unrelated to a special educational need and, therefore, not authorized by law.

(6) Set-aside requirement. A State uses 22 percent of its grant for one fiscal year under a Federal adult education program to provide programs of equivalency to a certificate of graduation from a secondary school. The adult education program statute restricts those programs to no more than 20 percent of the State's grant. Result: Two percent of the State's grant must be returned. Although all 22 percent of the funds supported adult education, the State had no authority to spend more than 20 percent on secondary school equivalency programs.

(7) Set-aside requirement. A State uses eight percent of its basic State grant under a Federal vocational education program to pay for the excess cost of vocational education services and activities for

handicapped individuals. The program statute requires a State to use ten percent of its basic State grant for this purpose. Result: The State must return two percent of its basic State grant, regardless of how it was used. Because the State was required to spend that two percent on services and activities for handicapped individuals and did not do so, it diverted those funds from their intended purposes, and the Federal interest was harmed to that extent.

(8) Excess cost requirement. An LEA uses funds reserved for the disadvantaged under a Federal vocational education program to pay for the cost of the same vocational education services it provides to non-disadvantaged individuals. The program statute requires that funds reserved for the disadvantaged must be used to pay only for the supplemental or additional costs of vocational education services that are not provided to other individuals and that are required for disadvantaged individuals to participate in vocational education. Result: All the funds spent on the disadvantaged must be returned. Although the funds were spent to serve the disadvantaged, the funds were available to pay for only the supplemental or additional costs of providing services to the disadvantaged.

(9) Maintenance-of-effort requirement. An LEA participates in a Federal program in fiscal year 1988 that requires it to maintain its expenditures from non-Federal sources for program purposes to receive its full allotment. The program statute requires that non-Federal funds expended in the first preceding fiscal year must be at least 90 percent of non-Federal funds expended in the second preceding fiscal year and provides for a reduction in grant amount proportional to the shortfall in expenditures. No waiver of the requirement is authorized. In fiscal year 1986 the LEA spent \$100,000 from non-Federal sources for program purposes; in fiscal year 1987, only \$87,000. Result: The LEA must return 1/30 of its fiscal year 1988 grant--the amount of its grant that equals the proportion of its shortfall (\$3,000) to the required level of expenditures (\$90,000). If, instead, the statute made maintenance of expenditures a clear condition of the LEA's eligibility to receive funds and did not provide for a proportional reduction in the grant award, the LEA would be required to return its entire grant.

(10) Supplanting prohibition. An LEA uses funds under a Federal drug education program to provide drug abuse prevention counseling to students in the eighth grade. The LEA is required to provide that same counseling under State law. Funds under the Federal program statute are subject to a supplement-not-supplant requirement. Result: All the funds used to provide the required counseling to the eighth-grade students must be returned. The Federal funds did not increase the total amount of spending for program purposes because the counseling would have been provided with non-Federal funds if the Federal funds were not available.

(11) Matching requirement. A State receives an allotment of \$90,000 for fiscal year 1988 under a Federal adult education program. It expends its full allotment and \$8,000 from its own resources for adult education. Under the Federal statute, the Federal share of expenditures for the State's program is 90 percent. Result: The State must return the unmatched Federal funds, or \$18,000. Expenditure of a \$90,000 Federal allotment required \$10,000 in matching State expenditures, \$2,000 more than the State's actual expenditures. At a ratio of one State dollar for every nine Federal dollars, \$18,000 in Federal funds were unmatched.

(12) Application requirements. In order to receive funds under a

Federal program that supports a wide range of activities designed to improve the quality of elementary and secondary education, an LEA submits an application to its State educational agency (SEA) for a subgrant to carry out school-level basic skills development programs. The LEA submits its application after conducting an assessment of the needs of its students in consultation with parents, teachers, community leaders, and interested members of the general public. The Federal program statute requires the application and consultation processes. The SEA reviews the LEA's application, determines that the proposed programs are sound and the application is in compliance with Federal law, and approves the application. After the LEA receives the subgrant, it unilaterally decides to use 20 percent of the funds for gifted and talented elementary school students--an authorized activity under the Federal statute. However, the LEA does not consult with interested parties and does not amend its application. Result: 20 percent of the LEA's subgrant must be returned. The LEA had no legal authority to use Federal funds for programs or activities other than those described in its approved application, and its actions with respect to 20 percent of the subgrant not only impaired the integrity of the application process, but caused significant harm to other Federal interests associated with the program as follows: the required planning process was circumvented because the LEA did not consult with the specified local interests; program accountability was impaired because neither the SEA nor the various local interests that were to be consulted had an opportunity to review and comment on the merits of the gifted and talented program activities, and the LEA never had to justify those activities to them; and fiscal accountability was impaired because the SEA and those various local interests were, in effect, misled by the LEA's unamended application regarding the expenditure of Federal funds.

(13) Harmless violation. Under a Federal program, a grantee is required to establish a 15-member advisory council of affected teachers, school administrators, parents, and students to assist in program design, monitoring, and evaluation. Although the law requires at least three student members of the council, a grantee's council contains only two. The project is carried out, and no damage to the project attributable to the lack of a third student member can be identified. Result: No financial recovery is required, although the grantee must take other appropriate steps to come into compliance with the law. The grantee's violation has not measurably harmed a Federal interest associated with the program.

(o) Recipient includes all contractors, subcontractors at any tier, and subgrantees at any tier of the recipient of funds received in

connection with a Federal contract, grant, loan, or cooperative agreement. The term excludes an Indian tribe, tribal organization, or any other Indian organization with respect to expenditures specifically permitted by other Federal law.

(p) Regularly employed means, with respect to an officer or employee of a person requesting or receiving a Federal contract, grant, loan, or cooperative agreement or a commitment providing for the United States to insure or guarantee a loan, an officer or employee who is employed by such person for at least 130 working days within one year immediately preceding the date of the submission that initiates agency consideration of such person for receipt of such contract, grant, loan, cooperative agreement, loan insurance commitment, or loan guarantee commitment. An officer or employee who is employed by such person for less than 130 working days within one year immediately preceding the date of the submission that initiates agency consideration of such person shall be considered to be regularly employed as soon as he or she is employed by such person for 130 working days.

(q) State means a State of the United States, the District of Columbia, the Commonwealth of Puerto Rico, a territory or possession of the United States, an agency or instrumentality of a State, and a multi-State, regional, or interstate entity having governmental duties and powers.

Sec. 82.110 Certification and disclosure.

(a) Each person shall file a certification, and a disclosure form, if required, with each submission that initiates agency consideration of such person for:

(1) Award of a Federal contract, grant, or cooperative agreement exceeding \$100,000; or

(2) An award of a Federal loan or a commitment providing for the United States to insure or guarantee a loan exceeding \$150,000.

(b) Each person shall file a certification, and a disclosure form, if required, upon receipt by such person of:

(1) A Federal contract, grant, or cooperative agreement exceeding \$100,000; or

(2) A Federal loan or a commitment providing for the United States to insure or guarantee a loan exceeding \$150,000,

Unless such person previously filed a certification, and a disclosure form, if required, under paragraph (a) of this section.

(c) Each person shall file a disclosure form at the end of each calendar quarter in which there occurs any event that requires disclosure or that materially affects the accuracy of the information contained in any disclosure form previously filed by such person under paragraphs (a) or (b) of this section. An event that materially affects the accuracy of the information reported includes:

(1) A cumulative increase of \$25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered Federal action; or

(2) A change in the person(s) or individual(s) influencing or attempting to influence a covered Federal action; or,

(3) A change in the officer(s), employee(s), or Member(s) contacted to influence or attempt to influence a covered Federal action.

(d) Any person who requests or receives from a person referred to in paragraphs (a) or (b) of this section:

(1) A subcontract exceeding \$100,000 at any tier under a Federal contract;

(2) A subgrant, contract, or subcontract exceeding \$100,000 at any tier under a Federal grant;

(3) A contract or subcontract exceeding \$100,000 at any tier under a Federal loan exceeding \$150,000; or,

(4) A contract or subcontract exceeding \$100,000 at any tier under a Federal cooperative agreement,

Shall file a certification, and a disclosure form, if required, to the next tier above.

(e) All disclosure forms, but not certifications, shall be forwarded from tier to tier until received by the person referred to in paragraphs (a) or (b) of this section. That person shall forward all disclosure forms to the agency.

(f) Any certification or disclosure form filed under paragraph (e) of this section shall be treated as a material representation of fact upon which all receiving tiers shall rely. All liability arising from an erroneous representation shall be borne solely by the tier filing that representation and shall not be shared by any tier to which the erroneous representation is forwarded. Submitting an erroneous certification or disclosure constitutes a failure to file the required certification or disclosure, respectively. If a person fails to file a required certification or disclosure, the United States may pursue all available remedies, including those authorized by section 1352, title 31, U.S. Code.

(g) For awards and commitments in process prior to December 23, 1989, but not made before that date, certifications shall be required at award or commitment, covering activities occurring between December 23, 1989, and the date of award or commitment. However, for awards and commitments in process prior to the December 23, 1989 effective date of these provisions, but not made before December 23, 1989, disclosure forms shall not be required at time of award or commitment but shall be filed within 30 days.

(h) No reporting is required for an activity paid for with appropriated funds if that activity is allowable under either subpart B or C.

Subpart B_Activities by Own Employees

Sec. 82.200 Agency and legislative liaison.

(a) The prohibition on the use of appropriated funds, in Sec. 82.100(a), does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a Federal contract, grant, loan, or cooperative agreement if the payment is for agency and legislative liaison activities not directly related to a covered Federal action.

(b) For purposes of paragraph (a) of this section, providing any information specifically requested by an agency or Congress is allowable

at any time.

(c) For purposes of paragraph (a) of this section, the following agency and legislative liaison activities are allowable at any time only where they are not related to a specific solicitation for any covered Federal action:

(1) Discussing with an agency (including individual demonstrations) the qualities and characteristics of the person's products or services, conditions or terms of sale, and service capabilities; and,

(2) Technical discussions and other activities regarding the application or adaptation of the person's products or services for an agency's use.

(d) For purposes of paragraph (a) of this section, the following agencies and legislative liaison activities are allowable only where they are prior to formal solicitation of any covered Federal action:

(1) Providing any information not specifically requested but necessary for an agency to make an informed decision about initiation of a covered Federal action;

(2) Technical discussions regarding the preparation of an unsolicited proposal prior to its official submission; and,

(3) Capability presentations by persons seeking awards from an agency pursuant to the provisions of the Small Business Act, as amended by Pub. L. 95-507 and other subsequent amendments.

(e) Only those activities expressly authorized by this section are allowable under this section.

Sec. 82.205 Professional and technical services.

(a) The prohibition on the use of appropriated funds, in Sec. 82.100(a), does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a Federal contract, grant, loan, or cooperative agreement or an extension, continuation, renewal, amendment, or modification of a Federal contract, grant, loan, or cooperative agreement if payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal contract, grant, loan, or cooperative agreement or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal contract, grant, loan, or cooperative agreement.

(b) For purposes of paragraph (a) of this section, ``professional and technical services'' shall be limited to advice and analysis directly applying any professional or technical discipline. For example, drafting of a legal document accompanying a bid or proposal by a lawyer is allowable. Similarly, technical advice provided by an engineer on the performance or operational capability of a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communications with the intent to influence made by a professional (such as a licensed lawyer) or a technical person (such as a licensed accountant) are not allowable under this section unless they provide advice and analysis directly applying their professional or technical expertise and unless the advice or analysis is rendered directly and solely in the preparation, submission or negotiation of a covered Federal action. Thus, for example, communications with the intent to influence made by a lawyer that do not provide legal advice or analysis

directly and solely related to the legal aspects of his or her client's proposal, but generally advocate one proposal over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly, communications with the intent to influence made by an engineer providing an engineering analysis prior to the preparation or submission of a bid or proposal are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission or negotiation of a covered Federal action.

(c) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation, or reasonably expected to be required by law or regulation, and any other requirements in the actual award documents.

(d) Only those services expressly authorized by this section are allowable under this section.

Sec. 82.210 Reporting.

No reporting is required with respect to payments of reasonable compensation made to regularly employed officers or employees of a person.

Subpart C_Activities by Other Than Own Employees

Sec. 82.300 Professional and technical services.

(a) The prohibition on the use of appropriated funds, in Sec. 82.100(a), does not apply in the case of any reasonable payment to a person, other than an officer or employee of a person requesting or receiving a covered Federal action, if the payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal contract, grant, loan, or cooperative agreement or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal contract, grant, loan, or cooperative agreement.

(b) The reporting requirements in Sec. 82.110(a) and (b) regarding filing a disclosure form by each person, if required, shall not apply with respect to professional or technical services rendered directly in the preparation, submission, or negotiation of any commitment providing for the United States to insure or guarantee a loan.

(c) For purposes of paragraph (a) of this section, ``professional and technical services'' shall be limited to advice and analysis directly applying any professional or technical discipline. For example, drafting or a legal document accompanying a bid or proposal by a lawyer is allowable. Similarly, technical advice provided by an engineer on the performance or operational capability of a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communications with the intent to influence made by a professional (such as a licensed lawyer) or a technical person (such as a licensed accountant) are not allowable under this section unless they provide advice and analysis directly applying their professional or technical expertise and unless the advice or analysis is rendered directly and

solely in the preparation, submission or negotiation of a covered Federal action. Thus, for example, communications with the intent to influence made by a lawyer that do not provide legal advice or analysis directly and solely related to the legal aspects of his or her client's proposal, but generally advocate one proposal over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly, communications with the intent to influence made by an engineer providing an engineering analysis prior to the preparation or submission of a bid or proposal are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission or negotiation of a covered Federal action.

(d) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation, or reasonably expected to be required by law or regulation, and any other requirements in the actual award documents.

(e) Persons other than officers or employees of a person requesting or receiving a covered Federal action include consultants and trade associations.

(f) Only those services expressly authorized by this section are allowable under this section.

Subpart D_Penalties and Enforcement

Sec. 82.400 Penalties.

(a) Any person who makes an expenditure prohibited herein shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such expenditure.

(b) Any person who fails to file or amend the disclosure form (see appendix B) to be filed or amended if required herein, shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

(c) A filing or amended filing on or after the date on which an administrative action for the imposition of a civil penalty is commenced does not prevent the imposition of such civil penalty for a failure occurring before that date. An administrative action is commenced with respect to a failure when an investigating official determines in writing to commence an investigation of an allegation of such failure.

(d) In determining whether to impose a civil penalty, and the amount of any such penalty, by reason of a violation by any person, the agency shall consider the nature, circumstances, extent, and gravity of the violation, the effect on the ability of such person to continue in business, any prior violations by such person, the degree of culpability of such person, the ability of the person to pay the penalty, and such other matters as may be appropriate.

(e) First offenders under paragraphs (a) or (b) of this section shall be subject to a civil penalty of \$10,000, absent aggravating circumstances. Second and subsequent offenses by persons shall be subject to an appropriate civil penalty between \$10,000 and \$100,000, as determined by the agency head or his or her designee.

(f) An imposition of a civil penalty under this section does not

prevent the United States from seeking any other remedy that may apply to the same conduct that is the basis for the imposition of such civil penalty.

Sec. 82.405 Penalty procedures.

Agencies shall impose and collect civil penalties pursuant to the provisions of the Program Fraud and Civil Remedies Act, 31 U.S.C. sections 3803 (except subsection (c)), 3804, 3805, 3806, 3807, 3808, and 3812, insofar as these provisions are not inconsistent with the requirements herein.

Sec. 82.410 Enforcement.

The head of each agency shall take such actions as are necessary to ensure that the provisions herein are vigorously implemented and enforced in that agency.

Subpart E_Exemptions

Sec. 82.500 Secretary of Defense.

(a) The Secretary of Defense may exempt, on a case-by-case basis, a covered Federal action from the prohibition whenever the Secretary determines, in writing, that such an exemption is in the national interest. The Secretary shall transmit a copy of each such written exemption to Congress immediately after making such a determination.

(b) The Department of Defense may issue supplemental regulations to implement paragraph (a) of this section.

Subpart F_Agency Reports

Sec. 82.600 Semi-annual compilation.

(a) The head of each agency shall collect and compile the disclosure reports (see appendix B) and, on May 31 and November 30 of each year, submit to the Secretary of the Senate and the Clerk of the House of Representatives a report containing a compilation of the information contained in the disclosure reports received during the six-month period ending on March 31 or September 30, respectively, of that year.

(b) The report, including the compilation, shall be available for public inspection 30 days after receipt of the report by the Secretary and the Clerk.

(c) Information that involves intelligence matters shall be reported only to the Select Committee on Intelligence of the Senate, the Permanent Select Committee on Intelligence of the House of Representatives, and the Committees on Appropriations of the Senate and the House of Representatives in accordance with procedures agreed to by such committees. Such information shall not be available for public inspection.

(d) Information that is classified under Executive Order 12356 or any successor order shall be reported only to the Committee on Foreign Relations of the Senate and the Committee on Foreign Affairs of the House of Representatives or the Committees on Armed Services of the Senate and the House of Representatives (whichever such committees have jurisdiction of matters involving such information) and to the Committees on Appropriations of the Senate and the House of Representatives in accordance with procedures agreed to by such committees. Such information shall not be available for public inspection.

(e) The first semi-annual compilation shall be submitted on May 31, 1990, and shall contain a compilation of the disclosure reports received from December 23, 1989 to March 31, 1990.

(f) Major agencies, designated by the Office of Management and Budget (OMB), are required to provide machine-readable compilations to the Secretary of the Senate and the Clerk of the House of Representatives no later than with the compilations due on May 31, 1991. OMB shall provide detailed specifications in a memorandum to these agencies.

(g) Non-major agencies are requested to provide machine-readable compilations to the Secretary of the Senate and the Clerk of the House of Representatives.

(h) Agencies shall keep the originals of all disclosure reports in the official files of the agency.

Sec. 82.605 Inspector General report.

(a) The Inspector General, or other official as specified in paragraph (b) of this section, of each agency shall prepare and submit to Congress each year, commencing with submission of the President's Budget in 1991, an evaluation of the compliance of that agency with, and the effectiveness of, the requirements herein. The evaluation may include any recommended changes that may be necessary to strengthen or improve the requirements.

(b) In the case of an agency that does not have an Inspector General, the agency official comparable to an Inspector General shall prepare and submit the annual report, or, if there is no such comparable official, the head of the agency shall prepare and submit the annual report.

(c) The annual report shall be submitted at the same time the agency submits its annual budget justifications to Congress.

(d) The annual report shall include the following: All alleged violations relating to the agency's covered Federal actions during the year covered by the report, the actions taken by the head of the agency in the year covered by the report with respect to those alleged violations and alleged violations in previous years, and the amounts of civil penalties imposed by the agency in the year covered by the report.

Sec. 84.100 What does this part do?

This part carries out the portion of the Drug-Free Workplace Act of 1988 (41 U.S.C. 701 et seq., as amended) that applies to grants. It also applies the provisions of the Act to cooperative agreements and other financial assistance awards, as a matter of Federal Government policy.

(Authority: E.O.s 12549 and 12689; 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.)

Sec. 84.105 Does this part apply to me?

- (a) Portions of this part apply to you if you are either--
 - (1) A recipient of an assistance award from the Department of Education; or
 - (2) A(n) ED awarding official. (See definitions of award and recipient in Sec. Sec. 84.605 and 84.660, respectively.)
- (b) The following table shows the subparts that apply to you:

If you are . . .	see subparts . . .
(1) A recipient who is not an individual.	A, B and E.
(2) A recipient who is an individual...	A, C and E.

Sec. 84.110 Are any of my Federal assistance awards exempt from this part?

Authority: E.O.s 12549 and 12689; 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.)

Sec. 84.115 Does this part affect the Federal contracts that I receive?

It will affect future contract awards indirectly if you are debarred or suspended for a violation of the requirements of this part, as described in Sec. 84.510(c). However, this part does not apply directly to procurement contracts. The portion of the Drug-Free Workplace Act of 1988 that applies to Federal procurement contracts is carried out through the Federal Acquisition Regulation in chapter 1 of Title 48 of the Code of Federal Regulations (the drug-free workplace coverage currently is in 48 CFR part 23, subpart 23.5).

Subpart B_Requirements for Recipients Other Than Individuals

Sec. 84.200 What must I do to comply with this part?

There are two general requirements if you are a recipient other than an individual.

(a) First, you must make a good faith effort, on a continuing basis, to maintain a drug-free workplace. You must agree to do so as a condition for receiving any award covered by this part. The specific measures that you must take in this regard are described in more detail in subsequent sections of this subpart. Briefly, those measures are to--

(1) Publish a drug-free workplace statement and establish a drug-free awareness program for your employees (see Sec. Sec. 84.205 through 84.220); and

(2) Take actions concerning employees who are convicted of violating drug statutes in the workplace (see Sec. 84.225).

(b) Second, you must identify all known workplaces under your Federal awards (see Sec. 84.230).

(b) Specifies the actions that you will take against employees for violating that prohibition; and

(c) Lets each employee know that, as a condition of employment under any award, he or she:

(1) Will abide by the terms of the statement; and

(2) Must notify you in writing if he or she is convicted for a violation of a criminal drug statute occurring in the workplace and must do so no more than five calendar days after the conviction.

(Authority: E.O.s 12549 and 12689; 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.)

Sec. 84.210 To whom must I distribute my drug-free workplace statement?

You must require that a copy of the statement described in Sec. 84.205 be given to each employee who will be engaged in the performance of any Federal award.

Authority: E.O.s 12549 and 12689; 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.)

Sec. 84.215 What must I include in my drug-free awareness program?

You must establish an ongoing drug-free awareness program to inform employees about--

Sec. 84.220 By when must I publish my drug-free workplace statement and establish my drug-free awareness program?

If you are a new recipient that does not already have a policy statement as described in Sec. 84.205 and an ongoing awareness program as described in Sec. 84.215, you must publish the statement and establish the program by the time given in the following table:

If . . .	then you . . .

the awarding official.

(Authority: E.O.s 12549 and 12689; 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.)

Sec. 84.225 What actions must I take concerning employees who are convicted of drug violations in the workplace?

There are two actions you must take if an employee is convicted of a drug violation in the workplace:

(a) First, you must notify Federal agencies if an employee who is engaged in the performance of an award informs you about a conviction, as required by Sec. 84.205(c) (2), or you otherwise learn of the conviction. Your notification to the Federal agencies must--

- (1) Be in writing;
- (2) Include the employee's position title;
- (3) Include the identification number(s) of each affected award;
- (4) Be sent within ten calendar days after you learn of the conviction; and

(5) Be sent to every Federal agency on whose award the convicted employee was working. It must be sent to every awarding official or his or her official designee, unless the Federal agency has specified a central point for the receipt of the notices.

Sec. 85.50 How is this part written?

(a) This part uses a ``plain language'' format to make it easier for the general public and business community to use. The section headings and text, often in the form of questions and answers, must be read together.

(b) Pronouns used within this part, such as ``I'' and ``you,'' change from subpart to subpart depending on the audience being addressed. The pronoun ``we'' always is the Department of Education.

(c) The ``Covered Transactions'' diagram in the appendix to this part shows the levels or ``tiers'' at which the Department of Education enforces an exclusion under this part.

Sec. 85.75 Do terms in this part have special meanings?

This part uses terms throughout the text that have special meaning. Those terms are defined in Subpart I of this part. For example, three important terms are--

(a) Exclusion or excluded, which refers only to discretionary actions taken by a suspending or debarring official under this part or the Federal Acquisition Regulation (48 CFR part 9, subpart 9.4);

(b) Disqualification or disqualified, which refers to prohibitions under specific statutes, executive orders (other than Executive Order 12549 and Executive Order 12689), or other authorities.

Disqualifications frequently are not subject to the discretion of an agency official, may have a different scope than exclusions, or have special conditions that apply to the disqualification; and

(c) Ineligibility or ineligible, which generally refers to a person who is either excluded or disqualified.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Subpart A_General

Sec. 85.100 What does this part do?

This part adopts a governmentwide system of debarment and suspension for ED nonprocurement activities. It also provides for reciprocal exclusion of persons who have been excluded under the Federal Acquisition Regulation, and provides for the consolidated listing of all persons who are excluded, or disqualified by statute, executive order, or other legal authority. This part satisfies the requirements in section 3 of Executive Order 12549, ``Debarment and Suspension'' (3 CFR 1986 Comp., p. 189), Executive Order 12689, ``Debarment and Suspension'' (3 CFR 1989 Comp., p. 235) and 31 U.S.C. 6101 note (Section 2455, Public Law 103-355, 108 Stat. 3327).

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.105 Does this part apply to me?

Portions of this part (see table at Sec. 85.25(b)) apply to you if you are a(n)--

(a) Person who has been, is, or may reasonably be expected to be, a participant or principal in a covered transaction;

(b) Respondent (a person against whom the Department of Education has initiated a debarment or suspension action);

(c) ED debarment or suspending official; or

(d) ED official who is authorized to enter into covered transactions with non-Federal parties.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.110 What is the purpose of the nonprocurement debarment and suspension system?

(a) To protect the public interest, the Federal Government ensures the integrity of Federal programs by conducting business only with responsible persons.

(b) A Federal agency uses the nonprocurement debarment and suspension system to exclude from Federal programs persons who are not presently responsible.

(c) An exclusion is a serious action that a Federal agency may take only to protect the public interest. A Federal agency may not exclude a person or commodity for the purposes of punishment.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.115 How does an exclusion restrict a person's involvement in covered transactions?

With the exceptions stated in Sec. Sec. 85.120, 85.315, and 85.420, a person who is excluded by the Department of Education or any other Federal agency may not:

(a) Be a participant in a(n) ED transaction that is a covered transaction under subpart B of this part;

(b) Be a participant in a transaction of any other Federal agency that is a covered transaction under that agency's regulation for debarment and suspension; or

(c) Act as a principal of a person participating in one of those covered transactions.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.120 May we grant an exception to let an excluded person participate in a covered transaction?

(a) The ED Deciding Official may grant an exception permitting an excluded person to participate in a particular covered transaction. If the ED Deciding Official grants an exception, the exception must be in writing and state the reason(s) for deviating from the governmentwide policy in Executive Order 12549.

(b) An exception granted by one agency for an excluded person does not extend to the covered transactions of another agency.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.125 Does an exclusion under the nonprocurement system affect a person's eligibility for Federal procurement contracts?

If any Federal agency excludes a person under its nonprocurement common rule on or after August 25, 1995, the excluded person is also ineligible to participate in Federal procurement transactions under the FAR. Therefore, an exclusion under this part has reciprocal effect in Federal procurement transactions.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.130 Does exclusion under the Federal procurement system affect a person's eligibility to participate in nonprocurement transactions?

If any Federal agency excludes a person under the FAR on or after August 25, 1995, the excluded person is also ineligible to participate in nonprocurement covered transactions under this part. Therefore, an exclusion under the FAR has reciprocal effect in Federal nonprocurement transactions.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.135 May the Department of Education exclude a person who is not currently participating in a nonprocurement transaction?

Given a cause that justifies an exclusion under this part, we may exclude any person who has been involved, is currently involved, or may reasonably be expected to be involved in a covered transaction.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.140 How do I know if a person is excluded?

Check the Excluded Parties List System (EPLS) to determine whether a

person is excluded. The General Services Administration (GSA) maintains the EPLS and makes it available, as detailed in subpart E of this part. When a Federal agency takes an action to exclude a person under the nonprocurement or procurement debarment and suspension system, the agency enters the information about the excluded person into the EPLS.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.145 Does this part address persons who are disqualified, as well as those who are excluded from nonprocurement transactions?

Except if provided for in Subpart J of this part, this part--
(a) Addresses disqualified persons only to--
(1) Provide for their inclusion in the EPLS; and
(2) State responsibilities of Federal agencies and participants to check for disqualified persons before entering into covered transactions.

(b) Does not specify the--
(1) ED transactions for which a disqualified person is ineligible. Those transactions vary on a case-by-case basis, because they depend on the language of the specific statute, Executive order, or regulation that caused the disqualification;
(2) Entities to which the disqualification applies; or
(3) Process that the agency uses to disqualify a person. Unlike exclusion, disqualification is frequently not a discretionary action that a Federal agency takes.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Subpart B_Covered Transactions

Sec. 85.200 What is a covered transaction?

A covered transaction is a nonprocurement or procurement transaction that is subject to the prohibitions of this part. It may be a transaction at--

(a) The primary tier, between a Federal agency and a person (see appendix to this part); or

(b) A lower tier, between a participant in a covered transaction and another person.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.205 Why is it important if a particular transaction is a covered transaction?

The importance of a covered transaction depends upon who you are.

(a) As a participant in the transaction, you have the responsibilities laid out in Subpart C of this part. Those include responsibilities to the person or Federal agency at the next higher tier from whom you received the transaction, if any. They also include responsibilities if you subsequently enter into other covered transactions with persons at the next lower tier.

(b) As a Federal official who enters into a primary tier transaction, you have the responsibilities laid out in subpart D of this part.

(c) As an excluded person, you may not be a participant or principal in the transaction unless--

(1) The person who entered into the transaction with you allows you to continue your involvement in a transaction that predates your exclusion, as permitted under Sec. 85.310 or Sec. 85.415; or

(2) A(n) ED official obtains an exception from the ED Deciding Official to allow you to be involved in the transaction, as permitted under Sec. 85.120.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.210 Which nonprocurement transactions are covered transactions?

All nonprocurement transactions, as defined in Sec. 85.970, are covered transactions unless listed in Sec. 85.215. (See appendix to this part.)

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.215 Which nonprocurement transactions are not covered transactions?

The following types of nonprocurement transactions are not covered transactions:

(a) A direct award to--

(1) A foreign government or foreign governmental entity;

(2) A public international organization;

(3) An entity owned (in whole or in part) or controlled by a foreign government; or

(4) Any other entity consisting wholly or partially of one or more foreign governments or foreign governmental entities.

(b) A benefit to an individual as a personal entitlement without regard to the individual's present responsibility (but benefits received in an individual's business capacity are not excepted). For example, if a person receives social security benefits under the Supplemental Security Income provisions of the Social Security Act, 42 U.S.C. 1301 et seq., those benefits are not covered transactions and, therefore, are not affected if the person is excluded.

(c) Federal employment.

(d) A transaction that the Department of Education needs to respond to a national or agency-recognized emergency or disaster.

(e) A permit, license, certificate, or similar instrument issued as a means to regulate public health, safety, or the environment, unless the Department of Education specifically designates it to be a covered transaction.

(f) An incidental benefit that results from ordinary governmental operations.

(g) Any other transaction if the application of an exclusion to the transaction is prohibited by law.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O. 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.220 Are any procurement contracts included as covered transactions?

(a) Covered transactions under this part--

(1) Do not include any procurement contracts awarded directly by a Federal agency; but

(2) Do include some procurement contracts awarded by non-Federal participants in nonprocurement covered transactions (see appendix to this part).

(b) Specifically, a contract for goods or services is a covered transaction if any of the following applies:

(1) The contract is awarded by a participant in a nonprocurement transaction that is covered under Sec. 85.210, and the amount of the contract is expected to equal or exceed \$25,000.

(2) The contract requires the consent of a(n) ED official. In that case, the contract, regardless of the amount, always is a covered transaction, and it does not matter who awarded it. For example, it could be a subcontract awarded by a contractor at a tier below a nonprocurement transaction, as shown in the appendix to this part.

(3) The contract is for federally-required audit services.

(c) The contract is awarded by any contractor, subcontractor, supplier, consultant or its agent or representative in any transaction, regardless of tier, that is funded or authorized under ED programs and is expected to equal or exceed \$25,000.

(d) The contract is to perform services as a third party servicer in connection with a title IV, HEA program.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O. 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.225 How do I know if a transaction in which I may participate is a covered transaction?

As a participant in a transaction, you will know that it is a covered transaction because the agency regulations governing the transaction, the appropriate agency official, or participant at the next higher tier who enters into the transaction with you, will tell you that

you must comply with applicable portions of this part.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Subpart C_Responsibilities of Participants Regarding Transactions

Doing Business With Other Persons

Sec. 85.300 What must I do before I enter into a covered transaction with another person at the next lower tier?

When you enter into a covered transaction with another person at the next lower tier, you must verify that the person with whom you intend to do business is not excluded or disqualified. You do this by:

- (a) Checking the EPLS; or
- (b) Collecting a certification from that person if allowed by this rule; or
- (c) Adding a clause or condition to the covered transaction with that person.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.305 May I enter into a covered transaction with an excluded or disqualified person?

(a) You as a participant may not enter into a covered transaction with an excluded person, unless the Department of Education grants an exception under Sec. 85.120.

(b) You may not enter into any transaction with a person who is disqualified from that transaction, unless you have obtained an exception under the disqualifying statute, Executive order, or regulation.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.310 What must I do if a Federal agency excludes a person with whom I am already doing business in a covered transaction?

(a) You as a participant may continue covered transactions with an excluded person if the transactions were in existence when the agency excluded the person. However, you are not required to continue the transactions, and you may consider termination. You should make a decision about whether to terminate and the type of termination action, if any, only after a thorough review to ensure that the action is proper and appropriate.

(b) You may not renew or extend covered transactions (other than no-

cost time extensions) with any excluded person, unless the Department of Education grants an exception under Sec. 85.120.

(c) If you are a title IV, HEA participant, you may not continue a title IV, HEA transaction with an excluded person after the effective date of the exclusion unless permitted by 34 CFR 668.26, 682.702, or 668.94, as applicable

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.315 May I use the services of an excluded person as a principal under a covered transaction?

(a) You as a participant may continue to use the services of an excluded person as a principal under a covered transaction if you were using the services of that person in the transaction before the person was excluded. However, you are not required to continue using that person's services as a principal. You should make a decision about whether to discontinue that person's services only after a thorough review to ensure that the action is proper and appropriate.

(b) You may not begin to use the services of an excluded person as a principal under a covered transaction unless the Department of Education grants an exception under Sec. 85.120.

(c) Title IV, HEA transactions. If you are a title IV, HEA participant--

(1) You may not renew or extend the term of any contract or agreement for the services of an excluded person as a principal with respect to a title IV, HEA transaction; and

(2) You may not continue to use the services of that excluded person as a principal under this kind of an agreement or arrangement more than 90 days after you learn of the exclusion or after the close of the Federal fiscal year in which the exclusion takes effect, whichever is later.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.320 Must I verify that principals of my covered transactions are eligible to participate?

Yes, you as a participant are responsible for determining whether any of your principals of your covered transactions is excluded or disqualified from participating in the transaction. You may decide the method and frequency by which you do so. You may, but you are not required to, check the EPLS.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.325 What happens if I do business with an excluded person in a covered transaction?

If as a participant you knowingly do business with an excluded person, we may disallow costs, annul or terminate the transaction, issue a stop work order, debar or suspend you, or take other remedies as appropriate.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.330 What requirements must I pass down to persons at lower tiers with whom I intend to do business?

Before entering into a covered transaction with a participant at the next lower tier, you must require that participant to--

(a) Comply with this subpart as a condition of participation in the transaction. You may do so using any method(s), unless Sec. 85.440 requires you to use specific methods.

(b) Pass the requirement to comply with this subpart to each person with whom the participant enters into a covered transaction at the next lower tier.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Disclosing Information--Primary Tier Participants

Sec. 85.335 What information must I provide before entering into a covered transaction with the Department of Education?

Before you enter into a covered transaction at the primary tier, you as the participant must notify the ED office that is entering into the transaction with you, if you know that you or any of the principals for that covered transaction:

(a) Are presently excluded or disqualified;

(b) Have been convicted within the preceding three years of any of the offenses listed in Sec. 85.800(a) or had a civil judgment rendered against you for one of those offenses within that time period;

(c) Are presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses listed in Sec. 85.800(a); or

(d) Have had one or more public transactions (Federal, State, or local) terminated within the preceding three years for cause or default.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.340 If I disclose unfavorable information required under Sec. 85.335, will I be prevented from participating in the transaction?

As a primary tier participant, your disclosure of unfavorable

information about yourself or a principal under Sec. 85.335 will not necessarily cause us to deny your participation in the covered transaction. We will consider the information when we determine whether to enter into the covered transaction. We also will consider any additional information or explanation that you elect to submit with the disclosed information.

Subpart D_Responsibilities of ED Officials Regarding Transactions

Sec. 85.400 May I enter into a transaction with an excluded or disqualified person?

(a) You as an agency official may not enter into a covered transaction with an excluded person unless you obtain an exception under Sec. 85.120.

(b) You may not enter into any transaction with a person who is disqualified from that transaction, unless you obtain a waiver or exception under the statute, Executive order, or regulation that is the basis for the person's disqualification.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.405 May I enter into a covered transaction with a participant if a principal of the transaction is excluded?

with a participant if you know that a principal of the transaction is excluded, unless you obtain an exception under Sec. 85.120.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.410 May I approve a participant's use of the services of an excluded person?

After entering into a covered transaction with a participant, you as an agency official may not approve a participant's use of an excluded person as a principal under that transaction, unless you obtain an exception under Sec. 85.120.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.415 What must I do if a Federal agency excludes the participant or a principal after I enter into a covered transaction?

(a) You as an agency official may continue covered transactions with an excluded person, or under which an excluded person is a principal, if the transactions were in existence when the person was excluded. You are not required to continue the transactions, however, and you may consider termination. You should make a decision about whether to terminate and the type of termination action, if any, only after a thorough review to ensure that the action is proper.

(b) You may not renew or extend covered transactions (other than no-cost time extensions) with any excluded person, or under which an excluded person is a principal, unless you obtain an exception under Sec. 85.120.

(c) Title IV, HEA transactions. If you are a title IV, HEA participant--

(1) You may not renew or extend the term of any contract or agreement for the services of an excluded person as a principal with respect to a title IV, HEA transaction; and

(2) You may not continue to use the services of that excluded person as a principal under this kind of an agreement or arrangement more than 90 days after you learn of the exclusion or after the close of the Federal fiscal year in which the exclusion takes effect, whichever is later.

Sec. 85.420 May I approve a transaction with an excluded or disqualified person at a lower tier?

If a transaction at a lower tier is subject to your approval, you as an agency official may not approve--

(a) A covered transaction with a person who is currently excluded, unless you obtain an exception under Sec. 85.120; or

(b) A transaction with a person who is disqualified from that transaction, unless you obtain a waiver or exception under the statute, Executive order, or regulation that is the basis for the person's disqualification.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

(a) Enter into a primary tier covered transaction;

(b) Approve a principal in a primary tier covered transaction;

(c) Approve a lower tier participant if agency approval of the lower tier participant is required; or

(d) Approve a principal in connection with a lower tier transaction if agency approval of the principal is required.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.430 How do I check to see if a person is excluded or disqualified?

You check to see if a person is excluded or disqualified in two ways:

(a) You as an agency official must check the EPLS when you take any action listed in Sec. 85.425.

(b) You must review information that a participant gives you, as required by Sec. 85.335, about its status or the status of the principals of a transaction.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.435 What must I require of a primary tier participant?

You as an agency official must require each participant in a primary tier covered transaction to--

2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.440 What method do I use to communicate those requirements to participants?

(a) To communicate those requirements, you must include a term or condition in the transaction requiring each participant's compliance with subpart C of this part and requiring the participant to include a similar term or condition in lower-tier covered transactions.

(b) The failure of a participant to include a requirement to comply with Subpart C of this part in the agreement with a lower tier participant does not affect the lower tier participant's responsibilities under this part.

Authority: E.O. 12549 (3 CFR, 1985 Comp., p. 189); E.O. 12689 (3 CFR 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455 of Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.445 What action may I take if a primary tier participant knowingly does business with an excluded or disqualified person?

If a participant knowingly does business with an excluded or disqualified person, you as an agency official may refer the matter for suspension and debarment consideration. You may also disallow costs, annul or terminate the transaction, issue a stop work order, or take any other appropriate remedy.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O. 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.450 What action may I take if a primary tier participant fails to disclose the information required under Sec. 85.335?

If you as an agency official determine that a participant failed to disclose information, as required by Sec. 85.335, at the time it entered into a covered transaction with you, you may--

(a) Terminate the transaction for material failure to comply with the terms and conditions of the transaction; or

(b) Pursue any other available remedies, including suspension and debarment.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O. 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

If you as an agency official determine that a lower tier participant

failed to disclose information, as required by Sec. 85.355, at the time it entered into a covered transaction with a participant at the next higher tier, you may pursue any remedies available to you, including the initiation of a suspension or debarment action.

Subpart E_Excluded Parties List System

Sec. 85.500 What is the purpose of the Excluded Parties List System (EPLS)?

The EPLS is a widely available source of the most current information about persons who are excluded or disqualified from covered transactions.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.505 Who uses the EPLS?

(a) Federal agency officials use the EPLS to determine whether to enter into a transaction with a person, as required under Sec. 85.430.

(b) Participants also may, but are not required to, use the EPLS to determine if--

(1) Principals of their transactions are excluded or disqualified, as required under Sec. 85.320; or

(2) Persons with whom they are entering into covered transactions at the next lower tier are excluded or disqualified.

(c) The EPLS is available to the general public.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.510 Who maintains the EPLS?

In accordance with the OMB guidelines, the General Services Administration (GSA) maintains the EPLS. When a Federal agency takes an action to exclude a person under the nonprocurement or procurement debarment and suspension system, the agency enters the information about the excluded person into the EPLS.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.515 What specific information is in the EPLS?

(a) At a minimum, the EPLS indicates--

(1) The full name (where available) and address of each excluded or disqualified person, in alphabetical order, with cross references if more than one name is involved in a single action;

(2) The type of action;

(3) The cause for the action;

(4) The scope of the action;

(5) Any termination date for the action;

(6) The agency and name and telephone number of the agency point of contact for the action; and

(7) The Dun and Bradstreet Number (DUNS), or other similar code approved by the GSA, of the excluded or disqualified person, if available.

(b) (1) The database for the EPLS includes a field for the Taxpayer Identification Number (TIN) (the social security number (SSN) for an individual) of an excluded or disqualified person.

(2) Agencies disclose the SSN of an individual to verify the identity of an individual, only if permitted under the Privacy Act of 1974 and, if appropriate, the Computer Matching and Privacy Protection Act of 1988, as codified in 5 U.S.C. 552(a).

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O. 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.520 Who places the information into the EPLS?

Federal officials who take actions to exclude persons under this part or officials who are responsible for identifying disqualified persons must enter the following information about those persons into the EPLS:

(a) Information required by Sec. 85.515(a);

(b) The Taxpayer Identification Number (TIN) of the excluded or disqualified person, including the social security number (SSN) for an individual, if the number is available and may be disclosed under law;

(c) Information about an excluded or disqualified person, generally within five working days, after--

(1) Taking an exclusion action;

(2) Modifying or rescinding an exclusion action;

(3) Finding that a person is disqualified; or

Sec. 85.525 Whom do I ask if I have questions about a person in the EPLS?

If you have questions about a person in the EPLS, ask the point of contact for the Federal agency that placed the person's name into the EPLS. You may find the agency point of contact from the EPLS.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

(a) You may access the EPLS through the Internet, currently at <http://epls.arnet.gov>.

(b) As of November 26, 2003, you may also subscribe to a printed version. However, we anticipate discontinuing the printed version. Until it is discontinued, you may obtain the printed version by purchasing a yearly subscription from the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402, or by calling the Government Printing Office Inquiry and Order Desk at (202) 783-3238.

Subpart F_General Principles Relating to Suspension and Debarment Actions

Sec. 85.600 How do suspension and debarment actions start?

When we receive information from any source concerning a cause for suspension or debarment, we will promptly report and investigate it. We refer the question of whether to suspend or debar you to our suspending or debarring official for consideration, if appropriate.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.605 How does suspension differ from debarment?

Suspension differs from debarment in that--

A suspending official . . .	A debarring official . . .
(a) Imposes suspension as a temporary status of ineligibility for procurement and nonprocurement transactions, pending completion of an investigation or legal proceedings.	Imposes debarment for a specified period as a final determination that a person is not presently responsible.
(b) Must--	Must conclude, based on a preponderance of the evidence, that the person has engaged in conduct that warrants debarment.
(1) Have adequate evidence that there may be a cause for debarment of a person; and.	
(2) Conclude that immediate action is	

necessary to protect the Federal interest.

(c) Usually imposes the suspension first, and then promptly notifies the suspended person, giving the person an opportunity to contest the suspension and have it lifted.	Imposes debarment after giving the respondent notice of the action and an opportunity to contest the proposed debarment.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.610 What procedures does the Department of Education use in suspension and debarment actions?

In deciding whether to suspend or debar you, we handle the actions as informally as practicable, consistent with principles of fundamental fairness.

(a) For suspension actions, we use the procedures in this subpart and subpart G of this part.

(b) For debarment actions, we use the procedures in this subpart and subpart H of this part.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.611 What procedures do we use for a suspension or debarment action involving a title IV, HEA transaction?

(a) If we suspend a title IV, HEA participant under Executive Order 12549, we use the following procedures to ensure that the suspension prevents participation in title IV, HEA transactions:

(1) The notification procedures in Sec. 85.715.

(2) Instead of the procedures in Sec. 85.720 through Sec. 85.760, the procedures in 34 CFR part 668, subpart G or 34 CFR part 682, subpart D or G as applicable.

(3) In addition to the findings and conclusions required by 34 CFR part 668, subpart G or 34 CFR part 682, subpart D or G, the suspending official, and, on appeal, the Secretary determines whether there is sufficient cause for suspension as explained in Sec. 85.700.

(b) If we debar a title IV, HEA participant under E.O. 12549, we use the following procedures to ensure that the debarment also precludes participation in title IV, HEA transactions:

(1) The notification procedures in Sec. 85.805 and Sec. 85.870.

(2) Instead of the procedures in Sec. 85.810 through Sec. 85.885, the procedures in 34 CFR part 668, subpart G or 34 CFR part 682, subpart D or G, as applicable.

(3) On appeal from a decision debarring a title IV, HEA participant, we issue a final decision after we receive any written materials from the parties.

(4) In addition to the findings and conclusions required by 34 CFR

part 668, subpart G or 34 CFR part 682, subpart D or G, the debarring official, and, on appeal, the Secretary determines whether there is sufficient cause for debarment as explained in Sec. 85.800.

[68 FR 66612, Nov. 26, 2003]

Sec. 85.612 When does an exclusion by another agency affect the ability of the excluded person to participate in a title IV, HEA transaction?

(a) If a title IV, HEA participant is debarred by another agency under E.O. 12549, using procedures described in paragraph (d) of this section, that party is not eligible to enter into title IV, HEA transactions for the duration of the debarment.

(b)(1) If a title IV, HEA participant is suspended by another agency under E.O. 12549 or under a proposed debarment under the Federal Acquisition Regulation (FAR) (48 CFR part 9, subpart 9.4), using procedures described in paragraph (d) of this section, that party is not eligible to enter into title IV, HEA transactions for the duration of the suspension.

(2)(i) The suspension of title IV, HEA eligibility as a result of suspension by another agency lasts for at least 60 days.

(ii) If the excluded party does not object to the suspension, the 60-day period begins on the 35th day after that agency issues the notice of suspension.

(iii) If the excluded party objects to the suspension, the 60-day period begins on the date of the decision of the suspending official.

(3) The suspension of title IV, HEA eligibility does not end on the 60th day if--

(i) The excluded party agrees to an extension; or

(ii) Before the 60th day we begin a limitation or termination proceeding against the excluded party under 34 CFR part 668, subpart G or part 682, subpart D or G.

(c)(1) If a title IV, HEA participant is debarred or suspended by another Federal agency--

(i) We notify the participant whether the debarment or suspension prohibits participation in title IV, HEA transactions; and

(ii) If participation is prohibited, we state the effective date and duration of the prohibition.

(2) If a debarment or suspension by another agency prohibits participation in title IV, HEA transactions, that prohibition takes effect 20 days after we mail notice of our action.

(3) If ED or another Federal agency suspends a title IV, HEA participant, we determine whether grounds exist for an emergency action against the participant under 34 CFR part 668, subpart G or part 682, subpart D or G, as applicable.

(4) We use the procedures in Sec. 85.611 to exclude a title IV, HEA participant excluded by another Federal agency using procedures that did not meet the standards in paragraph (d) of this section.

(d) If a title IV, HEA participant is excluded by another agency, we

debar, terminate, or suspend the participant--as provided under this part, 34 CFR part 668, or 34 CFR part 682, as applicable--if that agency followed procedures that gave the excluded party--

- (1) Notice of the proposed action;
- (2) An opportunity to submit and have considered evidence and argument to oppose the proposed action;
- (3) An opportunity to present its objection at a hearing--
 - (i) At which the agency has the burden of persuasion by a preponderance of the evidence that there is cause for the exclusion; and
 - (ii) Conducted by an impartial person who does not also exercise prosecutorial or investigative responsibilities with respect to the exclusion action;
- (4) An opportunity to present witness testimony, unless the hearing official finds that there is no genuine dispute about a material fact;
- (5) An opportunity to have agency witnesses with personal knowledge of material facts in genuine dispute testify about those facts, if the hearing official determines their testimony to be needed, in light of other available evidence and witnesses; and
- (6) A written decision stating findings of fact and conclusions of law on which the decision is rendered.

 - (2) Your agent for service of process, or any of your partners, officers, directors, owners, or joint venturers.
- (b) The notice is effective if sent to any of these persons.

Sec. 85.620 Do Federal agencies coordinate suspension and debarment actions?

Yes, when more than one Federal agency has an interest in a suspension or debarment, the agencies may consider designating one agency as the lead agency for making the decision. Agencies are encouraged to establish methods and procedures for coordinating their suspension and debarment actions.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O. 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.625 What is the scope of a suspension or debarment?

If you are suspended or debarred, the suspension or debarment is effective as follows:

(a) Your suspension or debarment constitutes suspension or debarment of all of your divisions and other organizational elements from all covered transactions, unless the suspension or debarment decision is limited--

(1) By its terms to one or more specifically identified individuals, divisions, or other organizational elements; or

(2) To specific types of transactions.

For purposes of actions taken under this rule, we may impute conduct as follows:

(a) Conduct imputed from an individual to an organization. We may impute the fraudulent, criminal, or other improper conduct of any officer, director, shareholder, partner, employee, or other individual associated with an organization, to that organization when the improper conduct occurred in connection with the individual's performance of duties for or on behalf of that organization, or with the organization's knowledge, approval or acquiescence. The organization's acceptance of the benefits derived from the conduct is evidence of knowledge, approval or acquiescence.

(b) Conduct imputed from an organization to an individual, or between individuals. We may impute the fraudulent, criminal, or other improper conduct of any organization to an individual, or from one individual to another individual, if the individual to whom the improper conduct is imputed either participated in, had knowledge of, or reason to know of the improper conduct.

(c) Conduct imputed from one organization to another organization. We may impute the fraudulent, criminal, or other improper conduct of one organization to another organization when the improper conduct occurred in connection with a partnership, joint venture, joint application, association or similar arrangement, or when the organization to whom the improper conduct is imputed has the power to direct, manage, control or influence the activities of the organization responsible for the improper conduct. Acceptance of the benefits derived from the conduct is evidence of knowledge, approval or acquiescence.

Sec. 85.635 May the Department of Education settle a debarment or suspension action?

Sec. 85.645 Do other Federal agencies know if the Department of Education agrees to a voluntary exclusion?

(a) Yes, we enter information regarding a voluntary exclusion into the EPLS.

(b) Also, any agency or person may contact us to find out the details of a voluntary exclusion.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Subpart G_Suspension

Sec. 85.700 When may the suspending official issue a suspension?

Suspension is a serious action. Using the procedures of this subpart and subpart F of this part, the suspending official may impose suspension only when that official determines that--

(a) There exists an indictment for, or other adequate evidence to suspect, an offense listed under Sec. 85.800(a), or

(b) There exists adequate evidence to suspect any other cause for debarment listed under Sec. 85.800(b) through (d); and

(c) Immediate action is necessary to protect the public interest.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.705 What does the suspending official consider in issuing a suspension?

(a) In determining the adequacy of the evidence to support the suspension, the suspending official considers how much information is available, how credible it is given the circumstances, whether or not important allegations are corroborated, and what inferences can reasonably be drawn as a result. During this assessment, the suspending official may examine the basic documents, including grants, cooperative agreements, loan authorizations, contracts, and other relevant documents.

(b) An indictment, conviction, civil judgment, or other official findings by Federal, State, or local bodies that determine factual and/or legal matters, constitutes adequate evidence for purposes of suspension actions.

(c) In deciding whether immediate action is needed to protect the public interest, the suspending official has wide discretion. For example, the suspending official may infer the necessity for immediate action to protect the public interest either from the nature of the circumstances giving rise to a cause for suspension or from potential business relationships or involvement with a program of the Federal Government.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O. 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.710 When does a suspension take effect?

A suspension is effective when the suspending official signs the decision to suspend.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O. 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.711 When does a suspension affect title IV, HEA transactions?

(a) A suspension under Sec. 85.611(a) takes effect immediately if the Secretary takes an emergency action under 34 CFR part 668, subpart G or 34 CFR part 682, subpart D or G at the same time the Secretary issues the suspension.

(b)(1) Except as provided under paragraph (a) of this section, a suspension under Sec. 85.611(a) takes effect 20 days after those procedures are complete.

(2) If the respondent appeals the suspension to the Secretary before the expiration of the 20 days under paragraph (b)(1) of this section, the suspension takes effect when the respondent receives the Secretary's decision.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189), E.O. 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455 of Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.715 What notice does the suspending official give me if I am

suspended?

After deciding to suspend you, the suspending official promptly sends you a Notice of Suspension advising you--

- (a) That you have been suspended;
- (b) That your suspension is based on--
 - (1) An indictment;
 - (2) A conviction;
 - (3) Other adequate evidence that you have committed irregularities which seriously reflect on the propriety of further Federal Government dealings with you; or
 - (4) Conduct of another person that has been imputed to you, or your affiliation with a suspended or debarred person;
- (c) Of any other irregularities in terms sufficient to put you on notice without disclosing the Federal Government's evidence;
- (d) Of the cause(s) upon which we relied under Sec. 85.700 for imposing suspension;
- (e) That your suspension is for a temporary period pending the completion of an investigation or resulting legal or debarment proceedings;
- (f) Of the applicable provisions of this subpart, Subpart F of this part, and any other ED procedures governing suspension decision making; and
- (g) Of the governmentwide effect of your suspension from procurement and nonprocurement programs and activities.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.720 How may I contest a suspension?

If you as a respondent wish to contest a suspension, you or your representative must provide the suspending official with information in opposition to the suspension. You may do this orally or in writing, but any information provided orally that you consider important must also be submitted in writing for the official record.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.725 How much time do I have to contest a suspension?

- (a) As a respondent you or your representative must either send, or make arrangements to appear and present, the information and argument to the suspending official within 30 days after you receive the Notice of Suspension.
- (b) We consider the notice to be received by you--
 - (1) When delivered, if we mail the notice to the last known street address, or five days after we send it if the letter is undeliverable;
 - (2) When sent, if we send the notice by facsimile or five days after we send it if the facsimile is undeliverable; or
 - (3) When delivered, if we send the notice by e-mail or five days

after we send it if the e-mail is undeliverable.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O. 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.730 What information must I provide to the suspending official if I contest a suspension?

(a) In addition to any information and argument in opposition, as a respondent your submission to the suspending official must identify--

(1) Specific facts that contradict the statements contained in the Notice of Suspension. A general denial is insufficient to raise a genuine dispute over facts material to the suspension;

(2) All existing, proposed, or prior exclusions under regulations implementing E.O. 12549 and all similar actions taken by Federal, state, or local agencies, including administrative agreements that affect only those agencies;

(3) All criminal and civil proceedings not included in the Notice of Suspension that grew out of facts relevant to the cause(s) stated in the notice; and

(4) All of your affiliates.

(b) If you fail to disclose this information, or provide false information, the Department of Education may seek further criminal, civil or administrative action against you, as appropriate.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O. 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.735 Under what conditions do I get an additional opportunity to challenge the facts on which the suspension is based?

(a) You as a respondent will not have an additional opportunity to challenge the facts if the suspending official determines that--

(1) Your suspension is based upon an indictment, conviction, civil judgment, or other finding by a Federal, State, or local body for which an opportunity to contest the facts was provided;

(2) Your presentation in opposition contains only general denials to information contained in the Notice of Suspension;

(3) The issues raised in your presentation in opposition to the suspension are not factual in nature, or are not material to the suspending official's initial decision to suspend, or the official's decision whether to continue the suspension; or

(4) On the basis of advice from the Department of Justice, an office of the United States Attorney, a State attorney general's office, or a State or local prosecutor's office, that substantial interests of the government in pending or contemplated legal proceedings based on the same facts as the suspension would be prejudiced by conducting fact-finding.

(b) You will have an opportunity to challenge the facts if the suspending official determines that--

(1) The conditions in paragraph (a) of this section do not exist; and

(2) Your presentation in opposition raises a genuine dispute over facts material to the suspension.

(c) If you have an opportunity to challenge disputed material facts under this section, the suspending official or designee must conduct additional proceedings to resolve those facts.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.740 Are suspension proceedings formal?

(a) Suspension proceedings are conducted in a fair and informal manner. The suspending official may use flexible procedures to allow you to present matters in opposition. In so doing, the suspending official is not required to follow formal rules of evidence or procedure in creating an official record upon which the official will base a final suspension decision.

(b) You as a respondent or your representative must submit any documentary evidence you want the suspending official to consider.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.745 How is fact-finding conducted?

(a) If fact-finding is conducted--

(1) You may present witnesses and other evidence, and confront any witness presented; and

(2) The fact-finder must prepare written findings of fact for the record.

(b) A transcribed record of fact-finding proceedings must be made, unless you as a respondent and the Department of Education agree to waive it in advance. If you want a copy of the transcribed record, you may purchase it.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.750 What does the suspending official consider in deciding whether to continue or terminate my suspension?

(a) The suspending official bases the decision on all information contained in the official record. The record includes--

(1) All information in support of the suspending official's initial decision to suspend you;

(2) Any further information and argument presented in support of, or opposition to, the suspension; and

(3) Any transcribed record of fact-finding proceedings.

(b) The suspending official may refer disputed material facts to another official for findings of fact. The suspending official may reject any resulting findings, in whole or in part, only after

specifically determining them to be arbitrary, capricious, or clearly erroneous.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.755 When will I know whether the suspension is continued or terminated?

The suspending official must make a written decision whether to continue, modify, or terminate your suspension within 45 days of closing the official record. The official record closes upon the suspending official's receipt of final submissions, information and findings of fact, if any. The suspending official may extend that period for good cause.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.760 How long may my suspension last?

(a) If legal or debarment proceedings are initiated at the time of, or during your suspension, the suspension may continue until the conclusion of those proceedings. However, if proceedings are not initiated, a suspension may not exceed 12 months.

(b) The suspending official may extend the 12 month limit under paragraph (a) of this section for an additional 6 months if an office of a U.S. Assistant Attorney General, U.S. Attorney, or other responsible prosecuting official requests an extension in writing. In no event may a suspension exceed 18 months without initiating proceedings under paragraph (a) of this section.

(c) The suspending official must notify the appropriate officials under paragraph (b) of this section of an impending termination of a suspension at least 30 days before the 12 month period expires to allow the officials an opportunity to request an extension.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

After consideration of the causes in Sec. 85.800 of this subpart, if the debarring official proposes to debar you, the official sends you a Notice of Proposed Debarment, pursuant to Sec. 85.615, advising you--

[68 FR 66613, Nov. 26, 2003]

Sec. 85.815 How may I contest a proposed debarment?

If you as a respondent wish to contest a proposed debarment, you or your representative must provide the debarring official with information in opposition to the proposed debarment. You may do this orally or in writing, but any information provided orally that you consider important must also be submitted in writing for the official record.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.820 How much time do I have to contest a proposed debarment?

(a) As a respondent you or your representative must either send, or make arrangements to appear and present, the information and argument to the debarring official within 30 days after you receive the Notice of Proposed Debarment.

(b) We consider the Notice of Proposed Debarment to be received by you--

(1) When delivered, if we mail the notice to the last known street

address, or five days after we send it if the letter is undeliverable;

(2) When sent, if we send the notice by facsimile or five days after we send it if the facsimile is undeliverable; or

(3) When delivered, if we send the notice by e-mail or five days after we send it if the e-mail is undeliverable.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O. 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.825 What information must I provide to the debarring official if I contest a proposed debarment?

(a) In addition to any information and argument in opposition, as a respondent your submission to the debarring official must identify--

(1) Specific facts that contradict the statements contained in the Notice of Proposed Debarment. Include any information about any of the factors listed in Sec. 85.860. A general denial is insufficient to raise a genuine dispute over facts material to the debarment;

(2) All existing, proposed, or prior exclusions under regulations implementing E.O. 12549 and all similar actions taken by Federal, State, or local agencies, including administrative agreements that affect only those agencies;

(3) All criminal and civil proceedings not included in the Notice of Proposed Debarment that grew out of facts relevant to the cause(s) stated in the notice; and

(4) All of your affiliates.

(b) If you fail to disclose this information, or provide false information, the Department of Education may seek further criminal, civil or administrative action against you, as appropriate.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O. 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.830 Under what conditions do I get an additional opportunity to challenge the facts on which a proposed debarment is based?

(a) You as a respondent will not have an additional opportunity to challenge the facts if the debarring official determines that--

(1) Your debarment is based upon a conviction or civil judgment;

(2) Your presentation in opposition contains only general denials to information contained in the Notice of Proposed Debarment; or

(3) The issues raised in your presentation in opposition to the proposed debarment are not factual in nature, or are not material to the debarring official's decision whether to debar.

(b) You will have an additional opportunity to challenge the facts if the debarring official determines that--

(1) The conditions in paragraph (a) of this section do not exist; and

(2) Your presentation in opposition raises a genuine dispute over facts material to the proposed debarment.

(c) If you have an opportunity to challenge disputed material facts under this section, the debarring official or designee must conduct

additional proceedings to resolve those facts.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.835 Are debarment proceedings formal?

(a) Debarment proceedings are conducted in a fair and informal manner. The debarring official may use flexible procedures to allow you as a respondent to present matters in opposition. In so doing, the debarring official is not required to follow formal rules of evidence or procedure in creating an official record upon which the official will base the decision whether to debar.

(b) You or your representative must submit any documentary evidence you want the debarring official to consider.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.840 How is fact-finding conducted?

(a) If fact-finding is conducted--

(1) You may present witnesses and other evidence, and confront any witness presented; and

(2) The fact-finder must prepare written findings of fact for the record.

(b) A transcribed record of fact-finding proceedings must be made, unless you as a respondent and the Department of Education agree to waive it in advance. If you want a copy of the transcribed record, you may purchase it.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.845 What does the debarring official consider in deciding whether to debar me?

(a) The debarring official may debar you for any of the causes in Sec. 85.800. However, the official need not debar you even if a cause for debarment exists. The official may consider the seriousness of your acts or omissions and the mitigating or aggravating factors set forth at Sec. 85.860.

(b) The debarring official bases the decision on all information contained in the official record. The record includes--

(1) All information in support of the debarring official's proposed debarment;

(2) Any further information and argument presented in support of, or in opposition to, the proposed debarment; and

(3) Any transcribed record of fact-finding proceedings.

(c) The debarring official may refer disputed material facts to another official for findings of fact. The debarring official may reject

any resultant findings, in whole or in part, only after specifically determining them to be arbitrary, capricious, or clearly erroneous.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.850 What is the standard of proof in a debarment action?

(a) In any debarment action, we must establish the cause for debarment by a preponderance of the evidence.

(b) If the proposed debarment is based upon a conviction or civil judgment, the standard of proof is met.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.855 Who has the burden of proof in a debarment action?

(a) We have the burden to prove that a cause for debarment exists.

(b) Once a cause for debarment is established, you as a respondent have the burden of demonstrating to the satisfaction of the debarring official that you are presently responsible and that debarment is not necessary.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.860 What factors may influence the debarring official's decision?

This section lists the mitigating and aggravating factors that the debarring official may consider in determining whether to debar you and the length of your debarment period. The debarring official may consider other factors if appropriate in light of the circumstances of a particular case. The existence or nonexistence of any factor, such as one of those set forth in this section, is not necessarily determinative of your present responsibility. In making a debarment decision, the debarring official may consider the following factors:

(a) The actual or potential harm or impact that results or may result from the wrongdoing.

(b) The frequency of incidents and/or duration of the wrongdoing.

(c) Whether there is a pattern or prior history of wrongdoing. For example, if you have been found by another Federal agency or a State agency to have engaged in wrongdoing similar to that found in the debarment action, the existence of this fact may be used by the debarring official in determining that you have a pattern or prior history of wrongdoing.

(d) Whether you are or have been excluded or disqualified by an agency of the Federal Government or have not been allowed to participate in State or local contracts or assistance agreements on a basis of conduct similar to one or more of the causes for debarment specified in

this part.

(e) Whether you have entered into an administrative agreement with a Federal agency or a State or local government that is not governmentwide but is based on conduct similar to one or more of the causes for debarment specified in this part.

(f) Whether and to what extent you planned, initiated, or carried out the wrongdoing.

(g) Whether you have accepted responsibility for the wrongdoing and recognize the seriousness of the misconduct that led to the cause for debarment.

(h) Whether you have paid or agreed to pay all criminal, civil and administrative liabilities for the improper activity, including any investigative or administrative costs incurred by the government, and have made or agreed to make full restitution.

(i) Whether you have cooperated fully with the government agencies during the investigation and any court or administrative action. In determining the extent of cooperation, the debarring official may consider when the cooperation began and whether you disclosed all pertinent information known to you.

(j) Whether the wrongdoing was pervasive within your organization.

(k) The kind of positions held by the individuals involved in the wrongdoing.

(l) Whether your organization took appropriate corrective action or remedial measures, such as establishing ethics training and implementing programs to prevent recurrence.

(m) Whether your principals tolerated the offense.

(n) Whether you brought the activity cited as a basis for the debarment to the attention of the appropriate government agency in a timely manner.

(o) Whether you have fully investigated the circumstances surrounding the cause for debarment and, if so, made the result of the investigation available to the debarring official.

(p) Whether you had effective standards of conduct and internal control systems in place at the time the questioned conduct occurred.

(q) Whether you have taken appropriate disciplinary action against the individuals responsible for the activity which constitutes the cause for debarment.

(r) Whether you have had adequate time to eliminate the circumstances within your organization that led to the cause for the debarment.

(s) Other factors that are appropriate to the circumstances of a particular case.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O. 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.865 How long may my debarment last?

(a) If the debarring official decides to debar you, your period of debarment will be based on the seriousness of the cause(s) upon which your debarment is based. Generally, debarment should not exceed three years. However, if circumstances warrant, the debarring official may impose a longer period of debarment.

(b) In determining the period of debarment, the debarring official may consider the factors in Sec. 85.860. If a suspension has preceded your debarment, the debarring official must consider the time you were suspended.

(c) If the debarment is for a violation of the provisions of the Drug-Free Workplace Act of 1988, your period of debarment may not exceed five years.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.870 When do I know if the debarring official debars me?

(a) The debarring official must make a written decision whether to debar within 45 days of closing the official record. The official record closes upon the debarring official's receipt of final submissions, information and findings of fact, if any. The debarring official may extend that period for good cause.

(b) The debarring official sends you written notice, pursuant to Sec. 85.615 that the official decided, either--

(1) Not to debar you; or

(2) To debar you. In this event, the notice:

(i) Refers to the Notice of Proposed Debarment;

(ii) Specifies the reasons for your debarment;

(iii) States the period of your debarment, including the effective dates; and

(iv) Advises you that your debarment is effective for covered transactions and contracts that are subject to the Federal Acquisition Regulation (48 CFR chapter 1), throughout the executive branch of the Federal Government unless an agency head or an authorized designee grants an exception.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.875 May I ask the debarring official to reconsider a decision to debar me?

Yes, as a debarred person you may ask the debarring official to reconsider the debarment decision or to reduce the time period or scope of the debarment. However, you must put your request in writing and support it with documentation.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.880 What factors may influence the debarring official during reconsideration?

The debarring official may reduce or terminate your debarment based on--

- (a) Newly discovered material evidence;
 - (b) A reversal of the conviction or civil judgment upon which your debarment was based;
 - (c) A bona fide change in ownership or management;
 - (d) Elimination of other causes for which the debarment was imposed;
- or
- (e) Other reasons the debarring official finds appropriate.

Authority: E.O. 12549 (3 CFR, 1986 Comp., p. 189); E.O 12689 (3 CFR, 1989 Comp., p. 235); 20 U.S.C. 1082, 1094, 1221e-3 and 3474; and Sec. 2455, Pub. L. 103-355, 108 Stat. 3243 at 3327.

Sec. 85.885 May the debarring official extend a debarment?

(a) Yes, the debarring official may extend a debarment for an additional period, if that official determines that an extension is necessary to protect the public interest.

(b) However, the debarring official may not extend a debarment solely on the basis of the facts and circumstances upon which the initial debarment action was based.

(c) If the debarring official decides that a debarment for an additional period is necessary, the debarring official must follow the applicable procedures in this subpart, and subpart F of this part, to extend the debarment.

(2) The termination of any or all forms of Federal financial assistance that--

(i) (A) Except as specified in paragraph (b) (2) (ii) of this section, ends an IHE's eligibility to receive any or all forms of Federal financial assistance. The Secretary specifies which forms of Federal financial assistance would be affected; and

(B) Prohibits an IHE from making any new obligations against Federal funds; and

(ii) For purposes of an IHE's participation in the student financial assistance programs authorized by title IV of the Higher Education Act of 1965 as amended, has the same effect as a termination under 34 CFR 668.94.

(1) Informs the IHE of the Secretary's intent to demand repayment of Federal financial assistance or to terminate, describes the consequences of that action, and identifies the alleged violations that constitute the basis for the action;

(2) Specifies, as appropriate--

(i) The amount of Federal financial assistance that must be repaid and the date by which the IHE must repay the funds; and

(ii) The proposed effective date of the termination, which must be at least 30 days after the date of receipt of the notice of intent; and

(3) Informs the IHE that the repayment of Federal financial assistance will not be required or that the termination will not be effective on the date specified in the notice if the designated Department official receives, within a 30-day period beginning on the date the IHE receives the notice of intent described in this paragraph--

(i) Written material indicating why the repayment of Federal financial assistance or termination should not take place; or

(ii) A request for a hearing that contains a concise statement of disputed issues of law and fact, the IHE's position with respect to these issues, and, if appropriate, a description of which Federal financial assistance the IHE contends need not be repaid.

(b) If the IHE does not request a hearing but submits written material--

(1) The IHE receives no additional opportunity to request or receive a hearing; and

(2) The designated Department official, after considering the written material, notifies the IHE in writing whether--

(i) Any or all of the Federal financial assistance must be repaid; or

(ii) The proposed termination is dismissed or imposed as of a specified date.

(c) The ALJ takes whatever measures are appropriate to expedite the proceeding. These measures may include, but are not limited to--

(1) Scheduling of conferences;

(2) Setting time limits for hearings and submission of written documents; and

(3) If a party files a written motion, the party shall do so in accordance with Sec. 86.405.

(4) Except for a request for an extension of time, the ALJ may not grant a party's written motion without the consent of the other party unless the other party has had at least 21 days from the date of service of the motion to respond. - (ii) Mailed; or
- (iii) Sent by facsimile transmission.

(2) If a scheduled filing date falls on a Saturday, Sunday, or Federal holiday, the filing deadline is the next Federal business day.

- (1) Evidence of conduct during settlement negotiations.
- (2) Statements made during settlement negotiations.

(2) On the motion of either or both parties, the ALJ may extend the period before the hearing is scheduled beyond the 45 days specified in paragraph (b)(1) of this section.

(c) No termination takes effect until after a hearing is held and a decision is issued by the Department.

(d) With the approval of the ALJ and the consent of the designated

Department official and the IHE, any time schedule specified in this section may be shortened.

Sec. 86.408 What are the procedures for conducting a pre-hearing conference?

(a) (1) A pre-hearing conference may be convened by the ALJ if the ALJ thinks that such a conference would be useful, or if requested by--

(i) The designated Department official; or

(ii) The IHE.

(b) A pre-hearing conference may consist of--

(1) A conference telephone call;

(2) An informal meeting; or

(3) The submission and exchange of written material.

Sec. 86.409 What are the procedures for conducting a hearing on the record?

(a) A hearing on the record is an orderly presentation of arguments and evidence conducted by an ALJ.

(b) An ALJ conducts the hearing entirely on the basis of briefs and other written submissions unless--

(1) The ALJ determines, after reviewing all appropriate submissions, that an evidentiary hearing is needed to resolve a material factual issue in dispute; or

(2) The ALJ determines, after reviewing all appropriate submissions, that oral argument is needed to clarify the issues in the case.

(c) The hearing process may be expedited as agreed by the ALJ, the designated Department official, and the IHE. Procedures to expedite may include, but are not limited to, the following:

(1) A restriction on the number or length of submissions.

(2) The conduct of the hearing by telephone conference call.

(3) A review limited to the written record.

(4) A certification by the parties to facts and legal authorities not in dispute.

(4) The ALJ accepts only evidence that is relevant and material to the proceeding and is not unduly repetitious.

(e) The ALJ makes a transcribed record of any evidentiary hearing or oral argument that is held, and makes the record available to--

(1) The designated Department official; and

(2) The IHE on its request and upon payment of a fee comparable to that prescribed under the Department of Education Freedom of Information Act regulations (34 CFR part 5).

Sec. 86.410 What are the procedures for issuance of a decision?

(a)(1) The ALJ issues a written decision to the IHE, the designated Department official, and the Secretary by certified mail, return receipt requested, within 30 days after--

(i) The last brief is filed;

(ii) The last day of the hearing if one is held; or

(iii) The date on which the ALJ terminates the hearing in accordance with Sec. 86.401(c)(3).

(2) The ALJ's decision states whether the violation or violations contained in the Secretary's notification occurred, and articulates the reasons for the ALJ's finding.

(3) The ALJ bases findings of fact only on evidence in the hearing record and on matters given judicial notice.

(b)(1) The ALJ's decision is the final decision of the agency. However, the Secretary reviews the decision on request of either party, and may review the decision on his or her own initiative.

(2) If the Secretary decides to review the decision on his or her own initiative, the Secretary informs the parties of his or her intention to review by written notice sent within 15 days of the Secretary's receipt of the ALJ's decision.

(c)(1) Either party may request review by the Secretary by submitting a brief or written materials to the Secretary within 20 days of the party's receipt of the ALJ's decision. The submission must explain why the decision of the ALJ should be modified, reversed, or remanded. The other party shall respond within 20 days of receipt of the brief or written materials filed by the opposing party.

(2) Neither party may introduce new evidence on review.

(d) The decision of the ALJ ordering the repayment of Federal financial assistance or terminating the eligibility of an IHE does not take effect pending the Secretary's review.

(e)(1) The Secretary reviews the ALJ's decision considering only evidence introduced into the record.

(2) The Secretary's decision may affirm, modify, reverse or remand the ALJ's decision and includes a statement of reasons for the decision.

Subpart A_Federal Policy for the Protection of Human Subjects
(Basic ED Policy for Protection of Human Research Subjects)

Sec. 97.101 To what does this policy apply?

(a) Except as provided in paragraph (b) of this section, this policy applies to all research involving human subjects conducted, supported or otherwise subject to regulation by any federal department or agency which takes appropriate administrative action to make the policy applicable to such research. This includes research conducted by federal civilian employees or military personnel, except that each department or agency head may adopt such procedural modifications as may be appropriate from an administrative standpoint. It also includes research conducted, supported, or otherwise subject to regulation by the federal government outside the United States.

(1) Research that is conducted or supported by a federal department or agency, whether or not it is regulated as defined in Sec. 97.102(e), must comply with all sections of this policy.

(2) Research that is neither conducted nor supported by a federal department or agency but is subject to regulation as defined in Sec.

97.102(e) must be reviewed and approved, in compliance with Sec. Sec. 97.101, 97.102, and Sec. Sec. 97.107 through 97.117 of this policy, by an institutional review board (IRB) that operates in accordance with the pertinent requirements of this policy.

(b) Unless otherwise required by department or agency heads, research activities in which the only involvement of human subjects will be in one or more of the following categories are exempt from this policy:

(1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (i) research on regular and special education instructional strategies, or (ii) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods.

(2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless:

(i) Information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and

(ii) Any disclosure of the human subjects' responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects' financial standing, employability, or reputation.

(3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures, or observation of public behavior that is not exempt under paragraph (b)(2) of this section, if:

(i) The human subjects are elected or appointed public officials or candidates for public office; or

(ii) Federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.

(4) Research, involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in such a manner that subjects cannot be identified, directly or through identifiers linked to the subjects.

(5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine:

(i) Public benefit or service programs;

(ii) Procedures for obtaining benefits or services under those programs;

(iii) Possible changes in or alternatives to those programs or procedures; or

(iv) Possible changes in methods or levels of payment for benefits or services under those programs.

(6) Taste and food quality evaluation and consumer acceptance studies,

(i) If wholesome foods without additives are consumed or

(ii) If a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental

Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

(c) Department or agency heads retain final judgment as to whether a particular activity is covered by this policy.

(d) Department or agency heads may require that specific research activities or classes of research activities conducted, supported, or otherwise subject to regulation by the department or agency but not otherwise covered by this policy, comply with some or all of the requirements of this policy.

(e) Compliance with this policy requires compliance with pertinent federal laws or regulations which provide additional protections for human subjects.

(f) This policy does not affect any state or local laws or regulations which may otherwise be applicable and which provide additional protections for human subjects.

(g) This policy does not affect any foreign laws or regulations which may otherwise be applicable and which provide additional protections to human subjects of research.

(h) When research covered by this policy takes place in foreign countries, procedures normally followed in the foreign countries to protect human subjects may differ from those set forth in this policy. (An example is a foreign institution which complies with guidelines consistent with the World Medical Assembly Declaration (Declaration of Helsinki amended 1989) issued either by sovereign states or by an organization whose function for the protection of human research subjects is internationally recognized.) In these circumstances, if a department or agency head determines that the procedures prescribed by the institution afford protections that are at least equivalent to those provided in this policy, the department or agency head may approve the substitution of the foreign procedures in lieu of the procedural requirements provided in this policy. Except when otherwise required by statute, Executive Order, or the department or agency head, notices of these actions as they occur will be published in the Federal Register or will be otherwise published as provided in department or agency procedures.

(i) Unless otherwise required by law, department or agency heads may waive the applicability of some or all of the provisions of this policy to specific research activities or classes of research activities otherwise covered by this policy. Except when otherwise required by statute or Executive Order, the department or agency head shall forward advance notices of these actions to the Office for Protection from Research Risks, Department of Health and Human Services (HHS), and shall also publish them in the Federal Register or in such other manner as provided in department or agency procedures.\1\

\1\ Institutions with HHS-approved assurances on file will abide by provisions of title 45 CFR part 46 subparts A-D. Some of the other Departments and Agencies have incorporated all provisions of title 45 CFR part 46 into their policies and procedures as well. However, the exemptions at 45 CFR 46.101(b) do not apply to research involving prisoners, fetuses, pregnant women, or human in vitro fertilization, subparts B and C. The exemption at 45 CFR 46.101(b) (2), for research involving survey or interview procedures or observation of public

behavior, does not apply to research with children, subpart D, except for research involving observations of public behavior when the investigator(s) do not participate in the activities being observed.

[56 FR 28012, 28021, June 18, 1991; 56 FR 29756, June 28, 1991]

Sec. 97.102 Definitions.

(a) Department or agency head means the head of any federal department or agency and any other officer or employee of any department or agency to whom authority has been delegated.

(b) Institution means any public or private entity or agency (including federal, state, and other agencies).

(c) Legally authorized representative means an individual or judicial or other body authorized under applicable law to consent on behalf of a prospective subject to the subject's participation in the procedure(s) involved in the research.

(d) Research means a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge. Activities which meet this definition constitute research for purposes of this policy, whether or not they are conducted or supported under a program which is considered research for other purposes. For example, some demonstration and service programs may include research activities.

(e) Research subject to regulation, and similar terms are intended to encompass those research activities for which a federal department or agency has specific responsibility for regulating as a research activity, (for example, Investigational New Drug requirements administered by the Food and Drug Administration). It does not include research activities which are incidentally regulated by a federal department or agency solely as part of the department's or agency's broader responsibility to regulate certain types of activities whether research or non-research in nature (for example, Wage and Hour requirements administered by the Department of Labor).

(f) Human subject means a living individual about whom an investigator (whether professional or student) conducting research obtains

- (1) Data through intervention or interaction with the individual, or
- (2) Identifiable private information.

Intervention includes both physical procedures by which data are gathered (for example, venipuncture) and manipulations of the subject or the subject's environment that are performed for research purposes. Interaction includes communication or interpersonal contact between investigator and subject. ``Private information'' includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an

individual and which the individual can reasonably expect will not be made public (for example, a medical record). Private information must be individually identifiable (i.e., the identity of the subject is or may readily be ascertained by the investigator or associated with the information) in order for obtaining the information to constitute research involving human subjects.

(g) IRB means an institutional review board established in accord with and for the purposes expressed in this policy.

(h) IRB approval means the determination of the IRB that the research has been reviewed and may be conducted at an institution within the constraints set forth by the IRB and by other institutional and federal requirements.

(i) Minimal risk means that the probability and magnitude of harm or discomfort anticipated in the research are not greater in and of themselves than those ordinarily encountered in daily life or during the performance of routine physical or psychological examinations or tests.

(j) Certification means the official notification by the institution to the supporting department or agency, in accordance with the requirements of this policy, that a research project or activity involving human subjects has been reviewed and approved by an IRB in accordance with an approved assurance.

(Authority: 5 U.S.C. 301; 20 U.S.C. 1221e-3, 3474; and 42 U.S.C. 300v-1(b))

Sec. 97.103 Assuring compliance with this policy--research conducted or supported by any Federal Department or Agency.

(a) Each institution engaged in research which is covered by this policy and which is conducted or supported by a federal department or agency shall provide written assurance satisfactory to the department or agency head that it will comply with the requirements set forth in this policy. In lieu of requiring submission of an assurance, individual department or agency heads shall accept the existence of a current assurance, appropriate for the research in question, on file with the Office for Protection from Research Risks, HHS, and approved for federalwide use by that office. When the existence of an HHS-approved assurance is accepted in lieu of requiring submission of an assurance, reports (except certification) required by this policy to be made to department and agency heads shall also be made to the Office for Protection from Research Risks, HHS.

(b) Departments and agencies will conduct or support research covered by this policy only if the institution has an assurance approved as provided in this section, and only if the institution has certified to the department or agency head that the research has been reviewed and approved by an IRB provided for in the assurance, and will be subject to continuing review by the IRB. Assurances applicable to federally supported or conducted research shall at a minimum include:

(1) A statement of principles governing the institution in the discharge of its responsibilities for protecting the rights and welfare of human subjects of research conducted at or sponsored by the institution, regardless of whether the research is subject to federal regulation. This may include an appropriate existing code, declaration, or statement of ethical principles, or a statement

formulated by the institution itself. This requirement does not preempt provisions of this policy applicable to department- or agency-supported or regulated research and need not be applicable to any research exempted or waived under Sec. 97.101 (b) or (i).

(2) Designation of one or more IRBs established in accordance with the requirements of this policy, and for which provisions are made for meeting space and sufficient staff to support the IRB's review and recordkeeping duties.

(3) A list of IRB members identified by name; earned degrees; representative capacity; indications of experience such as board certifications, licenses, etc., sufficient to describe each member's chief anticipated contributions to IRB deliberations; and any employment or other relationship between each member and the institution; for example: full-time employee, part-time employee, member of governing panel or board, stockholder, paid or unpaid consultant. Changes in IRB membership shall be reported to the department or agency head, unless in accord with Sec. 97.103(a) of this policy, the existence of an HHS-approved assurance is accepted. In this case, change in IRB membership shall be reported to the Office for Protection from Research Risks, HHS.

(4) Written procedures which the IRB will follow (i) for conducting its initial and continuing review of research and for reporting its findings and actions to the investigator and the institution; (ii) for determining which projects require review more often than annually and which projects need verification from sources other than the investigators that no material changes have occurred since previous IRB review; and (iii) for ensuring prompt reporting to the IRB of proposed changes in a research activity, and for ensuring that such changes in approved research, during the period for which IRB approval has already been given, may not be initiated without IRB review and approval except when necessary to eliminate apparent immediate hazards to the subject.

(5) Written procedures for ensuring prompt reporting to the IRB, appropriate institutional officials, and the department or agency head of (i) any unanticipated problems involving risks to subjects or others or any serious or continuing noncompliance with this policy or the requirements or determinations of the IRB and (ii) any suspension or termination of IRB approval.

(c) The assurance shall be executed by an individual authorized to act for the institution and to assume on behalf of the institution the obligations imposed by this policy and shall be filed in such form and manner as the department or agency head prescribes.

(d) The department or agency head will evaluate all assurances submitted in accordance with this policy through such officers and employees of the department or agency and such experts or consultants engaged for this purpose as the department or agency head determines to be appropriate. The department or agency head's evaluation will take into consideration the adequacy of the proposed IRB in light of the anticipated scope of the institution's research activities and the types of subject populations likely to be involved, the appropriateness of the proposed initial and continuing review procedures in light of the probable risks, and the size and complexity of the institution.

(e) On the basis of this evaluation, the department or agency head may approve or disapprove the assurance, or enter into negotiations to develop an approvable one. The department or agency head may limit the period during which any particular approved assurance or class of

approved assurances shall remain effective or otherwise condition or restrict approval.

(f) Certification is required when the research is supported by a federal department or agency and not otherwise exempted or waived under Sec. 97.101 (b) or (i). An institution with an approved assurance shall certify that each application or proposal for research covered by the assurance and by Sec. 97.103 of this Policy has been reviewed and approved by the IRB. Such certification must be submitted with the application or proposal or by such later date as may be prescribed by the department or agency to which the application or proposal is submitted. Under no condition shall research covered by Sec. 97.103 of the Policy be supported prior to receipt of the certification that the research has been reviewed and approved by the IRB. Institutions without an approved assurance covering the research shall certify within 30 days after receipt of a request for such a certification from the department or agency, that the application or proposal has been approved by the IRB. If the certification is not submitted within these time limits, the application or proposal may be returned to the institution.

Sec. Sec. 97.104-97.106 [Reserved]

Sec. 97.107 IRB membership.

(a) Each IRB shall have at least five members, with varying backgrounds to promote complete and adequate review of research activities commonly conducted by the institution. The IRB shall be sufficiently qualified through the experience and expertise of its members, and the diversity of the members, including consideration of race, gender, and cultural backgrounds and sensitivity to such issues as community attitudes, to promote respect for its advice and counsel in safeguarding the rights and welfare of human subjects. In addition to possessing the professional competence necessary to review specific research activities, the IRB shall be able to ascertain the acceptability of proposed research in terms of institutional commitments and regulations, applicable law, and standards of professional conduct and practice. The IRB shall therefore include persons knowledgeable in these areas. If an IRB regularly reviews research that involves a vulnerable category of subjects, such as children, prisoners, pregnant women, or handicapped or mentally disabled persons, consideration shall be given to the inclusion of one or more individuals who are knowledgeable about and experienced in working with these subjects.

(b) Every nondiscriminatory effort will be made to ensure that no IRB consists entirely of men or entirely of women, including the institution's consideration of qualified persons of both sexes, so long as no selection is made to the IRB on the basis of gender. No IRB may

consist entirely of members of one profession.

(c) Each IRB shall include at least one member whose primary concerns are in scientific areas and at least one member whose primary concerns are in nonscientific areas.

(d) Each IRB shall include at least one member who is not otherwise affiliated with the institution and who is not part of the immediate family of a person who is affiliated with the institution.

(e) No IRB may have a member participate in the IRB's initial or continuing review of any project in which the member has a conflicting interest, except to provide information requested by the IRB.

(f) An IRB may, in its discretion, invite individuals with competence in special areas to assist in the review of issues which require expertise beyond or in addition to that available on the IRB. These individuals may not vote with the IRB.

Sec. 97.108 IRB functions and operations.

In order to fulfill the requirements of this policy each IRB shall:

(a) Follow written procedures in the same detail as described in Sec. 97.103(b)(4) and, to the extent required by, Sec. 97.103(b)(5).

(b) Except when an expedited review procedure is used (see Sec. 97.110), review proposed research at convened meetings at which a majority of the members of the IRB are present, including at least one member whose primary concerns are in nonscientific areas. In order for the research to be approved, it shall receive the approval of a majority of those members present at the meeting.

Sec. 97.109 IRB review of research.

(a) An IRB shall review and have authority to approve, require modifications in (to secure approval), or disapprove all research activities covered by this policy.

(b) An IRB shall require that information given to subjects as part of informed consent is in accordance with Sec. 97.116. The IRB may require that information, in addition to that specifically mentioned in Sec. 97.116, be given to the subjects when in the IRB's judgment the information would meaningfully add to the protection of the rights and welfare of subjects.

(c) An IRB shall require documentation of informed consent or may waive documentation in accordance with Sec. 97.117.

(d) An IRB shall notify investigators and the institution in writing of its decision to approve or disapprove the proposed research activity, or of modifications required to secure IRB approval of the research activity. If the IRB decides to disapprove a research activity, it shall include in its written notification a statement of the reasons for its decision and give the investigator an opportunity to respond in person or in writing.

(e) An IRB shall conduct continuing review of research covered by

this policy at intervals appropriate to the degree of risk, but not less than once per year, and shall have authority to observe or have a third party observe the consent process and the research.

Sec. 97.110 Expedited review procedures for certain kinds of research involving no more than minimal risk, and for minor changes in approved research.

(a) The Secretary, HHS, has established, and published as a Notice in the Federal Register, a list of categories of research that may be reviewed by the IRB through an expedited review procedure. The list will be amended, as appropriate after consultation with other departments and agencies, through periodic republication by the Secretary, HHS, in the Federal Register. A copy of the list is available from the Office for Protection from Research Risks, National Institutes of Health, HHS, Bethesda, Maryland 20892.

(b) An IRB may use the expedited review procedure to review either or both of the following:

(1) Some or all of the research appearing on the list and found by the reviewer(s) to involve no more than minimal risk,

(2) Minor changes in previously approved research during the period (of one year or less) for which approval is authorized.

Under an expedited review procedure, the review may be carried out by the IRB chairperson or by one or more experienced reviewers designated by the chairperson from among members of the IRB. In reviewing the research, the reviewers may exercise all of the authorities of the IRB except that the reviewers may not disapprove the research. A research activity may be disapproved only after review in accordance with the non-expedited procedure set forth in Sec. 97.108(b).

(c) Each IRB which uses an expedited review procedure shall adopt a method for keeping all members advised of research proposals which have been approved under the procedure.

(d) The department or agency head may restrict, suspend, terminate, or choose not to authorize an institution's or IRB's use of the expedited review procedure.

(Authority: 5 U.S.C. 301; 20 U.S.C. 1221e-3, 3474; and 42 U.S.C. 300v-1(b))

Sec. 97.111 Criteria for IRB approval of research.

(a) In order to approve research covered by this policy the IRB shall determine that all of the following requirements are satisfied:

(1) Risks to subjects are minimized:

(i) By using procedures which are consistent with sound research design and which do not unnecessarily expose subjects to risk, and

(ii) Whenever appropriate, by using procedures already being

performed on the subjects for diagnostic or treatment purposes.

(2) Risks to subjects are reasonable in relation to anticipated benefits, if any, to subjects, and the importance of the knowledge that may reasonably be expected to result. In evaluating risks and benefits, the IRB should consider only those risks and benefits that may result from the research (as distinguished from risks and benefits of therapies subjects would receive even if not participating in the research). The IRB should not consider possible long-range effects of applying knowledge gained in the research (for example, the possible effects of the research on public policy) as among those research risks that fall within the purview of its responsibility.

(3) Selection of subjects is equitable. In making this assessment the IRB should take into account the purposes of the research and the setting in which the research will be conducted and should be particularly cognizant of the special problems of research involving vulnerable populations, such as children, prisoners, pregnant women, mentally disabled persons, or economically or educationally disadvantaged persons.

(4) Informed consent will be sought from each prospective subject or the subject's legally authorized representative, in accordance with, and to the extent required by Sec. 97.116.

(5) Informed consent will be appropriately documented, in accordance with, and to the extent required by Sec. 97.117.

(6) When appropriate, the research plan makes adequate provision for monitoring the data collected to ensure the safety of subjects.

(7) When appropriate, there are adequate provisions to protect the privacy of subjects and to maintain the confidentiality of data.

(b) When some or all of the subjects are likely to be vulnerable to coercion or undue influence, such as children, prisoners, pregnant women, mentally disabled persons, or economically or educationally disadvantaged persons, additional safeguards have been included in the study to protect the rights and welfare of these subjects.

(Authority: 5 U.S.C. 301; 20 U.S.C. 1221e-3, 3474; and 42 U.S.C. 300v-1(b))

Sec. 97.112 Review by institution.

Research covered by this policy that has been approved by an IRB may be subject to further appropriate review and approval or disapproval by officials of the institution. However, those officials may not approve the research if it has not been approved by an IRB.

(Authority: 5 U.S.C. 301; 20 U.S.C. 1221e-3, 3474; and 42 U.S.C. 300v-1(b))

Sec. 97.113 Suspension or termination of IRB approval of research.

An IRB shall have authority to suspend or terminate approval of research that is not being conducted in accordance with the IRB's requirements or that has been associated with unexpected serious harm to subjects. Any suspension or termination of approval shall include a statement of the reasons for the IRB's action and shall be reported promptly to the investigator, appropriate institutional officials, and

the department or agency head.

Sec. 97.114 Cooperative research.

Cooperative research projects are those projects covered by this policy which involve more than one institution. In the conduct of cooperative research projects, each institution is responsible for safeguarding the rights and welfare of human subjects and for complying with this policy. With the approval of the department or agency head, an institution participating in a cooperative project may enter into a joint review arrangement, rely upon the review of another qualified IRB, or make similar arrangements for avoiding duplication of effort.

Sec. 97.115 IRB records.

(a) An institution, or when appropriate an IRB, shall prepare and maintain adequate documentation of IRB activities, including the following:

(1) Copies of all research proposals reviewed, scientific evaluations, if any, that accompany the proposals, approved sample consent documents, progress reports submitted by investigators, and reports of injuries to subjects.

(2) Minutes of IRB meetings which shall be in sufficient detail to show attendance at the meetings; actions taken by the IRB; the vote on these actions including the number of members voting for, against, and abstaining; the basis for requiring changes in or disapproving research; and a written summary of the discussion of controverted issues and their resolution.

(3) Records of continuing review activities.

(4) Copies of all correspondence between the IRB and the investigators.

(5) A list of IRB members in the same detail as described in Sec. 97.103(b)(3).

(6) Written procedures for the IRB in the same detail as described in Sec. 97.103(b)(4) and Sec. 97.103(b)(5).

(7) Statements of significant new findings provided to subjects, as required by Sec. 97.116(b)(5).

(b) The records required by this policy shall be retained for at least 3 years, and records relating to research which is conducted shall be retained for at least 3 years after completion of the research. All records shall be accessible for inspection and copying by authorized representatives of the department or agency at reasonable times and in a reasonable manner.

Sec. 97.116 General requirements for informed consent.

Except as provided elsewhere in this policy, no investigator may involve a human being as a subject in research covered by this policy unless the investigator has obtained the legally effective informed consent of the subject or the subject's legally authorized representative. An investigator shall seek such consent only under circumstances that provide the prospective subject or the representative sufficient opportunity to consider whether or not to participate and that minimize the possibility of coercion or undue influence. The information that is given to the subject or the representative shall be in language understandable to the subject or the representative. No informed consent, whether oral or written, may include any exculpatory language through which the subject or the representative is made to waive or appear to waive any of the subject's legal rights, or releases or appears to release the investigator, the sponsor, the institution or its agents from liability for negligence.

(a) Basic elements of informed consent. Except as provided in paragraph (c) or (d) of this section, in seeking informed consent the following information shall be provided to each subject:

(1) A statement that the study involves research, an explanation of the purposes of the research and the expected duration of the subject's participation, a description of the procedures to be followed, and identification of any procedures which are experimental;

(2) A description of any reasonably foreseeable risks or discomforts to the subject;

(3) A description of any benefits to the subject or to others which may reasonably be expected from the research;

(4) A disclosure of appropriate alternative procedures or courses of treatment, if any, that might be advantageous to the subject;

(5) A statement describing the extent, if any, to which confidentiality of records identifying the subject will be maintained;

(6) For research involving more than minimal risk, an explanation as to whether any compensation and an explanation as to whether any medical treatments are available if injury occurs and, if so, what they consist of, or where further information may be obtained;

(7) An explanation of whom to contact for answers to pertinent questions about the research and research subjects' rights, and whom to contact in the event of a research-related injury to the subject; and

(8) A statement that participation is voluntary, refusal to participate will involve no penalty or loss of benefits to which the subject is otherwise entitled, and the subject may discontinue participation at any time without penalty or loss of benefits to which the subject is otherwise entitled.

(b) Additional elements of informed consent. When appropriate, one or more of the following elements of information shall also be provided to each subject:

(1) A statement that the particular treatment or procedure may involve risks to the subject (or to the embryo or fetus, if the subject

is or may become pregnant) which are currently unforeseeable;

(2) Anticipated circumstances under which the subject's participation may be terminated by the investigator without regard to the subject's consent;

(3) Any additional costs to the subject that may result from participation in the research;

(4) The consequences of a subject's decision to withdraw from the research and procedures for orderly termination of participation by the subject;

(5) A statement that significant new findings developed during the course of the research which may relate to the subject's willingness to continue participation will be provided to the subject; and

(6) The approximate number of subjects involved in the study.

(c) An IRB may approve a consent procedure which does not include, or which alters, some or all of the elements of informed consent set forth above, or waive the requirement to obtain informed consent provided the IRB finds and documents that:

(1) The research or demonstration project is to be conducted by or subject to the approval of state or local government officials and is designed to study, evaluate, or otherwise examine:

(i) Public benefit of service programs;

(ii) Procedures for obtaining benefits or services under those programs;

(iii) Possible changes in or alternatives to those programs or procedures; or

(iv) Possible changes in methods or levels of payment for benefits or services under those programs; and

(2) The research could not practicably be carried out without the waiver or alteration.

(d) An IRB may approve a consent procedure which does not include, or which alters, some or all of the elements of informed consent set forth in this section, or waive the requirements to obtain informed consent provided the IRB finds and documents that:

(1) The research involves no more than minimal risk to the subjects;

(2) The waiver or alteration will not adversely affect the rights and welfare of the subjects;

(3) The research could not practicably be carried out without the waiver or alteration; and

(4) Whenever appropriate, the subjects will be provided with additional pertinent information after participation.

(e) The informed consent requirements in this policy are not intended to preempt any applicable federal, state, or local laws which require additional information to be disclosed in order for informed consent to be legally effective.

(f) Nothing in this policy is intended to limit the authority of a physician to provide emergency medical care, to the extent the physician is permitted to do so under applicable federal, state, or local law.

(Authority: 5 U.S.C. 301; 20 U.S.C. 1221e-3, 3474; and 42 U.S.C. 300v-1(b))

Sec. 97.117 Documentation of informed consent.

(a) Except as provided in paragraph (c) of this section, informed consent shall be documented by the use of a written consent form approved by the IRB and signed by the subject or the subject's legally authorized representative. A copy shall be given to the person signing the form.

(b) Except as provided in paragraph (c) of this section, the consent form may be either of the following:

(1) A written consent document that embodies the elements of informed consent required by Sec. 97.116. This form may be read to the subject or the subject's legally authorized representative, but in any event, the investigator shall give either the subject or the representative adequate opportunity to read it before it is signed; or

(2) A short form written consent document stating that the elements of informed consent required by Sec. 97.116 have been presented orally to the subject or the subject's legally authorized representative. When this method is used, there shall be a witness to the oral presentation. Also, the IRB shall approve a written summary of what is to be said to the subject or the representative. Only the short form itself is to be signed by the subject or the representative. However, the witness shall sign both the short form and a copy of the summary, and the person actually obtaining consent shall sign a copy of the summary. A copy of the summary shall be given to the subject or the representative, in addition to a copy of the short form.

(c) An IRB may waive the requirement for the investigator to obtain a signed consent form for some or all subjects if it finds either:

(1) That the only record linking the subject and the research would be the consent document and the principal risk would be potential harm resulting from a breach of confidentiality. Each subject will be asked whether the subject wants documentation linking the subject with the research, and the subject's wishes will govern; or

(2) That the research presents no more than minimal risk of harm to subjects and involves no procedures for which written consent is normally required outside of the research context.

In cases in which the documentation requirement is waived, the IRB may require the investigator to provide subjects with a written statement regarding the research.

Sec. 97.118 Applications and proposals lacking definite plans for involvement of human subjects.

Certain types of applications for grants, cooperative agreements, or contracts are submitted to departments or agencies with the knowledge that subjects may be involved within the period of support, but definite plans would not normally be set forth in the application or proposal.

These include activities such as institutional type grants when selection of specific projects is the institution's responsibility; research training grants in which the activities involving subjects remain to be selected; and projects in which human subject's involvement will depend upon completion of instruments, prior animal studies, or purification of compounds. These applications need not be reviewed by an IRB before an award may be made. However, except for research exempted or waived under Sec. 97.101 (b) or (i), no human subjects may be involved in any project supported by these awards until the project has been reviewed and approved by the IRB, as provided in this policy, and certification submitted, by the institution, to the department or agency.

Sec. 97.119 Research undertaken without the intention of involving human subjects.

In the event research is undertaken without the intention of involving human subjects, but it is later proposed to involve human subjects in the research, the research shall first be reviewed and approved by an IRB, as provided in this policy, a certification submitted, by the institution, to the department or agency, and final approval given to the proposed change by the department or agency.

Sec. 97.120 Evaluation and disposition of applications and proposals for research to be conducted or supported by a Federal Department or Agency.

(a) The department or agency head will evaluate all applications and proposals involving human subjects submitted to the department or agency through such officers and employees of the department or agency and such experts and consultants as the department or agency head determines to be appropriate. This evaluation will take into consideration the risks to the subjects, the adequacy of protection against these risks, the potential benefits of the research to the subjects and others, and the importance of the knowledge gained or to be gained.

(b) On the basis of this evaluation, the department or agency head may approve or disapprove the application or proposal, or enter into negotiations to develop an approvable one.

Sec. 97.123 Early termination of research support: Evaluation of applications and proposals.

(a) The department or agency head may require that department or agency support for any project be terminated or suspended in the manner prescribed in applicable program requirements, when the department or agency head finds an institution has materially failed to comply with the terms of this policy.

(b) In making decisions about supporting or approving applications or proposals covered by this policy the department or agency head may take into account, in addition to all other eligibility requirements and program criteria, factors such as whether the applicant has been subject to a termination or suspension under paragraph (a) of this section and whether the applicant or the person or persons who would direct or has have directed the scientific and technical aspects of an activity has have, in the judgment of the department or agency head, materially failed to discharge responsibility for the protection of the rights and welfare of human subjects (whether or not the research was subject to federal regulation).

With respect to any research project or any class of research projects the department or agency head may impose additional conditions prior to or at the time of approval when in the judgment of the department or agency head additional conditions are necessary for the protection of human subjects.

Subparts B-C [Reserved]

Subpart D_Additional ED Protections for Children Who Are Subjects in Research

Source: 62 FR 63221, Nov. 26, 1997, unless otherwise noted.

Sec. 97.401 To what do these regulations apply?

(a) This subpart applies to all research involving children as subjects conducted or supported by the Department of Education.

(1) This subpart applies to research conducted by Department employees.

In addition to other responsibilities assigned to IRBs under this part, each IRB shall review research covered by this subpart and approve only research that satisfies the conditions of all applicable sections of this subpart.

(Authority: 5 U.S.C. 301; 20 U.S.C. 1221e-3, 3474; and 42 U.S.C. 300v-1(b)).

Sec. 97.404 Research not involving greater than minimal risk.

ED conducts or funds research in which the IRB finds that no greater than minimal risk to children is presented, only if the IRB finds that

adequate provisions are made for soliciting the assent of the children and the permission of their parents or guardians, as set forth in Sec. 97.408.

(Authority: 5 U.S.C. 301; 20 U.S.C. 1221e-3, 3474; and 42 U.S.C. 300v-1(b))

Sec. 97.405 Research involving greater than minimal risk but presenting the prospect of direct benefit to the individual subjects.

ED conducts or funds research in which the IRB finds that more than minimal risk to children is presented by an intervention or procedure that holds out the prospect of direct benefit for the individual subject, or by a monitoring procedure that is likely to contribute to the subject's well-being, only if the IRB finds that--

(a) The risk is justified by the anticipated benefit to the subjects;

(b) The relation of the anticipated benefit to the risk is at least as favorable to the subjects as that presented by available alternative approaches; and

(c) Adequate provisions are made for soliciting the assent of the children and permission of their parents or guardians, as set forth in Sec. 97.408.

(Authority: 5 U.S.C. 301; 20 U.S.C. 1221e-3, 3474; and 42 U.S.C. 300v-1(b))

Sec. 97.406 Research involving greater than minimal risk and no prospect of direct benefit to individual subjects, but likely to yield generalizable knowledge about the subject's disorder or condition.

ED conducts or funds research in which the IRB finds that more than minimal risk to children is presented by an intervention or procedure that does not hold out the prospect of direct benefit for the individual subject, or by a monitoring procedure which is not likely to contribute to the well-being of the subject, only if the IRB finds that--

(a) The risk represents a minor increase over minimal risk;

(b) The intervention or procedure presents experiences to subjects that are reasonably commensurate with those inherent in their actual or expected medical, dental, psychological, social, or educational situations;

(c) The intervention or procedure is likely to yield generalizable knowledge about the subjects' disorder or condition that is of vital importance for the understanding or amelioration of the subjects' disorder or condition; and

(d) Adequate provisions are made for soliciting assent of the children and permission of their parents or guardians, as set forth in Sec. 97.408.

(Authority: 5 U.S.C. 301; 20 U.S.C. 1221e-3, 3474; and 42 U.S.C. 300v-1(b))

Sec. 97.407 Research not otherwise approvable which presents an opportunity to understand, prevent, or alleviate a serious problem affecting the health or welfare of children.

ED conducts or funds research that the IRB does not believe meets the requirements of Sec. 97.404, Sec. 97.405, or Sec. 97.406 only if--

(a) The IRB finds that the research presents a reasonable opportunity to further the understanding, prevention, or alleviation of a serious problem affecting the health or welfare of children; and

(b) The Secretary, after consultation with a panel of experts in pertinent disciplines (for example: science, medicine, education, ethics, law) and following opportunity for public review and comment, has determined either that--

(1) The research in fact satisfies the conditions of Sec. 97.404, Sec. 97.405, or Sec. 97.406, as applicable; or

(2)(i) The research presents a reasonable opportunity to further the understanding, prevention, or alleviation of a serious problem affecting the health or welfare of children;

(ii) The research will be conducted in accordance with sound ethical principles; and

(iii) Adequate provisions are made for soliciting the assent of children and the permission of their parents or guardians, as set forth in Sec. 97.408.

(Authority: 5 U.S.C. 301; 20 U.S.C. 1221e-3, 3474; and 42 U.S.C. 300v-1(b))

Sec. 97.408 Requirements for permission by parents or guardians and for assent by children.

(a) In addition to the determinations required under other applicable sections of this subpart, the IRB shall determine that adequate provisions are made for soliciting the assent of the children, if in the judgment of the IRB the children are capable of providing assent. In determining whether children are capable of assenting, the IRB shall take into account the ages, maturity, and psychological state of the children involved. This judgment may be made for all children to be involved in research under a particular protocol, or for each child, as the IRB deems appropriate. If the IRB determines that the capability of some or all of the children is so limited that they cannot reasonably be consulted or that the intervention or procedure involved in the research holds out a prospect of direct benefit that is important to the health or well-being of the children and is available only in the context of the research, the assent of the children is not a necessary condition for proceeding with the research. Even if the IRB determines that the subjects are capable of assenting, the IRB may still waive the assent requirement under circumstances in which consent may be waived in accord with Sec. 97.116.

(b) In addition to the determinations required under other applicable sections of this subpart, the IRB shall determine, in accordance with and to the extent that consent is required by Sec. 97.116, that adequate provisions are made for soliciting the permission of each child's parent(s) or guardian(s). If parental permission is to

be obtained, the IRB may find that the permission of one parent is sufficient for research to be conducted under Sec. 97.404 or Sec. 97.405. If research is covered by Sec. Sec. 97.406 and 97.407 and permission is to be obtained from parents, both parents must give their permission unless one parent is deceased, unknown, incompetent, or not reasonably available, or if only one parent has legal responsibility for the care and custody of the child.

(c) In addition to the provisions for waiver contained in Sec. 97.116, if the IRB determines that a research protocol is designed for conditions or for a subject population for which parental or guardian permission is not a reasonable requirement to protect the subjects (for example, neglected or abused children), it may waive the consent requirements in subpart A of this part and paragraph (b) of this section, provided an appropriate mechanism for protecting the children who will participate as subjects in the research is substituted, and provided further that the waiver is not inconsistent with Federal, State, or local law. The choice of an appropriate mechanism depends upon the nature and purpose of the activities described in the protocol, the risk and anticipated benefit to the research subjects, and their age, maturity, status, and condition.

(d) Permission by parents or guardians must be documented in accordance with and to the extent required by Sec. 97.117.

(e) If the IRB determines that assent is required, it shall also determine whether and how assent must be documented.

(Authority: 5 U.S.C. 301; 20 U.S.C. 1221e-3, 3474; and 42 U.S.C. 300v-1(b))

Sec. 97.409 Wards.

(a) Children who are wards of the State or any other agency, institution, or entity may be included in research approved under Sec. 97.406 or Sec. 97.407 only if that research is--

- (1) Related to their status as wards; or
- (2) Conducted in schools, camps, hospitals, institutions, or similar settings in which the majority of children involved as subjects are not wards.

(b) If research is approved under paragraph (a) of this section, the IRB shall require appointment of an advocate for each child who is a ward, in addition to any other individual acting on behalf of the child as guardian or in loco parentis. One individual may serve as advocate for more than one child. The advocate must be an individual who has the background and experience to act in, and agrees to act in, the best interest of the child for the duration of the child's participation in the research and who is not associated in any way (except in the role as advocate or member of the IRB) with the research, the investigator or investigators, or the guardian organization.

Destruction/damage/vandalism of property

DEPARTMENT OF EDUCATION

34 CFR Part 99

RIN 1855-AA00

Family Educational Rights and Privacy Act

AGENCY: Office of Innovation and Improvement; Department of Education.

ACTION: Final regulations.

SUMMARY: The Secretary amends 34 CFR part 99 to implement the Department's interpretation of the Family Educational Rights and

Privacy Act (FERPA) identified through administrative experience as necessary for proper program operation. These final regulations provide general guidelines for accepting "'signed and dated written consent'" under FERPA in electronic format.

DATES: These regulations are effective May 21, 2004.

FOR FURTHER INFORMATION CONTACT:

Kathleen Wolan, U.S. Department of Education, 400 Maryland Avenue, SW., room 2W115, Washington, DC 20202-5901. Telephone: (202) 260-3887.

SUPPLEMENTARY INFORMATION: On July 28, 2003, the Secretary published a notice of proposed rulemaking (NPRM) for this amendment in the Federal Register (68 FR 44420). In the preamble to the NPRM, we invited interested persons to submit comments concerning the proposed change. We proposed to add Sec. 99.30(d) in order to provide general guidelines for educational agencies and institutions that choose to meet the requirements of Sec. 99.30 with records and signatures in electronic format.

We reviewed guidance for electronic signatures recently published by a variety of Federal Government sources, including the Office of Management and Budget (OMB), the General Services Administration, and the National Institute for Standards and Technology. Based on that review and comments received from school officials, we believe it is necessary to modify these final regulations. We modified these regulations to reflect the definition of "'electronic signature'" established in the Government Paperwork Elimination Act (GPEA), Public Law 105-277, Title XVII, Section 1710.

Electronic signatures are an area of rapidly evolving technology. These modified regulations provide more fluid and flexible standards for schools that choose to implement a process for accepting electronic signatures. These modified regulations permit schools to take advantage of changing technology as it may become available, whether the change concerns additional security provisions or enhanced customer service.

Analysis of Comments and Changes

In response to the Secretary's invitation in the NPRM, 16 parties submitted comments on the proposed regulations. We publish an analysis of the comments and of the changes in the regulations since publication of the NPRM as an appendix at the end of these final regulations. We discuss substantive issues under the sections of the regulations to which they pertain. Generally, we do not address technical and other minor changes and suggested changes the law does not authorize the Secretary to make. However, we have reviewed these

regulations since publication of the NPRM and have made changes as follows:

Acceptance of signature in electronic form (Sec. 99.30)

Comments: None.

Discussion: Electronic formats for signatures and documents are changing rapidly and substantially in response to evolving technologies and public acceptance. We wish to provide the widest possible flexibility for schools to adapt to such changes yet retain a methodology that operates within FERPA's requirements for proper disclosure of education records. Because FERPA applies to educational agencies and institutions at all levels, we do not want these regulations to inadvertently impose standards on elementary and secondary schools that may be valid only for postsecondary schools under Federal student aid programs.

Based on our review of standards acceptable to other areas of the Federal Government, including OMB circulars and Federal Student Aid (FSA) guidance for electronic student loan transactions, as well as standards established by laws such as the Electronic Signatures in Global and National Commerce Act (E-Sign) and GPEA, we believe these modified regulations will more easily permit schools to adapt to changing standards in the areas of electronic signatures and documents.

Changes: We have revised these regulations to be consistent with other Federal Government standards for 'electronic signatures.'

Executive Order 12866

We have reviewed these final regulations in accordance with Executive Order 12866. Under the terms of the order we have assessed the potential costs and benefits of this regulatory action. The potential costs associated with these final regulations are those resulting from statutory requirements and those we have determined to be necessary for administering this program effectively and efficiently.

In assessing the potential costs and benefits-both quantitative and qualitative-of these final regulations, we have determined that the benefits of the regulations justify the costs.

Summary of Potential Costs and Benefits

We summarized the potential costs and benefits of these final regulations in the preamble to the NPRM (68 FR 44421).

Paperwork Reduction Act of 1995

These regulations do not contain any information collection requirements.

Assessment of Educational Impact

In the NPRM we requested comments on whether the proposed regulations would require transmission of information that any other agency or authority of the United States gathers or makes available.

Based on the response to the NPRM and on our review, we have determined that these final regulations do not require transmission

of information that any other agency or authority of the United States gathers or makes available.

Dated: April 2, 2004.

Rod Paige,
Secretary of Education.

- For the reasons discussed in the preamble, the Secretary amends part 99 of title 34 of the Code of Federal Regulations as follows:

Authority: 20 U.S.C. 1232g, unless otherwise noted.

- 2. Section 99.30 is amended by adding a new paragraph (d) to read as follows:

Sec. 99.30 Under what conditions is prior consent required to disclose information?

* * * * *

(d) "'Signed and dated written consent'" under this part may include a record and signature in electronic form that-

- (1) Identifies and authenticates a particular person as the source of the electronic consent; and
- (2) Indicates such person's approval of the information contained in the electronic consent.

Appendix

Analysis of Comments and Changes

Note: The following appendix will not appear in the Code of Federal Regulations.

Use at Multiple School Levels

Comments: One commenter asked whether the proposed regulations apply only to eligible students at postsecondary institutions.

Discussion: FERPA gives the right to consent to disclosure of education records to parents of minor children at the elementary and secondary school levels, and to parents of children with disabilities who receive services under Part B or Part C of the Individuals with Disabilities Education Act (IDEA). When a student turns 18 years of age or attends a postsecondary institution at any age, the student is considered an "eligible student" under FERPA. The right to consent under FERPA transfers under either of those two conditions from the parent to the eligible student. Although the term "eligible student" will be used throughout this document, educational agencies and institutions at all levels may use these regulations to accept electronic signatures.

Change: None.

Specific Methodologies

Comments: Several commenters asked for more specific guidance on authentication methods and technologies that may be used.

Discussion: As explained in the preamble to the NPRM, the regulations are purposefully narrow in scope and intended to be technology-neutral (page 44420). While we will issue additional guidance that will include further examples of an acceptable process, we do not want to limit the flexibility of schools in this area of rapid technological change.

Change: None.

Safe Harbor

Comments: Several commenters support the use of the FSA standards for electronic signatures in electronic student loan transactions (FSA Standards) as a "safe harbor" provision for acceptance of electronic signatures in FERPA. Several other commenters objected to the FSA Standards as being too rigorous for the perceived level of risk of improper disclosure. The FSA Standards may be viewed on the Internet at the following site:

<http://www.ifap.ed.gov/dpcletters/gen0106.html>.

Discussion: The preamble to the NPRM stated (page 44421) that the FSA Standards would be the "safe harbor" provision. A "safe harbor" is not set at the minimally acceptable level of security. Due to the nature of the information that may be disclosed and the potential harm a student may suffer from an unauthorized disclosure, we believe the "safe harbor" provision is not unduly rigorous. Schools retain the flexibility to choose to implement a system that meets the "safe harbor" provisions or to choose to implement another system to meet the new FERPA provisions.

However, schools should be reminded that Congress has also, through the Gramm-Leach-Bliley Act (GLB) (Pub.L. 106-102, November 12, 1999), imposed additional privacy restrictions on financial institutions, which include postsecondary institutions, requiring institutions to protect against unauthorized access to, or use of,

consumer records. The Federal Trade Commission's (FTC) rule on the privacy of consumer financial information provides that postsecondary institutions that are complying with FERPA to protect the privacy of their student financial aid records will be deemed in compliance with the FTC's rule. (65 FR 33646, 33648 (May 24, 2000)). This exemption applies to notice requirements and the restrictions on a financial institution's disclosure of nonpublic personal information to nonaffiliated third parties in Title V of GLB. However, postsecondary institutions are not exempt from the FTC final rule implementing section 501 of GLB on Safeguarding Customer Information. (67 FR 368484 (May 23, 2002)). Financial institutions, including postsecondary institutions, are required to have adopted an information security program by May 23, 2003, under the FTC rule.

Thus, while schools have the maximum flexibility in choosing a system that meets FSA's ''safe harbor'' provisions or another process for authenticating Personal Identification Number (PIN) numbers under FERPA, postsecondary institutions should keep these other Federal requirements in mind when implementing such systems. Change: None.

Applicability of FSA Standards

Comments: One commenter stated that it was confusing to apply the situations and terminology in the FSA Standards to FERPA. The commenter suggested that we issue a separate guide on FERPA standards.

Discussion: The FSA Standards do not apply directly to FERPA because some actions are imposed only on lenders or borrowers of financial aid. For example, the FSA Standards require that paper copies of transactions be provided to a student borrower at no cost in some circumstances, and lenders are required to obtain a borrower's specific consent to conduct loan transactions electronically. Neither of those circumstances has parallels within FERPA.

We agree that some circumstances within the FSA Standards do not relate directly to FERPA. While schools are not required by FERPA to follow the FSA Standards, we believe that schools may use the set-up and security measures described in the FSA Standards, particularly sections 3 through 7, as guidance for security measures in a system using electronic records and signatures under FERPA. We do not plan to issue a separate FERPA standards document, but we will clarify these items in additional guidance.

Change: None.

Use of ''Trusted Third Party'' in Identification Verification

Comments: A commenter expressed a belief that disclosure by a school of student information without prior written consent to a ''trusted third party'' as part of an identification verification process may be in violation of FERPA. This commenter stated that the conflict arises because the FSA Standards specify that the third party may not be an agent of the school.

Discussion: FSA authenticates student identification information with the Social Security Administration as a ''trusted third party.'' FERPA's consent provisions do not apply to transactions between a student and FSA. In situations where a school is disclosing education records to a third party, FERPA's consent provisions apply. When the third party receiving the information from the school is not an agent for the school, FERPA generally

requires a school to obtain prior written consent before the disclosure is made. Receipt of the prior consent would then allow a school to disclose personal information for authentication purposes with the records of independent sources such as credit reporting agencies or testing companies.

Schools may also choose to use other processes to authenticate identity. For example, a school may require the eligible student to present photographic identification issued by a government agency. Such photographic identification includes, but is not limited to, a State-issued driver's license, a federally-issued passport, and other Military, Federal, or State-issued identification cards.

Change: None.

Issuing a PIN or Password

Comments: One commenter stated that schools that issue a PIN to students as outlined in the FSA Standards can result in a PIN that is recorded and accessible to school officials. The commenter is concerned that this conflicts with FERPA policy that a PIN is not acceptable for use under FERPA if persons other than the student have access to the PIN.

Discussion: The process described in the FSA Standards does not permit school officials to access a student's PIN or password. In addition, the FSA Standards permit an eligible student to change an assigned password or PIN to one of their own choosing. Under the FSA Standards, all of the passwords or PINs, whether assigned or student-selected, are maintained in a secure database in an encrypted manner that is not generally accessible to school officials or other parties. A school that uses a similar methodology would remain in compliance with requirements for the acceptance of an electronic signature under FERPA. However, a school may not use a PIN or password process that results in a PIN or password that is visible and easily accessible to persons other than the eligible student because that type of process results in an insecure PIN or password. Schools retain the maximum flexibility to implement any appropriate methodology.

Change: None.

Use of Current Systems

Comments: Several commenters asked whether it is acceptable to use existing systems that include sign-on capability, such as campus e-mail, admissions, enrollment, and fee payment systems. Several commenters also asked if it is acceptable to permit eligible students to provide notice of directory information opt-outs by use of electronic signatures.

Discussion: As explained in the preamble to the NPRM, the requirements for an electronic signature apply in circumstances where a signed and dated written consent is required under FERPA (page 44420). Such consent is generally required under FERPA when information from education records is to be disclosed to a third party, as in the issuance of a transcript to a prospective employer. Consent is not a requirement for disclosure of an eligible student's own records to the student. A school that wishes to use its current system for situations where FERPA consent is required must determine whether it provides the required level of security.

The majority of the systems mentioned by the commenters are designed

for communication between a school and an eligible student. Systems that permit eligible students to view, alter, or update the student's own records by electronic means are not the subject of these regulations. A school must ensure that the eligible student and not some other party is the receiver of the information, but the method a school uses to do so is not prescribed by these regulations.

Change: None.

Third-Party Presentation of Electronic Signature

Comments: Several commenters asked whether the proposed regulations are applicable when a third party, not the eligible student, presents the electronic signature claimed to be that of the eligible student. Two commenters expressed strong support for acceptance of electronic signatures presented by third parties, primarily when the third party is a government entity or another educational agency or institution.

Discussion: Educational agencies and institutions are responsible to ensure that education records are disclosed only in accordance with FERPA. Any disclosure of education records to a third party, even in accordance with a student's consent, is permitted but not required under FERPA.

Each agency or institution must have the flexibility to decide whether a request for disclosure meets the requirements of FERPA and whether the institution wishes to make the requested disclosure. The FERPA regulations do not require that an eligible student provide his or her consent directly to the educational agency or institution, and these regulations do not impose a different requirement for electronic signatures. We would support an agency's or institution's decision to only accept electronic signatures presented on behalf of the eligible student by certain third parties, such as Federal or State agencies.

Change: None.

Application of Standards of Other Privacy Laws

Comments: One commenter suggested that the standards of the Health Insurance Portability and Accountability Act of 1996 (HIPAA) Privacy Rule for "'protected health information'" be applied to personally identifiable information contained in students' education records. The commenter was concerned because personally identifiable information from students' education records are disclosed by educational agencies and institutions to outside third parties who have grants to do research. The commenter stated that educational agencies and institutions do not recognize the concern for privacy of such data.

Discussion: The HIPAA Privacy Rule, which is administered by the Department of Health and Human Services, excludes from the definition of "'protected health information'" two categories of records that are relevant here: "'education records'" covered by FERPA (34 CFR 99.3 "'Education records'") and records described under FERPA's medical treatment records provision (34 CFR 99.3 "'Education records'"). See 45 CFR 160.103(a). The HIPAA Privacy Rule does not cover such records because Congress, through FERPA, specifically has addressed how these records should be protected. As

such, FERPA provides ample protections for these records and schools should ensure that health information, as well as other education records on students, are not disclosed to outside third parties without the consent of the student or under one of the exceptions to FERPA's general prior consent rule.

With regard to the commenter's statement that educational agencies and institutions do not recognize the concern for privacy of student information, it has been our experience that the majority of the Nation's schools do comply with FERPA and strive to protect the privacy of information contained in student records. FERPA is not a public open records or freedom of information statute. Rather, the purpose of FERPA is to protect the privacy interests of parents and eligible students in records maintained by educational agencies and institutions on the student. These privacy concerns should not be viewed as barriers to be minimized and overcome but important public safeguards to be protected and strengthened.

Change: None.

Participation in Education Department Programs by Religious Organizations; Providing for Equal Treatment of All Education Program Participants

AGENCY: Center for Faith-Based and Community Initiatives, Office of the Secretary, U.S. Department of Education.

ACTION: Final regulations.

SUMMARY: These final regulations implement Executive branch policy that, within the framework of constitutional church-state guidelines, religiously affiliated (or ''faith-based'') organizations should be able to compete on an equal footing with other organizations for funding by the U.S. Department of Education (Department). We are revising Department regulations to remove barriers to the participation of faith-based organizations in Department programs and to ensure that these programs are implemented in a manner consistent with the requirements of the U.S. Constitution, including the Establishment, Free Exercise, and Free Speech Clauses of the First Amendment.

DATES: These regulations are effective July 6, 2004.

SUPPLEMENTARY INFORMATION:

Background

Faith-based organizations make an important contribution to the education of Americans and provide an important part of the social services network of the United States. Faith-based organizations acting alone or in partnership with public schools, community-based organizations, institutions of higher education, and other private organizations do much good work to advance the quality of education for all Americans. Often this good work of faith-based organizations is done despite meager resources, and, in the past, it has generally been done without the assistance of the Federal government. The Department seeks to facilitate the contribution of faith-based and community organizations to increase the effectiveness of its programs and to provide equal access to a quality education for all Americans.

President Bush has directed Federal agencies, including this Department, to take steps to ensure that Federal policies and programs are fully open to faith-based organizations in a manner that is consistent with the U.S. Constitution and statutory

requirements. The Administration believes that faith-based organizations possess an underappreciated ability to meet the educational needs of disadvantaged children and to strengthen our system of education. The Administration believes that Federal agencies should ensure that there is equal opportunity for all private organizations--faith-based and secular--to use Federal resources to meet the needs of their communities.

On September 30, 2003, the Secretary published a notice of proposed rulemaking (NPRM) in the Federal Register (68 FR 56417) to amend Department regulations that imposed unwarranted barriers to the participation of faith-based organizations in Department programs. The proposed regulations were part of the Department's effort to fulfill its responsibilities under two Executive Orders issued by President Bush.

Executive Order 13198, dated January 29, 2001, directs several Departments to identify and eliminate regulatory and other programmatic obstacles to the full contribution of faith-based and community organizations in order to increase the effectiveness of their programs.

Executive Order 13279, dated December 12, 2002, directs those Departments to review and evaluate existing policies that have implications for faith-based and community organizations. The stated purpose of the review and evaluation is to assess the consistency of those policies with certain fundamental principles and policymaking criteria designed to ensure a level playing field for religious and nonreligious organizations. The order directs the Departments, to the extent permitted by law, (1) to amend all such existing policies to ensure that they are consistent with the fundamental principles and policymaking criteria; (2) where appropriate, to implement new policies that are consistent with and necessary to further the fundamental principles and policymaking criteria; and (3) to implement new policies that are necessary to ensure that the Departments collect data regarding the participation of faith-based and community organizations in social service programs that receive Federal financial assistance.

The NPRM proposed the following changes to the Department's regulations:

1. Participation by faith-based organizations in Education Department programs. The proposed regulations specifically provided that faith-based organizations are eligible to apply for and to receive funding under Department programs on the same basis as any other private organization, with respect to programs for which such other organizations are eligible. If a faith-based organization meets the statutory and regulatory tests for eligibility, the Department considers it eligible. The proposed regulations additionally provided that the Department and the States shall not discriminate against a private organization on the basis of the organization's religious character or affiliation.

2. Inherently religious activities. The NPRM sought to clarify that a faith-based organization that receives a grant under a program of the Department or a subgrant from a State under a State-administered program of the Department is subject to the existing regulatory provisions that prohibit grantees and States and subgrantees from using their grants and subgrants to pay for

inherently religious activities, such as religious worship, instruction, or proselytization. In addition, the NPRM sought to clarify that such an organization is subject to the existing regulatory provisions that prohibit grantees and States and subgrantees from using their grants and subgrants to pay for equipment or supplies used for religious worship, instruction, or proselytization. If an organization engages in these religious activities, then it must offer those services separately in time or location from any programs or services supported by grants from the Department or subgrants from a State under a State-administered program of the Department. Additionally, participation in any inherently religious activities by beneficiaries of the programs supported by the grants or subgrants must be voluntary.

3. Independence of faith-based organizations. The proposed regulations also clarified that a religious organization that participated in Department programs would retain its independence and could continue to carry out its mission, including the definition, practice, and expression of its religious beliefs. Among other things, a faith-based organization could use space in its facilities to provide Department-funded services without removing religious art, icons, scriptures, or other religious symbols. In addition, a Department-funded religious organization could retain religious terms in its organization's name, select its board members and otherwise govern itself on a religious basis, and include religious references in its organization's mission statements and other governing documents.

4. Nondiscrimination in providing assistance. The NPRM provided that an organization that received a grant from the Department or that received a subgrant from a State under a State-administered program of the Department would not be allowed to discriminate against a beneficiary or prospective beneficiary of that program on the basis of religion or religious belief.

5. Removal of prohibition on use of grants and subgrants to pay for an activity of a school or department of divinity. The proposed regulations clarified that the most qualified applicants will receive funding under the Department's programs, and that the religious character or affiliation of the private organizations that apply will not be taken into account. For that reason, we proposed to remove the regulation prohibiting grantees and subgrantees from using their grants and subgrants to pay for an activity of a school or department of divinity.

6. Technical amendment relating to the prohibition on use of grants to pay for equipment or supplies to be used for religious worship, instruction, or proselytization. In the NPRM, we proposed a technical amendment to the Department's regulations, clarifying that grantees cannot use their grants to pay for equipment or supplies used for religious worship, instruction, or proselytization.

7. Removal of prohibition on use of grants and subgrants to pay for construction, remodeling, repair, operation, or maintenance of any facility or part of a facility to be used for religious worship, instruction, or proselytization. We proposed to remove Sections 75.532(a)(3) and 76.532(a)(3), which prohibit the use of Department funds to pay for construction, remodeling, repair, operation, or maintenance of any private educational facility (or part of a

private educational facility). This regulation is not necessary because there is no statutory authority for this use of Department funds. Accordingly, the Department has no programs that fund such capital improvements.

8. Eligibility of faith-based organizations to contract with or otherwise receive assistance from grantees and subgrantees, including States, on the same basis as other private organizations, with respect to contracts or assistance for which such organizations are eligible. The NPRM proposed to clarify that faith-based organizations are eligible to contract with or otherwise receive assistance from grantees and subgrantees, including States, on the same basis as other private organizations, with respect to contracts or assistance for which such organizations are eligible. These faith-based organizations are subject to the same limitations to which grantees and subgrantees are subject regarding the use of funds for inherently religious activities, unless the organization is selected as a result of the genuine and independent private choices of individual beneficiaries of the program and provided the organization otherwise satisfies the requirements of the program.

These final regulations contain several significant changes from the NPRM. We fully explain these changes in the appendix at the end of these final regulations.

Analysis of Comments and Changes

In response to the Secretary's invitation in the NPRM, 12 parties submitted a total of 14 comments on the proposed regulations. An analysis of the comments and of the changes in the regulations since publication of the NPRM is published as an appendix at the end of these final regulations.

We group major issues according to subject. Generally, we do not address technical and other minor changes.

Executive Order 12866--Regulatory Planning and Review

The Office of Management and Budget (OMB) reviewed this final rule under Executive Order 12866, Regulatory Planning and Review. OMB determined that the rule is a "significant regulatory action," as defined in section 3(f) of the Order (although not an economically significant regulatory action under the Order).

Unfunded Mandates Reform Act

Title II of the Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538) establishes requirements for Federal agencies to assess the effects of their regulatory actions on State, local, and tribal governments, and on the private sector. This final rule does not impose any Federal mandates on any State, local, or tribal governments, or the private sector, within the meaning of the Unfunded Mandates Reform Act of 1995.

Executive Order 13132--Federalism

Executive Order 13132 (entitled "Federalism") prohibits an

agency from publishing any rule that has federalism implications if the rule either imposes substantial direct compliance costs on State and local governments and is not required by statute, or the rule preempts State law, unless the agency meets the consultation and funding requirements of section 6 of the Executive Order.

Regulatory Flexibility Act

The Secretary, in accordance with the Regulatory Flexibility Act (5 U.S.C. 605(b)), has reviewed and approved this final rule and in so doing certifies that the rule will not have a significant economic impact on a substantial number of small entities. The final rule will not impose any new costs, or modify existing costs, applicable to Department grantees and subgrantees. Rather, the purpose of the rule is to remove policy prohibitions that currently restrict the equal participation of religious or religiously affiliated organizations (large and small) in the Department's programs.

Paperwork Reduction Act of 1995

These regulations do not contain any information collection requirements.

Intergovernmental Review

These final regulations affect direct grant programs that are subject to Executive Order 12372 and the regulations in 34 CFR part 79. The objective of the Executive Order is to foster an intergovernmental partnership and to promote federalism by relying on processes developed by State and local governments for coordination and review of proposed Federal financial assistance.

In accordance with the order, we intend this document to provide early notification of our specific plans and actions for these programs.

Assessment of Educational Impact

In the NPRM we requested comments on whether the proposed regulations would require transmission of information that any other agency or authority of the United States gathers or makes available.

Based on the response to the NPRM and on our review, we have determined that these final regulations do not require transmission of information that any other agency or authority of the United States gathers or makes available.

Appendix--Analysis of Comments and Changes

Note: The following appendix will not appear in the Code of Federal Regulations.

Participation by Faith-Based Organizations in Education Department Programs

Comments: Several commenters expressed appreciation and support for the Department's efforts to clarify the regulations governing participation of faith-based organizations in its programs. Other commenters disagreed with the proposed regulations, asserting that they would allow Federal funds to be given to 'pervasively sectarian' organizations in violation of the U.S. Constitution. These commenters maintained that the regulation places no limitations on the kinds of religious organizations that can receive funds, and they requested that 'pervasively sectarian' organizations be barred from receiving Department funds. Similarly, other commenters suggested that the proposed regulation improperly allows grants of public funds to religious organizations in which religious missions overpower secular functions.

Discussion: We do not agree that the U.S. Constitution requires

the Department to distinguish between different religious organizations in providing funding for Department programs. Organizations that receive direct Department funds may not use these funds for inherently religious activities. These organizations must ensure that such religious activities are separate in time or location from services funded by the Department and must also ensure that participation in such religious activities is voluntary. Furthermore, program participants that violate these requirements will be subject to applicable sanctions and penalties. The regulations thus ensure, as required by current legal precedent, that there is no government funding of inherently religious activities.

In addition, the Supreme Court's "'pervasively sectarian'" doctrine--which held that there are certain religious institutions in which religion is so pervasive that no government aid may be provided to them because their performance of even "'secular'" tasks will be infused with religious purpose--no longer enjoys the support of a majority of the Court. Four Justices expressly abandoned it in *Mitchell v. Helms*, 530 U.S. 793, 825-829 (2000) (plurality opinion), and Justice O'Connor's opinion in that case, joined by Justice Breyer, set forth reasoning that is inconsistent with that doctrine's underlying premises, see *id.* at 857 (O'Connor, J., concurring in judgment) (requiring proof of "'actual diversion'" of public support to religious uses). Thus, six members of the Court have rejected the view that aid provided to religious institutions will invariably advance the institutions' religious purposes, and that view is the foundation of the "'pervasively sectarian'" doctrine. The Department therefore believes that, under current legal precedent, the Department may fund all service providers, without regard to religion and free of criteria that require the provider to abandon its religious expression or character.

To clarify that the final rule bars not only discrimination against, but favoritism of, faith-based organizations, we have modified it to expressly prohibit discrimination against, and favoritism of, faith-based providers in the selection of grantees, subgrantees, and goods and services providers. However, nothing in the regulation precludes those administering Department-funded programs from accommodating religious organizations in a manner consistent with the Establishment Clause of the First Amendment to the U.S. Constitution.

Changes: Sections 74.44(f)(1)(ii), 75.52(a)(2), 76.52(a)(2), and 80.36(j)(ii) are revised to reflect that a private organization shall not be subjected to discrimination, either in its favor or to its detriment, on the basis of the organization's religious character or affiliation.

Inherently Religious Activities

Comments: Some commenters suggested that the proposed regulation does not sufficiently detail the scope of religious content that must be omitted from government-funded programs. For example, some suggested that the explanation given of "'inherently religious activities'" as "'religious worship, instruction, or proselytization'" is unclear or incomplete. Relatedly, it was

suggested that the proposed regulation authorizes conduct that will impermissibly convey the message that the government endorses religious content. One commenter requested that the proposed regulation be changed to make clear that the government may not disburse public funds to organizations that convey religious messages or in any way advance religion. A few commenters also suggested that the Department could not engage in effective grant monitoring activities without violating the First Amendment to the U.S. Constitution.

Discussion: The Department disagrees with these comments. As the commenters' own submissions suggest, it would be difficult to establish an acceptable list of all "inherently religious" activities. Inevitably, the regulatory definition would exclude some inherently religious activities or include certain activities that are not inherently religious. Rather than attempt to establish an exhaustive regulatory definition, the Department has decided to retain the language of the proposed regulation, which provides examples of the general types of activities that are considered "inherently religious." This approach is consistent with Supreme Court precedent, which likewise has not comprehensively defined inherently religious activities. For example, prayer and worship are inherently religious activities, but Department-funded activities do not become inherently religious merely because they are conducted by individuals who are religiously motivated to undertake them or view the activities as a form of "ministry."

As for the suggestion that the regulation indicates that the Department endorses religious content, we again emphasize that the regulation forbids the use of government assistance for inherently religious activities and states that any such activities must be voluntary and separated, in time or location, from any programs or services supported by a grant from the Department or by a subgrant from a State under a State-administered program of the Department. The Department believes that the term "voluntary" sufficiently protects beneficiaries. Conditioning receipt of services funded by the Federal Government upon active participation in inherently religious activities would be one example of involuntary participation in inherently religious activities.

Finally, there is no constitutional support for the view that the government must exclude from its programs those organizations that convey religious messages or advance religion with their own funds. As noted above, the Supreme Court has held that the U.S. Constitution forbids the use of government funds for inherently religious activities, absent an element of genuine and independent private choice, but the Court has rejected the presumption that religious organizations will inevitably divert such funds and use them for their own religious purposes. The Department rejects the view that organizations with religious commitments cannot be trusted to fulfill their written promises to adhere to grant requirements. The Department also disagrees with commenters that stated that the Department could not monitor faith-based organizations without running afoul of the First Amendment to the U.S. Constitution. The Department's monitoring of faith-based organizations for compliance with Federal requirements will be no different from its monitoring of other organizations, which does not violate the First Amendment

to the U.S. Constitution. We further discuss monitoring below under
'Assurance Requirements.'
Changes: None.

Programs of Choice

Comments: Some commenters claimed that where the proposed regulation addressed the selection of a faith-based organization as a result of the genuine and independent private choice of the beneficiary of the program, it did not contain sufficient safeguards under *Zelman v. Simmons-Harris*, 536 U.S. 639 (2002). These commenters stated that secular alternatives are not available in the social services context, eliminating the possibility of real choice by program beneficiaries. They requested that the regulation clearly state that beneficiaries have the right to object to a religious provider assigned to them and to receive a secular provider, and that the beneficiaries be given notice of these rights. Some commenters also objected to the Department's classification of the supplemental educational services program of section 1116 of the Elementary and Secondary Education Act of 1965, as amended by the No Child Left Behind Act of 2001, as one that involves the genuine and independent private choice of the beneficiary of the program. Additionally, they objected to this classification because payment for the services rendered may be made directly by the government to service provider organizations. The commenters also believe the application of the proposed regulations violates the supplemental educational services program statute, which requires that the instruction and content of supplemental educational services be secular, neutral, and non-ideological.

Another commenter stated that programs in which the organization is selected as a result of the genuine and independent private choice of the beneficiary should be labeled as such in the procurement contract and in any public notification regarding that program.

Discussion: The Department declines to adopt the recommendations of the commenters. Any programs of choice offered by the Department must, of course, comply with Federal law (including current legal precedent), and nothing in the proposed regulation provides otherwise. The regulation comports with Supreme Court precedent by requiring a "genuine and independent private choice[]." The Department thus believes that the proposed regulation adequately addresses the commenters' constitutional concerns.

With respect to the commenters' objection relating to the supplemental educational services program, we believe that this regulation must be read together with all applicable statutory requirements. For example, the supplemental educational services program requires State educational agencies, among other things, to promote maximum participation by providers to ensure, to the extent practicable, that parents have as many choices as possible and to approve providers based upon objective criteria.

Furthermore, it is not dispositive for constitutional purposes that the funds for supplemental educational services may formally pass directly from the government to the faith-based organization, provided there is genuine and independent private choice for the

ultimate beneficiaries and the aid follows them to the service providers of their choice. The United States Court of Appeals for the Seventh Circuit recently addressed this issue:

The state in effect gives eligible offenders ''vouchers'' that they can use to purchase a place in a halfway house, whether the halfway house is ''parochial'' or secular. We have put ''vouchers'' in scare quotes because the state has dispensed with the intermediate step by which the recipient of the publicly funded private service hands his voucher to the service provider. But so far as the policy of the establishment clause is concerned, there is no difference between giving the voucher recipient a piece of paper that directs the public agency to pay the service provider and the agency's asking the recipient to indicate his preference and paying the provider whose service he prefers. Nor does it make a difference that the state, rather than accrediting halfway houses, enters into contracts with them.

Freedom from Religion Found., Inc. v. McCallum, 324 F.3d 880, 882 (7th Cir. 2003).

The Department finds the reasoning of this decision compelling. As for whether application of these regulations violates the terms of the supplemental educational services program statute, the Department does not believe that these regulations alter in any way those statutory requirements. The Department's non-regulatory guidance on supplemental educational services affirms that the instruction and content of these Federally funded services be secular, neutral, and nonideological, and the proposed regulation provided that organizations, including faith-based organizations, must satisfy the requirements of the applicable programs.

We note also that the recently enacted DC School Choice Incentive Act of 2003 is another example of a program in which schools are selected as the result of the genuine and independent choices of individual beneficiaries. That Act includes a number of provisions similar to those included in these regulations, including provisions to preserve the identity and mission of participating schools. With respect to the comment regarding procurement contracts and public notification, the Department does not believe that these regulations are the appropriate place to categorize each of its many programs.

Changes: None.

The ''Separately in Time or Location'' Requirement

Comments: Some commenters maintained that the proposed regulation should be amended to clarify the ''separately in time or location'' requirement. Specifically, one commenter requested a prohibition on conducting inherently religious activities immediately prior to or immediately after Federally funded activities. Additionally, some suggested that the requirement be strengthened to require that inherently religious activities be ''separate by both time and location.''

Discussion: The Department declines to adopt these suggestions. As an initial matter, the Department does not believe that the requirement is ambiguous or necessitates additional regulation for proper adherence. If a religious organization receives government

assistance, any religious activities that the organization offers must simply be offered separately--in time or location--from the activities supported by government funds. As for the suggestion that the rule must require separation in both time and location, the Department believes that such a requirement is not legally necessary and would impose an unnecessarily harsh burden on small faith-based organizations, which may have access to only one location that is suitable for the provision of Department-funded services.
Changes: None.

State and Local Diversity Requirements and Preemption

Comments: Additional commenters expressed concern that the proposed regulations will exempt religious organizations from State and local diversity requirements. Further, the commenters suggested that the proposed regulations be modified to state that State and local laws will not be preempted by the rule.

Discussion: The requirements that govern funding under the Department programs at issue in these regulations do not address preemption of State or local laws. Federal funds, however, carry Federal requirements. No organization is required to apply for funding under these programs, but organizations that apply and are selected for funding must comply with the requirements applicable to the program. Accordingly, the rule also provides that if a grantee, State, or subgrantee contributes its own funds to supplement Federally funded activities, these regulations apply to all of the commingled funds.

Changes: None.

Religious Identity and Display of Religious Art or Symbols

Comments: Several commenters disagreed with the provisions allowing religious organizations conducting Department-funded programs in their facilities to retain the religious art, icons, scriptures, or other religious symbols found in their facilities. One commenter voiced a concern that the proposed rule was unclear in its mention in the preamble of the rule's clarification that a faith-based organization does not have to suppress its 'religious identity' to qualify for a grant or subgrant.

Discussion: The Department disagrees with these comments. A number of Federal statutes affirm the principle embodied in this rule. See, e.g., 42 U.S.C. 290kk-1(d)(2)(B) (relating to programs of the Substance Abuse and Mental Health Services Administration).

Moreover, the Department does not prescribe for any of the programs it funds the types of artwork or symbols that may be placed within the structures or rooms in which Department-funded services are provided. In addition, a prohibition on the use of religious icons would make it more difficult for many faith-based organizations than other organizations to participate in Department programs by forcing them to procure additional space. It would thus be an inappropriate and excessive restriction, typical of the types of regulatory barriers that this final regulation seeks to eliminate.

Consistent with constitutional church-state guidelines, a faith-based organization that participates in Department programs will

retain its independence and may continue to carry out its mission, provided that it does not use Department funds to support any inherently religious activities. Accordingly, this final regulation continues to provide that faith-based organizations may use space in their facilities to provide Department-funded services, without removing religious art, icons, scriptures, or other religious symbols.

With respect to the comment regarding the clarity of the rule's discussion of "religious identity," the rule gives illustrative examples of what is meant by religious identity in Sections 74.44(f)(4), 75.52(d), 76.52(d), and 80.36(j)(4).
Changes: None.

Religious Freedom Restoration Act

Comments: Another commenter requested that the Department include language in the regulation that the Religious Freedom Restoration Act of 1993 ("RFRA"), 42 U.S.C. 2000bb et seq., may also provide relief from otherwise applicable provisions prohibiting employment discrimination on the basis of religion. The commenter noted, for example, that, in the final regulations it promulgated governing its substance abuse and mental health programs, the Department of Health and Human Services recognized that RFRA may provide relief from certain employment nondiscrimination requirements.

Discussion: The Department notes that the RFRA, which applies to all Federal law and its implementation, is applicable regardless of whether it is specifically mentioned in these regulations. See 42 U.S.C. 4000bb-3 and 4000bb-2(1). Whether or not a party is entitled to an exemption or other relief under the RFRA depends upon whether the party satisfies the requirements of that statute. The Department, therefore, declines to adopt this recommendation at this time.

Changes: None.

Exemption Under Title VII of the Civil Rights Act of 1964

Comments: One commenter urged the Department to recognize specifically faith-based organizations' right to hire persons who support their sense of mission because the Department's proposed regulation did not directly address this issue. The commenter indicated that the hiring rights of faith-based organizations are a matter of serious concern to those organizations and that the lack of clarity on this issue may discourage qualified organizations from providing services. Other commenters urged the Department to take the position that those organizations that accept Federal funding should forfeit their Title VII exemption. Still others urged the Department to interpret section 9534 of the Elementary and Secondary Education Act of 1965 to mean that faith-based organizations must forfeit their Title VII exemption.

Discussion: The Department agrees with the commenter who supported the religious hiring autonomy of faith-based organizations, and it disagrees with the objections to the principle that a religious organization does not forfeit its Title VII exemption when administering Department-funded services.

Applicable statutory nondiscrimination requirements are not altered by this regulation. Congress establishes the conditions under which religious organizations are exempt from Title VII. These requirements, including their limitations, are fully applicable to federally funded organizations unless Congress says otherwise.

Section 9534 of the Elementary and Secondary Education Act of 1965 preserves the existing state of civil rights law. If Congress intended to dramatically alter the status quo, it would have done so in unmistakable terms as it has done on other occasions. As for the suggestion that the U.S. Constitution prohibits the government from providing funding for social services to religious organizations that consider faith in hiring, that view does not accurately represent the law. The employment decisions of organizations that receive extensive public funding are not attributable to the state, see *Rendell-Baker v. Kohn*, 457 U.S. 830 (1982), and it has been settled for more than 100 years that the Establishment Clause of the First Amendment to the U.S. Constitution does not bar the provision of Federal grants to organizations that are controlled and operated exclusively by members of a single faith. See *Bradfield v. Roberts*, 175 U.S. 291 (1899); see also *Bowen v. Kendrick*, 487 U.S. 589, 609 (1988).

In light of these considerations, the Department believes it would be helpful to amend the proposed regulations by adding an explicit statement that religious organizations do not forfeit their Title VII exemption by receiving funding from the Department, contracting with a recipient, or contracting with a grantee or subgrantee, as the case may be.

Changes: We are revising proposed sections 74.44(f), 75.52, 76.52, and 80.36(j) to include language that a religious organization's exemption from the Federal prohibition on employment discrimination on the basis of religion, in section 702(a) of the Civil Rights Act of 1964, 20 U.S.C. 2000e-1, is not forfeited when the organization contracts with a recipient (under part 74), receives financial assistance from the Department (under parts 75 and 76), or contracts with a grantee or subgrantee (under part 80).

Assurance Requirements

Comments: Some commenters suggested that additional language be added to make clear that eligibility determinations must be based on existing statutory and regulatory requirements. Several commenters also suggested that the proposed regulation contain additional safeguards against the diversion of funds by faith-based organizations to improper religious purposes.

Discussion: The Department does not believe that it is necessary to add language to make clear that eligibility determinations must be based on existing statutory and regulatory requirements. The language of the proposed rule that faith-based organizations are eligible to apply for and to receive grants and subgrants under programs of the Department on the same basis as any other private organization, with respect to programs for which such other organizations are eligible, sufficiently communicates that eligibility determinations must be based on existing statutory and

regulatory requirements.

With respect to additional safeguards to prevent a diversion of funds, the Department notes that it imposes no comparable requirements in any other context. It would be unfair to require religious organizations alone to comply with additional requirements. Further, the Department finds no basis for requiring greater oversight and monitoring of faith-based organizations than of other program participants simply because they are faith-based organizations. Program participants are monitored for compliance with program requirements, and no program participant may use Department funds for any ineligible activity, whether that activity is an inherently religious activity or a nonreligious activity that is outside the scope of the program at issue.

Many secular organizations participating in Department programs also receive funding from several sources (private, state, or local) to carry out activities that are ineligible for funding under Department programs. In many cases, the non-eligible activities are secular activities but not activities eligible for funding under Department programs. All program participants receiving funding from various sources and carrying out a wide range of activities must ensure through proper accounting that each set of funds is applied only to the activities for which the funding was provided. Applicable policies, guidelines, and regulations prescribe the cost accounting procedures that are to be followed in using Department funds. This system of monitoring is more than sufficient to address the commenters' concerns, and the amount of oversight of religious organizations necessary to accomplish these purposes is no different than that involved in other publicly funded programs that the Supreme Court has upheld.
Changes: None.

Removal of Construction Provisions

Comments: The Department received several comments suggesting that the Department retain the provisions prohibiting grantees and subgrantees from using grants and subgrants to pay for construction, remodeling, repair, operation, or maintenance of any facility or part of a facility to be used for inherently religious activities. The commenters stated that the provisions should be retained so that the Department will not have to revisit the issue in the future if statutory authority is some day enacted.

Discussion: The Department disagrees that these provisions should be retained. As stated in the preamble to the proposed rule, there is currently no statutory authority for grantees and subgrantees to use their grants and subgrants for construction, remodeling, repair, operation, or maintenance of any private educational facility or part of a private educational facility. If and when such uses are authorized by statute, the Department will issue program-specific regulations in accordance with the statute.

Furthermore, we believe that the provisions do not accurately convey the state of the law in this area, which would allow grantees and subgrantees to use their grants and subgrants to pay for construction, remodeling, repair, operation, or maintenance of any facility or part of a facility to the extent that such facilities

are used for eligible Department funded activities (and not for inherently religious activities such as religious worship, instruction, or proselytization, or any other ineligible purpose). Rather than regulate in that manner today, however, the Department will simply remove the existing regulatory prohibition.
Changes: None.

Secular Alternative Providers

Comments: Some commenters stated that if the Department funds faith-based organizations, it must offer secular alternative providers in all situations.

Discussion: The Department does not agree with the commenters. The regulations do not permit funding of inherently religious activities (except when there is genuine and independent private choice among providers), and the civil rights of beneficiaries are protected by the prohibition on discriminating against a beneficiary or prospective beneficiary in the provision of program services on the basis of "'religion or religious belief'" and by the statement that participation in inherently religious activities must be voluntary for program beneficiaries.

Changes: None.

Establishment of Separate Legal Entities

Comments: One commenter suggested that the proposed regulations require faith-based organizations to establish separate legal entities as "'firewalls'" between their "'pervasively sectarian'" organization and the social service provider.

Discussion: The Department does not agree with this comment. The prohibition on using funds for inherently religious activity, the requirement that religious activities be offered separately--in time or location--from the activities supported by government funds, and the prohibition on religious discrimination against beneficiaries in the provision of program services provide sufficient protection to honor the constitutional boundaries.

Changes: None.

Adherence to Applicable Federal Civil Rights Laws

Comments: One commenter suggested that the proposed rule should address whether funds should flow to organizations that are racist and bigoted.

Discussion: The Department does not believe that a change to the proposed regulations is necessary. Faith-based organizations that receive Federal funding must adhere to all of the applicable Federal civil rights laws, including, where applicable, Federal civil rights laws that prohibit employment discrimination on the basis of race, color, national origin, sex, age, and disability.

Changes: None.

Applicability of Rule to "'Commingled'" Funds

Comments: Another commenter recommended additional language that

would clarify operational constraints created by the provisions of the proposed rule relating to the commingling of funds.
Discussion: The Department believes that this provision of the rule is sufficiently clear. As the rule states, when grantees, States, and subgrantees have the option to commingle their funds with Federal funds or to separate their funds from Federal funds, Federal rules apply if they choose to commingle their own funds with Federal funds. Additionally, some Department programs may explicitly require that Federal rules apply to State "matching" funds, "maintenance of effort" funds, or other contributions that are commingled with Federal funds, i.e., are part of the grant budget. In these circumstances, Federal rules, of course, remain applicable to both the Federal and State or local funds that implement the program.
Changes: None.

Nondiscrimination in Providing Assistance

Comments: One commenter suggested that in the proposed regulation's nondiscrimination provisions relating to beneficiaries or prospective beneficiaries, the phrase "of that program" should be changed to "in the provision of program services." The commenter thought that the Department was inadvertently stating in the proposed regulation that faith-based organizations cannot use religion as a factor in facets of their operation that are separate from programs funded by a grant or subgrant where the same people who are beneficiaries or prospective beneficiaries of such programs may be affected by the use of religion in those other facets. Another commenter suggested that the proposed rule's prohibition against discrimination "on the basis of religion or religious belief" should be extended to include a prohibition against discrimination on the basis of "refusal to participate in a religious practice." One commenter also suggested that the protections against religious discrimination afforded beneficiaries and prospective beneficiaries be broadened to include protections against other types of discrimination.

Discussion: We agree that the proposed regulation could have been clearer on the use of religion as a factor in facets of an organization's operation that are separate from programs funded by a grant or subgrant where the same people who are beneficiaries or prospective beneficiaries of such programs may be affected by the use of religion in those other facets. The rule was not intended to preclude a faith-based organization from using religion in facets of its operation that are separate from programs funded by a grant or subgrant of the Department, even if the same people who are beneficiaries or prospective beneficiaries of such programs may be affected by the use of religion in those other facets. We have therefore modified the language of the final regulation to address this issue.

The Department disagrees with the suggestion to include a prohibition against discrimination on the basis of "refusal to participate in a religious practice." The regulation already requires private organizations that engage in inherently religious activities, such as religious worship, instruction, or proselytization, to offer those services separately in time or

location, and also to make participation in such activities by beneficiaries of Department-funded programs voluntary. These requirements are sufficient to protect program beneficiaries from discrimination.

Finally, the Department disagrees that the protection against religious discrimination should be broadened to cover other categories. Grantees and subgrantees are still bound by applicable Federal civil rights laws.

Moreover, the protections afforded in the proposed rule are consistent with the protections the President directed Federal agencies, including this Department, to provide beneficiaries and prospective beneficiaries in taking steps to ensure that Federal policies and programs are fully open to faith-based organizations in a manner that is consistent with the U.S. Constitution and statutory requirements.

Changes: By substituting "in the provision of program services" for "of the program" in Sections 74.44(f)(5), 75.52(e), 76.52(e), and 80.36(j)(5), the final regulation reflects that a faith-based organization may use religion in facets of its operation that are separate from programs funded by a grant or subgrant of the Department, even if the same people who are beneficiaries or prospective beneficiaries of such programs may be affected by the use of religion in those other facets.

DEPARTMENT OF EDUCATION

34 CFR Part 75

RIN 1890-AA09

Direct Grant Programs

AGENCY: Department of Education.

ACTION: Final regulations.

SUMMARY: The Secretary amends regulations governing the process for submitting discretionary grant applications by removing current provisions requiring specific application formats, thereby permitting electronic submission of applications. The revisions also clarify that only applicants submitting paper applications are required to submit one original and two copies of their application to the Department of Education (Department).

DATES: These regulations are effective August 9, 2004.

FOR FURTHER INFORMATION CONTACT:

Kevin Taylor, U.S. Department of Education, 400 Maryland Avenue, SW., room 7089, PCP, Washington, DC 20202-4248. Telephone: (202) 245-6143, or via Internet: Kevin.Taylor@ed.gov.

If you use a telecommunications device for the deaf (TDD), you may call the Federal Information Relay Service (FIRS) at 1-800-877-8339.

Individuals with disabilities may obtain this document in an alternative format (e.g., Braille, large print, audiotape, or computer diskette) on request to the contact person listed under FOR FURTHER INFORMATION CONTACT.

SUPPLEMENTARY INFORMATION: On October 30, 2003, the Secretary published a notice of proposed rulemaking (NPRM) for these amendments in the Federal Register (68 FR 61780) in which the Secretary explained that the Department was proposing to amend its regulations to allow grant applications to be sent electronically via the Internet. This final rulemaking document fulfills the Secretary's proposal to remove the requirement that an application be mailed or hand-delivered. Under the final rule, the Department can receive applications electronically without using the pilot program as the authority for receiving electronic grant applications. As an added benefit, the changes to the regulations also increase the Department's flexibility to participate in new government-wide electronic grant initiatives.

There are no differences between the NPRM and these final regulations, other than a minor editorial change. Under the new rule, the Department will inform applicants in the application notice whether the option to apply for a grant electronically is available or required for a particular grant program competition. This information will be restated in the application package's transmittal instructions. The application notice will include all the other information necessary to apply for a grant, including the deadline date and time for electronic and paper application.

Analysis of Comments

In response to the Secretary's invitation in the NPRM, three parties submitted comments on the proposed regulations. An analysis of the comments follows.

We discuss substantive issues under the sections of the regulations to which they pertain. Generally, we do not address technical and other minor changes and suggested changes the law does not authorize the Secretary to make.

Two commenters strongly supported the proposed changes to the regulations that would permit the Department to use the Internet to accept grant applications electronically. One of the supportive commenters did not address any particular proposed requirement other than to say generally that the proposed rule was a good idea. One commenter disagreed with the proposed change.

Section 75.109 Deadline Date for Applications

Comment: One supporter of the changes recommended that we amend the regulations to state specifically the two application options that are available to apply for a grant rather than taking the application methods out of the regulations. For example, the regulation would specify that an applicant could either use electronic means or submit a paper application and deliver it by mail, commercial delivery, or courier to the Department.

Discussion: The Department believes that potential grant applicants will have adequate opportunity to receive information about the application formats that will be used for a particular grant program competition when the Department publishes an application notice in the Federal Register. The Secretary believes that using the application notice to convey information regarding a grant competition's application requirements is a more effective way to convey information to prospective applicants.

Application notices will contain detailed information on the application process and specific requirements for a particular grant program competition.

We believe that the new approach of removing the specific application formats from the regulations and relocating the information to the application notice will not hinder potential applicants' ability to learn what application methods are available to them for a grant competition.

Changes: None.

Comment: Another commenter criticized the change because it would prevent some applicants from applying for a grant, especially certain rural and inner-city school districts, and faith-based organizations that might not have the technical resources or staff to be able to apply for a grant online.

Discussion: The Department realizes that there are potential

applicants that do not have adequate computer equipment to gain access to the Internet and, even if the potential applicant had sufficient computer equipment, telecommunications charges for access to the Internet from some isolated areas might be prohibitively expensive. To address this concern, the Secretary will continue to allow applicants to submit a paper application in lieu of an electronic version. Furthermore, in grant competitions requiring mandatory submission of electronic applications, the Secretary will permit applicants to request a waiver from the mandatory electronic submission requirement. A waiver will allow applicants to submit a paper application if they are unable to submit their application electronically. For those programs that require electronic submission of applications, the application notice will include instructions on how an applicant can request a waiver to submit a paper application.

The Department has also taken steps to assist applicants during the transition from a paper-based application process to an electronic one. Applicants interested in submitting a grant application electronically can obtain assistance in several ways. Prospective applicants can access the Department's e-Grants home page (<http://egrants.ed.gov>) where they can view an online demonstration on how to submit an application electronically via e-Application.

Additionally, the Department has established a help desk, which applicants can contact for technical support. There is also an online e-Application User's Guide to assist applicants in all phases of the electronic application process.

Changes: None.

Under Executive Order 12866 we have assessed the potential costs and benefits of this regulatory action. The potential costs associated with the final regulations are those resulting from statutory requirements and those we have determined to be necessary for administering the Department's programs effectively and efficiently.

In assessing the potential costs and benefits-both quantitative and qualitative-of these final regulations, we have determined that the benefits of the regulations justify the costs.

Summary of Potential Costs and Benefits

We summarized the potential costs and benefits of these final regulations in the preamble to the NPRM (68 FR 61781). The cost to an applicant of submitting an electronic application is significantly less than the cost of submitting a paper application. Thus, the final rule will reduce applicant costs dramatically. The costs to applicants and the Department of maintaining the data included in the applications is also significantly reduced under the final rule. The benefits of the rule are also significant, permitting easy means for applicants to apply and giving applicants

more time to prepare their application because electronic submission eliminates the delay caused by mailing an application.

Paperwork Reduction Act of 1995

These regulations do not contain any information collection requirements.

Intergovernmental Review

These proposed regulations affect direct grant programs that are subject to Executive Order 12372 and the regulations in 34 CFR part 79. One of the objectives of the Executive Order is to foster an intergovernmental partnership and a strengthened federalism. The Executive Order relies on processes developed by State and local governments for coordination and review of proposed Federal financial assistance.

This document provides early notification of our specific plans and actions for these programs.

Assessment of Educational Impact

In the NPRM we requested comments on whether the proposed regulations would require transmission of information that any other agency or authority of the United States gathers or makes available.

Based on the response to the NPRM and on our review, we have determined that these final regulations do not require transmission of information that any other agency or authority of the United States gathers or makes available.

SUPPLEMENTARY INFORMATION: This notice informs potential applicants
for U.S. Department of Education grants of certain new policies and
procedural requirements for the electronic submission of grant
applications.

Transition to Grants.gov. For certain fiscal year (FY) 2005 grant

competitions, the Department will require applicants to submit their applications electronically through Grants.gov instead of through the Department's e-Application system. Grants.gov is a unified Federal Web site that allows organizations (e.g., local educational agencies, state educational agencies, institutions of higher education, nonprofit entities) and individuals to electronically find grant opportunities and apply for grants from all Federal grant-making agencies.

As a partner agency working on the development of Grants.gov, the Department is committed to using Grants.gov in helping potential grantees find grant opportunities (<http://www.grants.gov/Find>) and apply for grants (<http://www.grants.gov/Apply>). Currently, the Department posts synopses of all its discretionary grant funding opportunity announcements in the FIND section of Grants.gov. This year, the Department will also provide for applicants to submit electronic applications through the APPLY section of Grants.gov for selected grant programs.

You can immediately start searching the FIND section of Grants.gov, at the above Web address, for Federal grant opportunities. You can also register at the Web site to receive automatic e-mail notifications of new grant opportunities as they are posted.

To prepare to use the APPLY function of Grants.gov, we strongly recommend that you immediately initiate and complete the 'Get Started' steps to register with Grants.gov at <http://www.grants.gov/GetStarted>. Although the steps can be completed within a few days in many cases, we strongly advise against waiting until a specific grant opportunity is announced before initiating the Grants.gov registration process to avoid facing unexpected delays that could result in the rejection of your application.

The Department does not intend to use the Grants.gov system for all of the Department's grant competitions. You must consult the Department's official grant application notice to determine the application procedures for each program. For those competitions accepting electronic applications, the official grant application notice will specify whether electronic applications are to be submitted through Grants.gov or the Department's e-Application system. The grant application notice is the final authority for this determination. However, the Department's Forecast of Funding Opportunities includes information on grant competitions that may use the APPLY function of Grants.gov this year. The Forecast may be accessed at <http://www.ed.gov/fund/grant/find/edlite-forecast.html>. It is important to note that if a competition is using the APPLY function of Grants.gov, it will not be using e-Application, and vice versa. Over the next several years, the Department plans to use the APPLY function of Grants.gov as the primary means for accepting electronic grant applications.

Exceptions to Mandatory Electronic Filing Requirement. We also

announce a change in our policy and procedures for permitting applicants to submit paper applications in those competitions where the Department requires the electronic submission of applications through Grants.gov or e-Application.

Under this new policy, when we require that applicants submit an application electronically through Grants.gov or e-Application, we will permit an exception to this requirement and will allow the submission of an application in paper format by mail or hand delivery only in two sets of circumstances. Specifically, an applicant will be permitted to submit an application in paper format by mail or hand delivery if the applicant--

- (a) does not have access to the Internet; or
- (b) does not have the capacity to upload large documents to the Department's e-Application system or the Grants.gov application system; and
- (c) submits a written statement to the Department that the applicant qualifies for an exception under one of these grounds.

The written statement must be mailed or faxed to the program office (include the program name and CFDA number) no later than two weeks before the application deadline date (14 calendar days, or if the fourteenth calendar day falls on a Federal holiday, the next business day following the Federal holiday). A fax must be received by the Department on or before this date and an applicant should ensure that it retains a receipt of the faxed transmission. A mailed statement must be postmarked on or before this date and applicants should refer to the grant application notice for acceptable forms of proof of mailing. Unlike our prior policy, we will not accept requests for waiver of the electronic submission requirement up until the application deadline date.

If an applicant provides its statement on or before the two-week deadline, the Department will accept the statement and paper application and will not provide any response to the statement. If an applicant submits a paper application but fails to submit a statement or does not submit a statement in a timely manner, the Department will not accept the applicant's paper application. The Department will notify an applicant if it is not accepting the applicant's paper application.

SUPPLEMENTARY INFORMATION:

I. Background

The Federal Policy for the Protection of Human Subjects (hereafter referred to as the Federal Policy) was promulgated by 15 Federal departments and agencies on June 18, 1991 (56 FR 28003). The Central Intelligence Agency also is required to comply with this policy under Executive Order 12333. On July 10, 1996, the Department of Housing and Urban Development revised its codification of the Federal Policy at 24 CFR part 60 to cross-reference the provisions of the Department of Health and Human Services (HHS) regulations at 45 CFR part 46, subpart A (61 FR 36462).

Except for research that is exempt under Sec. 11.101(b), the Federal Policy applies to all research involving human subjects conducted, supported or otherwise subject to regulation by any Federal department or agency which has taken appropriate administrative action to make the Federal Policy applicable to such research. The basic provisions of the Federal Policy include, among other things, requirements related to the review of human subjects research by an institutional review board, the obtaining and documenting of informed consent of human subjects, and the submission of a written assurance of institutional compliance with the Federal Policy.

II. Description of Changes to the Federal Policy

The Federal Policy has several provisions that reference OPRR. For example, the Federal Policy includes provisions that require submission of certain reports and notices to OPRR (see Sec. 11.101(i), Sec.11.103(a), and Sec.11.103(b)(3)). At the time the Federal Policy was promulgated, OPRR was a unit of the National Institutes of Health, HHS, and was responsible for fulfilling responsibilities set forth in section 491 of the Public Health Service Act (42 U.S.C. 289). On June 18, 2000, OPRR was dissolved, OHRP was established, and all responsibilities and authorities for human subject protections held by OPRR were transferred to OHRP (65 FR 37136, June 13, 2000). The Federal Policy is being amended throughout to reflect this name and organizational change from OPRR to OHRP.

At the time the Federal Policy was promulgated, the HHS regulations for the protection of human subjects at 45 CFR part 46 included the following three subparts that provided additional protections for specific groups of vulnerable subjects: subpart B (Additional Protections Pertaining to Research, Development, and Related Activities Involving Fetuses, Pregnant Women, and Human In Vitro Fertilization); subpart C (Additional Protections Pertaining to Biomedical and Behavioral Research Involving Prisoners as Subjects); and subpart D (Additional Protections for Children Involved as Subjects in Research). These subparts are not part of the Federal Policy. However, the Federal Policy includes a footnote at the end of Sec.11.101(i) which states, in part, that "the exemptions at 45 CFR 46.101(b) do not apply to research involving * * fetuses, pregnant women, or human in vitro fertilization,

subparts B * * * .''

On November 13, 2001, HHS published a revised version of 45 CFR part 46, subpart B (Additional Protections for Pregnant Women, Human Fetuses and Neonates Involved in Research) after soliciting public comment through a Notice of Proposed Rulemaking (66 FR 56775; 66 FR 35576). The revised subpart B, which became effective on December 13, 2001, states that the exemptions at 45 CFR 46.101(b)(1) through (6) are applicable to this subpart. In order to make the footnote at the end of Sec.11.101(i) of the Federal Policy consistent with the revised subpart B of 45 CFR part 46, references to research involving fetuses, pregnant women, or human in vitro fertilization and subpart B are being deleted from the footnote.

Finally, the information collection requirements of the Federal Policy (see Sections.11.103, 109, 113, 115, 116, and 117) were approved by OMB on July 30, 1991 under Control Number 9999-0020. OMB approval under Control Number 9999-0020 expired on December 31, 1997. The current OMB approval of the information collection requirements of the Federal Policy is under Control Number 0990-0260. Therefore, all references to Control Number 9999-0020 are being changed to Control Number 0990-0260.

III. Implementation

Pursuant to 5 U.S.C. 553(b)(B) of the Administrative Procedure Act, 5 U.S.C. 551-559, the agencies find that there is good cause to issue these amendments without advance notice and an opportunity for public comment. Because these amendments merely (i) change references in the Federal Policy from the OPRR to the OHRP, to reflect the organizational change that already dissolved OPRR and moved its responsibilities to OHRP; (ii) delete references to research involving fetuses, pregnant women, or human in vitro fertilization and to subpart B of 45 CFR part 46 to conform the Federal Policy to recent amendments to subpart B of 45 CFR part 46; and (iii) update the Control Number for the approval by OMB of the information collection requirements of the Federal Policy, public comment is unnecessary. Pursuant to 5 U.S.C. 553(d)(3) of the Administrative Procedure Act, the agencies also find there is good cause to make these amendments effective immediately because the changes in the Federal Policy are merely conforming amendments to reflect changes that have already been made and are in effect with respect to OHRP and 45 CFR part 46.

Department of Transportation, 5 U.S.C. 301; 42 U.S.C. 300v-1(b).

V. Executive Order 12866

Executive Order 12866 requires that all regulatory actions of Executive Branch departments and agencies reflect consideration of the costs and benefits that they generate and that they meet certain standards, such as avoiding imposition of unnecessary burdens on the affected public. If an action is deemed to fall within the scope of the definition of the term "'significant regulatory action'" contained in Sec. 3(f) of the order, a pre-publication review by OMB's Office of Information and Regulatory Affairs (OIRA) is necessary. OMB deemed these amendments of the Federal Policy not to be a significant regulatory action. Therefore, these amendments were not submitted to OIRA for review prior to publication.

VI. Regulatory Flexibility Act

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), an agency is generally required to review proposed regulations to analyze whether they create a significant impact on a substantial number of small entities unless the agency can certify that there is no such impact. Agencies must similarly analyze any final rules that were preceded by proposed rules. Because these technical amendments did not require the agencies to publish a proposed rule, they are not required to prepare a Regulatory Flexibility Act analysis for this final rule. However, even if the agencies were required to consider that impact, the agencies would certify that there was no impact at all on small entities because these amendments make no substantive change to the Federal Policy.

VII. Paperwork Reduction Act of 1995

These amendments to the Federal Policy do not contain any new information collection requirements which are subject to OMB approval under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

VIII. Federalism

These amendments to the Federal Policy have been analyzed in accordance with the principles set forth in Executive Order 13132. These amendments to the Federal Policy do not contain policies that have substantial direct effects on the States, on the relationship between the Federal Government and the States, or on the distribution of power and responsibilities among the various levels

of government. Accordingly, the departments and agencies that have promulgated the Federal Policy have concluded that these amendments do not contain policies that have federalism implications as defined in the order and, consequently, a federalism summary impact statement is not required.

- ED Electronic Grant Initiatives [e-GRANTS]

E-GRANTS (e-Grants) is the Department of Education's (ED) portal for electronic grants. From e-GRANTS you may access all of the Department's Web-based grant systems. The Internet address for this Web site is:

<http://e-grants.ed.gov/egWelcome.asp>

This portal includes direct links to the Department's Web-based grant system modules including:

E-Payments (e-Payments) is the EDCAPS module for grants management and payments. The Education Central Automated Processing System (EDCAPS) Grant Administration and Payment System (GAPS) was developed and implemented by the Department to streamline payment processing and reporting for our grantees/payees. GAPS provides online capabilities to request payments from the Department and continuous access to current grant and payment information. Under GAPS, grantees/payees will request ED funds by grant award number. The grant award number is a unique, 11-character number that identifies each grant award issued by a specific office to a specific grantee. The grant award number can be found on the grant award notices issued to grantees by Department program offices. Grantees/payees should contact the program offices for award numbers.

E-Application (e-Application) is the module for online grant applications in EDCAPS. E-Application automates, and exists in parallel with, the current paper-based ED grant application process. E-Application allows for an application package to be assembled using electronic components and presented electronically via the Internet to potential applicants for completion. Upon completion, e-Application manages the return and validation of the completed application to ED. E-Application allows grant applicants to apply for specific grant packages and competitions via the Internet. You have the ability to create new grant applications; update, delete and view existing grant applications; check the status of your applications and submit applications to ED. E-Application allows applicants to apply on-line to

a specially selected group of grants. To see a list of these grants, use a Packages link or an APPLY button. If you are new to e-Application, our User Guide will help get you on your way. To apply for a grant through e-Application you will have to register with our site. Please register only if you are actually going to use e-Application to apply for a grant.

E-Reports (e-Reports) is the module for online annual grant performance reports in EDCAPS. E-Reports automates, and exists in parallel with, the current paper-based ED annual grant performance reporting process. E-Reports allows for an annual grant performance report to be assembled using electronic components and presented electronically via the Internet to grantees for completion. Upon completion, e-Reports manages the return and validation of the completed report to ED. E-Reports allows grantees to complete annual performance reports (for programs which they serve as project director) via the Internet. Grantees will have the ability to create new grant reports; update, delete and view existing grant reports; check the status of their reports and submit reports to ED. E-Reports allows grantees for selected U.S. Department of Education programs to complete and submit their annual performance reports on-line. If you are new to e-Reports, our User Guide will help you get started.

E-Reader (e-Reader) is the module for online review of discretionary grant applications in EDCAPS. E-Reader automates, and exists in parallel with the current paper-based ED Discretionary Grant Application Review process. E-Reader allows for a Technical Review Form to be assembled using electronic components and presented electronically via the Internet to potential reviewers for completion. Upon completion, e-Reader manages the return and validation of the completed Form(s) to ED. A completed Grant Reading, includes, but is not limited to, a Technical Review form which contains Scoring and Comments for each application assigned to a reader, and may include an exit assessment. E-Reader provides electronic access to grant applications that were submitted via the e-Application portion of the e-Grants site. After the user has registered and received an ID, he/she can begin the review(s). The user will only have access to their forms during the dates designated for their panel review. Therefore, he/she will be unable to access forms until the Start Date for the Review. As with e-Reports, this module will also include features such as registration, e-mail confirmations and printing capabilities. E-Reader allows Peer Reviewers for the U.S. Department of Education to complete on-line peer reviews for a specially selected group of Programs. If you are new to e-Reader, our User Guide will help get you on your way. To participate in a peer review using e-Reader, you will have to register with our site. Please register only if you have been selected as a peer reviewer for a program that is using e-Reader. In order to register, you will need your social security number.

E-Administration (e-Administration) is the module for Project Directors to submit on-line administrative changes to their grant awards, and exists in parallel with, the current paper-based ED administrative changes process. E-Administration gives Project Directors the ability to submit administrative changes to their grant awards. The following

types of changes are available: DUNS/SSN, address, key personnel, Project Director name and address, dates (no-cost time extensions), certifying representative, and others. If you are new to e-Administration, our User Guide will help you get started.

Future modules under construction include the following:
E-Award (e-Award)—An electronic Grant Award Notification module
E-Signature (e-Signature)—An electronic Signature module, the nature of which has yet to be determined.

2. Grants.gov—The Electronic Storefront for Federal Grants.

Grants.gov allows organizations to electronically find and apply for competitive grant opportunities from all federal grant-making agencies. Grants.gov is THE single access point for over 900 grant programs offered by the 26 federal grant-making agencies.

Grants.gov provides organizations with the ability to search for federal governmentwide grant opportunities. The Office of Management and Budget (OMB) Office of Federal Financial Management (OFFM) issued a policy directive (.pdf) requiring that all federal agencies post grant opportunities online as of Nov. 7, 2003. To begin your search for grant opportunities, access <http://www.grants.gov>. To register to receive all e-mail notifications of new grant postings from FedGrants.gov (Grants.gov FIND), access [Receive Grant Opportunity Emails](#) link.

Grants.gov provides a single, secure and reliable source for applying for federal grants online, simplifying the grant application process and reducing paperwork. Do you have the federal funding opportunity number or the Catalog of Federal Domestic Assistance (CFDA) number of the grant for which you want to apply? You will need either number to download a grant application and apply for a grant. Once you have either number, you are ready to download the application package and begin the process to apply for grants through Grants.gov. It is a four-step process:

- Step 1: Download a Grant Application Package and Application Instructions
- Step 2: Complete the Selected Grant Application Package
- Step 3: Submit a Completed Grant Application Package
- Step 4: Track the Status of a Completed Grant Application Package

The Internet address for this Web site is:

<http://grants.gov/>

3. FirstGov.gov (Your First Click to the U.S. Government)

FirstGov.gov, the official U.S. gateway to all government information, is the catalyst for a growing electronic government. On FirstGov.gov, you can search millions of Web pages from federal and state governments, the District of Columbia and U.S. territories. Most of

these pages are not available on commercial Web sites. FirstGov.gov has the most comprehensive search of government information anywhere on the Internet. FirstGov.gov is also pleased to announce its new Spanish-language Web portal, FirstGov en Espanol. It's the U.S. government's new gateway to thousands of government resources—all in Spanish and developed by, and for, Spanish speakers.

FirstGov.gov will help you find and do business with the federal government online, on the phone, by mail or in person. You may select customer gateways—citizens, businesses and nonprofits, federal employees and government-to-government—to find exactly what you need. For example, from your computer, you can apply for student financial assistance, buy government publications, apply for social security and other benefits, get a passport application and so much more.

There are links to FirstGov.gov from every federal department or agency Web site. The Internet address for this Web site is:

<http://firstgov.gov/>

4. Catalog of Federal Domestic Assistance (CFDA)

The Catalog of Federal Domestic Assistance (CFDA) is a government-wide compendium of federal programs, projects, services, and activities, which provide assistance or benefits to the American public. It contains financial and nonfinancial assistance programs administered by departments and establishments of the federal government. In 1984, Public Law 98-169 authorized the transfer of responsibilities of the Federal Program Information Act from the Office of Management and Budget (OMB) to the General Services Administration (GSA). The transfer took place in July 1984. These responsibilities include the dissemination of federal domestic assistance program information through the Catalog of Federal Domestic Assistance, pursuant to the Federal Program Information Act, Public Law 95-220, as amended by Public Law 98-169. GSA now maintains the federal assistance information database from which program information is obtained. The Office of Management and Budget (OMB) serves as an intermediary agent between the federal agencies and GSA, thus providing oversight to the necessary collection of federal domestic assistance program data.

The online Catalog of Federal Domestic Assistance gives you access to a database of all federal programs available to state and local governments (including the District of Columbia); federally-recognized Indian tribal governments; Territories (and possessions) of the United States; domestic public, quasi-public, and private profit and nonprofit organizations and institutions; specialized groups; and individuals.

After you find the program you want, contact the office that administers the program and find out how to apply.

Currently, programs in the Catalog are being classified by GSA into 15 types of assistance. (Cooperative Agreements as a type of assistance is used for programs administered under that mechanism. However, the

definition does not appear in this section.) Benefits and services of the programs are provided through seven financial types of assistance and eight nonfinancial types of assistance. The following list defines the types of assistance which are available through the programs. Code letters below (A through O) which identify the type of assistance) will follow program titles in the Agency Index, Applicant Eligibility Index, the Functional Index, Deadlines Index, and in the list of added programs.

(A) Formula Grants -- Allocations of money to States or their subdivisions in accordance with distribution formulas prescribed by law or administrative regulation, for activities of a continuing nature not confined to a specific project.

(B) Project Grants -- The funding, for fixed or known periods, of specific projects. Project grants can include fellowships, scholarships, research grants, training grants, traineeships, experimental and demonstration grants, evaluation grants, planning grants, technical assistance grants, survey grants, and construction grants.

(C) Direct Payments for Specified Use -- Financial assistance from the federal government provided directly to individuals, private firms, and other private institutions to encourage or subsidize a particular activity by conditioning the receipt of the assistance on a particular performance by the recipient. This does not include solicited contracts for the procurement of goods and services for the federal government.

(D) Direct Payments with Unrestricted Use -- Financial assistance from the federal government provided directly to beneficiaries who satisfy federal eligibility requirements with no restrictions being imposed on the recipient as to how the money is spent. Included are payments under retirement, pension, and compensatory programs.

(E) Direct Loans -- Financial assistance provided through the lending of federal monies for a specific period of time, with a reasonable expectation of repayment. Such loans may or may not require the payment of interest.

(F) Guaranteed/Insured Loans -- Programs in which the federal government makes an arrangement to indemnify a lender against part or all of any defaults by those responsible for repayment of loans.

(G) Insurance -- Financial assistance provided to assure reimbursement for losses sustained under specified conditions. Coverage may be provided directly by the federal government or through private carriers and may or may not involve the payment of premiums.

(H) Sale, Exchange, or Donation of Property and Goods -- Programs which provide for the sale, exchange, or donation of federal real property, personal property, commodities, and other goods including land, buildings, equipment, food and drugs. This does not include the loan of, use of, or access to federal facilities or property.

(I) Use of Property, Facilities, and Equipment -- Programs which

provide for the loan of, use of, or access to federal facilities or property wherein the federally owned facilities or property do not remain in the possession of the recipient of the assistance.

(J) Provision of Specialized Services -- Programs which provide federal personnel directly to perform certain tasks for the benefit of communities or individuals. These services may be performed in conjunction with nonfederal personnel, but they involve more than consultation, advice, or counseling.

(K) Advisory Services and Counseling -- Programs which provide federal specialists to consult, advise, or counsel communities or individuals to include conferences, workshops, or personal contacts. This may involve the use of published information, but only in a secondary capacity.

(L) Dissemination of Technical Information -- Programs which provide for the publication and distribution of information or data of a specialized or technical nature frequently through clearinghouses or libraries. This does not include conventional public information services designed for general public consumption.

(M) Training -- Programs which provide instructional activities conducted directly by a federal agency for individuals not employed by the federal government.

(N) Investigation of Complaints -- Federal administrative agency activities that are initiated in response to requests, either formal or informal, to examine or investigate claims of violations of federal statutes, policies, or procedure. The origination of such claims must come from outside the federal government.

(O) Federal Employment -- Programs which reflect the Governmentwide responsibilities of the Office of Personnel Management in the recruitment and hiring of federal civilian agency personnel.

Effective June 16, 2003, the General Services Administration (GSA) discontinued printing and distribution of the Catalog of Federal Domestic Assistance. Consistent with the Administration's Electronic-Government initiatives, the Government Paperwork Elimination Act (GPEA), and a move to a paper free environment, GSA will now disseminate the Catalog electronically through the CFDA Web site on the Internet.

The Internet and GSA's free CFDA Web site at <http://www.cfda.gov> will be the primary means of disseminating the Catalog. In addition to what is already there, the Web site contains a version of the Catalog in Adobe pdf format that, when printed by any user, will have the same layout as the printed document that the Government Printing Office (GPO) has provided.

Furthermore, GPO recently indicated that it will continue printing and selling the CFDA Catalog to interested buyers. For information about purchasing the Catalog of Federal Domestic Assistance from GPO, call

the Superintendent of Documents at 202-512-1800 or toll free at 866-512-1800, or you may reach GPO's on-line bookstore at <http://bookstore.gpo.gov>.

The Catalog of Federal Domestic Assistance can be accessed online for searches and other purposes at the following Internet address:

<http://www.cfda.gov/>

5. Federal Register

The Federal Register is a legal newspaper published every business day by the National Archives and Records Administration (NARA). It contains federal agency regulations; proposed rules and notices; and Executive orders, proclamations and other Presidential documents. The Federal Register informs citizens of their rights and obligations and provides access to a wide range of federal benefits and opportunities for funding. NARA's Office of the Federal Register prepares the Federal Register for publication in partnership with the Government Printing Office (GPO), which distributes it in paper, on microfiche and on the World Wide Web.

Reading the Federal Register may be vital to you and your customers:

- If you need to know about the day-to-day operations of the federal government
- If your business is regulated by a federal agency
- If you are an attorney practicing before a regulatory agency
- If your organization attends public hearings or meetings or applies for grants
- If you are concerned with government actions that affect the environment, health care, financial services, exports, education, or other major public policy issues

Each issue of the Federal Register is organized into four categories:

- Presidential Documents, including Executive orders and proclamations
- Rules and Regulations, including policy statements and interpretations of rules
- Proposed Rules, including petitions for rulemaking and other advance proposals
- Notices, including scheduled hearings and meetings open to the public, grant applications, and administrative orders

Documents published in the Federal Register as rules and proposed rules include citations to the Code of Federal Regulations (CFR) to refer

readers to the CFR parts affected. The CFR contains the complete and official text of agency regulations organized into fifty titles covering broad subject areas. The CFR is updated and published once a year in print, fiche and on-line formats.

If you wish to read or purchase copies of the Federal Register: Visit the National Archives and Records Administration (NARA)'s Office of the Federal Register, Current Federal Register Index, <http://www.archives.gov/federal-register/the-federal-register/indexes.html>, for free online access to Federal Register publications.

Visit GPO Access, <http://www.gpoaccess.gov/nara/index.html>, for free online access to Federal Register publications.

Visit any Federal Depository Library, <http://www.gpoaccess.gov/libraries.html>, for reference copies of Federal Register publications.

Visit GPO's U.S. Government Online Bookstore, <http://bookstore.gpo.gov>.

As of Sept. 1, 2003, the U.S. Government Printing Office closed all of its bookstores nationwide, except for the main bookstore in Washington, D.C., which will undergo reconfiguration. The retail sales outlet in Laurel, Md. will remain in operation to service book dealers picking up from the colocated warehouse facility only. The closures result from an overall decline in sales due to the dramatic increase in access to government information on the Internet and the shift from walk-in traffic at bookstores to purchases from the U.S. Government Online Bookstore.

6. Code of Federal Regulations

The Code of Federal Regulations (CFR) is the codification of the general and permanent rules published in the Federal Register by the executive departments and agencies of the federal government. It is divided into 50 titles that represent broad areas subject to federal regulation. Each volume of the CFR is updated once each calendar year and is issued on a quarterly basis.

Titles 1-16 are updated as of January 1st.
Titles 17-27 are updated as of April 1st.
Titles 28-41 are updated as of July 1st.
Titles 42-50 are updated as of October 1st.

Each title is divided into chapters, which usually bear the name of the issuing agency. Each chapter is further subdivided into parts that cover specific regulatory areas. Large parts may be subdivided into subparts. All parts are organized in sections, and most citations in the CFR are provided at the section level. A list of agencies and where they appear in the CFR may be found in Appendix C of the U.S. Government Manual.

The online CFR is a joint project authorized by the publisher, the National Archives and Records Administration's (NARA) Office of the Federal Register (OFR), and the Government Printing Office (GPO) to provide the public with enhanced access to Government information. CFR volumes are added to GPO Access concurrent with the release of the paper editions. When revised CFR volumes are added, the prior editions remain on GPO Access as a historical set. Some CFR records on GPO Access date back to 1996; all titles are available from 1997 to the current year. Documents are available as ASCII text and PDF files. Due to the update schedule of the CFR, the List of Sections Affected (LSA) provides a cumulative list of CFR sections that have been changed at any time since each CFR title was last updated.

Documents are available in PDF and ASCII text formats. The Code of Federal Regulations is available on GPO Access from 1996 (partial) forward.

Electronic searches can be done on the Internet at the following address:

<http://www.access.gpo.gov/nara/cfr/cfr-table-search.html>

7. The Electronic Code of Federal Regulations (e-CFR)

The Electronic Code of Federal Regulations (e-CFR) is a prototype of a currently updated version of the Code of Federal Regulations (CFR). The e-CFR prototype is a demonstration project. It is not an official legal edition of the CFR. The e-CFR prototype is authorized and maintained by the National Archives and Records Administration's (NARA) Office of the Federal Register (OFR) and the Government Printing Office (GPO). The OFR updates the material in the e-CFR on a frequent basis.

The OFR updates the material in the e-CFR on a frequent basis. See the e-CFR home page for the current update status.

The e-CFR consists of two linked databases: the "current Code" and "amendment files." The OFR updates the current Code database according to the effective dates of amendments published in the Federal Register. As amendments become effective, the OFR integrates the changes into the current Code database to display the full text of the currently updated CFR.

For future-effective amendments, the OFR inserts hypertext links into the affected sections or parts of the current Code to take users to the pertinent amendment files. The amendment files contain amendatory instructions, the text of amendments (if any) and their effective dates.

If the effective date of a regulation falls on a weekend or federal holiday, the amendments will be integrated into the current Code on the next federal business day.

The Electronic Code of Federal Regulations can be accessed at the

following Web address:

<http://ecfr.gpoaccess.gov/cgi/t/text/text-idx?c=ecfr&tpl=%2Findex.tpl>

8. Federal Legislation

You can obtain copies of pending and enacted federal legislation by contacting the Senate or House of Representatives at the following numbers:

Senate Document Room: (202) 224-7701
House Document Room: (202) 226-5200

(NOTE: You must know the bill or law number in order to ask for copies of legislation.)

For further information about ordering other congressional documents, contact the Government Printing Office on (202) 512-2465.

Legislative information is also available online at the following Internet address:

<http://thomas.loc.gov>

Acting under the directive of the leadership of the 104th Congress to make federal legislative information freely available to the Internet public, a Library of Congress team brought the THOMAS World Wide Web system online in January 1995, at the inception of the 104th Congress. Searching capabilities in THOMAS were built on the InQuery information retrieval system, developed by the Center for Intelligent Information Retrieval based at the University of Massachusetts at Amherst.

The first database made available was Bill Text, followed shortly by Congressional Record Text, Bill Summary & Status, Hot Bills (no longer maintained), the Congressional Record Index, and the Constitution (now found, along with other historical Congressional documents, under the "Historical Documents" category on the THOMAS home page). Enhancements in the types of legislative data available, as well as in search and display capabilities, have been continuously added.

Additional Information can be found at the following url:

http://thomas.loc.gov/home/abt_thom.html

9. Education Department General Administrative Regulations (EDGAR)

EDGAR is composed of Parts 74-86 and 97-99 of Title 34 of the Code of Federal Regulations (see 4., above). Since it is designed primarily for the benefit of recipients of discretionary grants and cooperative agreements, the Department provides copies, as a matter of practice, only to those who have already received an award. If you are a recipient who did not receive a copy with your award package, you may

ask for one by contacting your program officer. An electronic version of EDGAR can be downloaded from the ED Board (see 1., above) or may be downloaded off the Internet at the following address:

<http://www.ed.gov/policy/fund/reg/edgarReg/edgar.html>

10. Office of Management and Budget (OMB) Circulars

Instructions or information issued by OMB to federal agencies. These are expected to have a continuing effect of two years or more. To obtain circulars that are not available on-line, please call the Office of Management and Budget's information line at (202) 395-3080. Choose from one of two options: Circulars arrayed by numerical sequence; or Circulars indexed by major category.

- Budget
- State and Local Governments
- Educational and Non-Profit Institutions
- Federal Procurement
- Federal Financial Management
- Federal Information Resources / Data Collection
- Other Special Purpose

The full text of the six grants management circulars and any other OMB grants documents can be reviewed and printed from the Internet at the following address:

<http://www.whitehouse.gov/omb/grants/index.html>

11. Office of Management and Budget: Executive Order 12372- Intergovernmental Review of Federal Programs

It is estimated that in 2004 the federal government will outlay \$400 billion in grants to state and local governments. Executive Order 12372, "Intergovernmental Review of Federal Programs," was issued with the desire to foster the intergovernmental partnership and strengthen federalism by relying on State and local processes for the coordination and review of proposed federal financial assistance and direct federal development. The Order allows each State to designate an entity to perform this function. The Single Point of Contact (SPOC List can be reviewed on the Internet at the following address:

<http://www.whitehouse.gov/OMB/grants/spoc.html>

States that are not listed on that Web page have chosen not to participate in the intergovernmental review process, and therefore do not have a Single Point of Contact (SPOC). If you are located within one of these States, you may still send application materials directly to a federal awarding agency.

12. Office of Electronic Government [formerly the Federal Electronic Commerce Program]

The Office of Electronic Government and Technology within the Office of Governmentwide Policy in the General Services Administration was formerly named the Office of Electronic Commerce and Office of Electronic Government. Electronic government is about using technology to enhance access to and delivery of information and services to citizens, business partners, employees, agencies, and government entities. Adoption of E-Commerce is well underway in federal agencies. Government use of Internet-based services, for electronic purchasing and information sharing is becoming more sophisticated. However, a recent report published by GSA's Office of Intergovernmental Solutions noted that on-line citizen transactions are still in the early stages. The Office of Electronic Government and Technology within the Office of Governmentwide Policy in the General Services Administration can be accessed at the following url:

<http://www.estrategy.gov/>

13. The National Grants Partnership (NGP)

The National Grants Partnership (NGP) was established in November 2004. It is a cooperative initiative among federal officials, representatives of state, local and tribal governments; their executive branch grants offices staff; and those in nonprofit organizations. The NGP is an outgrowth of the work of the State, Local, Nonprofit and Other Subcommittee of the Inter-Agency Electronic Grants Committee (IAEGC), of the Interstate and Nonprofit Advisory Group (INAG), and the Uniform Guidelines Coalition. The federal government distributes \$400 billion to state and local governments and nonprofit organizations for public assistance. State and local governments add tens of billions of their tax dollars for public assistance programs. Nonprofits receive more than \$75 billion of these government grant funds. The mission of the National Grants Partnership is to foster a partnership among state, local, and tribal governments and nonprofit stakeholders and federal grant-making agencies to improve effectiveness of use of grant funds and reduce burdens associated with grants administration.

To accomplish this mission, the NGP is pursuing a number of specific projects and activities on behalf of and providing leadership and support to state, local and tribal governments and nonprofit organizations on issues relating to grants administration and management.

The structure and operation of the NGP is modeled after that of the federal and university research community's Federal Demonstration Partnership (FDP). The NGP provides interaction among nonfederal entities and helps expand the Federal Financial Assistance Management Improvement Act of 1999 (Public Law 106-107) and

Grants.gov interaction with nonfederal entities through meetings and being a focal point for discussion with federal agencies on behalf of nonfederal entities in the grant-making area. (Note: Copies of this legislation are available on the Government Printing Office Web Page in text or Adobe PDF format. The PDF version is available at:

http://frwebgate.access.gpo.gov/cgi-bin/getdoc.cgi?dbname=106_cong_public_laws&docid=f:publ107.106.pdf).

The goals of the NGP are to work in a partnership environment with the federal, state and local grants communities to improve grants management at all levels by utilizing strategies that include:

- Developing and implementing processes to increase efficiencies of grants management, resulting in reduced costs and administrative burdens;
- Developing and implementing strategies that increase state effectiveness in applying, obtaining and managing federal grants, loans and other forms of financial assistance; and
- Providing high-quality training and technical assistance to state and local governments and other entities.

The NGP Web page can be accessed at:

<http://thengp.org>

14. P.L. 106-107—Grant Streamlining Initiative

The Grants Streamlining Initiative is comprised of the governmentwide set of organizations and activities responsible for implementing the Federal Financial Assistance Management Improvement Act of 1999, also known as Public Law 106-107 (P.L. 106-107), which was enacted in November 1999. The purposes of the act are to: (1) improve the effectiveness and performance of federal financial assistance programs, (2) simplify federal financial assistance application and reporting requirements, (3) improve the delivery of services to the public and (4) facilitate greater coordination among those responsible for delivering services.

The 26 federal agencies that award grants and cooperative agreements are actively implementing P.L. 106-107 through interagency work groups. The activities of the interagency include development of common data elements for applications and reports, common electronic processes and uniform administrative rules across agencies.

This web site includes information about P.L. 106-107, the agencies and groups responsible for implementation, their accomplishments, and future activities. This website also serves as a resource to anyone wanting to find out about current

developments in federal grants and cooperative agreements.

The P.L. 106-107-Grant Streamlining Initiative Web Page can be accessed at:

<http://grants.gov/GrantsSI>

15. FedBizOpps [Federal Business Opportunities] (Formerly the Electronic Posting System (EPS))

FedBizOpps.gov is the single government point-of-entry (GPE) for federal government procurement opportunities over \$25,000. Government buyers for federal departments and agencies can publicize their business opportunities by posting information directly to FedBizOpps via the Internet. Through one portal—FedBizOpps (FBO)—commercial vendors seeking federal markets for their products and services can search, monitor and retrieve opportunities solicited by the entire federal contracting community.

FedBizOpps can be accessed at:

<http://www.fedbizopps.gov/index.html>

16. Federal Demonstration Partnership (FDP)

The Federal Demonstration Partnership (FDP) is a cooperative initiative among federal agencies and institutional recipients of federal funds. It was established to increase research productivity by streamlining the administrative process and minimizing the administrative burden on principal investigators while maintaining effective stewardship of federal funds. In its current phase the FDP boasts 90 institutional members, three emerging research institutes, 11 federal agencies, and five professional organizations. Given the ever-increasing federal regulatory environment and the strain on the relationship between academe and the federal government, FDP provides a unique forum for dialogue, demonstration and debate among all the key players. The Federal Demonstration Partnership provides a forum for those concerned in the research enterprise to discuss, propose and experiment with their ideas to improve business processes that impinge on the conduct of research. The FDP can be accessed at:

<http://thefdp.org/index.html>

17. Miscellaneous sources of information

The National Grants Management Association (NGMA) is an individual membership organization made up of 850+ grants management professionals. Members are responsible for the management of billions of dollars in grants and rely on NGMA to provide valuable

As changes are continually occurring in the business of grants, NGMA seeks to increase grants management efficiency by providing professional development programs, opportunities for members to share experiences and expertise and networking among colleagues.
